

Gloucester, April 16, 1857  
Hon. W. H. Douglass,  
My dear Sir,

It was my intention, to have spent some weeks in Washington, immediately after, the new Administration was fully installed, to aid in promoting the interest of some of our friends of this state, but have been prevented by a severe illness, from which I am just recovering, I hope, however, all things, which can bear on the future, have worked well.

I leave my Bro. Isaac W. Smith of the city of Baltimore, is an applicant for an appointment to one of the land offices, in the West, perhaps in Kansas, he will write you more definitely, I have no doubt of his qualifications, and would be much gratified to have him succeed, any statement you can make here, will be regarded as a personal favor to me. Very truly yours W. H. Douglass

Enclosed a letter from  
W<sup>r</sup> Carter of Cincinnati

*Groestek said however that he would write you*

Cincinnati April 1<sup>st</sup> 1857.

Dear Aunt.

I received your letter the other day, and have delayed reply that I might look around and see what I could report to you. - I have seen Groestek, Pugh and Pendleton, and had some conversation with them. Each told me they had received your letter, but had not yet replied. - Pugh intimated he was not ready to reply - so did Pendleton. They both however said that they could reply. I told them to do so whether their answer was favorable or unfavorable. - Groestek said he did not wish to interfere personally with things as they are, and much other such sort of words which amounted to little or nothing. I do not think that you have any reason to put any confidence in either of them in reference to your wishes. They are politicians all over, and will not take part if they can help it. I have no doubt

that both Pugh and Pendleton have already pledged themselves to some of the candidates. - So to getting business men to sign petitions I am somewhat in doubt. Dr. Batties' memorials have already been circulating in great numbers about the city among the merchants and others and received much encouragement, so I am informed, though I have not seen any of them. - I will endeavor to get some of our influential citizens to certify to McLean's character and ability, and I think I can succeed in that, and added I think if the Administration mean to pay you late husband this compliment this should be sufficient. - With this you will find a letter from me addressed to the President of the United States, and you may do some good with it. I am much pleased with the energy and spirit you display in this matter, and I sincerely hope you may realize all your wish. I think it is due to the memory of Uncle Dave's services for his country, that the administration should render

his family a deserved tribute, and if it is to be done they should do it without the aid of politicians, but in the way of high toned and merited compliment. - Go on as you have begun. A woman in such a cause like you, can accomplish much. - I wish I were in Washington with you. - Would come if I could get clear of our Court. - I should think if you had the favor of General Cass the result could be easily accomplished. I will do whatever I can decent, to assist you, and sincerely desire that your most sanguine anticipations may be realized.

I was at your house the other day - Sunday - saw Sallie, Cornelia, Carrie, and Dave the only ones of you family at home, they appeared well and cheerful. - Last night I saw cousin Will Deacon, and we had a talk upon the subject of this letter. He will do all he can to assist you. He told me he would answer your letter so soon as he received home which will be to night. - I might say a great deal more to you, but

perhaps I have said enough -

As to myself I am not in very good health, - have not been for sometime, but hope soon to be in good health and spirits. - I go to Dayton on Friday next, and Magarette will return home with me. I have every confidence that she is a completely restored woman, and when she comes home I want all my friends to do their utmost to keep her cheerful and happy. - William Denman wants me to take her on a visit to Ann Eliza and spend a week or so there. Perhaps I will. - I had some thought of going with her to Washington City for a recreation, and would certainly do so, if I could absnt myself from Cont. - Give my love to Bill, and Dick, and God bless you.

Yours affectionately as before

A. W. Carter

You will receive communications  
from some of our Convention Repre-  
sentatives on the subject of our S. Office  
— There can be no question as to  
what your action ought to be in this  
matter, & I trust you will perceive it  
clearly. Mr. Brainerd is not acceptable  
to  $\frac{1}{4}$ , or I might say  $\frac{1}{6}$  of the dele-  
gates here, & Mr. Buff has the names  
of some 230 out of the 260 Bush-

for his office, & they must be heard  
— You ought not to hesitate in this  
case, & as you are tried & faithful

I leave, if terms suit.

