

~~aff~~

Dr. Harper
(Ansd)

Morrill, Kan.

2/25/1892.

Mr. T. W. Loodsped,
Dear Sir,

By your advice
I wrote Dr. Harper
concerning the affiliation
of our school as an acad-
emy of the University.

I do not know what the
decision may be. Some
change will, no doubt,
be made at the close of
this year. I would like
to secure a position in
some academy of the
University for next year.

Last year I was pastor
of the Baptist Church here

Dr. H. A. ...
(Circled signature)

and president of the school.
Finding the work too much
I have only the school work
this year. I graduated at
Madison Univ. N. Y. in
1873. Studied two years in
Rochester Theo. Sem. I have
taught the Latin & Greek here
with some other branches.

I should like very much
to be located at Morgan
Park if it might be. Three
of my boys are in prep-
aration for College - the
oldest will be able to
enter in the fall of '93.
& the others two years later.

You may address letters
of inquiry to members of
our executive board
(over)

whose names you
will find in our dialogue,
or to Rev. James Wells,
Hiawatha Kan; Mr. A. C.
Andrews, D.D. Hamilton
N. Y. Please excuse
my liberty.

Yours sincerely,
E. B. Hutchins.

Respy referred to -
Dissatisfied who will
give it worth a
careful and detailed
review as possible.
This Lady is a re-
sponsible and most
admirable person
who will of course
aged from a nation.
at all. Yates.

Bres. Clinton
College
Cordination

Ky. March 18. 1891.

My dear Mr. Yates,

We are still looking
anxiously for the bulletin giving
the conditions of admittance to the
Chicago University. The greatest interest
has been awakened in the minds
of our pupils by the statement in
your favor of Feb. 14. that it is
the purpose of the managers of the
University to give work to students.
We have some very fine young men
and women who are ambitious for
a university education but, like
most people of Jackson's Purchase,
they are poor. The girls have asked
me to say that they desire to be among
the first applicants for an opportunity

to "work this way." For the sake of
these brave, bright girls I hope that
suitable and healthful work will
be provided for young women as
well as for young men.

I am not quite clear on one point.
that is as to whether the work
will be for the purpose of paying
board or will it be for tuition?

If board may be in part paid
in work and if we can secure
some tuition scholarships we
will be in a fair way to avail
ourselves largely of the advantages
of the U. Will you help us in these
things? Also if examinations are
to be held in different parts of the
country we would like to have Clinton
College made an examining centre
for this part of the south.

