Dec. 28. 1857.

Dear Sir -

Although the opinion of an obscure County Court Attorney, as to your course & position on the Kansas question in general, & the Lecompton Constitution in particular, may be, & no doubt is a matter of but little moment to a person in your distinguished position before the whole country it may, nevertheless, be a source of some gratification to know, even from so humble a source that the heart & soul of this part of Penna. is with you, even against her "favorite son".

I have heretofore acted with the opposition. But, if I had believed in an honest purpose to carry out in good faith the principles of the Kansas Nebraska Bill, as set forth in your noble argument of the 9th. inst. (a copy of which my friend Col. Whiteman of Del. - a member of the Lower House, has been kind enough to send me) by him & his friends, I would, at the last election have supported James Buchanan - a democratic nominee, - for the first time. The event of his message, it seems has justified the doubt as to Mr. Buchanan, for whom the battles of the last campaign were fought & won in Pennsylvania

on the positions set forth & illustrated in your  
argument of the 9th inst. Nothing else was there  
from the Evening Star, or seen in the partisan papers of  
the day. Pennsylvania could not have been car-  
ried for Mr. Buchanan on any other terms.

I have no desire to trespass on your time -  
I do not flatter myself that the writer's name  
will be impreped longer on your memory than  
a hasty glance of the eye. Nor, have been in-  
duced to write these lines for the purpose of  
eliciting a reply. My only purpose is to give  
you whatever gratification may be found in  
the fact, - as I believe it to be - that a large pro-  
portion of the people of this section of Penna., of  
all parties, are with you, in this all absorbing, and  
I may say only question, on which their minds  
<sup>now</sup> are exercised in our National politics. Let me then  
add one voice - the echo of many - very many  
to swell the notes of approbation you have  
already heard from the Rep', wishing you  
"God speed" - Whatever the ~~laz~~<sup>legit</sup> consequences  
of the principle leads, the map of the people  
of South Western Penna. will follow you.

Dear Sir,

In the multitude of your late acquaintance, it cannot be otherwise that the names of many of them will have escaped your memory; and that I am among that number is most likely for the reason that you have not had occasion to speak my name as often as I have been pleased to speak yours. Still this does not lessen the high respect that my acquaintance with you personally as well as the general approbation that I am happy to entertain for you, as a champion of those principles that has made up the greatest people the world ever knew; and while I am saying this I may as well add that in addition to the better that your patriotism has added to your name, we have been exceedingly honored and gratified with the illumination of your burning effigy in various parts of our County, which no democrat claim has only tended to clear away the dark cloud that your dusky opponent were endeavoring to create over the path that destiny has surveyed for your Country to future goodness and greatness, we are all

That we may be kept advised of your progress

of the Speech delivered by you in the House of Delegates  
of Virginia, on the 9th ult. in which Subject the

thanks for the same.

I would be glad to copy particular parts  
of my Speech delivered to you on all former  
occasions, that the sentiments & views which  
it contains, may be with my sincere approbation.

If the printing difficulty in relation to  
Slavery, common law, &c throw back  
in the speech of Virginia, Congress is now to  
call the People & Committee Conventions,  
I hope soon in the last & keep it more  
to distinct of this before ventilation, & then the  
benefit lost by a speech of mine, made a copy printed  
to the Pres, printed & distributed to all the States  
formalizing forming & adopting a form of  
State Constitution, that honor be appropriated  
to the people of their Country, & executed in  
Congress.

It is highly important, that this meeting should be  
in existence, should be kept from coming into  
the formation of a national union of protestant  
Methodists in America, very difficult, especially  
of it, to turn it off from heresy and anarchy  
and anti-brown persons, because the found-  
ing of state by composition is a protestant  
right, a right only, given our general country  
to be exercised by protestants, & if God wills it  
longer, as Congress is starting heresy by  
their obligation to the states, not to let the  
northern states into the confederacy, makes  
it form of composition, to go a protestant  
Methodist,

The your speech of the 7<sup>th</sup>

who dissent from the doctrines inculcated  
therein. And there is scarce a Black Republican

Colliet Ms. Dec 28<sup>th</sup> 1857.

Hon. S. A. Douglas.

Dear Sir,

From the first introduction of the Kansas & Nebraska act in the U.S. Senate in the Spring of 1854 I have been and am now an ardent and unwavering advocate of that measure, not only on account of its Paternity, but because the great principle it established is Eminently Democratic and Peculiarly just. And I will add Worthy of its author and the great State he so ably represents.

I have been somewhat identified heretofore, and am now pretty well acquainted with the Politics of this County, and therefore feel authorized to say that the Position you have taken and so ably maintained on the Leavenworth Constitution of Kansas, meets the unqualified approbation of the entire Democratic Party of Colliet and Will County. All the leading Democrats in the City & County are with you heart and soul, and will stand by you to the bitter end.

The equivocal course of the Colliet Signal does not reflect the real and true sentiments of the Democracy and the People. It is sufficient to say however that the Editor is Post Master.

Supposing your only and true source of information as regards the sentiments of the People on the great question of Popular Sovereignty to be from the people themselves, rather than from the Newspaper

in this city I have ventured to intrude myself upon  
your notice, hoping thereby to add a vote privately to  
the popular expression of Public approval and bid  
you God Speed in your Patriotic efforts in a Noble  
cause.

Although I am a stranger to you personally, yet  
I am well acquainted with your public career  
for the last 20 Years. The first Vote I gave in Ills.  
for Member of Congress I gave for You; I think it  
was in 1838 when You ran on the Democratic Ticket  
against Stewart the Whig candidate and was defeated by  
a fraudulent trick of a certain Canal Contractor by the  
name of A. J. Douglass.