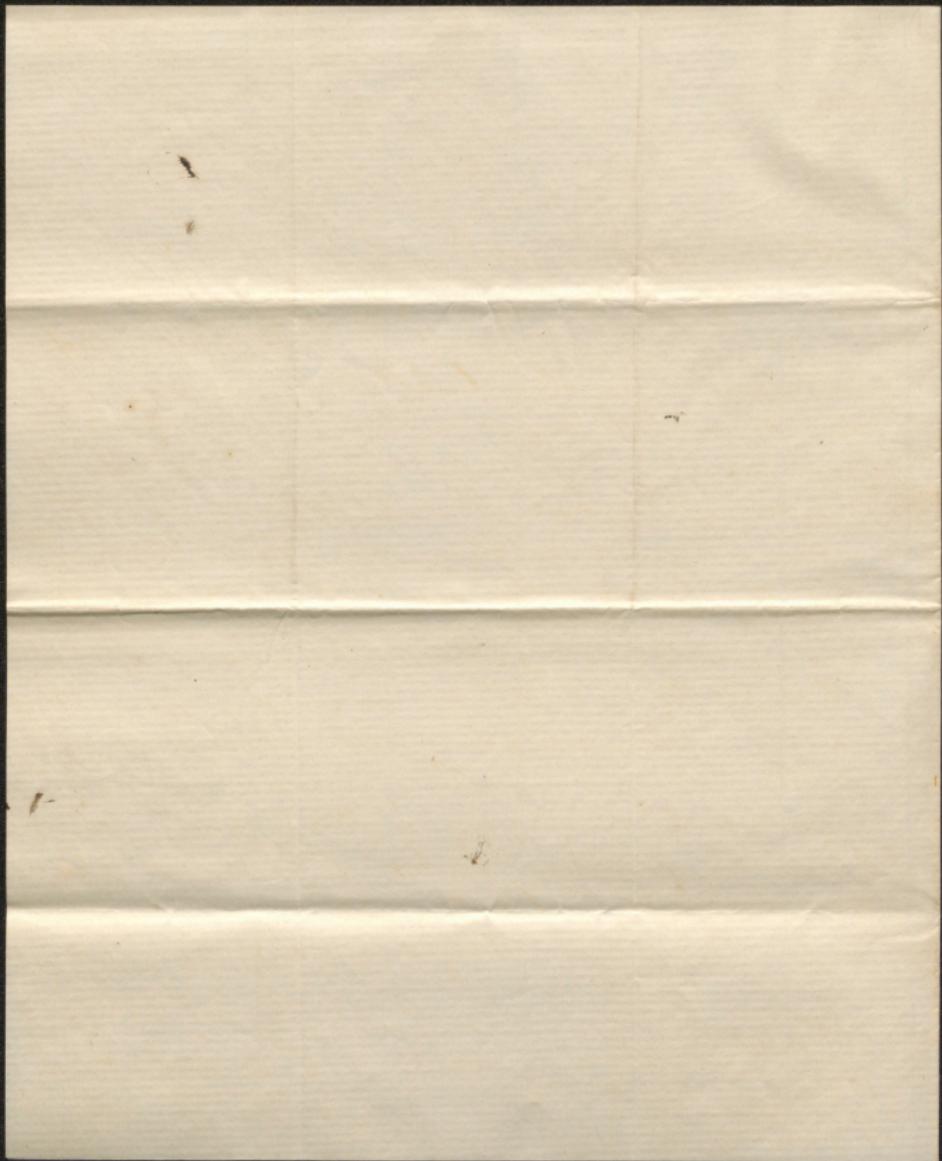

Gen. Medary will be

are not "at home".

