a That is the circumstance the man's head being swollen in that way.

q Do you know anything about how his head came to be swollen.

a I heard the Doctor say it was an abscess I think. I heard some one say that. I am not sure whether it was the doctor or not,

q Caused by what?

a Well, I can't say the cause sir.

q What did you hear it was caused by?

that circumstance.

That is the circumstance
the man's head being small
then in that way.

Also you know something
about how his head came
to be swollen.

I heard the doctor say it

I am not sure whether it

Of course by what?
Well, I can say the cause
was.

What did you hear it was
caused by?

a I don't know. He said it was an abscess.

q You have stated to the Board of Commissioners and they have asked you if you knew of any cases of brutal or inhuman conduct, and you now state this case. I now wish to ask you in what way he was inhumanly or brutally treated.

a ^{His head} ~~Perhaps~~, being swollen and him being put in irons, that is all.

Warden McClaughry. When was it?

a I can't give the date.

Commissioner A. W. Jones. About how long ago?

a It was probably seven or eight months ago; I don't know the exact time. Mr. Mayhew, the Deputy Warden, ordered him put in irons.

It was probably seven or

know the exact time. Mr.
Warden, the Deputy Warden
in, ordered him put in
more.

Q Can you refresh your memory as to the time, from looking at the punishment record?

A I could by looking at that one in the office, but I don't know anything about this book here. (Indicating)

Q State what you know about the punishment record.

A I know that the record in this case was erased over there in our punishment book that we have for reference in the Deputy's office. It was erased by Deputy Mayhew.

Warden McClaughry. When this convict Carroll came to the Solitary with his head swollen up, was he struck or maltreated in any way by any officer of the prison?

101 A Not that I know of sir.

Can you refer your name
any as to the time, from
looking at the furnished
records?

I could be looking at the
one in the office, but I
don't know anything about
this book here, (I believe
it is)

I don't know what you know about
the furnished records.
I know that the records
in this case was moved
over here in our furnished
records book that we have
for reference in the tele-
phone office. It was moved
by Deputy Wagoner.

Ward Mr. Campbell. When this
council Carroll came to the
station with his lead
another up, was he struck
or was he in company
by any officer of the fire
department?
I don't know of it.

Q He was just put in irons.
 A Yes sir, he was just put in irons.

Q His head was swollen from some disease, you understood.

A I understood afterwards it was from an abscess.

Deputy Warden Mayhew. Did you call my attention to it?

A This was after the man died that I understood it was an abscess.

Q Did you call my attention to the fact that it was swollen?

A It was when he was released.

Q And I released him because his head was swollen?

A Yes sir.

Warden McClaughey. Did you notice that his head was swollen when he came in to the hospital?

Q Did you call the attention of any officers to that?

A I can't say whether I spoke to the Deputy about it or not.

Commissioner A. M. Jones. Would you identify the punishment record over in the Deputy warden's office, if seen?

A I would sir, yes sir.

Q Is this the record?

A That is the record.

Q You have stated that there has been an erasure made in that book. Please state to the Board of Commissioners when and where, and call their attention to it.

A This (indicating) is the one. It was scratched over in that shape. The number of Carroll's punishment was 289 - " put in punishment November 17th."

convinced that his loss

was small.

Will you call the attention
of our officers to that?

I can say nothing about
the Deputy, about it as

was.

Commissioner W. J. Fox. Would you

identify the furnished
records over in the Deputy

Commissioner's office, if seen?

I would say yes.

Is this the record?

That is the record.

You have stated that there
has been an increase made

in that book. Please state

to the Board of Commissioners

and when and where, and

call their attention to it.

A Chief (Solicitor) is the

one. It was recorded over

in that shape, the sum-

ber of Carroll's furnished

was 22 - " but in furnished

was November 17th.

Q State what you know about that erasure, if anything?

A What I know about it is this: The Deputy ordered the convict that had charge of the books to make that erasure.

Q For what purpose, if any, did I looked at it in this way — I don't know — I can't testify for what purpose, but I thought it was on account of the man's dying as he did.

Q That is only your impression.

A That is all.

Q Was the erasure made after he died?

A I can't say; I told the deputy in the office, I thought it was, but I can't say whether it was when he died or when he was taken to the hospital; he

this: the report ordered
the government that has charge
of the book - books that
measure.

I looked at it in this
way - I don't know - I
could testify for what I
saw, but I thought it was

doing as he did.

formation.

of the the measure made of
the bills?
I can't say. I told the de-
puty in the office, I thought
it was, but I can't say
whether it was or not
he did or when he was
taken to the hospital; he

was taken to the hospital
right away.

Q How long was the man
in solitary?

A I can't say as to that. I
think he was put in one
day and a card made out
the next. In making out
punishment cards we gen-
erally make them out the
day after the man is re-
ceived in solitary. If he
is received in the evening
we make them out the
next morning, ~~but~~ ^{or} if a man
is received any time after
dinner, we make them out
the next morning.

Q What day was he received.

A I can't tell; all I have to
go by is this book.

Q Can you tell from that?

A I can tell the day he was
put in punishment.

Q Well, when was that?

105c This (Indicating book) shows

after having been the man

in solitary?

I about say as to that

think he was put in one

day and a card made out

the next, he working out

furnishment cards as per-

sonally wrote them out the

day after the man is re-

ceived in solitary. If he

is received in the evening

we make them out the

next morning, but if a man

is received any time after

business, we make them out

the next morning.

I can't tell, all I have to

I can tell the day he was

put in punishment.
