Hon. Asa Gray Esq

Dear Sir

The Inhabitants of Sabatin
and vicinity are very
anxious to have their
Post office discontinued.

The following are among the
many reasons why viz,
The office is a small affair
only yielding from \$4,000 to \$500
dollars per quarter & the
Department is located
within two and a half miles
from two other offices & but
4 from this, there is but
one man that will be to
the trouble of tending it,
and he is as black hearted as
Long John or old Charace
in proportion to what he may

he is sole agent for the two
last mentioned gentlemen
and procure subscription
for their papers and by
them addressed to himself
in packages and he distributes
them to his customers gratuit-
ously - he was the loudest
Freedom screamer in that
minity during the last
campaign, attended all of
the Black Republicans
meetings and called his
family he spares no pains
to denounce every Democrat and
says that he had a letter
from the Sham Democratic
administration with
S. A. Douglass frank on
it requesting him to
pay over to that party
a sum of money for
electioneering purposes

he further says that he will
do all that he can & hurt
the present Administration
believing them @ combination
of border ruffians, and that
he will hold his office
in spite of them all,
what he says with regard to
no other man at that place
keeping the office is true
for every decent man has
been consulted and they
all say that it is more
trouble than it is worth
and they would rather go
to an other office than be
bothered with it themselves
we got up @ petition this
spring to have ~~him~~ removed and another
appointed in his place
we got the appointment
but the man who said he

and the whole country about
the lake are covered with
yellowish-green vegetation.
The water is deep and
clear, and the fish are
large and numerous.
The lake is fed by several
small streams which rise
in the mountains to the west
and flow down through
the valley. The water is
very clear and cold,
and the fish are very
large and fat. The
people who live near
the lake are mostly
fishermen and hunters.
They catch their fish
with nets and traps,
and hunt with bows and
arrows. They also
grow some vegetables
and keep some cattle.
The lake is a popular
place for tourists
who come to see
the beauty of the
country and the
fascinating life
of the people who
live there.

would rather take the office than have it discontinued
would not qualify, and there the thing stands,

the above are some of the reasons why we want the office discontinued, and we can do nothing without your help—

We do consider that while Timothy Goble has the management of that office that its influence is against us in every respect & that more of his ability & while the office only subservs a few Black Republicans, it had better be discontinued

I have to day sent Judge

Boston, 22nd July 1859.

My Dear Judge.

As you may possibly have noticed, the President has appointed Mr. Nathan Caper to the P. Office of Boston, the place for which I made application.

I have now applied to the President for the post of Genl. Appraiser for this Collection District, and with some hope of success, should the administration determine to supersede the present incumbant, Mr. Emery. This gentleman is of little or no political importance himself, but stands upon the Catholic interest, being nominally a Catholic. It is said that he has got the influence of Bishops Hughes and Fitzpatrick to sustain him. Now this may be, I know not, but I can hardly believe that those gentlemen would

would be willing to make any official or clerical interposition in behalf of so insignificant a person, at least.

My object in addressing you at this time is to request your aid in procuring my appointment to that place. I am poor, and need the income of the place to get me out of debt, and support myself and wife; & am fully qualified for the duties of the office by a thorough mercantile education from the time I was fourteen years old until now to Mexico, and since my return; and can be of essential service to the Democratic party in that capacity, by the numerous opportunities for speaking, aiding its organization, and helping our political friends in various ways, which the traveling duties of a general appraiser afford. You judge best is just the state of the case, in brief, and if you are disposed to help me along, by writing to Secy. Cobb, the President, or any other member of the Government, you will confer a great favor upon me, and strengthen

my obligations to serve you as my circumstances already dictate.

In reference to the acceptability of my appointment to the Catholic in fact, here to observe, there need be no apprehension, for I was an open and decided opponent in the days of the agitation of the question of repeal of the legislation Union between England and Ireland, and said I did so much as any man in Newfoundland to help the cause along. I have also been from first to last, an open and decided denouncer of the bigoted doctrines of the "nation," and of the City of July. Since here, the other day, took the town by the horns, and publicly denounced the know nothing doctrines of the City Council or the dinner-table. These things I made to sake for purpose of showing that the most advanced citizens were Catholic or not, would affording appointment should it be made, add to the Democratic party generally, there is now a massy & noble testimony in my behalf on file at the Q.C. Department, sufficient to justify the appointment.

