Rev'd E Nason

Dear Sir

I duly received your esteemed favor & regret my efforts in aid of your Lincoln Genealogical researches have not been attended with greater success

I observe by the enclosed papers, that the family bible said to be in Chester Co was really in Berks & that Mr Muhlenberg had obtained the information it contains, although I believe the copy now furnished agrees it more in detail

I see now invited to a "Friend" who can have access to the Records of the meeting" in Winchester Va & hope someday may to) You papers can be obtained there. If the Pendletons Grandfather owned the farm he occupied in Berks Co & sold it after 1752 when that County was formed we may get the date on the Recorders office in Reading - of it Conveyance & perhaps of his removal to Va.

I will communicate with you whenever I have any matter of importance to send

& am Very truly

Yrs

Rev'd & dear Sir.

I have not kept copies of the dates of births & deaths of the Lincoln family of Berks Co. sent you, & beg you will furnish them to me. They are needed for the identification of the parents. I have now the wills of Mordecai L. made Feb. 22 1735 & admitted to Probate June 7 1736. his wife Mary. Joyce executrix — children appear to be under age — they are Mordecai, Thomas, John, & probably Abraham who was the one named in the first & Bond — & for this I need the date of his birth. Sent you his daughters, Hannah, Mary, Ann & Sarah. The Trustees were George Boone & Jonathan Robeson — all of these were in Amity Township Phila.a Co — in 1752 became Berks Co

Mordecai spells his name Lincon

Next I have wills of Abraham Lincon blacksmith of Swinbreed twp. Chester Co 1786 & also Delaware about 10 miles west of this City made April 15th 1743 &

& see Edmund his Family Bible

admitted to probate April 29. 1745 or
for some subsequent — does not mention his
wife — & must have been widowed —
Bequeaths as to
Son John — his plantation — but if he dies before
the age of 21 then to his
Son Abraham — to whom he bequeaths £35. & one half
to of residuary estate
Son Jacob — the other moiety — on condition
to
Son Mordecai — a house in Philad[a] if he returns
into this province within seven years after
my decease — If not then to
Son Isaac & to
daughters Rebecca & Sarah — one of the witnesses
is John Morton believed to be father of the
Signer &c — You will recollect that in
Mr Solomon Lenderts paper — the late Presb.
States" my Grandfather Abraham had as
I think I have heard four brothers, Isaac Jacob
Thomas & John — by substituting Mordecai
for Thomas, the above would agree —
It would seem that the contingency under which
Abraham would succeed to John's share did
not occur — In a conveyance on the
Recorders office, is found of Abraham
& Cordelia Esther his wife 1744 he is
probably the above A —
Learn if he that the elder Mordecai
& Abraham are Grandsons of Samuel
of Bingham mentioned in the "memo"
of

Abraham's name does not appear on the list
of Taxables in the present Co of Delaware in 1722
but occurs in 1735 — His tax was then 8[s]
being the fourth as to amount on the list.
the highest being 12[s] & the whole number
of taxables 25. — I have this from Judge
Smith who has written a history of Del[a] Co
I am about to have researches in the
records of West Chester — & also among those
of the Friends meetings in Derby & Springfield
where if Abraham were a member of that
society complete Registers exist —
I found the Bible of which I formerly
wrote you, in possession of Wm Taggart of
Norristown — who very kindly handed it to me
on free leaf — He was an Apprentice to Barbett edition
is "Mordecai Lenderts his Book & hand" 1726
His will is that of 1735. — & further entries
are of the family principally of his wife
Mary's second marriage — Enclosed is
a copy — I also enclose a copy
of memoranda obtained from Ann Scarlett
She is Grand-daughter of Ann daughter of
Mordecai on first page of this —

Numerous descendants exist of the
Springfield Abrahams, & I think we may obtain a tolerably accurate
account of the Ancestry & descent of our
late Excellent President, prior to the
removal to Virginia

I have no reply as yet to my letter to Winchester Va — Instead of sending you "bits" of information piece meal as I commenced do three merely Sketch what is in progress of collection & summ the Wills & other papers when we have examined all possible sources

Every one seems tenderly desirous of aiding me, & the memory of our illustrious subject is more reverently cherished in view of recent events in Washington City —

Dr George Smith of now an aprocate Judge of Delaware Co. would be an acquisition to the Society —

I am very truly & thankfully Yours

John Jordan

Dear Sir

Can you furnish me with a half dozen copies of Hon Sol. Lincoln's pamphlet for distribution among our people from whom I am in receipt of intelligence & the family in this State. —

I have also by Step obtained many interesting facts about as you wish to connect the Lincolns of this State with those of New England —

Thus far I have traced a Mordecai Lincoln resident in Amity township where hee I have dated 1735 & one of Abraham 1745 Inwardent in Springfield township Chester now Delaware Co. both of which hee be sent to you ere long —

The descendants are numerous in the latter County & much interest is manifested in various places on the subject —

If Edward Armstrong is me a member of the Society I med like to have him nominated from Rhead Lee is much the best genealogist we have here, & I will ask him to take charge of the Arrangement of the Materials I am collecting, & which from want of time I cannot well attend to —

It may be well for me to write to Mr Sol. the author as his address "Hingham" — I dont to know if he can conjecture when one of the family came here —

Please hand the enclosed to Mr Jones Yours truly

I have made applica
tion to some of the younger branches
of the Lincoln family, found a Bible
with the Records which I enclose
which nevertheless appear to me to be of
little account; As to any further
information, I had given what I
could ascertain to H. H. Muhlenberg of
the City of Reading some time since.

Respectfully

Dear Sir. Your letter of the 11th of Novr last came duly to hand, & I now acknowledge its receipt, lest you might think it miscarried, or perhaps that I was not disposed to give it any attention.

As you are aware the Lincolns have been residing in this County since the times of the Colony, & lived in Exeter township. Since the receipt of your letter I have had an interview with James Lee, now an aged man, of Quaker origin, who lived when a young man, eight years in the Lincoln family, who gives me the following particulars:

The Lincoln family were not quakers, but Abraham Lincoln, married Esther Boone, who was a quaker. Thos Lincoln (now deceased) told Mr Lee that his father, the Abr. L. just mentioned & the Presidents grandfather were first cousins. Thos Lincoln said the Presidents family lived in Union township, near Birdsboro, on the opposite side of the River Schuylkill from Exeter: but he

does not know the farm. Ben Abraham Lincoln died in Exeter tsp & left 4 sons. Mordecai James, John & Thomas, who are now all dead James lived near Morgantown in this County, the other 3 in Exeter. Mr Lee is the adminis=-trator of John Lincoln, who died the last. Ben Abraham Lincolns sons all lived in died in Berks: but the Presidents family moved to a Quaker Settlement, near Winchester Va.

In enquiring as to the date of Mr L. & Ann Boones marriage, & if it could be obtained from the Records of Exeter meeting House. I learned from Mr Lee, that on the occasion of the difficulties in the Friends Association, the record had been moved to the Maidencreek meeting.

Subsequently I saw Thomas Lightfoot residing near the Maidencreek meeting house, who promised to obtain therefrom the record of the marriage of Abraham Lincoln & Ann Boone & any thing else relative to the Lincoln family he might find.

I have been waiting to hear from him before writing you, but hearing nothing yet, thought it best to acknowledge your letter & send what information, I had acquired.

Yours truly
