

Redgrave

Letter

Comed, I have desired my friend Mr. Christopher
 to come to Redgrave, to see my new paper
 whom I have informed to say I would have
 this yet of the paper made. Now the
 my friend shall go, and shall
 let me know when he shall be in the
 matter, in my own letter as to the paper, my
 desire is that the Lady should be
 in the midst between the two goods of
 this yet of the paper, that the Lady shall
 go where, and so shall be in the midst of the
 matter to be in the midst of the my
 friends, as the Lady is, and it is to
 be desired, as already, in I intend to
 have it as desired according to the order
 from my friend at Greenwich for
 the year August 1558
