My Dear Chadwick

Instead of addressing your Firm in reply to the letter received from it, I think it better to write to you ~~in~~ personally, because I can speak with more freedom, and I must begin by saying - that it seems to me - you are quite mistaken, and consequently have been the cause of the misconception under which that letter was written.

It was so entirely unintelligible to me, that I ~~showed~~ ^{brought} it to Mr Laques, and the result leaves no doubt on my mind, that you have identified and confounded ~~some~~ observations ^{made by me respecting the Rothschilds} ~~of mine~~ with what was said by Mr Laques, and thence has arisen the present state of confusion.

What I told you was - that on mentioning the matter to the Baron in London, he wrote ~~on the~~ instantly - in my presence - to Baron Charles at Frankfurt - to give me every assistance both by advice and introductions, - that he (Charles) would put me into safe hands in Germany, - that they transacted their business through him, - that my Bank would not interfere with them in the least, - and even if it did, - he was glad to have an opportunity of proving his friendship and shewing gratitude for the service my speeches and votes in Parliament had rendered to his Coreligionists.

He added that Baron Charles would expect and have a hearty welcome for me in Frankfurt, - where he invited me to go direct, before visiting Berlin, - and this - as you know, - I intended to do, when you induced me to accompany you to Amsterdam ~~in~~ where the whole programme became suddenly changed by the unexpected proposal of Messrs Lippmann & Rosenthal.

The above mentioned circumstances, being most honorable and creditable to the Baron, as well as gratifying to me

me personally — I referred to ^{them} during our interview, and it was in this way that the name of Rothschild was introduced not by Mr Jaques or the other gentlemen, but by me and while you were engaged in writing.

Mr. Jaques never for a moment contemplated the possibility of the construction you appear to have annexed to his observations — nor did I. — It is quite a mistake on your part — Mr. J. is perfectly fair and candid!

I believe the fact to be, — that while you were engaged in writing and occasionally discussing, — you did not correctly impress on your mind that which I collected from my interview with Mr Jaques this day viz — that what they expected from you was — that the gentlemen to be selected to act with them — (as Directors in England) should be of known position — wealth — and respectability. I think Mr Jaques said to me also, (but of this I am unwilling to speak positively before I see him again) and it is of little consequence — but I think he added — that he and his friends did not want any subscriptions whatever from your side — in fine, that the attributes above mentioned ^{constituted} what they required and in this I unite myself with them altogether.

Under these circumstances, — I cannot understand the expression in the letter — “that there will be considerable difficulty in carrying out the proposed arrangement”

It would be most unjust and contrary to common sense to take umbrage because Mr Jaques happened to be unacquainted with either of your Firms or the important position they respectively occupy. — Both Mr Jaques and you belong to the financial world, — but your lines are distinct, — and you should remember the Prussians are a steady methodical people; — Each man has his peculiar appropriate groove in which he moves, and to get him out of it, or induce him to overstep the habitual circle, — would require both time and powerful incentives.

If your Firm is dissatisfied, and unwilling to complete the engagement entered into, I must beg you will distinctly state the matter to me at once.

After having devoted so much of

of my money and such a length of time — now six years, to the removal of obstacles, you cannot be surprised that any attempt to create vexatious delay — shall meet my decided opposition.

On leaving Mr Jaques Bank an hour ago, I despatched a Telegram to your London Firm stating that the German copy of the approved statutes had not yet reached me. — Where the blame should fall, I am at a loss to guess.

I am extremely glad to hear Mrs C is better. — Give my love to Lucie.

Ever faithfully yours
The Editor

Dear Sir, We received your telegram this afternoon informing us that the Statutes had not yet come to hand. By our reply you will perceive that there is no "shameful negligence" on our part, as we were

not aware of your address & consequently sent the Statutes to the Hotel de Russie & a separate intimation to the Care of the British Ambassador.

We hope you have ere this found all right, and we shall be glad to receive frequent & copious reports of your progress.

Dear Sir,

We are glad to be able to inform you that we have made some satisfactory progress today and the business we hope will be completed this week. We will telegraph you immediately on its accomplishment. The names mentioned as Directors will be quite satisfactory to all concerned.

In conferring with our friends this week we have been required to put an interpretation on Art 6. (Sec. 44) of the Statutes relating to the Concessionaires. You will recollect how frequently we have discussed this matter with you.

It is to consider the persons now concerned in the formation of the Company as the Founders contemplated by the Statute and that they should participate in the future advantages in the following proportions:—

O'Gorman (+ W. Jameson)	3
Chadwicks + Co.	2

Fondateurs mean one and the same

We should be happy if we could announce to you today the completion of our arrangements here, but pending the decision of two gentlemen we cannot have this pleasure till another day.

We enclosed the amendment of Art. 25 referred to in our telegram. If effected in the way indicated it will undoubtedly be an advantageous change.

My dear Colonel -

I have not been able to reply before
now to your two letters of the 14th inst - I have
been worked to death nearly -

I am glad to see you are getting on
so much to your satisfaction -

With regard to having me named
as amongst the 'Fondateurs' I have no
objection so long as there will be no
responsibility, for that reason I should
rejoice to learn that you had "closed up" -

Mr Calderon never wishes his name to
appear in any public institution for that
reason I have not mentioned anything

Now when are you coming?
Last Sunday I took the O'Connors &

all dined at your house & passed
a very pleasant day - They all
enjoyed themselves I think -

My dear Sir

A P Bank.

