Mr. A. Douglas

Jan 2<sup>nd</sup> 1852

Hastings to DC Deasde I beg leave to offer you the  
compliments of the New Year and your dear friends

I would not trouble you with the present but from the fact  
that during the excited Contest for Nominee of the Democratic  
party for the Presidency I took the liberty of addressing you  
several several answers my decided preference for yourself  
your late conduct in connection with the Kansas difficulty  
leaves me no room to doubt where you will be found in the future  
I am an old man a farmer and non slave holder therefore under  
no mercenary or selfish interested influence in forming my political  
opinions I will pass over the most trifling points of sectional difference  
and come to the gravest point of the Heresy attempted to be instigated  
by yourself and Mr R D Walker as a dogma upon the Democratic  
faith and practice that it is necessary to submit the organic  
law of the states to the test of the popular vote "Oh Tempora &  
Mores" That the people shall be called on to vote for or against the  
details of executive legislative & judiciary programs of a government  
when not more than one out of hundred - we have, or we will reach it  
the people know their incapacity and have never claimed any  
such right - for myself through life I have advocated the largest liberty  
for the masses consistent with public safety But this doctrine of the  
submitting the whole instrument of the popular vote of carrying  
out - would equally require of Congress and the legislatures to submit  
their Legislation to a similar test In the language of Carlyle the English  
historian "A Solemn incantation" It is a political effort worthy of a  
Benton Marat or Robespierre - a close trap meant for Wrencomby

As for Mr P J Walker I have ever regarded him as an inhabitant of the flying Island to be found in that most profound Rock Gullies Drawn but you fairly belong to the Territorial World of Desertrified As a practical Man but the Woolly ones said a year ago the Most gaudy & scamp had democratic living I respectfully call your attention to a candid mirror of this Kansas difficulty that I think may corroborate in a dissolution of the Union and the Appeal to the arbitration of force have not the Woollys from the first to the present acted in contempt of the Government of Brigham Young to be treated as rebels - What better is Jim Lane and his companions in violation of having the Majority of their claim Refusing to recognize the Government or any other power than the Revolutionary acts of their Colonizing Emigrant & Revolutionists and suffered the pro-slavery party to frame a Constitution by three defeat - that the Woolly ones may not take advantage of their own wrong Is a legal Nation sufficiently well established to require no special pleading to sustain it - Under the circumstances & plain duty presents itself to every Conservative Member of our Government to admit Kansas under the Lecompton Constitution and let the Woollys help themselves if they can As to the Monarchs bold out of Resolution bloodshed and all that kind of thing it is entitled to another consideration than scorn and contempt - As to the old country about frauds in elections - As for the at the outset - Created a vast Corruption fund under the form our title of emigrant and settlers when professional Whippoorwills have travelled the length and breadth of the Wooly hunting dominions soliciting contributions by force by purchase and otherwise the establishment of a large thriving Colony in Kansas - would appear strange these deceits has even doubtful but when Utah is to be proclaimed in rebellion and we have but recently before us an article called the

Marching through several states at the head of an armed banditti of hired incendiaries making a foray into Kansas - Strutting burning and Murdering - And this demands a running report of Justice Mr May will be damaged at the difference young to be dealt with as a traitor and to be condemned to be shot with the Saturial mantle and sit in the August Council of our Government the son of the Rev Mr Douglas - If Justice was done both Lane & Young would be hung on the first tree to be found after they were caught - Please allow me respectfully to call your attention to the acts of this new born hyphenates in our Government of submitting the whole instrument of the organic laws of a state to the popular vote of 53 voters May - direct to out of the hundred of vested rights - what a fearful despotism Mr Lincoln under our Government was supposed to be a happy medium between the extremes of almost thrones on this subject - Three individuals on the one hand was miserably situated to organize a code of written laws for a Government - In the more objectionable form of a Monarchy our fathers adopted the novel enterprise in Government of the people electing as representatives their sages and patriots in assembled Convention after a free & open debate and full examination of government to adopt such measures as it was believed adapted for the best interest - And when finished - It became the law of the land - thus in the language of the Abbé Sieyès from France from birth to the and descended from at last - I acknowledge the force and justice of the expression "not perfect but true" But safety requires an unimpeachable <sup>and perfect</sup> ~~influence of the~~ ~~of the~~ ~~wishes of the~~ ~~people~~ ~~to change~~ alter or amend the organic laws We all know that it is the bane of political blacklegs to unite of powerful popular mind upon imaginary grievances - And nothing less than

