Dear Sir:

I am, and have been for the last ten years, a sincere admirer of the able manner in which you have enunciated and sustained Democratic principles, and nothing would give me greater pleasure than to see you placed in a position commensurate with what I deem your merit. Though not connected with the Press of this town, I have, and shall here, access to a portion of its columns. As I shall frequently speak of you, I would be enabled to do so with greater precision if I possessed some connected history of your public acts. If you would be kind enough to forward to my address any Congressional documents from which I might glean the desired information, you may be assured that I would regard it as a mark of confidence which should not be used to your disadvantage.

Very respectfully,

Your aff servt.

Sir,

I received a letter from our political friend at Shabbona Grove last Saturday M<sup>r</sup> G<sup>e</sup> Hawkins in which he thinks he is hard treated in not receiving the Appointment of Post Master at his place.

Something like three months since Mr Hawkins called on me and requested me to take some way to satisfy myself in regard to his political Standing and Qualifications for a Post Master at his place, I did so by sending Mr Farmer Clark (My son in law) to Mr Hawkins place where he made all the Enquiry that he thought necessary and reported to me fully in Mr Hawkins favor.

Upon that information I wrote a letter to Mr Shehan of the Chicago Times on the subject at the time that Mr Hawkins informed me that he spoke with your Farmer on the same subject.

If there is any reason why Mr Hawkins should not receive the Appointment it is unknown to me. Mr Hawkins thinks that for some reason unknown to him Mr Cleat of Dunmore is trying to Retain Mr Marks in the Office notwithstanding he is a strong opponent of the Democratic Party and voted against us the last Election.

If Mr Marks is to be Retained at the Exclusion of good Reliable Democrats that had to stand in

the first rank of such a Battle as we had to  
fight in this Country last summer it certainly  
seems rather hard if they are capable of filling  
the place sought for

I cannot say aught against Mr. Chevalier as I know  
in this matter far I know nothing about his  
particular in the matter Except by the way of  
Mr. Hawkins there may be good reason unknown  
to me for not granting the Request  
If there is not the best of Reasons for rejecting the  
Application I think it should be granted as soon  
as possible

As you well know that we had two  
thirds of the Post Office Influence against us the  
last Campaign which caused General Greeley  
to make a sacrifice to our Detriment and loss  
of Hatch

Dear Sir,

It is desirable  
that Samuel G. Nelson, present (Black Republican)  
Post Master, at Wallingford Will Co. Ills. be  
removed, & that Timothy B. Jones, be appoint-  
ed in his stead.

Mr. Nelson took a very active

Office. Please have the change made & the  
paper forwarded to the Post Master at their

Dear Sir

My note of the 14 inst  
is yet without notice from you

I regret your indecision  
to correspond with me upon this subject.

I doubt not that your time has  
very many claims upon it, but I think  
you will bear me witness, that I  
have never been a troublesome cor-  
respondent — I have at no time

during the long period in which you  
have been my representative, asked for  
anything for myself, & but seldom for  
my friends, and then with very per-  
functory success.

But I must again call  
your attention to my last note. I do  
expect you to either explain or disprove

your position in the matter at issue

It is in the spirit of intimidation  
that I say to you that your Democratic  
friends here by a very large majority disapprove  
of your position & action.

They say you have made a  
personal issue with Bagg & upon this  
you have based your action - the  
issue itself being a false one.

I hope you will further explain  
and if Mr. Blenby has the Party  
endorsement please place your  
action upon that ground.

You will excuse me for  
saying to you that I think your present  
position wholly impossible, either  
upon your Democratic friends  
here, or with the person or department

as it involves much your  
own personal safety & trouble  
one, who really is sustained by  
the great body of the party in  
this state & country.

Please with some

Your communication

contents noted. That a nuisance  
exists in the neighborhood of the

My object is to ascertain who is legally  
bound to abate said nuisance.

