Sir

As the Kansas exirtment is again on
the increase & this time it happens
to be on the Democratic side your
doctrine of Popular Sovereignty is in
dauyer of defeat in case the
Secumpton Constitution should pass
Congress which we Democrats in
this Section of Ohio hope never
will be the case for there is but
one Secumpton Democrat in the
vicinity of this town & but
very few in the whole of Stark Co
& I am very well aquanted in the county
therefore I hope that you will

successfully fight the battle of the Kansas
Nebraska bill over again & give
the People in that distracted Territory
the right of forming their Domestic
Institutions in their own way subject
to the constitution of the United States
as you did on the last night of the
passage of said act, for in the
case the Secumpton Constitution
should pass our Party will be in
a hopeless minority throughout
this part of our State // as we
Democrats wish to know what is
going on at the Capital I would
ask the favor at your hands to
send me a few copies of your report
on the Secumpton Constitution &
anything that may be said in Speeches
either for or against which you

may please to send me shall be
thankfully received & will be
remembered in future
hoping for success in the cause
I remain your obedient servant

Dr Sir

I have met you several times at Washington during the last year, but of course meeting so many, you will have no recollection of me.

To show you that I hold a favorable position with the Democracy here, I will state that I have frequently held positions of trust from their hands. Am at present the Probate Judge of this (Stark Co), and a Candidate for the Appointment of U.S. Marshal of the Northern District of Ohio.

I have the best kind of papers and a host of them from prominent Men throughout this Northern District for that Appointment which have been on file more than a year. (The appointment is not yet made) Showing that I am the choice of this district &c. &c.

I do not state this for the purpose of having you interest yourself in my behalf, as I know at present you can do me no good. But merely to show you that I am not without position

and also to show you, that notwithstanding
my interest would lead me to sustain Mr Buchanan
in his present position. It I have too much regard
for the interests & welfare of my party to do so and
am, and have been from the first. An Anti
Secumpton Democrat

We are peculiarly situated. Our County
paper "The Stark County Democrat" strongly advocates
the Secumpton Measure, while the democracy
of the County are strongly Anti Secumpton.
And of course furnishes his people with only
one side of the argument. at my request he
has refused to publish your report, and said
he intended publishing "The Democratic Report"
(Green)

We have received through Mr Senter
the "Black Republican", members from this
district several copies of your report, but
coming through him, they try to connect you with
them, and charge that you are making common
cause with the Rept.

I want a lot of your reports and any-
thing that will be useful, and want them
under Democratic fronts, and I will sow
them in good ground

The strength of the democracy of Ohio must
be preserved. Please let me hear from you
immediately & often.
Yours

Dear Sir

We see it stated in the newspapers and the members of Congress state the same thing, that if the Secompton Constitution passes Congress and ^{the} Administration tries to put it into operation, that the Free State Men of Kansas will fight.

Now there is a monstrous deal of talking down a great deal of which is not meant, and no people in general don't know whether we are to look for civil war bye & bye or not. Now I would like to know and some others around here would like to know, whether the people of Kansas rather than submit to live under that infamous thing, the Secompton Constitution, would fight the U. S. Army? If they really do mean to fight, some of us here don't mean they shall be left alone to do it.

I don't know of any one more likely to know the actual state of things than you, so I ask you —

ROOMS OF THE DEMOCRATIC STATE COMMITTEE, }
CONCORD, March 3, 1858. }

MY DEAR SIR:—Permit me to address you a few "last words" in reference to the approaching election.

Our information from all parts of the State is of the most encouraging character. Our canvass, more complete than was ever before made, shows a large gain to our cause, and makes it apparent that, with proper efforts, our friends can carry the election. This is also apparent from the opposition canvass, which gives us votes enough to ensure our triumph, unless a much larger vote is cast than we anticipate.

We have gained strength every day since our canvass was taken, and every indication assures us that we are now gaining. The defections from our ranks have been but few, and of a very unimportant character—being men who have hung like mill-stones upon our party, clinging to its skirts only for the sake of office, and ready to leave us at any time when better prospects presented themselves from the other side. *No man has left us whose fidelity has heretofore been confided in.* The accessions to our cause, on the contrary, have been numerous, and composed of men of character, who will bring strength and votes to our party. So far as we have information, we have gained ten times as many men of character and prominence in their several localities as we have lost.

In view of these encouraging indications and of the importance of the election, I desire to call your especial attention to the following points:—

- ☐ See that every Democratic voter's name is upon the check-list.
- ☐ See that the name of every opposition voter, who has no right to vote, is stricken from the list.
- ☐ See that means are provided to convey the sick and infirm to the polls, that not a single *live* Democratic voter may be absent.
- ☐ See that an energetic rallying committee is appointed, who shall be certain that every Democrat votes.
- ☐ Poll every possible vote for State and County officers. After the balloting is partly finished, examine the check-list, see who has not voted, and send for and procure them.
- ☐ See that a committee is appointed to watch the balloting and prevent fraudulent and double voting.
- ☐ See that every Democrat who is out of town, is sent for and his vote secured.
- ☐ See that every Democrat is on the ground at the opening of the meeting, and votes early.
- ☐ See that the ballot-box is empty at the opening of the polls.
- ☐ Secure the election of a Democratic Representative, if it can be done by any possible means.
- ☐ Let no local or personal considerations interfere with your harmonious and united action, but remember the old Democratic motto—*"Union, harmony, concession; everything for the cause, nothing for men."*

Yours truly,

JOHN M. HILL,

SIR:

SALEM, Mass. March 4, 1859.

