My dear grandmother

I am very anxious to hear from you and to know whether ~~you~~ you are well & hope that you are well. We have been studying our lessons and reading about the American revolution and were very much interested in it. Father is having a new stable built, and it is getting along very well. We have a good many flowers in our garden and they are getting along very nicely. The roses are blooming but the tulips and hyacinth are all gone. Father is away now, and is going to New Orleans Mississippi and Chicago and will not be

back before a month
Stenie is learning to read
and write. He wrote his
first letter to father
yesterday and hopes that
he will be soon able to
write one to you my dear
Grandmother. He sends
his best love to his dear
Grandmother. We are all
well.

your devoted grand

son

R. M. Douglas.

My dear Madame.

The boys are both
very well and happy and
the weather is becoming so
warm and pleasant as to
enable them to play in
the garden most of the
time. They talk of you
a great deal and I
sincerely hope Mr. Douglas
will be able to bring them
to see you this summer.
He has now gone to
New Orleans to attend to
business there and will
return in about three
weeks. With sincere wishes
for your good health
and affectionate regards
I am yours truly
Wm Douglas.

Dear Sir,

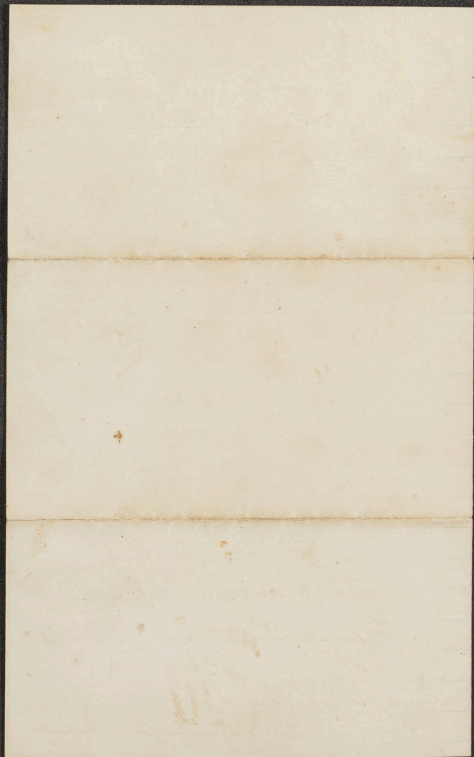

Yours of Oct 23 is recd
I prefer to keep myself un-
committed as to reclamations
for damages sustained by the
War - You should proceed
& hold Evidence of all kind
of dates and of actual losses
by us, or by the Rebels, and
await the establishment of
some principle that must
govern all cases. I

doubt if the Govt can
afford to pay Claims that
in ordinary times would
have been met at once
but the debt is so large

and the danger of opening
up the vast array of
Equitable Cases. So great
that I advise all
men to pitch in to earn
a new fortune, rather
than to cry over the
loss of an old one

Dear Nephews,

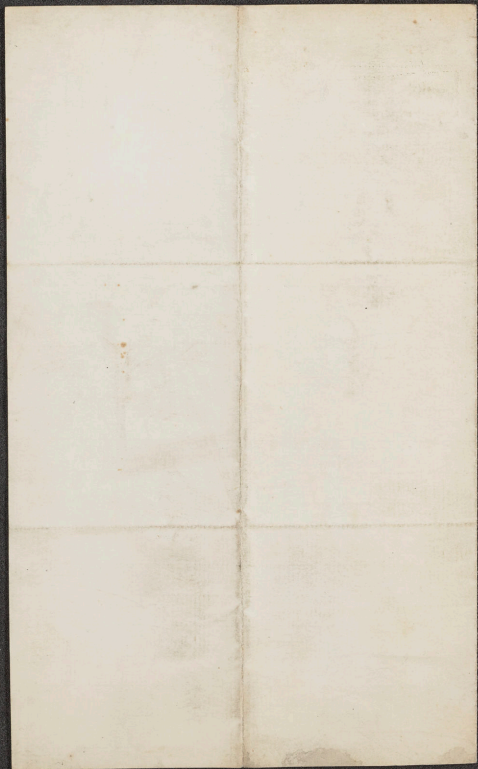

This will introduce to you Col Nichols of Rutland Vt. — The Col has in his possession valuable information in reference to your interests in Mississippi, having spent some months in that neighborhood, and availed himself of every opportunity, and means, of arriving at a correct condition of the Estate.

