My dear May,

I am glad to learn your father has so good a successor as his son.

Your inquiry as to fees has been delayed by pressing examinations & meetings -

Beside the fees named in rule 30 G. O. of S. Ct. Fessenden & I think 18 a fair charge for making ordinary proof of debt & add 25ct to certificate for filing when it is to go away from our own office - As for example in making proof v. Talbot's estate certify the fee \$1.25 of which 18 is gone & 25ct comes to me with proof -

No other fees occur here at present -

Very truly

as per M. S. A.

I think assignees should in all cases make thorough examination before Register of Bkpt & witnesses

My dear Sir,

I have your letter of the 14th inst. in regard to the
Mansfield case & for the purpose of
of preparing a statement in connection
thereof I have examined the records of the
Court & find that the same were
to certify to the fact that the same
are now on file - In the records in connection
with the case of the 1st of which is
a given & it comes down with proof -
The other for execution of same.

Very truly, Yours, U.S. Marshal

Br May:

Your Postal reaches me the day after I got home from Washington and shows me the necessity of going into details about the Bkpt. Law.

You have taken the correct steps and I hope you will get up a goodly number of signatures & send on before I am 5th.

The best merchants & Atty here are active in their support of a revision &c. but it is highly necessary that our Senators have a good backing from home.

Yours truly

Mr. Mag.

After I got home from Washington and a course in the necessity of going with letters about the Pop. Stat.

We have taken the coast ship and I hope you will put up a goodly number of applications & send us before long. The last manuscript & City have been sent in their aspect of a revision. But it is still necessary that we should have a good looking form.

Very truly