The Chicago R. is almost at our
doors. We can go through in a

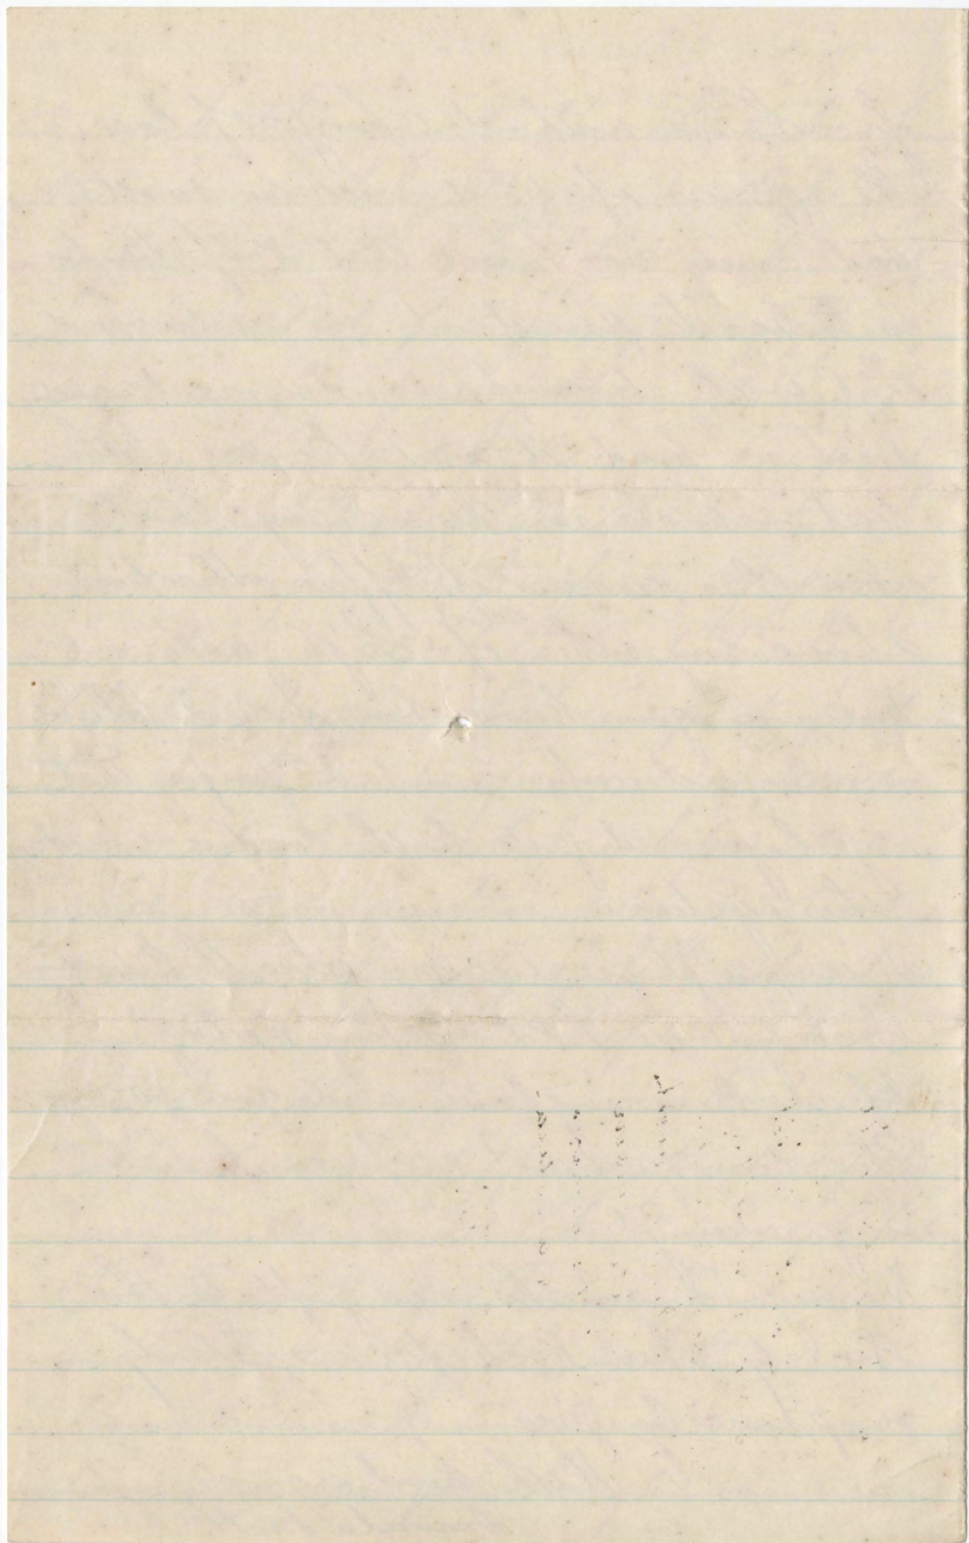

few hours without change of cars.
The expenses of travel will be small.
And since we know that Prof. Harper
is to be its president we are convinced
that with its ample endowment and
such a head it must be one of the
best schools in this or any land.
For these reasons it offers attractions
above any other ^{school} of high grade.

Moreover you know how fully I believe
in co-education and I prefer that
my boys and girls both continue under
this system.

Will you please tell me where the Education
Society will hold its May meeting?
If in Birmingham and you go
there can you not stop in Clinton
on your way?

We rejoice in the new gift to the
Society. Mr. Rockefeller is truly
a princely giver.

With kind regards
Amanda M. Hicks.

lot to labor among
people who are poor.

Now what I want for
these brave Kentucky
boys and girls is not
help outright but an
opportunity to help
themselves. Mr Gates
writes that it will be
the policy of the Univer-
sity to give work to
students. This is the
best possible thing that
can be done and I do
hope most sincerely that
especial care will be
taken to provide suitable
and healthful work for
young women as well
as young men. I have
three very worthy and
capable girls who will

Clinton Ky Mar. 12/89

MAR 19 1891

NEW HAVEN

Prof. W. E. Harris.

