My dear Sir.

Your great speech upon
the Kansas difficulty has created
much excitement in this portion
of Pennsylvania. It affords me
much pleasure to inform you, that
every Democrat here most cordially
endorses you. But we find it
impossible to obtain a copy of
your speech - The edition of the
Philadelphia Refl containing it
was entirely exhausted half an
hour after its arrival here.

If the speech is published in
pamphlet form I would consider it
a very great favor if you would
enclose me a few copies. I am

anxious to give it to some gentlemen
who desire to possess it.

Perhaps you will remember my
calling at your house last Spring

your brother-in-law Mr Bentz.

With great respect
I have the honor to remain &

The legislature of La has in violation of all precedent as well as custom over the action of the Committee whose business it was to appoint a suitable time for a Committee of the State who should by direct from the people to appoint delegates to the Charlotte Committee to select a Democratic candidate for the presidency. The Executive Committee did appoint a time for that Committee to assemble in March at Milledgeville & select their delegates.

This unjust assumption of power was but about no doubt by the agency of Cobb to Sabine or

aspirations & purposes

We shall have a committee in March in accordance with the usage & obedience to the arrangement of our Convention which will sit in time except & have two sets of delegates but let it be so "True men make the fight at Charlesburg before the Convention & we hope to believe they will do up Justice & set aside the unjust action of the Legislature & give up the unenlightened representation we expect to send a representative from each Committee of the 2d who will go down with National feelings ^{no jactancy} & who will as cordially accept their Standard here from the North as from the South If he should have the ability & tact & know how as a national Senator will most cordially accept the State

I think if he has done himself worthy of our Confidence I would accept my thanks for the various public documents you have had the kindness to send me for facts I need nothing I have perused them with care & I have been highly interested with your independent position on important points that divides & distrusts the peace of the country It is important for you especially that documents be published concerning our Citizens & as proof of this last position the Editor of the Randolph Argus Mr Long since was quite satisfied in his demands of one of our leading politicians I take the paper & I add up a line to him asking the name of his Colleagues to reply if he intended to publish in like & repeated words & did in that note reply to the position he made & I have not found a single word from him I put him at

you have taken; and that throughout the

Ironton Lawrence County Ohio
Dec 17th 1857

Senator Douglass

Show me in behalf of the Democracy of this County to tender you their cordial thanks for the lucid and inanswerable propositions you have placed before the County in your exact speech, on the great question that now occupies the minds of the people. That speech is sought after and read by the men to whom the Presidents message was read by one

You are now advised by the soldiery of the Democracy as their Tribune to veto that infamous maladministration, which if consummated will shiver the most glorious party into fragments, and reconstruct it on a new, and on a dangerous basis

The President, and his friends certainly ought to know that the people will not sanction a palpable Fraud. Can it be possible that Mr. Buchanan and certain Senators who have been placed in authority upon the inherent vital force of the great principle that underlies all Constitutional Government, will now spurn and repudiate it? and thereby bring shame upon their friends

work up afeart upon the party, and endanger
the peace of the County. The apprehensions of
an honest and straightforward Democracy are
awakened when this matter; They will stand or
fall by the actions of your friends, which have
nearly been the principles of the party since 1848
and now or completely transmuted in the
hearts, and minds of the people as at present.

My only apology for writing you
is that I wish you to know how the Democracy
stand here. This is a border County fronting
on Virginia and N.Y. - Yesterday your speech
was read at the door of the Post Office to
more than one hundred eager and attending
listeners; The people will stand by you,
and their deliberate judgment is the highest
window of me.

In the name of the Democracy of
this County I salute you with
the high regard that belongs to the
champion of a great principle

My dear sir:-

I should be glad to send your revised speech to such of our weekly subscribers as reside in this county. If you have extra copies, or if extra copies have been printed, I should like say 1000. If sent from the printer let him forward a bill.

The democratic organization of this county is strong and compact, and however they may be disposed to go with and sustain the administration, they wish your plan had prevailed, and that the whole Constitution had been submitted to the people of Kansas.

Some of my democratic
friends have shown me
hints of reading the basis
of the party for the
course it has pursued; but
the attempt is too futile
be worth of notice.

I tell all our friends that
the democratic party will not
be sundered on this question;
that it will yet be satisfactorily
settled; and that you will
never surrender nor be
driven from the position you
occupy in the party.

Very yours,

Hon F. A. Douglas Jr.
Washington, D. C.

Allow me to seize upon the opportunity thus afforded of congratulating you upon the noble stand you have taken upon the Kansas question. I am aware that your motives are maligned, misrepresented, traduced. This you must expect. I can conceive of no other ground you can occupy with any degree of honor or consistency. It fully accords with your position when the Nebraska Kansas bill was passed. Popular Sovereignty cannot be shored aside, and any legislation that attempts to override it, will ultimately be unwise and stumbled. I hope you will not flinch or move one inch from your position. The great heart of the Nation, the true Democracy will sustain you.

I am not one that has acted with
the Democratic Party, although I consider myself
a true Democrat. I am
heartily opposed to Slavery and that too
from honest motives, believing the system at war with the nobility
unpurity of the human heart and the growth of power and influence of the
Nation.

While some of you have acts have
not met with my approval fully
you present yourself while it is not
Anti Slavery fully is right. I wonder
at your boldness and intrepidity and
then again I do not for I remember you

Hon. S. H. Douglass,

Dear Sir.

Allow me to heartily
congratulate you upon the noble position you
have taken in your recent, rarely I trust
so effective speech. I do not suppose it is
a matter of any particular consequence to
you how a individual like myself, bound
by my profession to keep out of politics
may be affected towards you. Yet I do
not think you would be utterly indifferent
were that. I had not the slightest ex-
pectation of being interested in any thing in
the political world this winter, but as a
life long democrat, as an Illinoisan, as
one who has tried to defend you in whatever
way was possible for me to do, I have been
equally interested & gratified in your
position. More than all I admire it, not

as much for the ability which all admit
it exhibits, adding to your well earned
reputation, nor so much for the bold & self
reliant spirit & cheering in it, as because it
is right. I am these days for statesmen to
plant themselves firmly, avowedly & firmly on
the right - is a spectacle as rare as to be
most refreshing to any one who loves the
right.

I have never written a line before to
any public man on any political sub-
ject - my hands & my heart are occupied
with other things exclusively, but I do not
forbear offering you my word of sympathy
& approbation.

Yours truly,

Speech

Phila Decr 17/59

Hon. S. A. Douglass

Sir

Will you have the
kindness to favor me with a copy
(when printed) of your late spe-
ech in the U. S. Senate on the
Kansas question; with any
other Historical, or Statistical
information, you may from
time to time have on hand
over and above the wants of
your immediate constituency.

At the same time I hope
you will pardon the liberty I
have taken as a stranger, and
heretofore Political opponent

Your very Respectfully

Paul Williams

Perkiomen Bridge.

Montgomery Co. Pa. Dec. 17.

Hon. S. A. Douglas

Dear Sir - The office of the Montgomery
Sledger is under obligations for Congressional matter
sent to yourself from time to time. Hereafter, should you
be disposed to continue such favor, would you direct
them to the home address of myself (as below) one of the
Eds. and proprietors of that journal? Their receipt
will be properly acknowledged in the paper, a copy of
which will be forwarded to you.

Very truly Yours

W. S. Williamson - Ed. &c.
