My dear Sir:

I this morning received yours of the 10th inst.

You ask me, if I decide upon the title for my Phi Beta Kappa address, to let you receive it as soon as possible.

I have about made up my own mind as to the title, and I think it will be not unsafe for you to use it. Its significance, of course, will be far from obvious. It is as follows, carefully put in quotation marks, from Carlyle's Latter-day Pamphlets:--
"Shall Cromwell have a Statue?"

The significance and bearing of the title will remain to be developed at the proper time.

Believe me, etc,

Charles F. Adams

Hon. Charles Francis Adams,

Dear Sir:

Tuesday morning, June seventeenth,
President Harper will give a breakfast to those
students who will receive higher degrees from the
University on that day, these including the Masters,
the Doctors and the Bachelors of Divinity. He
directs me to extend to you a very cordial invita-
tion to be present on that occasion. The break-
fast will be held at the Quadrangle Club at half-
past eight.

Very truly yours,

May 14th, 1902.

Hon. Charles Francis Adams,

My dear Sir:

I have your letter of May twelfth,
announcing the subject of the Phi Beta Kappa address
and beg to thank you for the same.

Very truly yours,

May 5th, 1902.

Honorable Charles Francis Adams,
Boston, Massachusetts.

Dear Mr. Adams:

We are looking forward with great interest to your coming to the University next month and are planning some special announcements, in connection with which we wish to use one of your photographs. Will you kindly send me one for this purpose? If you have decided upon the exact title of your Phi Beta Kappa address, I would appreciate that also, in order that full announcement may be made in our preliminary programme, which will appear in a few days.

Very truly yours,

Shuford

My Dear Sir:

I should be glad to have you tell me if you care to, just what in your judgment was the attitude of Queen Victoria in the affair of the Trent and also the discussion regarding the Laird Rams.

I have noticed a number of things in the papers recently which did not harmonize with my own ideas in these matters. Among others I have noticed a statement attributed to Abraham H. Hewett.

Thanking you for your consideration of this matter, I remain,

Very truly yours,