a decisive Majority should be allowed to violate the established  
Laws. I will conclude by presenting impartially to the best of  
My Knowledge the Kansas difficulty - by asking your opinion  
and the Free State party presented themselves at the polls in Kansas  
and Anti - Men were those opponents the whole trouble would  
not at - all have been settled. But in Contempt of the Laws  
of our Government they ~~dealing~~<sup>were</sup> and thus lost the prestige  
can the government with any show of respect expect that  
these subsequent sectional movements in other forms than Contempt  
consequently Kansas must be admitted. With the Lecompton  
Constitution in force we less my form of regard to our  
~~Laws~~ are violated and its Majority and Secular Compromises  
political Banisters are ever ready to hasten or sacrifice any  
every obligation of duty for their own advancement - that such  
is readily to be found in the Halls of Congress. I am well aware  
that more be to the Regard to be found South of Mason & Meridian  
line ~~since~~ will tell the Tale as it stands this at present  
complicated affair yours faithfully

MS - A paper called the ~~Wauville~~ <sup>Kansas</sup> Democrat -  
has taken the Worthy side of the difficulty - but in its editor  
may mislead some as to Kentucky sentiment - I will venture  
the assertion that ~~two~~ <sup>the country</sup> states cannot be polled in any against  
admitting Kansas under the Lecompton Constitution and I am  
further confident there <sup>not to exceed</sup> ~~two~~ <sup>the country</sup> states polled  
in any in favour of a Pacific Railroad from any point by  
any route built under the auspices of the Government - but  
individual enterprise build as many as they desire - but keep the  
Government clear of this Modern South Sea bubble

My Dear Sir:

Will you be kind enough to lend me 10 or 15  
Copies of your Speech on the Lecompton Committee, for distribution

Your Speech is an able vindication of the  
great principles of Popular Sovereignty as enunciated  
by the Cincinnati Convention.

## Our Nominee for Congress.

2192-2

We today raise the name of PAUL LEIDY, Esq., of Montour County, as our candidate for Congress. The Conference which met in this Borough last week, placed him in nomination on the fifty-seventh ballot. Mr. Leidy is a man about thirty five years of age—a lawyer by profession—an esteemed citizen—a good Democrat, and in every respect worthy the support of the Democracy of this County, and of the District. He was almost the unanimous choice of the Democracy of Montour County, and that speaks volumes in favor of his ability and worthiness to fill the responsible position, which he is destined to occupy. He will be elected by a large majority against any nag which the opposition may trot out. We can promise Mr. Leidy a good account from old Luzerne.

### Register.

---

Mr. THOMAS M. ARTHURON, of Jackson—glorious, indomitable, Democratic Jackson—has received the nomination for Register. Mr. A. is comparatively a young man—a sound national Democrat—always active and influential in support of the principles of the party; and his election will add strength to the Ticket among the faithful and unflinching Democracy of that section of the County in which he resides. The handsome majority which Jackson himself gave to the Democratic Ticket last year, is mainly attributable to the efforts of Mr. ARTHURON, in behalf of our good old course. He is one of the working Democrats of the County, and we are glad the Convention bestow upon him this evidence of appreciation. His election by a large majority.

## Democratic County Convention.

The Delegates representing the various Election Districts of Luzerne County met in Convention at the Court House in Wilkes Barre Tuesday, 15th September, 1857, for the purpose of nominating candidates for the seven offices to be filled at the coming election. The Convention was called to order at 11 o'clock A. M., by A. B. Dunning, who nominated R. Anderson for Chairman. On taking Chair Mr. Anderson, in an appropriate speech thanked the Convention for their partiality and announced the nomination of Vice Presidents as the next in order. Nathan Kitch was then elected Vice President, E. P. Darling, D. A. Yarlington and Stanley Woodward Secretaries, and Jos. W. Campbell and Ephraim Gregory Doorkeepers. The Convention proceeded to perfect its organization; the Districts were called, and Delegates presented their credentials and took seats—fifty-nine Delegates in all answering and every district except Black Creek, being represented.

