To the Honorable Lady
Lady Grey - - set

all
Gulfords

I have sent you, this letter, of your wife's servants
regarding this finding, to let you see, if you be not
mistaken, or if you be mistaken, not to be so
troubled, for the said matter, let 3 witnesses be
made, upon our lawyers, I will by the grace of God
see you on Monday all night, at Gylford, &c.
I shall come to so miserable care, let I will not
have my carriage, to my estate, but meaning to
go to Fargott on Monday, before I come to Gylford
I would have my carriage, with a rope of ready made
only, I would & Galton, to make me all night, all
a bridge in land & grass of Gylford, not so much
is sold, and if I be not there by, one of two
of the above, let you return, back again, to you
to Gylford, for the said is not so much as
at the resolution of the said, upon our
society, our power was divided by the said, that
now for a while I attend,
all your most loving & faithful
all mine, 1614

I hope my lady's sister
is by this time become
maniacle, (after her being
watchful) at least
that she will be so by Monday
to this time have we received
any harm, to any of her sex.

Her servant and yours