New Haven
Conn.

Kind Friend,

I am sure
that no one in all this
broad land waited with
more intense interest
than I to know what
would be your decision
in reference to accepting
the Presidency of the
Chicago University, and
perhaps no one is more
thankful than I am
that you have undertaken
that great work. Over

since the existence of the University became assured I have have been convinced that it ought to be and might be made one of the greatest and best of schools and now I am sure that it will be made all that can be hoped for it.

That this school is to be in the west is especial cause for rejoicing to me.

Hitherto the best things in education have been so far from us here in Kentucky that it was almost impossible to lead our pupils to hope for or seek to attain anything beyond what our little, unendowed school

could bring to them. Chicago is near. It is almost at our doors. We can dine in Clinton today and take breakfast in Chicago tomorrow going through without change of care. This fact added to the University bulletin which I have had sent to numbers of our bright boys and girls is having its effect.

Four or five who will finish our course in the spring of 1892 are already planning for the University in the fall of 1892. "To be among the first"

But here arises a difficulty. It has been my

the south.

Shall you attend
the Northern Anniversary
at Cincinnati this year?

If so can you not
plan to come to Clinton
immediately after to
attend our Commencement
and a District Baptist
Workers Convention to
be held here by Evangelist
Geo. H. Simmons in
connection with our
Commencement exercises.

I should be glad to have
you know our work and
how favorably our school
is situated to become a
feeder to the University

Very truly yours
Amanda M. Hick.

do honor to any school
who have not money for
University course but
who are willing and
eager to help themselves
and thus be independent
and stay as long as they
please. If work is pro-
vided they will be among
the first applicants for
a place.

I am looking anxiously
for the bulletin giving
the conditions for
admission to the Chicago
University and we
expect to shape our
work to fully meet those
conditions. I hope that
Clinton College may
be made an examining
centre for this part of

young men and women
whose ancestors have
for four or five generations
enjoyed all the advantages
of higher education, this
rule might apply with
justice. But Chicago
University is in the
West and is in a large
measure to be for the
education of the sons
and daughters of the
men who have been
clearing away forests
and breaking prairies
while their brethren on
the eastern border were
enjoying the civilization
brought out for them
by four or five generations
of ancestors.

Take for illustration a

Clinton Ky April 6, '91

Dr W. B. Harper
New Haven
Conn.

Dear Sir,

Your letter,
that of March 20th and
that of March 30th have
been read with great
interest and I thank you
heartily for your kind
and encouraging words.

Your expressed wish that
we might in some way
affiliate Clinton College
with the University and
thus make it a real part
of the University opens a

question of vital interest to us. You ask if this is not a possibility. I sincerely hope that it is.

From the schedule of courses offered to students of the Lower Colleges I learn that our school is already doing almost half of the Lower College work, so we should not need to advance our course greatly to do the entire work of the Lower Colleges of the University in the Liberal Arts, Science and Literature. That is what I want to do in Clinton College.

I shall await anxiously the bulletin giving a detailed treatment of

the subject of affiliated Colleges.

I have received the advanced proof of Bulletin No 2 and appreciate highly the honor you confer in asking me to send such criticisms and suggestions as may occur to me.

On two points only I will venture a criticism. On page 21 par. 18 I read, "Scholarships will be granted solely on the ground of merit." I understand the term "merit" here to imply superiority as tested by competitive examinations.

If Chicago University were in the East or if it were intended solely for

the less true of their
sisters. ^{at}

Place, the door of the
University what seems
to them an impassable
barrier and ^{under take to}
them will ~~not~~ enter?

In par. 19 page 21 I
find this statement.

"No assignments will
be made before admission
to the college" If this
implies, as I suppose,
that pupils must be
in actual attendance
^{at} the University before
Scholarships are assigned,
then these scholarships
will be of no avail to
some of our present
pupils. It will be
impossible for them to

son of one of our western
farmers, a boy used only
to the plow and the
pitchfork and put him
in a contest for speed
in a boat race with an
eastern or city bred boy
and the farm boy will
be a laughing stock to all
beholders. He may have
the strength of a young
Hercules but it does not
avail because he lacks
discipline. His movements
are slow and inaccurate.

