The above checks were all made payable to
Pro Cachoun Treasurer, that is all that were ever
issued. His name was left blank - The checks
were signed by the proper officers & endorsed
by him, and his name was then inserted in
the body of the check the last thing before it
was issued. To day I discovered that 101
of the above checks funded by Mathison
were blanks that had never been issued or
~~circulated~~ at all, but were a package
that had been left over - not even trimmed -
the ragged ends still upon them, and as white
and clean as the day they came from the
press.