I have agreed to meet the Rail

Tuesday and that we would take

I would like very much if you can

I wish to ask a favor  
at your hand and perhaps it is asking  
too much on my own name, It is this, Many  
of the Citizens of Channahon in this County  
desire the removal of Henry Henderson as Post  
Master of that Town & the appointment of  
Disha W<sup>m</sup> Pullman in his place, I had  
a petition which was generally signed by  
the Citizens of that place, but had mix-

a proper case for removal, and I hope it  
will be consistent with your views & duties  
to make the request of the Department.  
It is perhaps unnecessary for me to state  
that Mr Pullman is a man of integrity &

Corning Steuben County NY July 29<sup>th</sup> 1857  
Hon S A Douglass

Dear Sir

I suppose you have seen the appointment of Mr Angel of this State as Minister to Sweden - This took the National Convention in this district by surprise knowing his Mr Angel's Antecedents as well as we do - and remembering his course in 1848 the disgraceful acts of his in that campaign - It was his proud boast then that he with the Van Buren party had succeeded in carrying out their plan that they had defeated General Cass and they were satisfied. And after all this it seems that Mr Cass quietly stands by and sees all of his old friends (those that have with you and me stood by him 20-30-40 years) sacrificed for this Mr Angel who was among the leaders of this party in 1848 and (to use Mr Angels own language) who could doubt least one glory in it too that they had defeated that old foggy General Cass. I ask is this just is it as it should be Is it right in Mr Cass? after Mr Angel has done all the injury he could for him to come into the party and receive the honors and rewards due to other men of the party that have been in the harness all of their political lives and never yet swerved from their political moving Mr Cass may forgive Mr Angel! But the true men

of the National Democracy (Mr Cosey the speaker) of this  
district never will for we love our venerable &  
friend too well. He (Mr Angel), it is true, Candidate  
for Member of Congress in this district last year he  
was nominated by fraud only, and he was very properly  
defeated. No man of his political character could  
unite the National Democracy of this district No Matter  
under what circumstance he might be put forward.

Many would not vote for him, and did not vote  
for any one for member of Congress -

And if the Senate does not reject him we  
shall in a measure lose our confidence in its  
ability to carry out sound National Democratic  
principles. Mr Angel has boast that he  
has your approval of his appointment that you  
only wait on opportunity to repair the injury done  
him in his rejection sometime since. Has it then -  
I am poor and humble but have been an active  
勞者 in the party for 25 years and never yet  
injured from my political Noomys -

I have watched your political course with great in-  
terest ever since you Commence your political life and  
have approved of every act and I hope sometime to  
have the privilege of expressing my approval of  
Course thro' the Ballot Box

I would like your views upon the  
Appointment of Mr Angel - I do not believe  
it to be policy to lay the favor of such men  
as Mr Angel and sacrifice little and

the true <sup>Men</sup> of the party and allow the renegades to  
receive all the Honor and those two that can  
only be kept in the party by such a course - The guides  
are get rid of such rotten and useless Branches  
of the party the better and safer it will be for all  
good and true men:

Please let me hear from  
you and much oblige yours

Hon. S. A. Douglas  
Sir

Allow me to hope that the occasion of this note will justify me for troubling you with it. Permit me also to write with frankness, & confidence, as I do also with considerations of high respect, as is becoming men who seek sincerely though in different offices the good of our country.

A friend has just informed me that a copy has been mailed to you of a little vol. entitled *Liberty or Slavery. Prize Essays.* This circumstance together with the introductory pages of the vol. will explain to you why I write. Let me commend to your perusal the Essays, & also a copy of a sermon in which I have endeavored to shed such light as can on another important subject.

I have also another thought writing this note. It is that it may not be

altogether without interest to you as a  
public man to learn something of the views  
wh. are disseminated among the people,  
& wh. (in my judgment it cannot be ques-  
tioned,) are so spreading that they will influence  
the public mind to an important extent in not  
a long period. It may be at least a matter of  
curiosity with you to have an expression from  
one who watches the course of affairs with  
interest, & from his peculiar lookout,  
naturally sees developments wh. do not  
pass under your eye.

