

Louisville, 12, Oct., 1883.

to the Governor of the Commonwealth,

and the Librarian of the Kentucky Historical Society.

It is my wish that my friend Reverend Henry Whitney Cleveland, who was often at my Springs Hotel in Harrodsburg, Ky. in his boyhood, before the year 1849, shall have a parchment signed by George IIIrd, with the Royal Seal to it, that I loaned to the Historical Society, and which has not been returned. After Dr. Cleveland has done with it, I hope he will put it into the Polytechnic Library collection, provided they have a fire proof for the preservation of such things. I also hope that the oil portrait of myself will be sent to the best Historical Club.

Respectfully,

*C. C. Graham M. D.*