Put the two in the hands
of a trainer and for a
time the heir to generations
of civilization will
continue to excel. But
give our young farmer
time to develop suppleness

of muscle and accuracy of stroke and now his superior strength will serve to give him the victory.

It will take not only the preparatory schools but half or the whole of the college course to give to the mental muscle of the young country giants the quickness and accuracy that will enable them to compete successfully with those who have generations of trained minds back of their existence.

To put them on a test of merit at the beginning of the race seems to me wholly unfair.

I think it will put

the scholarships of the University largely into the hands of those who need it least, to the exclusion of those who need it most and stand most in need of the encouragement which the school will give.

Most of our country boys are poor; they are awkward and timid; they do not realize fully the value of education.

They must have a strong incentive to attempt the long course of study needed to give them the discipline which will secure to them their true place in the world.

What is true of our country boys is none

attend the University unless they can secure scholarships and they have not the money and certainly not the courage to go and matriculate unless they are certain of being able to remain.

If I have not clearly understood this statement I shall be glad to be corrected. If it implies what I suppose it would seem to me to need revision.

Our pupils are greatly pleased that this will be an examining centre and join me in thanking you for the favor.

Our two girls also thank
you for the personal
interest in their case.

It seems to me that
the work of the University
as outlined in bulletin
No 2 will be admirable.

I congratulate you on
what appears to me a
great improvement
upon existing schools
of like name.

Remain

Yours very truly,
Amanda M. Hicks.

App
Morrill Coll

Morrill, Kan.

123. 1892.

Mr. Wm R. Haynes, Ph.D.

Dear Sir,

I received
your kind answer to my
letter of inquiry concerning
the association of our school
here, Morrill College, with
Chicago University as an academy.
As requested, I mailed you
our Catalogue & have looked
over your plan as given in
Bulletin No. 3. The matter
has been brought to the notice
of members of our Board
of Trustees who are favorable,

ANSWERED
JAN 25 1893
W. R. H.

so far as consulted, to the
scheme. We think that the
school is favorably located to
serve your plan. It is in a rich
region of country & can be made
to draw from the churches of N.E.
Kansas and S.E. Nebraska.
Association with your University
will take it out from the list
of experiments and give standing
from which to make its appeal to the
churches and will also help even
its local patronage. The Church here
is not strong enough to save for the
school alone. Please inform me
what we are to do, if the way is open
for action. Our Board would like that
some arrangement should be made
soon if possible. Yours sincerely,
E. B. Hutchins.

ANSWERED.

NOV 7 1891

W. R. H.

Morrill College,

Morrill, Kan.

11/5. 1891.

Dr. Wm R. Harper,

Dear Sir,

In Sept.

I wrote Dr. F. W. Goodspeed
concerning the plan for
Associated Academies.

He wrote me that our
location would not be a
barrier to such association,
and advised me to write
you after your return to
Chicago. Our school came
under Baptist control a little
more than two years ago.

RECEIVED
NOV 7 1951
W. R. M.

This is the third year's work since the Church here accepted a controlling interest.

This is my second year at the head of the school. We have a Scientific Classical, Normal & Commercial course. The term first covering three years. The school has a good location in a town of about 500 inhabitants on the Grand Island R.R. about 50 miles west of St. Joseph. The surrounding country is fine and prosperous. We have a very good building with six rooms a piano & organ. There is a musical

Department also.

last year and the year before
our music teacher taught the
German also. This year a
lady in town teaches Music.

The school has so far been
fostered by the Church here
and by the community alone.

Ottawa has a preparatory
course of her own and must
foster that. Association
with your University would,
no doubt help us in many
ways, and serve the Univer-
sity in the line which your
plan contemplates.

This school ought to live
(over)

and do a good work.

I write you to prepare the way, - or to ascertain whether association can be effected and how.

I have no authority in this matter from the College Board.

I should be pleased to hear from you and then I will act as may ^{be} thought best.