I hope you will excuse this long
epistle, and be able to stay or do something
for me in return.

My Dearest, mother, sister, & brother,

you posted from time to time on the
progress of political events in Ohio.
Now I find out my stocks have been
Menguy has not abandoned the friends
and the uncertainty of his position was
embarrassing to some of our mutual friends,
and Col. Sifford among others - feel bound
by former obligations to support Col. W. be
told me he would not unless he came
out for Douglass. But Menguy has
purchase the Statesman and will set
it up as its Editor. And further told me
that Mr. Hale withdrew and go in
strongly for my nomination. I believe
he will do so and that this settles the
question. Stedman who has endeavored
to go with his friends is at work

in the Northwest and sends me
word that its 45 men are sent for me.
Douglas W. Sean Miller, Stearns
Edgerton, his wife Old female
England lady - are very other
Douglas men in the State known
to me as such are for me with
one exception. Ranney is the man
out whom I do the opposite because
on no where have better to expect me.
Mrs. Webster has a wife that she be
and this - and I have direct authority
of saying that it is no longer in
my power to make terms. See this
former I know other Cochran his
friends regard the struggle with much
interest in extreme places yet leading
on the coast in 1860.

The exception the only man who don't
wear it in the light is "old cousin".
It is somewhat surprising that while
these exertions are being made there

by your friends that they should be
dark and almost hourly met by the
blunt but passionate declaration of
one whose consequence is derived very
from his former connection with
you. He acts like a madman and
a fool. There is not living a man
who is doing you much harm. He
is infatuated with you & the man who
was without a week takes his task
for so long expressing a preference for
you for the following: He has known he
is ready to see you or any body else to
himself or any man who will take him
as he is. It is gratifying however to
know that Dan has met ten sympathy
in this country and not one in the
State of the Long Island streets man
Even Carter who with all his sins
is & has been a fair friend of yours
has to say between Rhodes privately out
the damage he was doing you - but you

right as well reason with a
Southerner.

But I do not wish to
trouble you with these matters tho' I
thought it proper that you should un-
derstand how in the indirect manner
your Southern sacrifice is used against
your friends in what is called our
eventful struggle.

Our party is not from spirit
in every part of the state - we shall
not have a large but long campaign -
one by an active thorough canvas
of every part of the state.

Mr. S. Jones our main speaker
will be followed by Mr. Douglass.

Dear Sir

Enclosed I send you a letter which was received from Shulbone's Grove in this County the Democrats at that place highly change in their P. Master Marks ^{the present P.M.} was a Prebyterian during the whole Campaign. Wanting the applicant has always been a strong forward Democrat and is well qualified for the office there were but 12 votes polled for Buchanan in that town and as this the case in the whole of this County any man who dared to say that he was Dem. was affected by the Republicans under these Circumstances I think it but just that the old veterans who have borne the brunt of the Battle should ~~be~~ be rewarded by the office that are within the gift of the ~~Republic~~ Government. Under the present aspect of affairs no Dem. can be elected to any office in this County. By the way we ~~haven't~~ got a new Post office established in this County had a man appointed Post Master who was a boldst Republican last year, he is now ~~for the~~ administrator if he only had Seminary sufficient he could change the Politics of the County Yours truly G. Dear Sir considering you the greatest Man of the Age and the principals you advocate the only just principal of Government for this Nation and all others that of Popular Sovereignty the Right for the people to govern themselves by choosing their own Rulers and that such Rulers shall derive all their just authority by the consent of the Governed feeling as I do that any principal which tends to Alienate the feelings of Mankind to be a Curse to Mankind rather than a Blessing

I am aware that much improvement has been made for the last half Century in doing away with that Alienated feeling which exists among the different Nations of the Earth still I think more can be done to establish a great Brotherhood of Nations I am of opinion that great good would result in the Establishment of a system of Universal Language for all Nations as Our Nation is the most Enlightened and Prosperous I think that this Nation could with some degree of propriety ask the different Nations of the Earth to Establish the English Language as the Universal Language for all Nations I do not mean that ^{the} Nations speaking different Languages from us shall abandon their Languages let all speak their Own and learn the Universal Language which will answer for all except their own if this System of Universal Language

is adopted by
two Languages will answer to a great extent for the many

Dear Judge

With a certainty I understand that Mr. Moraine a Clerk in the Post Office Department, having charge of making up the cases of the appointment and removals of Post Masters in the State of Indiana Illinois and Iowa, has resigned his post to take effect on the 1st day of October next; in fact he informed me himself, he does so knowing that we feel a deep interest in having a man at that desk of the right kind, and in as much as we have not a single Clerk from Illinois in the Post Office Department, and that this place is western in its character, our State can with propriety ask for it, and in my humble opinion, a positive demand from you would secure it.