It may be proper to say, I sent a copy of  
the sermon with a private note to Gov.  
Gardner, & rec'd from him a very courteous  
rep'y in wh. he says, "Govt & I are at one  
in the main ideas advanced."

I have a profound conviction that  
those statesmen & those clergymen  
(acting & speaking as becomes them in their  
different spheres of ~~counse~~,) will do most  
for the welfare of their <sup>country</sup> & for their own honor  
with posterity, who do most to pre-

vent the extension of slavery, by all  
moral & constitutional & Christian  
means, not interfering with it in  
states where it exists by any political  
means, but leaving it to them to dis-  
charge their own obligations as enlight-  
ened & Christian states.

An unknown friend has sent me a  
copy of your speech delivered in the State house  
of Ill. in Jan last. Many of the  
sentiments of that speech have my hearty  
concurrence, particularly in respect to  
Utah; & allow me, Sir, to say with all  
freedom as well as respect & sincerity, that  
when you perceive that slavery ~~destroys~~  
an original institution of Jehovah in  
a manner precisely analogous to that in  
which Mormonism destroys a coeval in-  
stitution, you will work out for your-  
self a correction of errors wh. seem to  
me to be involved in that speech. If there  
is an error in regard to this it is an error of many  
great & good men of our country, wh. has

grown up from causes that lie far back,  
accompanied with an overlooking of the key to the  
whole subject of slavery in the scriptures. By  
the Creator's plan the welfare of all states is  
built up by three institutions whose privileges  
are inherently common to men. Dominion over  
the right of property, the Sabbath (standing in Gen. 2.  
for religion), & the family.

It does not follow however that all Africans  
in the country shd be upon an equal if in all  
civil privileges, because they shd have from the  
hand of God himself their "Dominion", their  
Sabbath, & their families. To have these old  
terrible slavery as it is, but it wld still leave  
room for a condition of servitude or just, hu-  
man & Christian principles. But into this I  
cannot now go. It wld be simply the car-  
rying out of your own remark. It does not  
follow by any means that because the negro  
race are incapable of governing themselves,  
therefore they shd become slaves & be  
treated as such. Moreover the true  
"welfare" of the states in wh they must  
continue to be servants & laborers forbids  
~~it is not to be held as property~~  
it, but requires that justice shd be done  
them as men, tho' of course, ignorant &  
degraded men.

I meant not to trouble you  
so long, but allow me Mr.  
Douglas, with the frankness &  
confidence becoming to men, in this  
private & confidential note to add  
another thought, a conviction which  
the history of politics confirms while  
it rests upon the persuasion that the  
light of the Bible, together with other  
considerations which may have more  
political power will restrain & even in-  
dulgently terminate peacefully the institution  
of Slavery as such.

No man can ever be elected  
President of the U.S. as an exponent  
of the principles & policy of those who  
would extend Slavery, or at least a man  
who is so regarded at the North. Mr.  
Pierce was not. Mr. Buchanan was not.  
As an illustration let me tell you that  
during the last campaign the Editor

of the Democratic paper published  
in the Capital of Maine said to  
me, in reference to measures for the  
extension of slavery. "We spit upon  
Mr. Fillmore. He is no exponent  
of ours." The cry of Buchanan &  
Free Slaves" saved him enough of the  
North to elect him. Was it honest  
or dishonest?

No compromise will ever settle slavery.  
No political measures can ever termin-  
inate a question which springs out of  
religious sentiments drawn from the  
Bible, & out of the living sense of right  
in every man's soul. Slavery is as  
sure to pass away as the white  
man's "Promised" Sabbath & family  
to stand.