Yours Sincerely,

A. B. Hutchins.

Affiliation

answ "10 Mrb

Morrill College,
Morrill, Kan.
9/1. 1891.

Rev. F. W. Goodspeed,
Dear Bro.

Will you
favor me with two
copies of each of the
bulletins of the University
already published and
book me as one to be
favored with forthcoming
ones? I shall be obliged.

I have noticed some-
thing of the plan for asso-
ciating academies with
the University. It seems
a good feature.

Is there any limit ^{as} to the distance at which an academy may be located and yet become associated with the University?

We have a school here which is doing academic work, though called a College. We enter upon the third year of its history Sept. 8th or rather of its work under present auspices.

There ought to be a good Academy in N. Eastern Kansas. This is a fine section of country - a rich farming district. The school is located on the St. Joseph & Grand Is. R.R. about fifty miles west of St. Joseph. The school

might perhaps be strengthened by such association.

I have not mentioned the matter to our board.

Thought would make some inquiry & learn of the plan and of the possibilities.

I should be pleased to hear from you.

I will send you two copies of our Catalogue.

Our printer made some mistakes especially in the list of text books.

The brief Catalogue will give you however an idea of the work attempted.

We are hoping for a larger attendance this year.

Yours Sincerely

E. B. Hutchins.

W. R. Harper

Chicago Ill.

My Dear friend Harper

No doubt you have
been informed before this of
the call for a meeting of the
Board of Muskingum College
to be held in this place Dec.
29th. I wish to impress
upon your mind the absolute
necessity of your presence
at that meeting. The subject
of affiliation will be discussed
and we think it of great im-
portance that you be here to
present it in as favorable a
light as possible, so as to give
us that advantage in the start
of course there will be some
opposition and you can do

more to overcome than ~~there~~ any
other person.

This opposition is not altogether
against the College remaining
here, or against affiliation
but some of it is particular
against Mr Paul.

The people here are getting
very much interested in the
matter, and I write this to
show you that Mr Paul
has the backing of the entire
community in the great
work he is undertaking to
do. I would like to have a
little talk with you before
you meet the board.

Please don't fail to come

Your old friend

J. F. Gault

Pewamo Mich March 10 '91.

Dr W^m R. Harper

Box 15 New Haven Conn.

ANSW n. l. D.
MAY 1 1891

Your old students have ^{W. R. H.} have
much interested in your elec-
tion to the presidency of Chicago
University. Personally I join in
this interest and in the general
admiration of your scheme of or-
ganization so far as announced.

As in it you suggest the
extension of the Correspondence School
to the general work of this institu-
tion pardon me if I offer a sug-
gestion in the same line. I offer
it only because many years ac-
quaintance with the Drug Business
convinces me that there is not only
need but opportunity for what I
suggest. A Correspondence School
of Pharmacy and Applied Chemistry

might with great profit be organized.

For this allow me to urge the need of it. There are thousands of young men in the country who are "learning" the drug business. Their instruction amounts to nothing at all. Not one druggist in a thousand, it is safe to say, ever tries to instruct his raw clerk. Nor does he encourage him to study. Neither does he encourage the clerk to whom he is paying "clerk's wages" to improve himself by study. Not many young men under such circumstances undertake to attend a school of pharmacy — mostly on account of the expense involved, and the necessity of dropping wage-earning during the residence at college. Now to many, many such a course of instruction skillfully

arranged would be a real
boon. Especially would this be
true in those states in which
the pharmacy laws compel drug-
clerks to pass examinations in
pharmacy.

As to the field — it is the United
States. To my knowledge there is no
such school in operation. Boards
of Pharmacy, I am convinced would
be glad to not only encourage it
but also to give such help in arrang-
ing study-courses as they can. Drug-
gists ought to be willing to encour-
age their clerks to take the course.

The advantages of such a correspond-
ence school you know better than
anyone else. If there is to be a advan-
tage derived from any such school,
there there ought to be from this.

Yours truly John E. Long.

Prof. W. R. Harper

Pres. Chicago University

Dear Sir or Bro.

The

Board of Directors of Howard Payne College have instructed me to request that the University formulate a Memorandum of affiliation for their consideration. The matter of affiliation is engaging their earnest attention.

