Examination By Commissioner A. M. Jones.

Q State your name?

A I am.

Q In what capacity?

A Foreman. I am not in the employ of the prison, but of the contractor.

Q What contractor?

A A. V. Hitchins.

Q How long have you been employed by him?

A A little over one year.

Q Have you ever been an employee of this prison?

A Yes sir.

1 I became an employee of the prison December 23, 1873, and I was acting in the capacity of guard and and keeper for about three years, up until March 7, 1876.

2 I want to ask you if, during your connection with the prison as an employee or since that time during your connection with it, as a foreman you have ever known of a prisoner being flogged or strapped or whipped by any officer of the prison?

Yes sir. While I was night watchman in the hospital there was a certain crazy convict there named John Crozier, and he was very noisy, and at times he would jump up out of bed, and run around through the hospital and pull other invalids out of bed, and yell, and I had my instructions

from Doctor Baird to strap him with a clipper. That is all the strapping that I know of. At such times it rendered him perfectly docile, and nothing else would render him docile.

2 Your instructions were from Dr. Baird?

Yes sir.

2 What position did Doctor Baird hold?

A He was then Assistant Physician.

2 Who was then Physician of the prison?

A Doctor Heise.

2 Do you know whether Doctor Heise had ordered that treatment or ~~known~~ ^{knew} of it?

A Nothing more than what Doctor Baird told me. He said it was Doctor Heise's orders. I am not positive when this occurred but I am quite positive it was in the winter of

1875-1876.

2 Can you name the month?

I think it was in January although I will not be certain.

2 How about applying this slapping or slipper?

I would have two convicts - they were in fact ordered by Doctor Baird, and I was to see that it was done - two convicts, nurses, to take him down, and take down his pants and take a slipper - one of these hospital slippers - and spank him with it.

2 On the seat?

On the seat, on his rump.

Commissioner A. M. Jones: - On his naked rump?

Yes sir.

Warden McClaughry: - How many times did you apply this treatment?

I am not certain, I don't think over three times until he was taken out, and taken to the

Q Are the soles of the slipper that you used, made of cloth or leather?

A Made of leather.

Q Did you ever report the fact of this treatment and your orders connected with it, to any officer connected with the prison?

A Yes sir, I told Captain Hall of his conduct every morning.

Q And what you had done?

A Yes sir.

Q Did you report to any one else?

A No sir.

Q Do the warden or the Commissioners?

A No sir.

Commissioner A. M. Jones:— Who were the commissioners at that time?

A Colonel Southworth, Doctor Cassius and General Bane.

 Q The result as to the marks was, there was comparatively nothing any more than it made it slightly red after he was spanked; that was about all the result, and it made him for the time quite tractable.

2 Have you ever heard any guards, officer or employee of this institution under Warden McClurg's management talk about strapping or whipping or lashing or flogging prisoners, and if so, who?

A I never have.

2 Did you ever tell any other person, and if so, whom, about this whipping and when?

A I don't think I have, more than Doctor Baird, and I told him at the time it was done.

Q I might have made a remark to some of the boys in reference to it.

A Well what boy, and when. Name one man in this prison. Have you ever talked about this matter in the last ten days inside of this inclosure?

Q I think I spoke to Captain Sawyer one morning. I met him, but it was not inside of the prison. I met him on his way to the prison, and we were speaking about it, and this was called to my mind, and I spoke of it to him.

A Have you spoken about it to any other person?

Q Not to my recollection.

A Are you sure that you have not?

Q I am not sure that I have not, but I do not think I have. At least I can not