I found one of my  
old constituents here to-day.  
Mr. Paul H. Dennis. He is one

I do my work when work is

me he is an applicant for

Apr. 16. 1859

I have recently made application to the President, for some one of the Land Offices in Kansas (either as "Register," or "Receiver") for the furtherance of which I have forwarded unqualified endorsements and recommendation from Gov. J. A. Wright, and Hon. Geo. G. Davis of this State, and Hon. Jas. M. Stewart and James B. Blay of Kentucky. I suppose Senator Bright also endorsed me, as I wrote him upon the subject. - I feel however, that as these offices are so much sought after, that it is necessary for me to make extraordinary efforts - hence from the agreeable social acquaintance formed into you at Springfield (when I went as a Committee to invite you to Mrs. Gleant's bed & to attend a Mass Meeting), through letters from our mutual friend Dr. C. Reid - and subsequently renewed at Chicago - I presume to request you to join into them in my behalf, after you shall have seen their unqualified endorsement as to capacity, susceptibility &c - as I am fully aware of your great influence with the Pres. - I am exceedingly anxious for this appointment, as I desire to make Kansas my future home, where I am investing my means to a considerable

extant, hence such a position would be very desirable at least for a time - and as I did not much or more than almost any other man for the State in the late triumphant Campaign in the way of means, (and what little talent I possessed,) I asked this favor of you with confidence, but not having heard from the department as promptly as I hoped, I regard you to be rejecting my application. You will recollect me, as the man to whom James D. Blay's celebrated letter was addressed, which largely and carried the old Whig by Thomas 20,000 copies of which I had printed at my own expense and down broad cast over the State - one of which I had the honor to present you.

I can furnish you an unauthentic letter of commendation from your friend Dr. Reid if desired.

Hoping to have favorable reply soon. And assuring you that such a favor will be gratefully reciprocated in any manner possible, I remain

In very great haste.

Dear Sir

permit me to trouble you again in the matter of the Empire Post office and to ask your assistance in removing Joel Harvey the present Post Master and appointing Nelson Hall in his stead the facts is substantially as follows Joel Harvey is and has been for the last year or more a Greenback man and is rabid in his politics against the present administration and a warm supporter of John Wentworth and his views & paper the office is kept by a Deputy at Como Station about one and a half miles from Empire on the Chicago & Galena Air line R R ever since the road was built by a know nothing and the democrats feel that it is wrong to continue Mr Harvey & P. L. at that place Nelson Hall is a good capable firm & consistent democrat and always has been since my acquaintance with him for twelve years - he is a man that will give general satisfaction to the people - and by your assistance to git his appointment & retaining the same name of Empire you will confer a favor upon your friends & the present administration truly your friend S. Dear Sir.

I am requested, by the proper persons, to procure the removal of Emerson, freedom shrikker, from the P. O. at Buda, in this County, and the appointment of Herain Dean, - also

The removal of Caleb Merrill, Democrat, at Sheffield, and the appointment of Jos. C. Niles.

Just before the change of administration, I wrote Col. Diller, respecting both the above named offices, and sent him the petitions and papers ~~on~~ touching the matter, and probably, he sent them to you,

Mr. Merrill was appointed last summer, but has proved unworthy; he is, most of the time, intoxicated, and is extremely disagreeable — in fact, unbearable, and the Democrats of the town ask his removal as a matter of justice to the people and as a matter of party policy.

Mr. Niles, who was once appointed but declined, now consents to take the office for the good of the party, as there is no other man fitted for it, who will take it, in that place.

The sooner the Buva black Republican is "hoisted" the better.

