Had a long field on 2d Lett,  
Sir.

I should have been in  
Washington before this last  
week, if my family had  
permitted me. Should it be  
in your power, for you and  
Mrs. Englehardt to pay us a  
visit. As will be thankful

hang about me, till I shall  
receive a letter from Mr.

thanks, for your promptness  
in answering my request.  
I have your <sup>red</sup> speech and  
have handed it around  
to different persons, and  
all with one accord have  
agreed, that is a masterly  
production, and I myself

passions of debate shall  
subside, and reason & honesty  
prevail over prejudice and  
passion, we must all come  
to the same conclusion, to which  
you have endeavored to lead  
us.

And Sir if it will not

Dear J. W. Douglas

Sir

I presumed to write you two letters urging some friends of yours to start a paper in Kansas City. Some of my friends who have just come in from Mo, with their negroes to sell here, on account of the prospect of that State becoming free in a short time, say to me that there can be no doubt but your friend will make money. notwithstanding they are slave holders, they do not like the paper that is published there, they want a Douglass paper. anti-Liberator, I will be a very easy matter to carry the state for you in my opinion. The emigration from the north is growing in Mo, and a great many say that they are moving to Mo, to get clear of the abolitionists. That may be merely a matter of policy. If it is, they are wise to a fault.

of which made us go off at once  
and went to my old school, where  
I taught for many years, full of pride  
and pleasure at the great number of  
young men (now men) I had taught  
who were now successful. Walter told me  
we had no time to talk about past events  
but that there was a good deal to be said  
about his life and what he had done.  
He spoke first of all about his  
boyhood and school days. He told  
his father stories, as he used to do  
when he was a boy, of all the  
things he had seen and heard and done  
and his father asked him if he had  
written his memoirs he said no  
but he had written a short account of his  
memories in a notebook or diary  
which he showed me. It contained  
nothing but a list of what he had

Hon S. A. Douglas

Sir

I notice the following  
in the Washington Correspondence to  
the N. Y. Herald of the Morning

Refuse, then it will be time enough to act. The Committee on Foreign Relations have agreed to report Douglas' bill, with the amendment as to reprisals, but confining its operations to the Spanish American States and including Cuba.

in a desire on the part of some to vindicate the

Allow me most respectfully as  
an American Citizen to protest  
against the clause confining  
as to special Referrals to the  
Spanish American States and  
Cuba. I have a just claim  
for a large amount against  
the Government of Holland  
where the Decree of the 16. 8.  
has been prosecuting by diplomatic  
action for a quarter of a century.  
The present President of the  
U. S. has stated in writing his  
convictions of the honest and  
justice of my claim, and  
the Senate has heretofore shown  
that it deemed it just.

Years ago I petitioned Congress,

for authority for a special letter of Reprisal.  
This remedy is given by the law of  
Nations. It is a peaceful remedy;—  
it is prevention of War. Why allow  
it to one class of Claimants and  
refuse it to another? Is this  
just?

The bill but provides a formula  
of procedure to enforce the law of Nations.  
I will not suppose that powerful  
European States are excluded from  
applications of their power, whilst  
weaker governments are included.  
For such idea would involve  
the implication against my Country  
of national Cowardice.

I am an old man and  
may go off the State of sublinary  
action, be long, but I hope  
whilst I live never to see  
my Country dishonored.

I trust you will show this  
letter to Gov. Steward and  
Mr. Toombs and Gov. Crittenden  
and also to Senators Mallory  
and Mason and other  
Senators, and I hope some  
one will read it in the

Senate before that clause is  
adopted.

I am very respectfully

Dear Sir will you  
be so kind as to send me one copy of  
Hickey's constitution U. S. The Patent Laws  
and report of the Mechanical Department  
of the Patent Office for 1857. I never have  
troubled any of our Congressmen for any thing  
in way of Public documents. If you will  
send me the above with any other you may  
choose you will confer a great favor on  
me. The so called National democrats  
held their convention in this county yesterday.  
I have not heard the result it must  
have been a small meeting judging from  
my knowledge of Political affairs in this  
county. I think they only have 6 voters in  
favor of the administration party (as it  
has advocated Kansas affairs) in this  
precinct. we poll 160 votes. and a  
majority for Buchanan in '56.