The democrats of Essex County, Massachusetts, will celebrate the birthday of THOMAS JEFFERSON, in Salem on Friday, April 1st.

The event is one of no ordinary interest to all who value the free institutions which he founded on this continent, and which are incorporated in the Constitution of the United States. It is hoped that the celebration at Salem will inaugurate a custom which will be observed hereafter throughout the Union, and that it will meet with a response from all true patriots, and statesmen who find in the principles which Jefferson laid down, a guide for their conduct in the service of their country.

We would most respectfully invite you to be present, and to join in commemorating the birth of the great American Democrat.

We have the honor to be respectfully,

Your Ob't Servants.

Saml A. Douglas.

My Dear Sir,

I returned last night from Cincinnati. The meeting there was a success and much good will result from it. I go on Saturday to Knox County and Bureau District where J. H. Miller is endeavoring to create some strength to sustain the President. We will make that district all straight.

Now for our State Convention on the 10th. It is necessary to give it credit in your presence and you must come. Three days notice by telegraph will suffice to bring out 1000 Democrats. I beg of you not to disappoint us. You will cannot leave Richmond on account of the Legislative Session being about that time. Bancroft cannot come. From Walker & Stanton we have not yet heard. You are the man the people want to see and to hear. There never was so excited a sentiment for you. The demonstration that would be made would cheer and strengthen your heart as it would tell on the fate of Lecompton.

I had hoped to find on my return a letter giving me your views about the time of holding the Chicago Convention. It is important that we have your opinion as to the nature of our Convention accordingly. Can write me at once directed to Columbus where I shall be from this date until the 11th.

Any telegraphs will find me here.

Dear Sir

I have no personal acquaintance with you, but have always been an admirer of your course in regard to National affairs, and would rather see you nominated for the Presidency in 1856 than Pennsylvania's favorite son, who I think is not so now - You will please excuse the liberty I take in writing to you, my reasons for doing so are; That the only documents, that find their way here from Washington, are sent by Bigler & Dimmick: And the Editor of the only Democratic Paper in this County (the Monroe Democrat) is the Postmaster of this place appointed ^{under} Mr. Buchanan's Administration - He started right last November, but

changed immediately after the receipt of the President's
 message in December last. From the above you can
 judge how much information is received here
 from Washington in regard to the Secompton swindle.
 Your friends here would like other information

 I therefore send a list of some of our prominent

Dear Douglass

I have been busy the past few days getting ready for the convention the 10th (next week). I am going down on Monday & for one shall do all I can to have bold resolutions. I do not believe in this Administration & if a resolution is introduced declaring our confidence in it (except upon the Kansas question) you may rest assured there will be one. Waa I wish to God Grey was out of the Post Office. His course paralyzes all our efforts, and his paper has been good Lord, good Devil ever since this controversy commenced. Payne seems engaged in this matter & I give him credit for it. he is hard at work & from his position can do a great deal & I think is doing all he can -

My opinion is that the Administration should be censured & denounced & speak out honestly what we think

Party man. I admire & approve
your position on the exciting
platform of National issues & would
be thankful for an occasional
document to pass me up.

 to visit you soon
 and see you all.
 Give my love to
 the children and

Dear Sir,

I take the liberty of addressing
you for the purpose (if you will do
so) to have you place my name
on your list for Public Documents,
as I wish to keep posted on all
matters of public policy, and
more especially on this intem-
-inable Kansas imbroglio. I was
an active supporter of Mr Buchan-
during the late the Canvass, but I can-
-not support his present Kansas policy,
and in fact there are no Democrats
in this section but those who are
now styled "Douglas Democrats"

Very Respectfully Yours

Dear Andre

Our democratic conven-
- tion met & adjourned on yesterday
after a stormy and unanimous ses-
- sion. Col. M. Ingersoll was the
announced administration can-
- didate for Governor & was defeated.
He then supported an amendment
directly reflecting upon me & endorsing
to the fullest extent the policy of
the administration. This was laid
upon the table & other resolutions
more general & less explicit were
passed. The Convention heard ^{by} it
nearly every office holder in the
State. I have been surprised at
Ingersoll's course. In Washington
he heard runs & speaks & made the
impression upon my mind of

having a decided sympathy in
the views you expressed. He is
now most violent in
his course.

If such a thing is possible
do come spend an evening in
New Haven. A speech from you
before the election would have
the greatest influence.

Most truly & devotedly
Yours

Thomas Keats