I will ask a question or two:
1. Will it be understood that in case of affiliation we will immediately adopt the University Text-books and the mode of instruction by Majors & minors throughout the

2

The entire School?

2. What will be the status of our present faculty in case of affiliation?

3. Will Examination papers be passed upon here or sent to Chicago?

4. What will be the standing of students who "graduate" here without going to The University? Will they receive Diplomas?

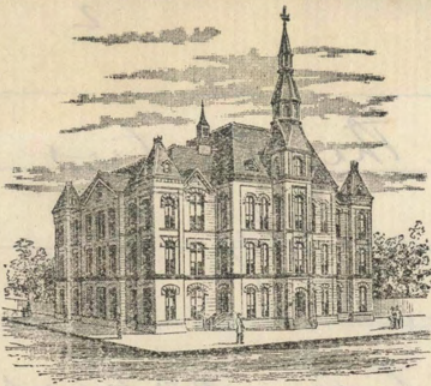

5. Shall we have to enlarge the number of teachers?

6. Shall we retain our present prices of tuition which are lower than those of The University?

Very Respectfully

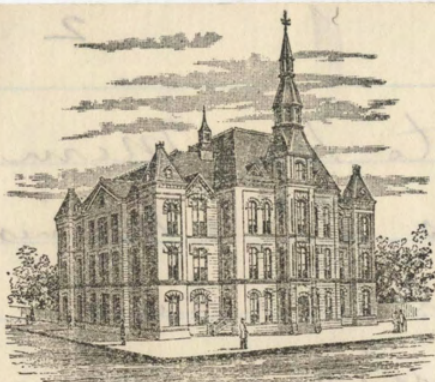

A. J. Emerson
President

H. P. C.

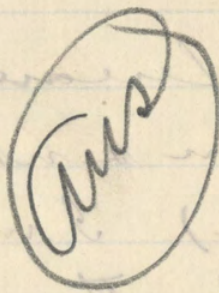

HOWARD PAYNE COLLEGE.

Brownwood, Texas, 189

HOWARD PAYNE COLLEGE.

Brownwood, Texas, Jan 7 1892

Pres. W. R. Harper

Chicago

Dear Sir

Yours of

Dec. 26 received. We have had no general meeting of our Board of Directors. But I have submitted the question of affiliation to the Executive Committee and a few others of the Board.

It is exciting interest and will be fully considered at an early day.

I should like to have copies of the official Bulletins that have been issued,

In reference to The Memorandum sent us (Des Moines College) I would like to make further inquiries concerning The Second (2.) and The Sixth (6.).

1. We have a Literary Course of moderate pretensions leading to the Degrees of A.B. and A.M. In addition we have a Business Course, Music & Painting and a Theological Course. all having separate teachers. Would the University nominate those teachers or only the professors in the Literary College?

2. The population here is Southern, and other things being equal teachers from the Southern States would

HOWARD PAYNE COLLEGE.

Brownwood, Texas, 189

be more popular with the people at present. Would the University take this question of latitude into consideration? I am not intimating that there is such a sentiment as would exclude northern teachers altogether - but merely that a majority of southern teachers would be desirable.

I think this feeling is passing away - but it exists now, and a too sudden change in the faculty in this respect might injure our patronage.

2. In reference to the

6th Stipulation:

Is there not danger that the University Examiner would be regarded by the faculty here as the agent of the University, not only to examine students, but to pass upon the qualifications of the professors and incline them either to antagonize him or to exert themselves to curry favor with him?

Will the University Examiner come in person and if so will the College defray his expenses?

In the seventh article I presume the expression "graduate work" means instruction given to students who have taken A.B.

Is that correct?

Very respectfully yours,

A. J. Emerson

Mr. T. W. Goodspeed,
1212 Chamber of Commerce Building,
Chicago, Ill.

Dear Sir.

Will you please tell me the general character of the affiliation with other colleges proposed by Chicago University. Have many entered into it yet? What specific terms and plans are proposed, financial and otherwise?

I should be pleased to get all your Official Bulletins (one, I believe, was to be on this subject) and any other matter that you can send concerning the University; also the "Calendar" when it is ready, Apr. 1st.

Yours truly,
Daniel Fulcomer.