My Dear Sir,

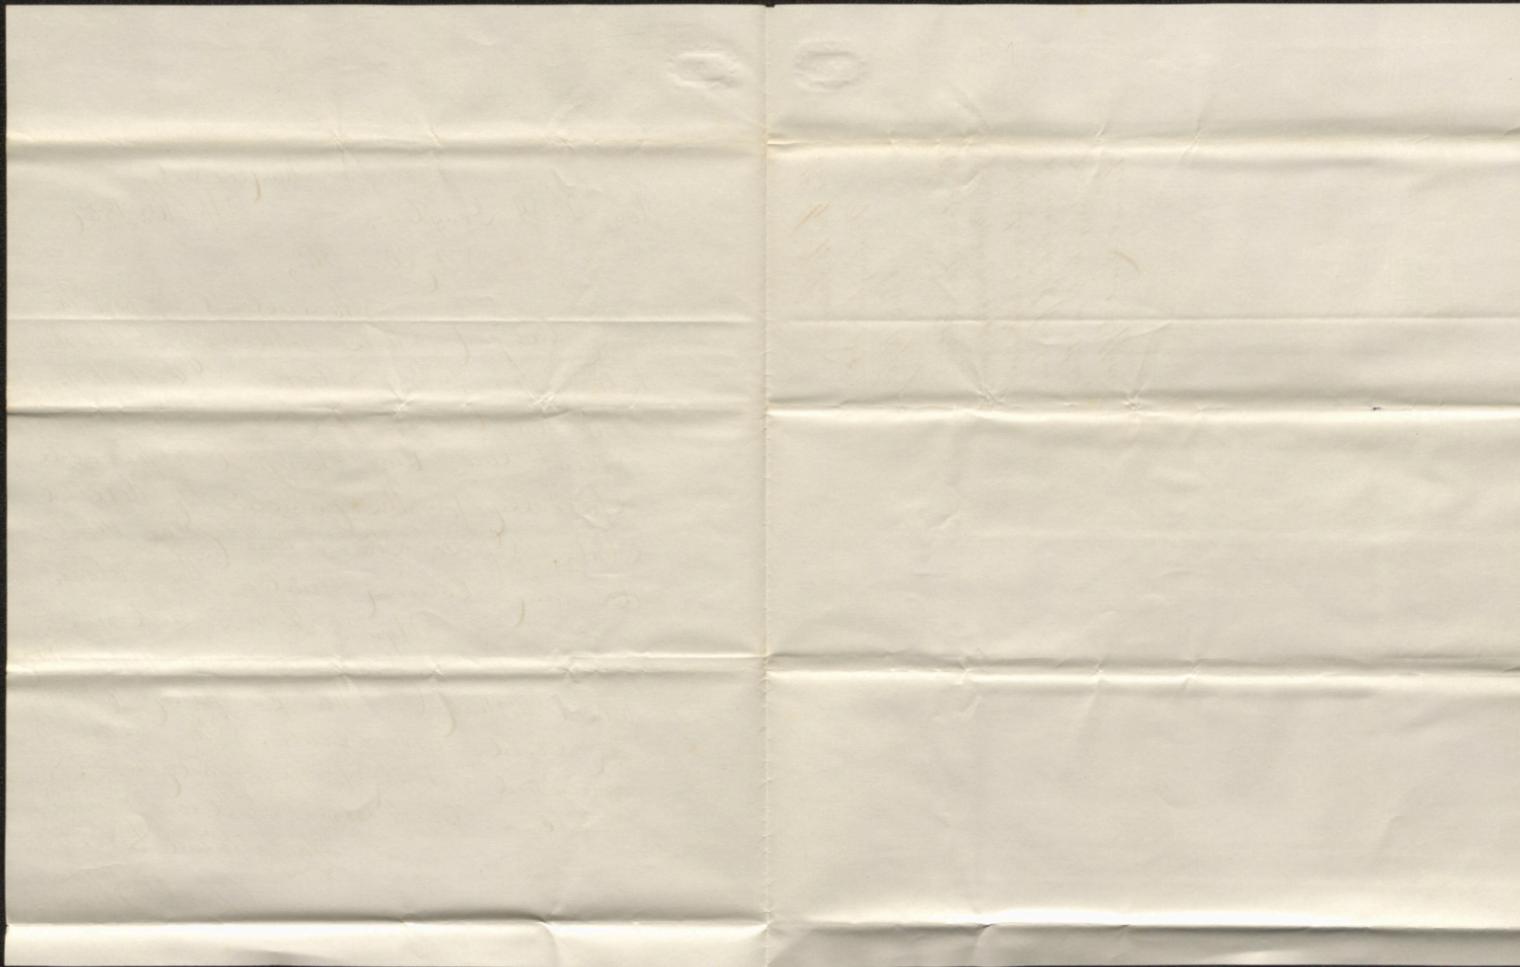

The enclosed is from the

She has learned from some one that the

Hon. Mr. Thomson

Secretary of the Interior

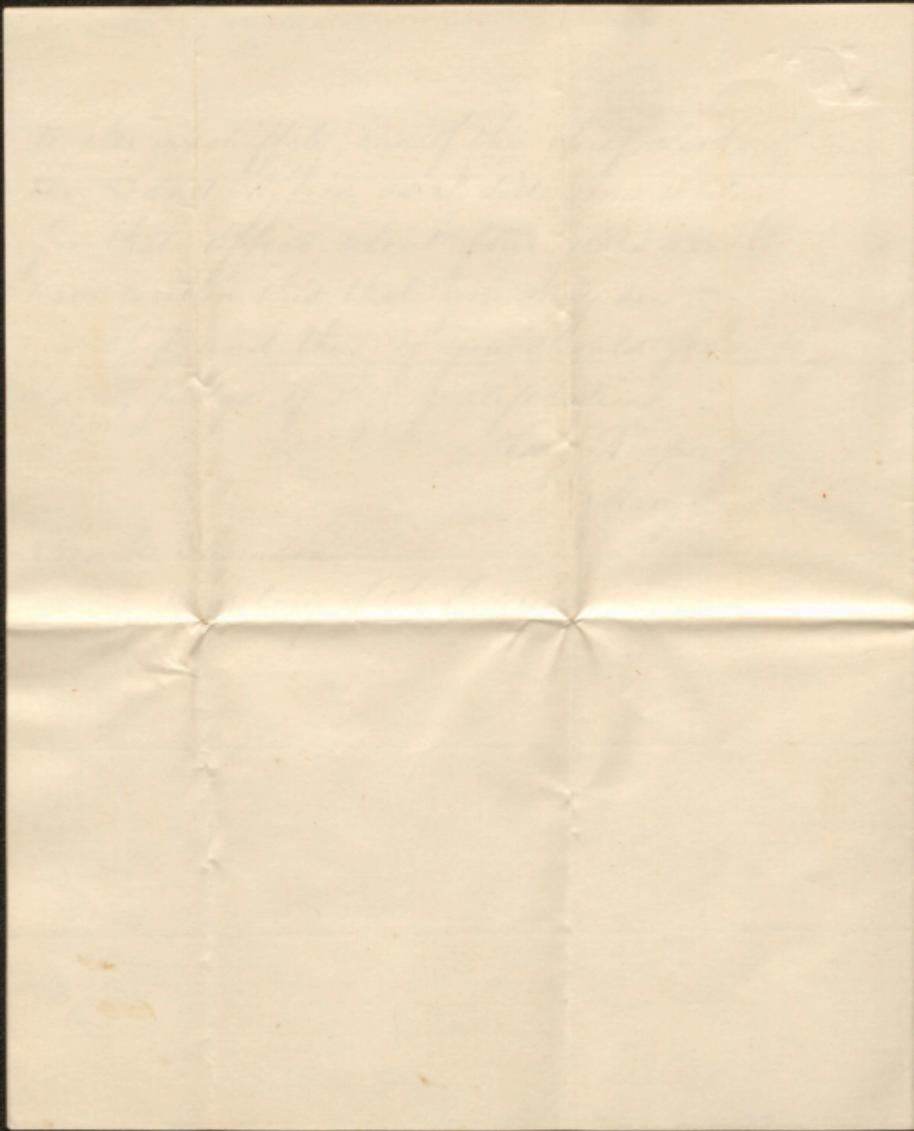

Sir:

For several years I have been trying to obtain a situation under government, which would enable me to support a dear widowed Mother, whose husband wore out in the service of the government, as a clerk. She is dependent upon my own, and an only Sister's exertions, and it would make me very happy to procure a situation, which would enable me to have her with me. For capability I can refer you to the

to Mr. Schiffly, one of the chief clerks of  
the Land Office, as I did some writing  
for that office, about four years ago. I  
have written this, that you may see my pen-  
manship, and thus, if you should favor my  
claim, judge of my qualifications.

