My dear Mr. Walling:

Your comment on the resolution regarding an Advisory Committee is certainly pertinent. The word "men's" should certainly be inserted and you are quite right in urging that the Chicago Alumni Club should not control the selection of the Committee. As a matter of fact, President Harper informs me that the statutes of the Board of Trustees require that Advisory Committees should be nominated by the President and appointed by the Board of Trustees. If the plan for the proposed Committee is carried out, however, it goes without saying that the President will select representatives mainly from the Chicago Alumni and that he will be open to suggestions from both the Alumni Club and the Alumni Association.

Your suggestion of getting together has reference, I suppose, to the men who met at the dinner in January. I will raise the question with Bestor and suggest that he take the matter up with you. I am sure that the

Secretary to the President.

My Dear Mr. Chandler:

I beg to acknowledge receipt of yours of the 18th inst., enclosing Resolution of the Board of Trustees in the matter of the Alumni representation on the Board of Physical Culture. Also the recommendations of the Alumni who met under the call of the President last January.

As to the Resolution, I believe it should be slightly changed. As far as the Alumni Club is concerned, this desire for representation extends only to an advisory relation in the matter of Men's physical culture.

I should also like to see a slight explanation of the reason why the Chicago Alumni Club desires to control the selection of the proposed Advisory Committee, rather than the Alumni Association.

The attention of the Board of Trustees should be called to the fact that the Chicago Alumni Club contains practically all the local Alumni, and that it would be more practical and convenient to have this committee chosen by this club which meets many times a year, than by an organization which is widely scattered and which meets only once a year.

By the way, when can we get together again to consider ways and means of pushing some of the other means suggested, for increasing the effectiveness of the Alumni?

My dear Professor Hall:-

I am wondering whether the time has come for the organization of the law alumni. I do not think that either the Ph.D. or J.D. people will fraternize very closely with the bachelors, and I am wondering whether the early ~~organization~~ of such an organization among the law students would not be a good idea. Could we take a step in that direction at the coming Convocation?

Yours very truly,

W. R. Harper

N.B. I understand that you have been kept informed of the negotiations with Mr. Day and Mr. Fuller, and that since we could not get either of these men the plan of dedicating the law building has been given up.

Alumni

My dear President Harper:

Mr. Willoughby Walling sought me out last night, full of enthusiasm for a number of Alumni projects. In particular, he wished to press the plan for an Advisory Committee on Physical Culture. I append a copy of a resolution which he stated would meet the desires of the Alumni. You will remember that it contravened the practice of the Board of Trustees that Advisory committees shall be appointed by the Board. When I called this to Mr. Walling's attention he asked if the Board might not authorize another mode of procedure in this case.

The Chicago Alumni Club, he contended, was an enthusiastic organization, anxious to do something for the University, but it needed a function, and the election of this Committee might fill the need. He admitted that even if the appointment was in the Board of Trustees, they very likely would follow the recommendation of the Club but that would not quite answer the purpose. What the Club wanted was the consciousness of making the election itself. Mr.

Walling consented readily to the provision which I laid before him for a power of ratification and implicitly of veto by the President and the Board of Trustees. He was willing, in other words, that there should be a right of appeal from the choice of the Club but he wished it to be invested with a definite power of election.

I do not know how strongly the argument of precedent ought to weigh in a question like this but I am convinced that the right of review in the President and Board of Trustees excludes any likelihood of abuse. I feel, furthermore, that Mr. Walling and the men whom he represents, are so loyal and devoted, stand so strongly for just the kind of interest that we want, that it would be well to go as far as possible to meet them. If the plan which I have submitted is not feasible, I wonder if it will not be possible for you to make an appointment with Mr. Walling and talk the matter over with him some time. There is very strong support which can be had for the taking.

THE UNIVERSITY OF CHICAGO ALUMNI ASSOCIATION

ALUMNI DAY

SATURDAY, JUNE 10TH

The plans for Alumni Day have been put into the hands of a general Committee of the Class of 1900, consisting of Charles S. Eaton, Chairman, Clark S. Reed, Mrs. Mortimer B. Parker, Howard Woodhead, Mrs. Chas. S. Eaton, Harry N. Gottlieb, Elizabeth Buchanan, Chas. F. Roby, Edith M. Kohlsaat, Sarah Addams, Lee F. Frank. The following is a tentative program:

- 12:30 Luncheons. (By the various clubs and classes.)
2:00 Annual Business Meeting Leon Mandel Assembly Hall
Reception of the Class of 1905 into the Association.
3:00 Class Reunions.
6:00 Alumni Sing Haskell Steps
6:45 Annual Reception and Banquet Hutchinson Commons
Presentation of the Anderson Portrait to the University.