The following Delegates presented credentials, and were admitted to seats in the Convention:—

- Abington—John Stone.
- Benton—Wm. Austen.
- Buck—Miles Cox.
- Butler—A. P. Goodchee.

Hon. S. A. Douglass  
Washington D.C. Dear Sir

Will you  
please remember me in distributing speeches  
etc. You would also oblige me very much by  
sending the late Patent Office reports.

The financial crisis, detracts much of the  
public attention from politics, still  
there is considerable interest felt in the Kansas  
question. The people generally endorse the  
position you have taken on the admission  
of the Leavenworth Com to a full & private

Hon S A Douglas Dear Sir.

I had the pleasure of meeting you last summer at Springfield, at the Democratic mass meeting, at which time, you informed me, if I would send you my address, you would forward me such public documents, as might be issued by Congress, at its present session. I am residing at Clinton Devitt Co. Ills, and I shall be under obligation to you, for any, and all documents and speeches, you may send me.

I understand that you have the right by law of Congress, to draw certain books, specified therein, for College, and University libraries. If I am right in this matter, permit me to present to your favorable consideration, the interests of the Illinois Presbytan University at Bloomington.

This institution is in its infancy. Its endowment fund, unencumbered by Scholarships, will reach fifty thousand dollars this summer. The energies of this (the Illinois) and the Peoria Conferences will be directed to the building up, and endowing this institution. We hope to make it worthy of our Conferences, and our noble state. This, however, can only be done by the patronage and favor, of the friends of Education.

Our library, at present, is comparatively small, but we are anxious to increase it, by using every honorable means in our power. I write this to request your assistance in furnishing us such works, as the class of ~~the~~ ~~old~~ ~~and~~ ~~best~~ authorize you to furnish for the purposes mentioned: and such other works as you may be disposed to furnish us. If you can render us any assistance in this matter, please direct the books to me at this place.

I have just received from

You, a copy of your speech in the Senate, on the Presidents message. Nineteen twentieth of the democracy of this, and the counties composing my district, unite me in the opinion, that it is unanswerable, and contains the democratic doctrine on the subject of Popular Sovereignty—the only doctrine that can, by any possibility, enable the party to triumph as it has ever done in Illinois. And "the rest of mankind" are of the same opinion. The shadow on the Republican dial, has gone back ten degrees since told.

Please excuse me for troubling you with this sheet, and, believe me sir, to be yours,

Respectfully yours  
Wm H Daugless. J C Buell

Hon: Stephen A. Douglas, U.S.A.  
Washington. D.C.

Lov,

Knowing

from your public career that you are a  
staunch advocate of Democratic principles  
and a stern & unyielding adherent to the  
principles involved in the Kansas-Nebraska  
Act, these facts, in connection with the noble  
stand you have recently taken in support of  
those principles, induce me to congratulate you  
upon the consistency of your political position.

I too am an humble advocate of Democratic  
principles; and if it would not be too much trouble  
I would like to have you send me copies of your  
recent speeches on Kansas matter, if you have  
them in print. Would you send me a copy  
of the Agricultural portion of the Patent Office  
Report for 1856, if you have a copy to spare  
which you do not wish to distribute to  
your own constituents? If you do not comply  
with my requests, I shall esteem you as highly  
as ever as long as you stick to the Cincinnati  
Platform. I hope you will receive a unanimous  
re-election to the U.S. from Illinois.

Democratically Yours, J. H. Burdick

Hon S A Douglass Dr Sir

It is with great pleasure I write you in this happy morning to congratulate you upon the success in making so many friends with regard to your Manly Speech upon the swindle of the Decomption Convention. You have done your self great justice & done it nobly in defending your great Democratic Measure before Sovereignty.

Stand up. Manfully & defend it to the last moment. If you will end off with more laurels than ever.

You never see such a change that has taken place in this City since the delivery of your great speech.

I believe when you return to this City you will be greeted by the largest meeting ever held in this Country.