Col Nichols is a gentleman of intelligence as you will at once perceive, and bears with him the highest recommendations of integrity and capacity, from the Governor of Vermont, and from Senator Foster, your father, old personal friend.

You will pardon me for advising that you consult with your mother and Gen. Williams in reference to the matter, that you may avail yourselves of the kindness of Col Nichols in furnishing the facts that he has obtained

Richmond, Va. The
Election in Richmond today
is the most quiet ever known.
The only unusual sight on
the streets is that of the
hacks and ambulances
of both parties, carrying
the American flag, bringing
to the polls the sick
and infirm. Many
negroes are openly voting
the Walker ticket without

being subjected to the
outrages perpetrated
upon them by their colored
brethren which characterized
previous elections. At
one o'clock today Walker
was four hundred and
seventeen votes ahead
in the three wards of
the city.

A. W. TOURGEE,

JUDGE.

Private and Confidential
Office of the Judge of the Superior Court,
SEVENTH JUDICIAL DISTRICT, N. C.

Greensboro', August 24th, 1882—

Hon. Thomas Settle:

My dear judge:

I am a mendicant seeking favor at your hands. The circumstances of the past few weeks (especially the publication of my private letter to Abbott) have so embroiled me, that I do not consider it either safe or advisable for me to attempt to remain in the State for a time. I might possibly do so but it would be neither safe, prudent nor pleasant for me. I have therefore decided to resign upon the first of October if I can get at anything reasonable elsewhere. If I could dispose of my property here without too great sacrifice I would just pull up and leave for good and all. This I cannot do without too great sacrifice. I would like therefore to get some government appointment and go somewhere else for a year or two, not letting go my hold here, if there should ever come a time when one could do anything— Besides this, I have

some work which is just calculated for this latitude which I wish to finish - I would like to get some foreign appointment which would pay expenses for a year or two - say a reasonable consulate or something of that kind if possible - I would rather go to South America than elsewhere, as I am proficient in Spanish and could make out better there -

If I cannot get that I will take almost anything that will take me beyond the range of Federal jurisdiction - If I do not go my wife will die of hysteria at my first prolonged absence from home and I would not have her suffer as she does now, for the whole state - Can you not help me? As Douglas is Priv. Sec. I thought you might find out if there was anything I could "go for" and hope you will assist me -

Yours Respectfully

My Dear Bob.

I enclose you a copy of a letter from Judge Beckwith to myself and one which I wrote him a few days since, both relating to his signing certain papers I sent him last January for the settlement of his guardian's account with his mother. The papers were identically the same as those in your case, Copies of which I also sent him, except that they did not contain the consents which you remember you added regarding your mother. Whatever may be the causes which have led Stephen

to delay returning the papers as I requested
or which may have led him you and James
letters to pay no attention whatever to the letters
I have written regarding them, I am completely
ignorant. I write you again to ask if you
will not urge him to take some action as
in my letter I have urged him to do, and not
put the matter off longer. All join me in love

Yours affectionately

General Robert Williams

It is necessary for Mr Stephen A. Leonglat to file a cross bill in order to obtain any relief in the suit against Rhodes and Leobbin. This cross bill cannot be filed until Mr Stephen A. Leonglat settles his guardian's account with Mrs Williams and disaffirms her act in receiving for his benefit a portion of the proceeds of the Sale. Unless this is done the suit must proceed without a cross bill on Stephen's part, in which case he will be cut off from all remedy in that suit

Yours Truly

My Dear Sir

I wrote you on the 26th of January last enclosing certain papers to be signed by you for the termination of your guardians account with your Mother and which had been signed by your Mother and yourself. Not hearing from you in reply I again wrote begging you to attend to the matter at once, if you had received the papers and if not then you let me know. Receiving no reply to this letter, I wrote Bob asking him to bring the matter to your attention and not hearing from him I repeated this request to Judge Satter. I have received no reply from him. I now enclose for your information a letter from Judge Beckwith showing that your own interests require you to sign the papers which I sent you and as the

