15. April. 1854

My dear Mrs Browning

My Adelaide wants to come home — and I venture to ask if you will kindly permit her to join you, on yr road home — Her Aunt will take her, to whatever place may suit you best — She has now been away a year — and I suppose you will be coming our way before Autumn. "Early Swallow" yr husband says — Should you remain in Paris, we can easily come or send for her.

I feel that we are asking a great favour of you — but I know she could be happy with you — and our kind old friend.

Her address is.

chez Madame la Comtesse Emily de Verg

Torino

Mrs Browning

I give you this as perhaps the shortest mode of communication with her. – –

There are many reasons why this may be inconvenient to you – and I shall be sadly disappointed there I to find that you hope not dealt fairly with us on this point.

My kind regards to yr husband.

Yrs very sincerely

Anne B Porter.
