EXECUTIVE DEPARTMENT

Frankfort February 21st 1878

Mr C. C. Graham,

Sir,

Your letter of February 19th 1878 is received.

Under the Act incorporating the Public Library of Kentucky the Governor has no power except to appoint two Directors and has no authority in its management. As you feel a deep interest in the matter, and make important suggestions would it not be well for you to come to Frankfort and make such statements to those having charge of the Bill as you think proper?

Respectfully
James B. McCreary

From Mrs. L. W. Loring