I have been in Illinois about 21 Years  
and have resided in Solon 20 years and have the  
satisfaction of enjoying a clean Democratic Record.

Should there be anything transpiring  
in this community of any importance to you or  
your interest I will write you again

You would confer on me

Dear Judge.

I have just returned from Ohio, and have the pleasure of being able to say to you, that there is no divided <sup>subdivided</sup> in the State. The whole people are with you - enthusiastically wildly with you. A perfect tornado ~~rage~~ <sup>stomachs</sup> throughout the State, and it blows hurricane all over the North West. You might as well compare a gentle summer breeze to a storm in Northern, as my former excitement to the present one. It is universal and intense.

Fugh, and all our delegates in the House, must and shall go with you. The people of Ohio would not them, if they vote for the "Compromised Union".

Indiana, will give these two traitors - Bright and Litch. the reward which their treachery merits. Every County meeting yet held in that State - except the one

~~He~~ held in Bright's town - has denounced the Ku Klux - and sustains all you.

Sorrell is here, and if you can see him in a few days, he will be all right. He does not hesitate to speak contemptuously of those who have assaulted you. I talked with him last night and he expressed the same kind and good feeling for you, that he always exhibited. He is indignant at the action of Old Buck against Carl Walker. I hope it will be consistent with your opinion, to co-operate with him on this subject. This bold action on the part of Sorrelbo and yourself, against the Administration for interfering illegally with Walker who was at the time of his capture acting in conjunction with the Nicaragua forces, to expel the Costa Rican invaders, will excite in the South, a feeling and a sympathy that will greatly embarrass the old fossil at the head of it. Unite with this a movement in favor of Cuba

and you will have Old Buck as dead as John Tyler was when he left the White house. Sorrelbo is exceedingly anxious to see you, and I hope you will be able to meet him before the State meeting.

The numerous friends of the Administration, who are still led on to manufacture public opinion against you, have become very quiet. But still is said - and even Southern men - extreme friends - are considerably modified. Keith said last night, that "after all, Douglas is all near right." We cannot quarrel with his position, but the only question is which is the best way to get rid of the flopsey. Still make Pugh the best way to get rid of the flopsey.

Will make Pugh the best way to get rid of the flopsey.

If your side wins God be Praised. Mr. Buchanan will have a good time with his troops if he attempts to force the Dicompton Scandal upon the people. whom the Gods intend to destroy they first make mad. The Southern fire eaters seem inclined to have a fight let it come. they have the Army Navy & all the federal power. they will nevralbly find the People sovereign & that they can form their own institutions in their own way. subject only to the God of Israel.

If Mr. Buchanan persists in his measures and they carry them will be proven to be a true prophet. that Civil War is the consequence. If it come we cant have a better time than now. the South will find themselves in death especially to them. and their precious institutions - at any rate I will prophesy that whatever may be the result of the question before Congress. at this session. the Slave Power will not govern the Country but 3 years. Northern men will not be so criped much longer. and when their energies are spent to be laid aside like a worn out horse & consigned to oblivion

than neutrality enough, and I write now  
to say you need have no fear for want of Backers  
in your present position. when the federal officers  
are determined upon, there will be a stampede  
and 1/2 the Democrats, all the old Free Democrats  
who voted for Fremont, 2/3 of all the Republicans  
thought Whigs & Know nothings will be on hand, &  
if you think such backers more of a load than you  
darent to carry, you had better recede now.

I am glad you are not to be annoyed by having  
Dr Van Buren on the same side. he is a Smart  
Ball, and can beat no one.

Sent to Broderick who says if "they had cut  
off their ears & sent them out of the Territory  
he would have applauded the act." Speak my  
sentiments, and this world has been done had  
not M'Walker kept the Army there for the safety  
of the convention.

I suppose you have a bushel a day of  
letters of no more importance than this, and therefore  
will only ask you to remember today friend W.

I received a few copies  
of your speech on Slaves Question and  
circulated them a few men could be used

divides the Republicans here against you  
And I hope we will be able to put them

Hon. S. A. Douglas  
Sir:

You will pardon what-  
ever may appear improper in me, "a  
youth, to fortune and to fame unknown"  
attempting to address you a word of  
approbation in regard to your course  
in the Senate, on the Kansas question,  
as it now stands; but as I, though  
young, have been an editor and seen  
some service in the Democratic  
party, I concluded it would certain-  
ly do no harm to express to you  
my extreme pleasure and gratifi-  
cation at the bold and wise po-  
sition you have taken on that  
"vexed question."

Within a month I have been over almost this entire State, and claim to know something of the public sentiment of our citizens and I can assure you that among the people Senator Douglas is the most popular man now living. I state this fact, believing it would be a gratification to you know that the people are with you. Among the Democracy your cause meets universal applause; and were they a vote to be taken tomorrow, as to whether your position was right or wrong, you would be sustained by 100,000 majority. Those Democrats who have been frightened from their allegiance are re-assured, and the "original Buchanan men" are disappearing. I used my best endeavor, to

turnee as they were, to secure the nomination of James Buchanan, because I, like thousands of Democrats, had an idea that you was most too "ultra"; but now, though I do not regret his (Buchanan's) election, I do his nomination.

I hope you may succeed in your effort to recall the Democracy from this fatal path, and glaring mistake. Stand by your colors, heeding not the abuse of popnicking officials, and hungry office-seekers; for voices of the people are fixed upon you, the people, grand in their strength—terrific in their retribution. bid you God speed.

You will pardon an humble printer boy for addressing you so bluntly; for it means no disrespect—but my enthusiasm must have vent.

My object in writing was to request

you to put my name on your  
list, and send me a copy of your  
speech on the Message.

Believe me, respectfully  
Your obedient Servt  
Willoughby W. Webb.

Permit me, a humble member

I have read a synopsis of your able
