Dr C. Graham,

Dear Sir,

I have
spent the whole of every day in
my office for the last four
weeks, and I have seen no
letter or communication from
you. My partners tell me that
they have seen none. If I
had received a communi-
cation from you intended
to promote the interests of
the Crab Orchard Springs, I
should certainly have taken
great pleasure in publish-
ing it. I do not expect to
be able to visit the springs
but I should rejoice to

See the establishment well
supported. Will you not have
the kindness to write again?

Very truly Yours
Geo. D. Prentiss.