Suit is set for the July term of the Court and
so these papers have to be made part of the
Record in another Court prior to the trial it is
necessary that you attend to the matter at once.
As for the Council which Bob added to the papers
in his case regarding your matter Your own
feelings must decide - At any rate if this had
been the cause of your delay I beg that you
will not permit any hesitation on your part
in adding it, to prevent your signing the paper
at once, for your own interests imperatively
demand it. You may remember that when
in Washington we had a conversation regarding
these papers. My second letter to you on this
subject referred to above, was dated March 6th
I wrote to prevent any misunderstanding in
this matter in future, and that you may not
think that you have not been properly con-
sidered I repeat that you must later sign

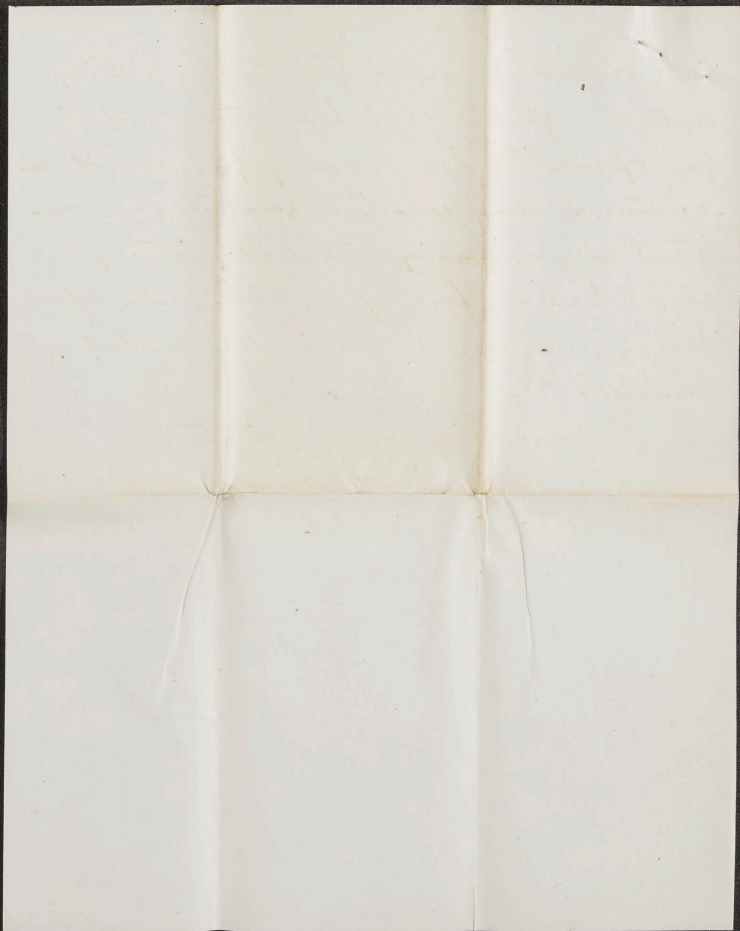

these papers at once or you must distinctly
state that you will not sign them and that
you affirm the Sale made by your father's ex-
-ecutor. I would remark to you that your con-
-tinued delay in signing them will virtually act
as and have the force of an affirmation of the
Sale by you. All join me in love to Bab and
yourself -

Yours Affectionately

Dear Sir

I wrote you a letter yesterday and after talking with the people White & black. Republicans & Democrats I am satisfied that if the whole truth was told, that the case against Deane would be ten times worse than is represented by the papers - The Republican party cannot stand the pressure put upon it by such irresponsible persons as Deane. No man in N.C. belonging to the republican party can defend his and Eastmans Conduct - He must have a change in some way and better men put in their stead or no respectable man will dare acknowledge himself a Republican in this part of the State. It is horrible to think that North Carolina should be treated in such a manner, It is more than disgraceful that our Ladies should be subject to