ANNUAL DUES

The Annual Dues are one dollar. We have uniformly encouraged larger contributions. In view of the increasing demands of our work, and the plans which we have outlined for our larger growth, the Executive Committee feels free to urge you to identify yourself with the Association by at least becoming an active member. This is the duty of every graduate. If your prosperity warrants it, send a check for \$2.00 or \$5.00, which not only pays the annual dues, but also a year's subscription to the *Monthly Maroon*, the official organ of the Alumni Association. By such a contribution you will help to give the Association the influential place which it deserves in the University life, for it is the one organization which keeps alive your interest in your Alma Mater.

Kindly fill out the enclosed blanks and return them to the General Secretary. An early reply will be greatly appreciated.

Respectfully submitted,

Executive Committee:

The University of Chicago Alumni Association

ANNUAL STATEMENT

TO THE ALUMNI:

Through this circular letter, the Executive Committee, which is acting for you, desires to acquaint you with the work which the Alumni Association has been doing the past year and to ask your cordial support for the plans which we have for the year which is to come. Will you not read this statement carefully? The following report of the Secretary will show, to some extent, what has been accomplished during the year ending April 1st, 1905.

REPORT OF THE SECRETARY

TO THE EXECUTIVE COMMITTEE:

Since the last Annual Report was submitted to you, 405 persons have received degrees from the University of Chicago. The present active membership of the Association is 343; the total membership, both active and associate, at the present time is 3,275. The following table will indicate the number in the various groups:

Bachelors of Arts, Literature, Science and Education.....	2,213
Bachelors of Divinity.....	433
Masters of Arts, Literature and Science.....	272
Doctors of Philosophy and Jurisprudence.....	357
Total.....	3,275

During the year, April 1, 1904 to April 1, 1905, 5,500 general letters, containing announcements, cards of inquiry and statements, have been sent out, and about 1,000 personal letters in reply to requests from Alumni and concerning Alumni business have been written by your Secretary. In connection with the work of the Memorial Committee, the Secretary has sent out 2,100 letters.

Assistance has been given to the University of Chicago Alumni clubs in various cities, in making their plans and meetings a success. The Secretary has also prepared an addressograph of the Alumni lists, which will be of value to these clubs in the future.

THE UNIVERSITY OF CHICAGO ALUMNI ASSOCIATION

Alumni notes, reports of the various club meetings, and the additions to the Alumni membership have been published from time to time in the *Monthly Maroon*, the official organ of the Association.

Arrangements are being made with the Board of Editors to devote more space and attention to the Alumni Department. Your Secretary would recommend that as soon as possible a plan be perfected for sending the *Maroon* to every member of the Association, thereby preparing the way for an Alumni Magazine.

The receipts and expenditures for the year have been as follows:

Receipts.....	\$656.25 ¹	
Expenditures:		
Deficit of last year.....	\$112.50	
Clerical help, typewritten lists, etc.....	17.30	
Printing and stationery.....	83.90	
Postage.....	31.00	
University Record Subscriptions.....	44.77	
<i>Monthly Maroon</i> Subscriptions.....	31.00	
Alumni Day Expenses.....	11.50	
Secretary's Salary.....	420.00 ¹	750.97
Deficit.....		94.72

¹ \$120.00 of this amount represents a University scholarship.

Very truly yours,

ARTHUR E. BESTOR, *Secretary*.

ALUMNI LISTS

Through the co-operation of the University, the Secretary has made an Addressograph of the Alumni lists, which is to be kept at the University Press. Besides greatly simplifying the labor of keeping our lists up to date, it will be of value in the extension of the work of the Association. The list is arranged geographically, and will enable the Alumni clubs to circularize their locality with little expense. Heretofore we have had only an alphabetical list of Alumni, and the difficulties of giving a list of graduates in a given vicinity have been great. In the fall, four new Alumni Directories will be issued—Southern, Western, North-Central, and Chicago. A number of new clubs ought to be organized as a result of the graduates of each locality thus becoming informed of neighboring Alumni. Any Alumnus or club may have the use of this addressograph upon application to the secretary and the payment of 75 cents for each 1,000 addresses.

THE UNIVERSITY OF CHICAGO ALUMNI ASSOCIATION

MEMORIAL COMMITTEE

Last year, in the Annual Statement, an announcement was made of the work of the Memorial Committee. This Committee, consisting of: Edgar A. Buzzell, '86, Chairman; Arthur E. Bestor, '01, Secretary; Charlotte Foye, '95; Charles R. Henderson, '70; John E. Webb, '99; and Ida T. Hirschl, '01, has pushed vigorously the work of securing subscriptions for the portrait of Dr. Galusha Anderson, to be placed in Hutchinson Hall. About \$1,300 of the necessary \$1,500 has now been secured, and before Commencement, the Committee hopes to raise the remaining \$200.00. The portrait is being painted by Mr. Frederick P. Vinton, of Boston, and will be finished before Alumni Day. It is a matter of gratification that the Association has been the organization which honors one who has had such a large part in moulding the life of the University. Thus our Association draws closer the bonds which unite the Alumni of the old and new institutions.

