Dear Sir
Harewood Oct 5th 1804

W21

I rec^d a letter from Judge Washington
post before last, in w^{ch} he tells me, that the
aues have been left in your hand to be
signed, when the health of myself & family
would permit me to leave home — you
may depend upon seeing me as soon as
cold weather sets in, before, I expect the
prevailing disorder to continue —

I am very much pressed to
know what sums of money are in hand
for the legation who has purchased nothing
of the estate — Be pleased to inform me
particularly on this head as my pur-
chases have been considerable and
I very much want cash — Hammond

and Peyton's cases are really hard —

You will have the politeness to answer
this by next post. I am D^r Sir
Yours Geo^g Washington

The second payment of the difficult run tract
has some time been due, has it been collected?
