HEADQUARTERS OF THE ARMY,

April 15, 1898.

Respectfully submitted to the Secretary of War.

I have known Colonel Lawton for twenty-five years, and am familiar with his record as a zealous, enterprising, gallant officer. He is a good disciplinarian, a very excellent administrative officer and a natural leader of men, and I commend him to the appointing power as in every way qualified to organize, drill, discipline and command a brigade of troops in war service.

My dear Genl. Miles.

I am very proud to have been invited to preside at the dinner tendered you by private citizens of New York on Nov. 11th. There is a very great desire here to show how much your services and career are appreciated.

I beg you to let me

know your wishes in regard
to invitations, speakers, &c.
The general idea is to have
it a purely civic affair
with no soldiers but you
self.

MEMORANDUM.

The Major General Commanding remarks that the pack train in Department of the Platte has been held for emergencies, and the one at Presidio is for use in General Grant and Sequoia Parks during the spring, summer and Autumn of each year.

It is expected that the pack train now ordered to report to the Commanding General Department of the Columbia will be needed for a long time in Alaska, and a new train, if necessary, will have to be organized in the Department of the Platte.