The first President who shall  
constitutionally give the policy of the  
nation a direction for freedom, will  
secure for himself a fame out less  
than that of Washington, while he

will secure for his country the  
richest blessings, the purest &  
safest, as well as most magnif-  
icent advancement, in national  
power & glory.

Excuse my freedom, I have  
sought for a moment to give you  
a glance from my own lookout.  
I know that you must see many  
things wh I cannot. I know  
also that you cannot appreciate  
what I have written without pur-  
suing some lines of reflection wh  
may ~~not~~ be new to you. May  
I ask only that you will give such  
thought to the topics wh come before  
your mind in connection with this note  
& the publications, as they may seem to  
your candor to deserve, & believe me  
with sentiments of high respect

Dear Sir

I wrote you two weeks ago & have not sent the letter, until this time. I expected to inform you that the matter was settled when I wrote you but I find that it will take a few days longer before a final decision can be had. The answer from the P.O. Department is the last we have received & you will see that the matter is referred to Judge Douglass. Mr. Flitt wrote his last letter to the Department with particular reference to the fact that it would be sent to Mr. Douglass & therein stated that you was a good man & that if he (Douglass) wanted to locate a good active friend that you was the man for him to secure. Mr. Douglass has written the Department & say that a Democrat has been removed & a Black Republican appointed. but I think when he recceivs Mr. Flitt's letter he will be a little more pliable. Freeport July 3<sup>rd</sup> 1837

Hon Stephen A Douglas  
Sir

Your extraordinary letter dated June 28<sup>th</sup> is received in which you say that "upon your first perusal of those proceedings had at Freeport by a Democratic Meeting you forwarded them to the Post office Department with the statement you was now satisfied that our Bagg was unworthy the appointment to the office of Post Master and ought not to have it" Presuming that I expected you to pursue such a course and infer that I will not be disappointed after initiating those hostile proceedings as you term them.

It is a very extraordinary letter with its language so strangely full of prideful passion with assumed positions that I have the charity to believe, even now, you would not have used, had you perused those Democratic proceedings more dispassionately. You would have wisely withheld any such opinion to the Post office Department which you gave founded upon their first perusal. I think had you soberly and calmly read those proceedings over again, you would have ascertained that they were the deliberate acts and spoke the sincere feelings of the associate judgment of a large majority of the Democrats of the City of Freeport who had assembled together in obedience to a call signed by over one hundred of the trust of the national Democratic Constituency of James Buchanan and whatever proceedings then and there had were their not mine as you very wrongfully in your letter assume. It is true when called upon in the meeting I stated truly what I promise and

assurances you had made to me on behalf of their recommendation - that you assured me that if a majority of the Democrats here should signify a preference for my appointment over Mr. Bradley the present incumbent to the office of Post Master you would recommend me to the proper department - that some time thereafter I exhibited to you a petition with a large majority of their names attached thereto, Comprising a large Majority of the Democrats of the City accompanied with a request from the leading Democrats of the various towns of the County certifying that my petition Comprised a Large Majority of Said Democrats with additional certificates to the same fact from the Judge and Clerk of the County Court, and that while you acknowledged and called them a Prima facie endorsement you put me off without a recommendation until you should see what had been done by Mr. Bradley, agreeing to telegraph to me at Washington City that same week an answer which you never fulfilled, nor had the Condescension to inform me why you did not. I also stated to the meeting that Mr. Bradley's friends were claiming to have a Majority of the Democrats on his petition, and were no doubt making such representations to you whereupon it was necessary they should take such action as would settle with them the question of choice between us. They then took action thereon and decided nearly unanimous for me and because they did so you call such proceeding "hostile" and denounce me as "unworthy" on account of the proceedings of that meeting over which I had no control as the individuals comprising that meeting were as intelligent and honorable a constituency of freemen as you have in this State. Was it not a strange and extraordinary conclusion for the Hon. Stephen A. Douglas to arrive at, that because of the gallant Democracy of this locality in a ready response to his own wish and intimation, have endorsed me publicly and freely that he should denounce such proceeding as "hostile" and myself as "unworthy" on account of the action of those fellow Democrats.

