My dear Sir,

Two or three hours of
your active exertion tomorrow morning
would be of the greatest service to me,
I would sincerely believe manifestly
sufficient to place me before several

of the Candidates as follows

	Total votes	Majority over me
Gallaway	123	34
Obbard	108	39
Roberts	106	37
Scragg	100	31
Hunt	69	

The highest of
four after every exertion is only 39
a lead - which may be not only reduced
to nothing but might place me at the head
of these 4 by 12 o'clock if I have assistance
nothing can equal the promises of support
I it only requires a few hours active

expectation to secure my return -

see you here by 9 o'clock at
the latest. We meet at 10 &
& go to the Church in a body at
a little before 11 when the poll
opens - I am my dear fellows

My dear & Silent Friend,

Today is the Second Anniversary
of my landing on this Coast & 2 Years have
now elapsed since I have seen or heard from
one who I thought would not so have neglected
me; pray do not let me say so another week,
as my heart is not so changed that I should
forget my old Friends, & hope you do not
found your silence on that supposition;
write as soon as you possibly can & tell me how
you, Theodore & Lucy get on & assure them that
I have not forgot them; any letter you will
send me, address under cover to "G. Child
Mr. H. Blanshard's, N. 1 Old Broad St." who will

forward it to me free of expense.

I hope soon to enter the Lithographic
business with a celebrated artist at Brussels
I am at present a "homme d'affaires" being
clerk of the Parish, as well as the Office.
I completely understand ^{& speak} the Flemish tongue
(a very refined & delicate lingo) but the sage
Flemings call English nothing but broken
Flemish. Mother will add a few lines
& I should add a few more, but am pressed
for time, but pray write soon, & do not
doubt the punctuality of

Dear Friend

Your affectionate & forgotten