Hon. W. A. Douglass

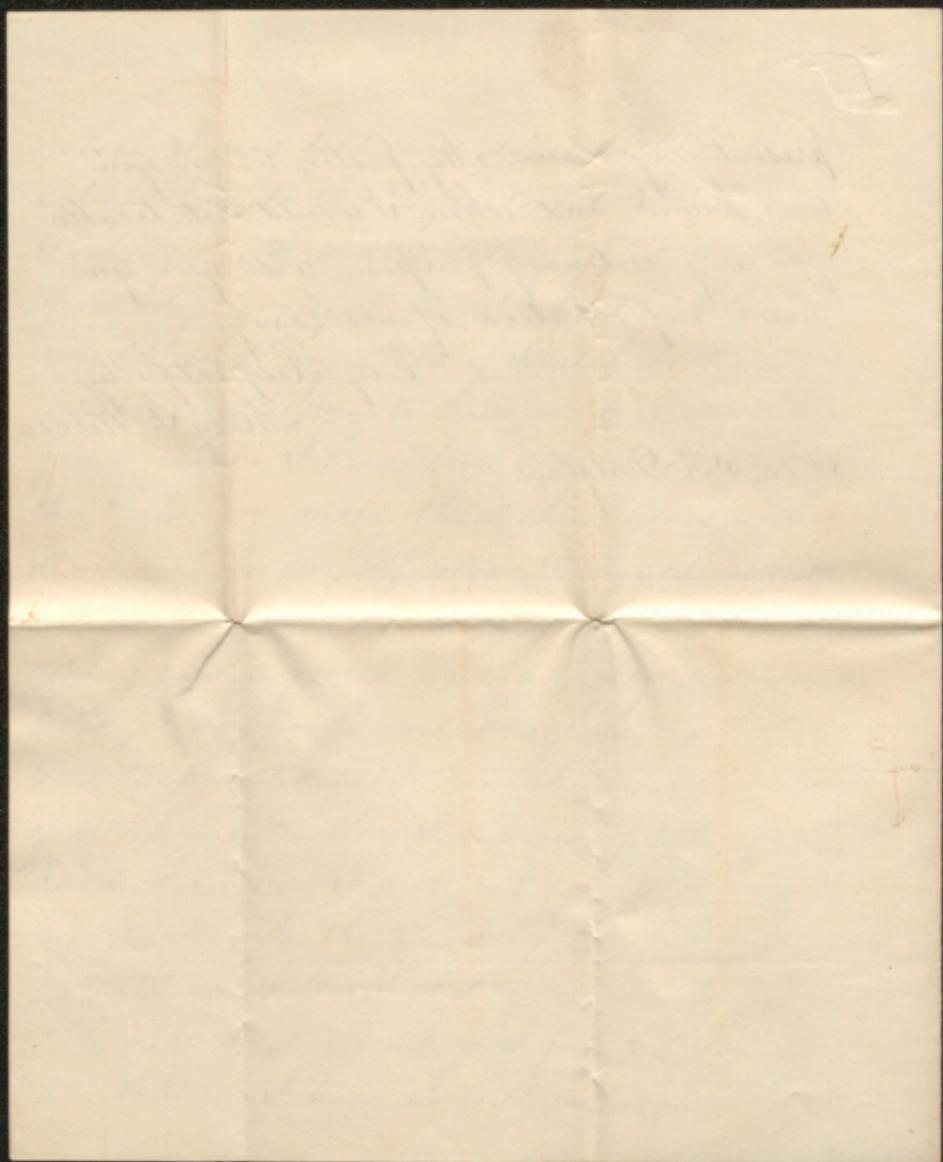

Sir:

I trust you will excuse me if a stranger ventur'd upon your forbearance. If the case were not an urgent one, and I did not feel that I might aid my dear pastor in his application for me I would not write. I understand that in the late act of Congress, provision was made for the families of deceased clerks. My father was for many years a clerk under government, and shortly after his death, I was granted some writing from the Land Office,

which, I was told, was done with entire satisfaction to the Department. I am now teaching on a small salary, and would feel very grateful for a situation which would suit my state of health better, and would enable me to have a dear Mother, from whom I have been separated most of the time, for more than three years, with me. It is not for myself alone, I would ask it; but for that dear widowed Mother, who is dependent upon my own and an only sister's exertions for support, and who lives most of the time separated from her children, for want of such a situation. On view of these facts, kind Sir, may I not ask you to procure me a situation in the Land Office, for writing patents? As I learn that you are to leave the city next Monday, I feel very anxious about it, as I have no influential friends to

present my claim. My pastor, whom you well know, and whom I would not trouble for any ordinary purpose, will give you more information if necessary.