John P. Shields of Greenville Bond Co Ills has been recommended by our delegation for a Clerkship in the Post Office Department, and would suggest that his appointment be urged for that place.

In regard to taking one half interest in the State Register I have consulted with my family and friends, and Mrs. Fidder is opposed to the arrangement, and consequently there is no use of considering the matter further I & C in my behalf.

Your Name is progressing finely and will be

Not having heard anything from you in reference to our Post Office since I saw you in Chicago and fearing Mr Price may have forgotten to hand you the Petition and letters I left with him. I take the liberty of addressing you in reference to the matter Mr Oldrige the new appointee has made a formal demand of the Office but as his Commission has not come on yet and he did not file his Bond ^{in due form} Mr Henning refused to give up the Office and we still hope a Commissioner for Oldrige will never come but we are satisfied he is trying hard through some friends East and the Black Republicans here to get it. and we should like very much to know how the matter stands if you wish my further assurance that it is the wish of every man ^{in this vicinity} who supports the election of James Buchanan that Henning should be reappointed we can get all the Democratic testimony there is.

Dear Judge,

Encloses a letter
from E. G. Eastman

Arrived July

Nashville, July 14, 1857.

Dear Dr:

I have not yet heard from Judge Douglas, in answer to our invitation to deliver an address at our State Fair, in October. When in Washington, two weeks ago, our friend Wendell told me that the Judge had said to him that he could not accept. But I have already announced him as the speaker, and it is now too late to get another. I hope, therefore, that Mr. Wendell is mistaken. But as it is of very great consequence to us that Judge Douglass should accept, I venture to trouble you again on the subject, and to ask you to appeal to him for us to visit us. He has many thousands of friends here who would be glad to greet him. They also gratefully remember your services, and hope to see you also at the same time. Will you please procure a definite answer from the Judge? as, if we are to be disappointed, I wish to suffer it as light as possible by withdrawing the announcement now.

Respectfully yours,

Rev. Thomas L. Harris,

Petersburg, Illinois.

a very small specimen of a Republican

doubt but he should be removed
Mr George Cornerford - a Democrat all

will take the appointment and we wish
him to know it. I understand that Mr

Dr. Sir:

You will excuse the liberty I take in addressing
you. Our acquaintance commenced over four years ago,
when I was appointed to a Clerkship in the Pension
Bureau. Since when, in connection with my friends,
I have been truly your friend & we have been devoted
to you & accept. My appointment was procured by
my Mr. You. Harvey H. Johnson, Hon. B.B. Chapman
& W. W. Gray. Mr. Chapman & myself were raised
together. Since my appointment I have risen gradually
in the Office until a few days since, I was promoted to an
#1805 Clerkship made vacant by the death of Col. Miles.
Aside from my qualifications, I was recommended
for promotion to an #1807 Clerkship by our mutual
friends Chapman, J. W. Gray, H. B. Payne, H. H. Johnson
& Seward. Hon. L. W. Hall. M. C. elect from the Dist.
adjoining me & Judge Waldo, together, with such local
influence, as could authoritatively speak in this City.

Since my
promotion, I have been extremely annoyed by Daniel
McCook, of Illinois, formerly of Ohio, who is a

Clerk in this Office. McCook, we, an Applicant for the
place I was appointed to & he manifested much hostility
to me, he said, & think no man can be a Democrat of
honesty in Northern Ohio, he has misrepresented me & done all he
could do to discredit my political position, he even charging both
Relief, that I was, not his friend the President, that is, was not
his friend at Cincinnati. I don't know, I have been an ardent
Kansas Nebraska Democrat, never faltering in my allegiance
to the party. I feel pained that while I have been ardent in my
attachment to Democratic Principles, I should be subjected
to such attack from McCook, who to say thy least, presents
no fairer record than needs be & whose family in my State
have been & are uncompromising in their hostility to that portion
of the Democratic Party, known as Kansas Nebraska Dem-
ocrat, & to your immediate political friends. It is due, in
all frankness, for me to say to you, that McCook's removal will be
asked of the Secretary of the Interior, I suppose & you will
be asked to acquiesce therein by our mutual friends at
Cleveland & Northern Ohio.