INDIANA NORMAL UNIVERSITY
COLLEGE
AND NORMAL COURSES
DANIEL FUQUOEN, A. M., PRESIDENT.

My dear Sir

EVANSVILLE, IND. Nov 21 1893

W. H.

Dear Sir,

I have just received your letter of the 19th inst.

relative to

the proposed change in the curriculum of the

Normal course at this institution.

I have given the matter very careful consideration

and am glad to hear that you are so

interested in it. I will do my best to

bring about the proposed change as soon as

possible, but I must be allowed to get all your

Official Bulletin (one) before I can

make any definite statement.

I am, Sir, very respectfully,

Yours truly,

Daniel Fuquoen

President

Second Baptist Church,

COR. LOCUST AND BEAUMONT STREETS,

ST. LOUIS, Mo., Feb 12th 1892

President W^m R. Harper

Chicago Ill

My dear Sir:-

I have just returned from a meeting of the Executive Committee of Shurtliff College, and am one of a sub com. to shape the matter of affiliation toward a report to the full Board.

To gain information in forming my own judgement permit me to ask:-

1. Does your "plan" involve uniformity of grade with the University or do you join in granting Diplomas to students who must study longer to reach your standard in Chicago?
2. If uniformity is required how much time can be granted to make the change, and what of those who graduate meantime?
3. As Shurtliff will be barely able to live at-

My dear Sir:-

I have just returned from a meeting of the Executive Committee of Church of Christ, and am one of a sub com. to study the matter of affiliation toward a report to the full Board. Of your information in forming my own judgment forward me to ask:-

1. How your "Plan" minister membership of grade with the University or do you have in granting diplomas to students who must study longer to meet your standard in Chicago?
2. If membership is required how much time can be granted to create the change, and what of other extra good work contributions?
3. As Church of Christ will be ready to be at

Second Baptist Church,

COR. LOCUST AND BEAUMONT STREETS,

ST. LOUIS, Mo.,

her present grade when the Fifty Thousand now being collected is secured, how can she hope to bear the added expense of another year to bring her to a grade higher than Harvard?

4. In view of the importance of unifying the work in Illinois how much would the Education Society give, *sub rosa*, toward meeting the expense incident upon affiliation?

5. How far will the affiliation of Shurtliff with "The University" affect the future of St. Louis as a Baptist-College town?

These questions seem to stand at the beginning of any careful consideration of the matter proposed, and I ask them that my conclusions may be intelligent.

I trust you may find it consistent to give them definite answers.

I would gladly escape the responsibility involved in my

George Baptist Church.

COR. LODGE AND SEAMONT STREETS.

ST. LOUIS, MO.,

My present grade when the first thousand was
being collected is secured, how can we hope to
have the added expenses of another year to bring
us to a grade higher than the present?
4. On view of the importance of multiplying the
work in Illinois how much more would the three-
four faculty give, not only, toward meeting the
expenses incident upon affiliation?
5. How far will the affiliation of thirty-five units
"the University" affect the future of Illinois as
a Baptist-College town?
These questions seem to stand at the
beginning of every careful consideration of the

ST. LOUIS, Mo.,

position but trust to be able to see and do
the right. Then it seemed best to
make inquiry in private rather than before
the Board, some of whom might not clearly
distinguish between questions and accusations.

I have dictated reply to your last under
another cover.

Hoping to hear from you soon and fully—

I remain

Very truly yours

J. W. Ford.

Second Baptist Church

COR. LOCUST AND BEAUMONT STREETS

ST. LOUIS, MO.

I have pleasure to say to you that we
are anxious to have you and your
family join our church and
participate in its privileges. We
are a church of prayer and
study, and we are sure that
you will find in us a home
where you can grow in grace
and knowledge of the Lord
Jesus Christ.

Very truly yours,
J. W. Ford

Very truly yours,

ST. LOUIS, Mo., Feb. 19th 1892.

President W. R. Harper,

Chicago Ill.

My dear Sir:

I am grateful for your very promptly to these questions. In view of the answers

the good to Shurtteff does not seem to be very large or marked, in return for a practical surrender of her Autonomy.

To me, with present light, St. Louis seems to be the key to the situation, not less because the Executive Com. of Shurtteff is now located here, and because the means of rapid transit are about to be largely increased.