I did not expect you to pursue such a course as you purposed in your letter attribute to me because the limited acquaintance I have had with you taught me to believe that you would redeem your ~~old~~ ~~old~~ Pledge and Maintain Your Word with fidelity, even Should it not seemingly aid directly to bolster an overbearing ambition. Neither did I expect you would freely divorce yourself from the Democracy of the Locality and trample upon a principle eminent Democrats and entertained by National Men whom you have so lately defended. You also infer in your letter, I shall not be disappointed in your conduct in relation to this matter. But Sir let me tell you that I am, because when you assured me at Washington City that you would add your recommendation to that of a Majority of my Democratic Fellow Citizens I believed you was sincere and therefore when I presented to you afterward the unmistakable evidence of their endorsement I was astonished to witness your equivocation and Circumvention whereby you trampled upon your own solemn word and as a representative defiantly set at nought the expressed wish of your local Constituency. I was disappointed also in not receiving a Dispatch at Washington, credulously waiting there some days for a Telegraph which you faithfully promised to send me. I am still more disappointed when informed by your letter that you have treated the public expressed wish of the Democrat here with contempt and held your own oft repeated assurances of no value and your word of binding force to be thrown off at will by the fleshly lusts of passion well known heart of petty tyrants in all ages of the world.

You have seen fit to inform me in your letter

that you have pronounced me unworthy to the P O  
Department on account of the proceeding had at  
a Democratic Meeting here. Let me assure you  
Sir, that such announcement to me gives no uneasiness  
because ninetenths of the generous and enlightened Democracy  
of my locality have pronounced me worthy to the same  
Department and who are my immediate fellow citizens,  
who know me, and whose honest judgments will ever  
weigh down to the dust anywhere and every where all  
assurances that may emanate from one whose ambition  
seal to fortify around the hopes of his political future  
~~has led~~<sup>by</sup> him to perform such palpable and  
perfidious acts of injustice towards me.

Let me also assure you that those fellow Democrats  
will still persist in recommending me as worthy  
and if you still persist in denouncing me, the blame  
is then made up you and the Democracy and  
I intend to look calmly on and hope to see  
the passions of our representation somewhat tamed  
by the firmness and justice of his Democratic Constitu-

Story  
of the  
beginning

Washington July 30 1857.

Dear Sir:

It becomes necessary to make immediate arrangements to supply your houses with gas. The Gas Co. will not supply it except when the pipes are already laid in the street in front of the houses. The nearest pipe to your new houses is on H St. running to the printing office. To conduct it to your houses will require the laying down of a 3 inch pipe from H St. north through 2<sup>nd</sup> St. to I St. — about 600 feet which will cost say \$300. The Gas Co. require you to lay this (main) down at your own expense and they will pay you the cost <sup>of st.</sup> in gas so that the pipe will be their property after they have supplied you with gas to the extent of the expence you may necessarily herein incur. In other words the Company require you to pay now in advance \$300 or thereabout for Gas to be supplied ~~after~~ whenever needed — this expence to be equally borne by each house.

This work may be done cheaper now than hereafter (before the streets are graded) as the streets are to be filled in about 2 feet. Knowing that I am fully carrying out your views & saving you money by doing it now I have ordered the work to be forthwith done; & I have written a similar letter to Mr. Rice. The Weather is the only obstacle to the work on your houses now on the last story. The roof will be on ~~in~~ five or six days.

Fay truly.