I can but hope, that when
you meet or confer with Gray & Payne, you will
interpose no objection to their demands.
I should
be pleased to hear from you & in the mean

time, believe me to be, very truly yours
friend.

Dear Sir:

I'm exceedingly informed
that thro' the persuasion of
B. B. Howard Esq., you
have removed the removal
of Barker as superintendent
of the public works of
this city; if so, you are

"bold."

Mr. Howard a doughty
politician and intelligent
a humbug, can't control
Jefferson County.

The removal of Barker
will disgust your friends,

and excite suspicion in
the ranks of the party those

As, as you so — please
try boast that you
will remove Parker.
Very well, If so, it is not
in accordance with the
wishes of the party, but
at the suggestion of a few
political metates, and
humbugs who cant neither
write or speak English
who hove — to handle the
public money.

The nation accords to
you PARKER, and
you know them, dont
give undoubtably proof
to the contrary by the

Dear Judge

There being a great demand for your Springfield Speech, and understanding that there are plenty of them in the Post Office at Chicago. I desire that you would send me as many of them for distribution as you can spare —

It is now reduced to a fixed fact, that none of your early and fine supporters, are to be promoted by the present Administration, so long at least, as there are ~~any~~ ^{now} nothing or a ~~few~~ ^{few} Republicans to prefer. I have prepared my introductions until I am sick and tired. the Administration of the Interior Dept, is sinking far below the contempt. ~~that~~ of that of Mr. M. Coddard, ~~Agreeb.~~ will soon be a first rate Abolitionist. These old loges, who got the ~~popo~~ ^{popo} of the Government under Ewing & Corwin, and have held it ever since, have got the Members of the present Cabinet as firmly in their possession as they have had the two last preceding ones — nothing but the election of Young America-

will satisfy the people. almost every person who leaves this City are going away in disgust. altho Mr Cobb, think'd that he is laying deep plans to head you. — S. D. Bright, is also here, but I think that he is powerless. he is curning and wants watching.

We have, no doubt got a Majority in the next Congress, and if A. B. Allen is elected Clerk, I must try and get a situation under him, for I cannot stay with my Family in the City at my present gallanv. My Son George has been here, and has went away completely disgusted at the powers that be. he resuped to interfere in my behalf with the President, observing that if the appliances now made use of, would not accomplish what I desired, that I ought to exercise patience until Congress convened. when we will give them warm quarters —

if you see Allen I hope that you will intercede with him for me —

Very Respectfully
David McCook

My dear Sir:-

I am obliged to you
for your explanation about
the appointment of P.M. at
Plano, Ill. The office being
in Judge Douglass' own State,
of course, he is the proper person
to consultt about the change. I
can know nothing, of course,
about the truth of the charges
preferred against the P.M.,

but I do know that Daniel H. Eldridge is a Democrat of the Hard-shell stamp, in this county, where he has a large political influence; and that his relatives and friends here have become very much interested in his behalf, since charges of black republicanism have been made against him. He moved to Plans only in August last, and of course had no vote at the Presidential

election, but he was nevertheless a warm Buchanan man, and his relatives and friends here cauied this County for him!

He will become an important man in Illinois, and will be able to serve Judge Douglass greatly whenever he may need his services.

If the charges against the P.M. are true, he ought to be removed, and Mr. Eldridge confirmed in his appointment.

You have my permission
to show this to Judge Douglass,
if you think necessary.

Very truly, yours, &
George Pitt.

Judge Douglas

Dear Sirs

With gratitude we acknowledge, that through your instrumentality our Post Office has been placed back to this Village; all right.

And we fulfil our duty to inform you of the doings of our Lowell neighbours in regard to the Post Office in that place.

They have made quite a noise about the discontinuance of their Office; are now making a strong effort to get it re-established. They appear to have no conscientious scruples in misrepresenting things, and have obtained quite a number of signatures to their petition, and some of our Democrats at Tonica have been induced to use their influence to help them get a Black Republican appointed.

Postmaster, as there is not
a Democrat in Lowell —
they are all opposed to the
present administration —

and we feel under existing
circumstances, that they
are not entitled to a Post Office
nor in reality do they need
an Office —

With much respect
we remain
Yours truly