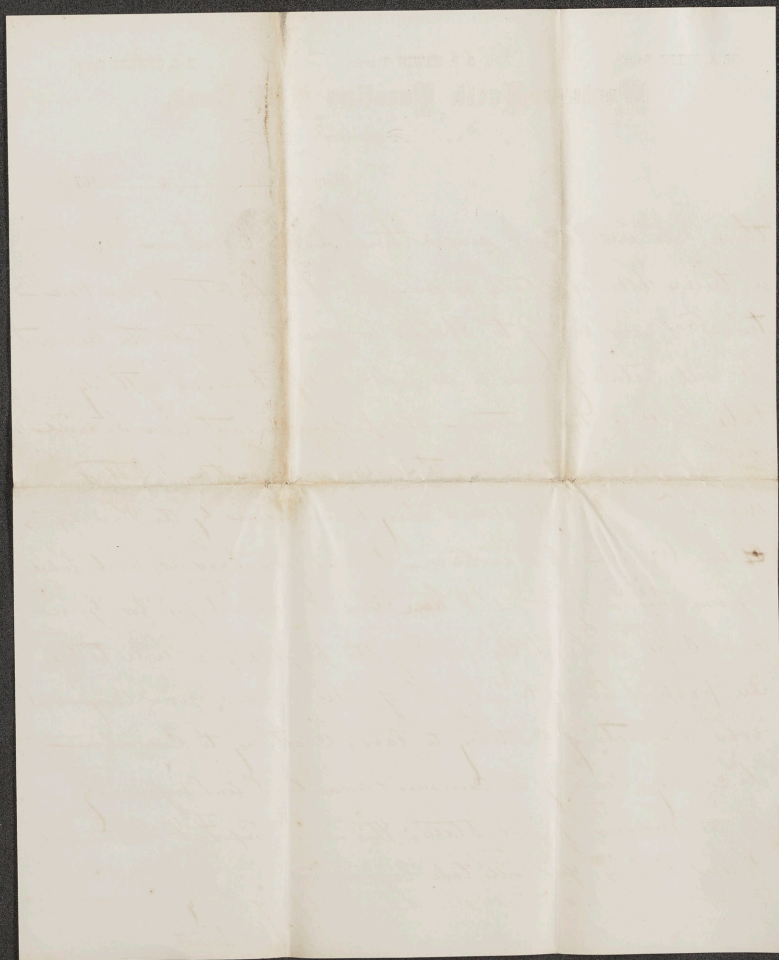

Western North Carolina Rail Road,

Receiver's Office,

Morganton, _____ 187

these vile insults - I am a true North Carolinian and
a true United States man - But if such Outrages are con-
tinued I am willing to shoulder a gun to protect the innocent
It will certainly come to a fight - unless those in authority
take hold of this matter - No people on earth can or will
submit - always to have their wives & daughters & sisters
insulted as I understand they have been by the R.R. Officers
of in Western N. Carolina - I know you have as much feeling
upon this Subject as I have And I am intakes for your
Own sake and for the good of the people you will take
the proper steps to get rid of all under your command
who are acting contrary to law, contrary to common
decency, contrary to common manhood. And injuriously
to the women of our State. This is an important matter and
I am intakes you will take some action

Dear Douglas .

I got your
letter this morning.

The President happened
to be sitting right by my
desk when I read it
and I handed it to him
to read. After reading
it he said that when Judge
Bond was up here a
short time ago he spoke
of hearing a rumor of
a change in the Marshal-
-ship of your district.

& he (the Pres.) told him
he thought it might have
come from the talk over
the change of Douglass,
Comt. of Int. Res.; that
he never thought of inter-
fering with you as he
was perfectly satisfied
with your administration
of your district and he
did not desire any change.

You need not be
at all apprehensive as
to the change of Atty.
You effecting you.

I want to congrat-
ulate you on the successful

issue of your suit in the court of
claims, which I saw noticed in the
papers a few days ago.

All are well here. The folks
go to the Island on Thursday.

Don't forget the book, from the
Congregational Library please.

With kind regards,

About my retention
of Marshalship.

Bakersville, N.C.
Nov. 22nd / 1876.

Col. R. M. Douglass,

Sir:—

I made application to you some time back, through a petition; signed by J. M. ~~Boorman~~ and others requesting my appointment as Deputy Marshall. I sent the petition to you by Mr. Leola, who said that you had ~~promised~~ promised to attend to it at the Court at Bakersville.

I have never heard anything about it since. Would be pleased to know how the matter stands. I did more speaking for the Party than any one else in the county.

As to the truthfulness of my
statements I repeat to you If
Capt Bowman. If you can
consistently do so, I would
be glad to have an appointment
Please let me hear from
immediately.

Very Respectfully