Dear Sir

The town of Annawan in this county situated on the rail road 16 miles east of Geneseo is a new and a thriving place and its Postmaster is a man who does not and never did exert himself for Democratic principles or democratic men. I have been assured of this fact by staunch and reliable democrats in the neighborhood. It has been thought best for the interests of our party to have the present inefficient Postmaster removed and John A. Loving appointed in his place. Mr Loving is a democrat reliable and sound a man of ability and well calculated for the locality. Indeed is a fitter man... in his favor... In writing to you at any time about Postmasters I pledge you that no cliques or personal considerations have ever induced me to do so but solely for the interests of our party in this country. Your Springfield speech has done a vast amount of good and already a reaction <sup>political</sup> in public sentiment has begun. Ever your friend Wm Graham

Sir

The Commissioner of Patents, has this day resigned, Secty Thompson, has no longer an excuse to give, that, "the Commissioner is opposed to him"; it is said that the name of one of your best friends, Col, G, W Hughes of Maryland, stands connected with the position for appointment. I wish that you would call the attention of Secty Thompson to my application for an examiners position in that Office.

I see a movement here in connection with the Friends of Mr Hise, that I do not like, their view is to give the nomination to him, with the understanding that you go into the State Department under him, when you would be in the safe line of succession. I replied to the latter

Making the proportion, that you could have approached  
that position at a much earlier day by accepting of that  
position under the present Administration - but  
that your friends ~~not~~ will permit you to play Second Fiddle  
to any man - do not be surprised, to find yourself  
approached on this subject so long, even from Ill's

the plan of operation will be to throw the Post  
Offices where ever they are worth anything into the hands  
of a corrupt Prep, who can be transferred at pleasure -

as I said in my last, I again repeat, that as soon  
as circumstances will permit, you ought to  
return to this City.

I have just been informed that there is a vacancy of Post Agent on the Chicago Alton & St Louis Road. If such is the case, and you can get the place for Mr Norton B. Johnson you will not only confer a favour on me, but you will place in a situation a man to help you as much as any man I know off. he is as true a steal, and one that you can rely on every time. he is now Post Master at Pecatonica, Winnebago Co. and has done more for the circulation of the Times in that Co than any other man.

# PACIFIC RAIL ROAD;—NORTHERN ROUTE.

*Proposals for forming three companies to continue the road from Lake Superior to Puget Sound. Letter from Mr. Fletcher of Kalorama on the subject.*

DEAR SIR:—

I desire to call your attention and request your assistance to the formation of three companies to continue the Northern Pacific Railroad to its ultimate terminus at Puget Sound. Companies are already formed to extend the line of land made up the Western boundary of Minnesota, & I suggest the propriety of forming a company to be called the MINNESOTA AND LIEGOTTA RAIL ROAD COMPANY, to continue the road through the new territory of Decota, a distance of about three hundred miles, and obtain a charter from the Territorial Legislature at its next session.

I suggest that a second company be formed at the same time and of the same parties, to be called the DECOOTA AND NEBRASKA R. R. Co., to continue the road to the Western boundary of Nebraska, a distance of 700 miles.

And a third company to be called the NEBRASKA AND OKONAGON R. R. Co., to continue the road to the Okonagon river and thence to Puget Sound; a distance of 800 miles. Each of these three companies to make application to the Legislature of the respective Territories for a charter at their next session; and then apply to Congress for such grants of Land as in wisdom may seem most appropriate.

The course of the road from the Atlantic cities, and from England seems to be centering near the head waters of Lake Superior.

The advent of the great steam boat called the Great Eastern, if successful, will be a new era in steam navigation.

Connected with this, as an event, is the present war with China, which will undoubtedly result in opening the city of Pekin to the commerce of Europe and America. Should the experiment of the Great Eastern be successful in navigating the Atlantic, it is probable that another boat called the Great Western will be built to navigate the North Pacific from Puget Sound.

It is not unreasonable to suppose, in view of what improvements have taken place, that a great alteration may be made in the present fashion of the cars. They may in future be built more in the form of a ship, with a wheel of twice the present diameter placed on a track 12 feet wide;—the freight in the hold, apartments for cabin and steerage passengers, and each car to be propelled by a separate engine. Such car would allow sleeping apartments and dining saloons.