Wishing you great success in defeating that swindle which now agitates the entire Country. With kind regards to your wife Douglas

A very particular friend  
of mine and one whom I can recommend  
as high, from de I know qualified for  
the position he seeks is Antonio to  
get the appointment of Captain in  
any of the Regiments, which are expected  
to be raised, Cavalry or Dragoons. His  
name is Wm Grosham. You most  
likely have heard of him as every  
person in the West perhaps has. Intellectually  
and physically no gentleman in the

deserving of better qualified

Corington, Jan 1<sup>st</sup> 1858

Sir - A new year is just now two hours old, and I do not know how I can better begin to use it than by declaring how much & affeard you come ~~on~~ on the present Kansas affairs. I suppose you are overwme with letters, and may not even need this if you shoule, you will read the unbiassed opinion of one who is no office holder or office seeker - no politician, further than patient inm and a man for justice & truth as he understands them, in due time to be.

If I belong to any party it is to that small one known as the Clay Whig party. I am an old Whig always, as a party man, opposed to the Democracy, the Know nothing, and, of course to the Republicans. I was a strong advocate of the Missouri Compromise, and opposed your Kansas bill. Could not but oppose it as a Southern man. It appeared to me to be a measure which would advance the interests of the North & retard those of the South, and it inspired me to see the two sections arrayed against each other in the aspect in which they now stand. I predicted that no Slave State would come in under it - and that you would in 10 years be the seal of the free soil party. When your bill became the law of the land and especially when the Supreme Court had decided so strongly in

its form & cheerfully acquiesced in it, and as much  
desired to see it fully carried out as any other  
law. I made my hand had it rejected for any  
consideration. The conduct of the Black  
Republicans seemed to me to be traitorous &  
injurious, and I did desire from the bottom  
of my heart that some step might be taken  
to break up their factious, treacherous &  
wicked plans. Walker it appears to me to take  
that step, and had those nefarious rebels  
with the country might now have peace —  
until they do worse — and they can, by your  
plan be forced to vote — we shall have no  
peace; and your plan — and that is what  
I chearly desired to say — is a Social mis-  
ty to any man who has advocated the  
principle of Kansas freedom. How any  
man can favor that bill — stand upon the  
Civill rights platform, oppose of the Pres-  
ident's inaugural, and instructions to Gen  
Walker — in other words be an adherent of  
the Democratic party, and not go with you  
in your proposal to submit the Constitution  
of the 2d to a vote of the people as part  
the compromise of my mind. That the  
Constitution should be submitted is Repub-  
lican, in accordance with the Genius of  
Government, State & Federal, and the

only way to obtain quiet and the rule of law  
is a clear as day — from all the facts it  
is a Social Misery, one, also, an ethical  
misery. Here, my old with whom I have  
conversed, except three Northern friends do-  
fices, who will change his word as the president  
changes, (which I suppose will do) have  
expressed the same opinion. Pro-slavery men  
Slave-holders, office-holders, all. One  
of the three black-heads attributed our support  
of your plan, fair, just and <sup>right</sup> in the  
motive of settling this difficulty, and breaking  
the neck of the Black Republican party  
short off, and so ending it forever, to the honor of  
the Democratic party. So far as I am concerned  
I have given a hearty support to Mr Buchanan  
and had hoped the party would not split until  
this great trouble was removed. I looked to it  
for relief from the great dangers which  
threaten us. I wish to God they would give  
you winter support — they would then be invinc-  
ible. The Whigs are gone — the 18 N's are  
voted, and your plan would force over-  
them the Republicans. I cannot then desire  
any thing ill to the Democracy as such — still  
if they persist in the opposition to you  
I must oppose them, and thousands of other  
Southern men will do so.

Go on - and God speed you. I look to you  
now, as I once looked to Henry Clay -  
Smith is omnipotent and will prevail.  
If you should be driven from your party  
(which I pray may not be the case), but that  
your party may come to you) you will  
nevertheless find some other State some, even  
incalculable service. I do hope Mr  
Critten don't come to your support.  
Put by on it, there are thousands of Southern  
men, will back you.

My father J. C. Evans, of Chicago,  
who is now living with me, remembers you  
kindly, and joins me in approval of  
your conduct.