I could come to Chicago but the time is short as the Sub. Com. meets Monday A.M. Should you wish to write a letter would reach me before that hour.

Very hastily and sincerely yours

J. W. Ford.

Second Baptist Church,

OUR LODGE AND BEAUMONT STREETS,

ST. LOUIS, MO., Feb. 19, 1892.

I think the relation if extended into must be final
as to terminate^d would be disastrous. This is a
case in which it would not be better than never
to have loved at all

W. H.

W. R. Harper
Big Stone Gap, Va.,

April 12, 1892.

Dear Prof. Harper,

Thank you for yours of
April 2^d which came
during my absence.

Since writing you
last, I am glad to be able
to tell you that I have
arranged the balance of my
subscription, \$425, and so
rounded out my \$1,000. This
I did by the aid of a
friend, as alone I could have
done nothing. But we still

Pres. W. R. Harper,
University of Chicago.

the establishment of the proper feeling between the University and its feeder, and the practical demonstration of its feeling of interest in us at a time when we do need it very much.

I trust, then, that we may be successful in this present necessity, and we be so enabled to lay our plans for next year on an enlarged basis. I sent you recently an editorial clipping from the Louisville Courier-Journal, a lively article on preparing schools.

Very truly yours,
James W. Fox.

have a crying need for funds. \$2,000 would see us through this year, and clear up all scores on the building and otherwise. This is the position in which we are earnestly desirous to put ourselves; and my object in writing so fully last time was that you might know things as they are. I meant, too, to indicate this need, and to ask if the University, or Mr. Rochafeller or some friend could not help us in this emergency, as I hope may be both proper and feasible. Any aid could be applied as directed, more especially toward the payment of teachers, so that you might know you were getting a full quid pro quo. But what would be not desirable would be

HOWARD PAYNE COLLEGE.

Brownwood, Texas, *Mar 15* 1892

aff

Dr W R Harper
Chicago

Dear Brother

In reference
to the matter of affiliation - It is
not yet clear to my mind - what
will be the status of our preparatory
department. It is said in
The memorandum "College agrees
to use only the examination papers
of The University in all studies
pursued in H. P. College"

Does that apply to The preparatory
department? to the music dept?
The Business course? or only
to The literary College.

In other words will our

Handwritten signature or initials, possibly "M. H. H."

HOWARD PAYNE COLLEGE. Brownwood, Texas, 1889

Preparatory School be in all²
respects an affiliated Academy²
Or can we run our Academy
on the present system without
adopting the mode of instruction
by Majors & Minors?²

The members of The Board
of Directors in considering the
subject have raised the following
questions:

1. Will more than one Col-
lege from a given state be affil-
iated?

2. Considering the fact that
in the South the education
of the white and black races
is conducted in separate
schools, colleges and universities
it becomes a matter of some
importance to know the attitude
of the University of Chicago
in reference to same, as one
of the stipulations is that we

HOWARD PAYNE COLLEGE.

Brownwood, Texas,.....189

3

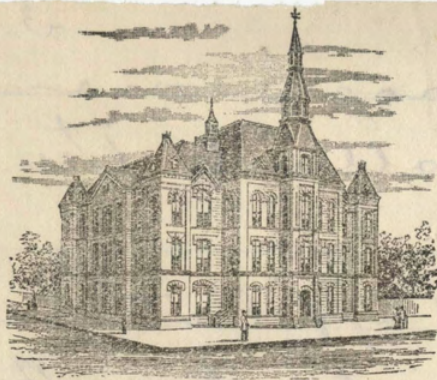

promise to encourage our
young people to attend The
University -

The question of affiliation
is exciting great interest in the
minds of our Board of Directors
and is receiving anxious and
prayerful consideration.

Personally I am extremely anx-
ious to see it effected. But
I am advising the utmost deliber-
ation - One Committee has been
appointed to present in a report
all the advantages and another Com-
mittee to enumerate all the disadvantages
if any, of affiliation - Next meeting
of Board to be held March 26: when
I hope we shall be ready to vote.

Yours fraternally
A. J. Emerson
Pres.

H. P. C.

HOWARD PAYNE COLLEGE.