With the improvements now being made and which will be made hereafter in the mode of travel, the distance may be performed by this route from London to Pekin in thirty days. This will then be the great route of commerce between Europe and Asia. In view of these things I call upon you to assist me to incite these three companies to that the work may speedily commence for opening this route.

I am one of those who have been advocating a road to the Pacific for twenty years; and I now call upon all those who have been laboring for this same purpose to unite with me in forming these companies. Col. Benton, I be-

lieve, was among the first to unite in favor of opening a route for commerce from the head waters of the Missouri to the head waters of the Oregon. I recollect reading a pamphlet on that subject from his pen, written more than twenty years ago.

Those who have labored early in the morning and through the heat of the noon day sun should now unite in association to complete the good work they have so zealously labored for separately. Prominent, next to Col. Benton, was and is Senator Douglas of Illinois; then Mr Whitney who first boldly projected a rail road from the lakes to the Pacific. Ex-Senator Breese also of Illinois, and among the first who proposed the grants of alternate sections of land for this object. This has now become a government measure and is the only hope the friends of the road have for government assistance. The records of the country show many more worthy names, who have stood prominently forward in urging the completion of a road to the Pacific, many of whom have since departed this life, among them the two Senators from Massachusetts, Webster and John Davis, and the Senators from South Carolina, Calhoun and Butler; and among private individuals not a few were called to their last account, before the work for which they labored was begun.

Let us then who remain organize these companies, choose Col. Benton to preside over them, and Gov. Stevens for one of the active managers; and George Peabody for the financial agent, and then with the assistance of the friends of the road as stockholders, and the aid to be expected from Congress, we may reasonably expect success.

The Decota Company will require a capital of ten million dollars. This, with the land grants, will be sufficient to make the road. It will be begun immediately and finished to the Missouri river at the same time that the roads through Iowa are finished.

The Okonagon Company will require a capital of twenty million dollars to commence upon, and will begin their road at the best port on Puget Sound, and work eastward with such diligence as they may. The Nebraska Company, being the central portion, will not be able to do much but organize and survey the land, and pay a salary for their grants of land, and then erect station houses at suitable distances and arrange for a wagon road in summer, and sleighs in winter, that there may be an immediate connexion on this route before the rail is finished.

The surveys have demonstrated the Northern route is the best route for commerce and also that there are more good lands on this route and more mineral wealth.

Enough has been said and written on this subject, and time of action has now arrived.

You will please to inform me as soon as convenient whether you will be one of the associates to assist in organising one or all of these companies. Address to

It is very difficult now to get any number of passengers and animals to go through  
the country yet no longer than to take up all the most valuable animals together.

There are many difficulties to be overcome before we can get through

Yours. S. A. Douglas

It is many years since  
I first wrote to you concerning the Pacific rail road -  
you were then gallantly in Congress & bravely defending  
the right of the United States to the state of Oregon -

I thought then & still think that the region above  
Columbia river around Puget Sound is destined to  
become an important part of the United States -

The great Pacific rail road which will be used for  
commerce will undoubtedly be the northern road  
Chicago being the eastern terminus - Chicago will  
probably then be the greatest city in the world rivalling  
London & Paris & Berlin - The Merchant of Chicago  
& property holders ought to take a deep interest in this  
northern route - I am unacquainted with them or  
I would send to them direct a copy of my last letter  
on that subject - I enclose several to your address

that you may enclose them in envelopes & distribute  
among the Merchants of your City - Selecting such as  
you think will be likely to aid the great enterprise

Respectfully

Yours Most & Obedient  
G. R. Blatchley

Post Office Department  
Appointment Office

First July 1859.

Dear Sir:

The appointment of a Post Agent on the Rail Road line from Joliet, Ills. to Lake Ind. is necessary and will shortly be made. Sand D. Froelich, of Joliet, recommended by the Postmaster, S. P. Felt Starred, with the concurrence of Hon. Mr. Morris, is an applicant, also Robt. C. Saunders of Lake Ind. is likewise a candidate for the place.

