KIRSCH-DETTLING

is distilled from the best mountain cherries of Central Switzerland only.

KIRSCH-DETTLING

is widely known throughout the world and has a great reputation for its smoothness and mellowness worthy in every respect of the fine hospitality and hearty good cheer of Switzerland.

It is the soil on which the cherries grow which is responsible for the quality of the Kirsch and it would therefore be impossible to transplant the cherry trees from Brunnen-Schwyz to other districts and obtain the same characteristics.

KIRSCH-DETTLING

is distilled today in the very same distillery founded way back in 1867 and has since won many high prizes on international and national expositions.
