I left her on the stair way and went down stairs when I was approached by the same bartender, who asked her why I did not stay, to which I replied "I don't care to say for any thing in advance" he said in return "that is not the way we do business and what office are you from?" I left premises.

While talking to the woman on stairway a man came down who appeared to be intoxicated, also before I was told to go up the bartender pressed an electric button, in other words a buzzer.

I saw a man at 7 o'clock P.M. walk out the bar room I took to be the keeper. This is my fourth visit here.

On responce to our knock, the door was partly opened by a young woman who appeared to be in charge. Upon inquiring for women and informing her of our mission, two other young women appeared.

We were asked many questions as to whom we knew, who sent us, where friends we were, etc etc, but we were unable to gain entrance, However we were informed to come back some other day.

There is no question in my mind but that this place is a house of ill-fame and that one man would be unable to secure evidence.

That in the bell-boy or else the night colored bell-boy could "fix me up" with a woman for the purpose of sexual intercourse, but that it was necessary for me to secure a room.

As per instructions I did not have the bell-boy to fix me up, but made arrangements for a future date.

We were admitted and shown into a front 3rd room by a woman I know as Miss Anna Marker the keeper, introduced Det. D.

While here this woman told me that I could bring in a woman for immoral purposes and that she would rent me a room for that purpose for the price of $7.00, also that she could call a girl for me for immoral purposes. This girl she had in mind, I know to be a prostitute.

We were unable to obtain a direct solicitation to prostitution from the keeper, there is no question that she practices this illicit purpose to intimate friends.

Found that she is the keeper of both top floors of this Building