Is it your desire to make a recommendation before the case shall be submitted to the Post Master General? If so, sufficient delay will be given for that purpose.

I am, very respectfully,  
Yrs. Obt. Servt.

Americus King

Asst. Post M. Disp'rly.

Tuesday Dec 29<sup>th</sup> 1837

Dear Dr A. Douglas

Dr A.

Yours of the 29<sup>th</sup> inst is at hand & I  
have to regret the tone of impatience which has  
characterized it, as though I asked of you some great  
sacrifice. You say that "you do not feel  
at liberty to ask a friend to recommend for office  
his personal enemy & slanderer" —

Neither my dear Dr. A. D., by no means,  
I am incapable of it. & you ought not  
on to apprehend me —  
I have tried to tell you in each communication  
that you were in error on this point

I know nothing of Bagg's being your personal  
enemy, I certainly know that he has been your  
christian friend, & I further know that he was  
your Christian friend, up to the receipt of your  
letter, in which you denounce him as "unscrupulous"  
(and) for you will please recollect that I dis-  
tinctly, deny that our meeting was in any sense

unfriendly to Govt

And if he is now your enemy, & if that  
enmity was precipitated by your own, and  
hasty action, I submit that I am  
not responsible for it to the Amherst, nor ought  
not to be prejudiced thereby.

I beg you to drop this fictitious issue  
and at once meet the case as it is.

In Amherst, you hold that as their Representative  
an obligation rests upon you, to carry out their  
wishes, when properly appealed to.

Unprincipled to this obligation, they have given  
you power to Mr. Bagg to recommend the person, they  
may endorse — They say that they have with  
great unanimity endorsed Bagg, & now  
they insist upon a full performance of this  
obligation & of this promise — to all of this you  
say, that Bagg is your enemy, they rejoice  
& say that, he was not your enemy, but you  
find when you refused to recommend, &  
that you cannot ask them to become responsible  
for actions inaugurated by your  
refusal.

They ask, in short, that you will carry  
out their wishes & then they will take  
care that those whom they recommend  
to you for office shall act as becomes  
your friends to act.

I need not say to you that we must  
stand by our position, & we think we are  
entitled to your aid, but whether <sup>such aid is</sup> granted  
or refused, we shall insist upon  
a change in our P. Office, & a coming  
out of the wholesome principle of Rotation  
in Office in this city.

I may I ask the favor of a signature  
from you again.

Very truly your  
friend  
James Mitchell.

Very soon all importance

My Dear Sir:

Enclosed here-

with please find letters of  
Court General Land Office  
acknowledging the  
receipt of certificates of pur-  
chase of land made under  
Homestead Act 1854  
which I forward for frien-  
ds who are very anxious  
to procure patents in  
most of the cases the pur-  
chasers are residing up-  
on and making improve-  
ments & should you  
be able to assist them  
to procure their patents

at an early day the same  
will be duly appre-  
ciated and respectfully  
remembered

July 31/57,

P.S. You stated to me  
in the latter part of  
June last while I was at  
your place that you  
contemplated paying  
us a visit via Jackson-  
ville and would notify  
me in time to meet you  
at the latter place &c  
Our Circuit Court  
commences Monday  
Sept 1. 1857. and it seems  
to me that would be a  
good time for you to vis-  
it us as you would  
~~have a much better~~  
opportunity see the fri-  
ends without making  
much stir. Should you  
desire that course  
there are thousands

hereabouts who are very  
anxious to see you and  
hope you will visit Old  
Greene. You ought not  
fail to visit Morgan Co.  
as it is one of the doubt-  
ful ~~and~~ Write soon &  
let me know your will  
upon the subject as  
heretofore I still hold  
myself in readiness to receive  
you As ever truly yours
