TUESDAY, APRIL 24, 1877.

Drove Fanny to the Station
and borrowed Mr Morgan's
corking machine

Clear at 7 Am 36°

WEDNESDAY, APRIL 25, 1877.

Bottled my Cider to day
227 Bottles 81 half
Bottles - 9 large Champagne
Bottles - 6 Hack bottles &
131 Wine bottles -
227 in all -

Lost during my absence in
the summer, 100 bottles in
bursting and forcing out
the corks, 42 burst and
58 forced out their corks, and
the Cider lost -

THURSDAY, APRIL 26, 1877.

FRIDAY, APRIL 27, 1877.

SATURDAY, APRIL 28, 1877.

Settled up with Spelman
this day for particulars
see his a/c on file, paid
him a balance due
him of 17⁰⁰ -
24 weeks board bill paid off 12 -

For 6 months or more, not a
pound of butter returned
in settlements - from
Nov: 1875 to June 1876 -

Spelman said he had
not kept any account
of it on the first of
Nov: 1875 we had 18 cows
but by the 2^d of March 1876
we had reduced them
down to four, 3 milkers
and one sick one -

cloudy at 7 am 32° stormy

SUNDAY, APRIL 29, 1877.

Butter Account -

Returned by Mr Spelman
in settlement, from Nov: 28th 1876
to April 30th 1877 - 153 days
55^{lb} Butter, brought \$13.18 - half
half \$6.59 - an average of
six ounces per day for the 3 cows,
or two ounces per day for each
cow, Good cows busened in
Cows dried up about the
middle of Feb: - 1877 -
March 30th one cow came in
and April 2^d another came in -
No return of Butter from
Nov: 1875 to June 1876 - not
a pound - when the settlement
was made - most of the
cows were sold during the
time, leaving three milkers on
hand and one sick one
Next return of Butter was made
Sept 2th from May 29th 1876 to Oct 9th
1876 from 3 cows 28 1/2 @ 53 1/2 = 26 1/2
Average 2 1/2 per day 3 cows, but
return was before made

cloudy at 7 Am 32° W. N. W.

MONDAY, APRIL 30, 1877.