The Committee has not thought best to carry out some of the other plans outlined in its last report. Until a permanent Alumni room, accessible to both men and women, which shall be the headquarters of the Association, can be secured at the University, it does not seem advisable to organize an Alumni library. The Committee, however, is making efforts to secure such a room, and to learn the location of all portraits, publications, and other memorials which are now in existence and may have a place in the proposed library.

SOME THINGS FOR THE ALUMNI TO THINK ABOUT

The Executive Committee desires to suggest some of the things to which we ought to look forward in the extension of our work, and the accomplishment of which is only a question of time.

1. The establishment of an Alumni Magazine, supported by, and exclusively for, the Alumni.
2. An annual report, concerning the condition of the University to be sent to every graduate.
3. An Alumni Room at the University, accessible to both men and women, which shall be the headquarters of the Association.
4. The formation of an Alumni Library.
5. Effective alumni representation on various University Boards and in the Congregation.
6. The organization of the various groups of alumni—Doctors, Masters, Bachelors, graduates of the Divinity, Law, and Medical Schools—in their own Associations and the federation of all in our general Alumni Association.

Dear Mr. Harper:

I tell you it made little
thrills of pleasure run down our backs
yesterday when we sat in Hutchinson
Hall at the Alumni Luncheon & your portrait
looked right at us - most approvingly
You see there were two Ph. Ds both of

enthusiastic deprecating people. The
Convocation went off well & the
luncheon was a great success & the
best speech of all was Professor Judson's
at the end when he told us how
well you were doing -

Those wretched newspaper reports
had worried me in New York & it was
such a joy to get back here & find
in what absurdities they had started

The University of Chicago

I know you've had every sort of suggestion made to you & at the risk of seeming very unscientific I'm just going to suggest one thing which most likely is impracticable & may be undesirable but it's "on my mind" & I feel as if I must say it.

I've been greatly interested in the work of a remarkable man in New York Dr. Hellmer whose osteopathic treatments have had wonderful success. His theory, which is that of keeping the channels of the body clear & enabling it to throw off poison & also of removing by treatment any possible source of clogging which might result in the poisoning of the system, appeals to me very much. He treats pneumonia - & brought my niece through it this winter in a surprising manner. He has had great success in reducing typhoid fever. I was in his office one day, & I talked with him about you. I believe Mr. Rockefeller has had treatments from him, - at all events he is greatly interested in your

The University of Chicago

progress. I asked him if he had any success in such cases & he said of course he could judge nothing without examining the patient. But he said that oftentimes there were bodily conditions - slight ^{mishaps} of bone or tissues which pressed upon certain organs & served as sources for propagating trouble. In such a case as that he believed that he could help.

Of course I know the general attitude of the medical profession to Osteopathy & I appreciate their point of view - & you are doing so splendidly that any thought of anything additional may be repugnant. But I can't help feeling that possibly some such treatment as this which involves no medicine but aims to prevent conditions which result in cancerous troubles might give you new vigor to throw off the poison & need in no way interfere with the present

I hesitate to trouble you with this but I know you will appreciate that it is because the idea appeals to my reason & I can't be willing to drop it without passing it on to you.

I hope you & Mrs. Harper are enjoying your trip. I hear that Paul graduates from Morgan Park today - the dear boy.

Don't trouble to answer this - it needs no acknowledgment. Just drop it in the waste basket if that seems the best place for it!

Cordially Yours

A new committee of Alumni who are also members of the faculty has lately been appointed. The purpose of this body is to originate and report any measures which it deems would make for a closer and more active relation between the Alumni and the University. Several questions have already been sent to me for the action of this body; such as (1) making the Secretary of the Alumni a member ex officio of the Congregation; (2) making the Secretary of the Alumni a member ex officio of the Board of Athletics; (3) the abolition of the tax for attendance at the meetings of the Congregation (the \$1.00 charged as rental for a cap and gown).

No doubt there are other important matters which should come. Have you, on behalf of the Alumni body which you represent any questions for this Committee? I shall be glad to hear as soon as possible any suggestions you may have.

