Friday m^o. Feb^y 28th 1851.

My dear Sir

Can you oblige
me with an order
for two.. for the
adelpi - for ~~the~~
or to morrow evening
to witness "Belshazzar"
?

Yours sincerely
Chasby Esq. J. W. Croft Esq.

Draft of Combs' anti-
Letter - written
about the "Fall of Man"
and the falseness of the
teaching of this.

2
as as to what is called the
"Fall of man" - that is also
false & ridiculous - for it
supposes that the all wise
creator had made a mistake.
And having done so - cursed
his own work - and having
suffered ^{to exist} an artful Friend
and also allowed ^{his friend} to tempt a poor simple-
woman to eat an apple -
and ^{became she being imposed upon and so} that he should condemn
all the unborn world, to a
punishment - for an act
which it was impossible for
them to have taken part in -
and then as to the "Redemption"
just do I beseech you think
for a moment of the horrible
unjust & blasphemous
Charge or

attack this is upon the Divine
power - to suppose that nothing
would satisfy ~~him~~ or appease
his anger - but to send his only
Son to be ^{brutally} ill-treated & murdered
in order that mankind should
not all go to everlasting perdition
because he had allowed an
evil spirit to tempt an ignorant
& simple woman - and just
^{think} what you would think or say
^{any} of ~~the~~ man - who had the power
of doing any thing he pleased -
sending his child to be brutally
murdered - as Christ was - before
his anger would be appeased.