The Directors of the Anglo
Prussian Bank in England will I believe be the
following gentlemen

A. J. Mundella Esq. M.P.

Director of the Commercial Induse Compy
Coleridge. J. Kemard. Esq.

Director of the Consolidated Bank &
Thames & Mersey Marine Ins Co -
Thomas Dickins Esq. J.P.

Director of the Edinboro Life & Globe Marine
Ins Co's.

The Right Honble Thos. Chas. Bruce.

Director of the Imperial Ottoman Bank &
National Bank of Scotland

You will notice Mr. Chas Oppenheims
name has been excluded. This will no doubt
be satisfactory to your Berlin friends.

We have not filled up the fifth
name as I have felt some difficulty in
consenting to allow myself to be nominated
as a Director, in accordance with the suggestion
of yourself and Mr. Jques. I have never
accepted any Directorship in any of the
many Companies with which I have
been connected, but if there is a necessity for
five Directors in order to bring the matter out
immediately I would consent to allow my

name to be put ^{down} with the object of giving way to the best man that can be obtained, as soon as convenient.

You will no doubt recollect that Mr. Mundella was the gentleman who seconded the address to the Queen on the opening of the present Parliament, and who is spoken of as the most likely person to succeed the Right Honble. Geo. Bright as President of the Board of Trade. In addition to that he has the further advantage of being connected with a large manufactory in Saxony; therefore his Prussian interests will be important.

I hope to confirm this list by telegraph tomorrow or next day and to receive your list of Prussian Directors. In giving me the names I trust you will give me full particulars of their connections & occupations, and name a Banking house here who will be able to speak as to their position. If Mr. Jaques writes in reply fully on this subject, it may save much trouble. I see no reason why the whole business cannot be settled before Whitsuntide.

Further progress will now rest with Mr. Jaques, Messrs. Lippmann & Rosenthal & yourself.

With kind regards. I am

Colonel.

My dear O'Farman

It's all very fine telling
a man to write a letter next time
I met a d-d scurvy like the last '94.
where is the time to come from?
I would have sent a letter by (Cuthbert
Leeds (who by the by is a first rate
fellow.) but I was so fearfully busy
that I was quite bothered by the
time of. come round, so much so
that I often got up in the morning
tired & seedy - Politics first &
business afterwards. Pray thank the
Ladies for their very kind messages wh.
you may assure them went to my heart

altho' by no means a flattering likeness
in fact photography only flatters eyes

male divil, and distinct woman's
delicate features. hair is grossly
magnifying the extremities, (may
be that's the reason that our sex
see ~~flattered~~ only) Now to business
You ask me what I lost by the bill
transaction? not much. The Gov
tills came to 350 Rs. for the two
bills I got about 270. but there were
about 80 Rs. interest due on them
so you see the actual difference
against me was barely 30 Rs. not
much as you will allow. so one
might as well let the subject drop
for surely the pleasure of being of
service to a lady is worth much
more than that. If you had not
put the question so seriously & in such

strong terms - I should just have
said "hotho." I let the matter slip
by - but I would not risk offending
the young lady's feelings or yours
either my dear friend - I do think
as gentlemen we might tell a
little white lie, a very white one I
say I lost nothing, that will make
her mind easy. tell her the Gov
four years interest fully made up
the difference - Adieu the bills he
did to them!! I could not call on
Capt. Dering & my great regret I was
much too busy. of course he did not
know what he brought. I sent the two
cases to Forster - Ostacheff is off again for
three months, when he returns we
are to go fishing together. he will go

perhaps you may meet. Who says

off that way at the risk of being
late for my train. It's a fine
cloudy day with a sprinkling
of sunshine now & then. I do
think the hour ought to rise this
day. I wish you were coming with
me - wouldn't you enjoy your
pipe there? I trust we shall
go there some day, if not this

together? What do you say?

I have acquaintances & facilities
for bless you my dear Garrison
kindest regards to all your
Ladies love your sincere friend
Wm Lloyd Garrison

9th May 31, 1870

You have an idea how long you
remain in the Capital of the now
great Nation of the North German
Confederation and striking gutters?
I have one great favor to ask of
you - you were kind enough to offer
to put me down amongst your
Directors - If you do persist, let
it be only of St Petersburg & no other
place, if I saw my name with
any other attached to it I should
feel like a scandal vis a vis de
moi même - you may perhaps
feel the feeling but I know in your
heart you are too thoroughly a man
of honor not to say that I am
right - let it be so if you please -
I fully appreciate the friendly feeling
which prompted you to make the kind
offer - I am quite ready to accept it

this condition, altho' I know
you must have many friends
more worthy of it & who may have
much greater claims upon you.

How I missed you this winter!
where are the jolly evenings we
spent together with our ginsel club
& our birds eyes! I don't half
enjoy my pipe as I used to do in
your company. I think we
had many a hearty laugh together
& I prize the pipe we will again
get! talking of pipes. I expect a
man to come with me this day
after tomorrow who has the greatest
& people say the finest collection
of pipes in the world of all times
countries shapes & sizes. I saw

a part of his collection at Leeds
at the Art & Curiosity Exhibition
I found it wonderful - he travels
much on business & so do his friends
(he is a partner I believe in Sir
Somebody Brown's Atlas Iron works
at Sheffield & has means) & they all
keep their wretched eyes open for
pipes! It's a hobby like many an
- other - he has also a collection of
illuminated manuscripts which
he prizes above his pipes & well he
may for I hear it is valued at
nearly 30,000*£*! a wonderful country
that England where you have men in
trade & business, untroubled out of
their immediate circle of acquaintance
who own princely collections which
States might envy for their national