I should be very glad indeed to have any suggestions that may occur to you concerning the annual meeting of the Eastern Alumni. Will it be at all possible for you to attend the meeting this winter? We have been so dependent upon your presence for the success of the meeting that I do not like to take any move whatever without having first consulted you. If it is to be possible for us to have this great favor again this winter, I believe we can have the most successful meeting yet. Nevertheless I do not wish to add to the multiplicity of your duties which I know must fully tax your strength. We do fully appreciate your interest and the sacrifice you made in attending last year. I trust all of these excellent reports we hear of your improved health are fully true and well founded, and that you may be spared long to continue the great work which you have so nobly begun and carried on to this point. If my request is to be a burden, simply drop it with a line, but if you have the time I should be glad of any suggestion.

Sincerely yours,

Paul Munoz

Dear Fellow Alumni:-

In accordance with plans formulated at the reception and dinner to President Henry Pratt Judson, held in this city on January 29th, 1908, we enclose a copy of the Constitution, list of members and officers of the Eastern Alumni Association of the University of Chicago.

It is planned to have an annual dinner of this organization each year and in addition to have the men and women meet more frequently for separate social functions. With this end in view, two secretaries have been elected, *Mrs. Henry R. Caraway*, to act for the women, and *Mr. Milton J. Davies* for the men.

The annual dues of the Association are \$1.00. Kindly forward this amount, either in cash or by check, to *Mr. M. Morgenthau, Jr.*, 95 Liberty Street, New York City, thus giving your approval to the plans proposed.

Very truly yours,

CONSTITUTION

OF

The Eastern Alumni Association

of the

University of Chicago

I.

NAME.

This Association shall be called "The Eastern Alumni Association of the University of Chicago."

II.

OBJECTS.

The objects of the Association shall be the promotion and maintenance of the general interests of the University of Chicago and the perpetuation of college friendships.

III.

MEMBERSHIP.

Any person who has received a degree from, or who has attended the University of Chicago, in good standing, for a period of six quarters, or who has been a member of the faculty, is eligible for membership. Applications for membership should be submitted to the Executive Committee.

The President and the Founder of the University shall be honorary members of the Association, and entitled to all its privileges.

IV.

OFFICERS.

The officers shall be a President, Vice-President, two Secretaries and a Treasurer, all of whom shall be ex-officio members of the Executive Committee and shall perform the duties usual to their offices. They shall be elected at each annual meeting of the Association, and shall hold office until their successors are chosen. The Vice-President and one of the Secretaries shall be elected from the women members of the Association.

V.

EXECUTIVE COMMITTEE.

There shall be an Executive Committee of five members in addition to the officers named above, who shall be nominated and elected at the annual meeting of the Society. This committee acting as a whole, or through such sub-committees as it shall appoint, shall fix the time of the annual meeting, and shall have charge of the annual dinner and other social gatherings and of the general interests of the Association. It shall have the power to fill any vacancy that may occur in any office until the following annual meeting and acting as a whole shall nominate officers to be elected at the annual meeting of the Association. They shall report in full to the annual meeting of the Association.

VI.

DUES.

The dues shall be \$1.00 yearly, payable on the first day of March of each and every year. If the dues of any member are not paid before November 1st of each year, his name may be dropped from the roll by a vote of the Executive Committee.

VII.

This constitution may be amended on recommendation of the Executive Committee by a two-thirds vote of the members of the Association at the annual meeting, or a special meeting called for such purpose.

My dear Mr. Swift:-

Thank you for your note of yesterday concerning '07 representatives on the Magazine.

We wish to go slowly in this matter of starting a system whereby each class is absorbed into the alumni Association. I suppose it would be best if sometime soon, before the first meeting of your class in the Spring Quarter, ~~if~~ we might have a conference, at which also Mr. Robertson of the president's office might be present. I hope you will keep this in mind and let me know when it would be a good time to arrange for such a meeting, wherein a system could be definitely decided upon. Whatever is done, I hope will be done officially, either by class election or by your own appointment.

If I might suggest, it seems to me that the class officers in the senior year, including as they probably will, at all times, the best and most favorably known in the class, would probably provide these representatives on the Magazine. We are trying to secure a man and a woman out of each class for this ^{purpose} ~~purpose~~ and it seems that the class secretary, who usually is a woman, would naturally suggest herself as one of these representatives. We wish to go slowly in this matter of starting a system where-

by each class is absorbed into the alumni Association. I suppose it would be best if sometime soon, before the first meeting of your class

and secretary of each class, and I hope this scheme may be maintained for '07. Ofcourse the Association is very anxious to have each class maintain some sort of alumni organization, whereby the class organization may be kept up, and class records and traditions preserved. No doubt this scheme is included in your own policy to be worked out in the spring meeting, but ofcourse the alumni Association is greatly interested in it, and would like to see, if possible, some sort of a regular method established in working out this alumni organization; the '07 representation on the Magazine should be entrusted to the same persons, who direct the class alumni organization, in as much as the functions of one would naturally include some of the functions of the other.

With this understanding I doubt if it will be necessary for any action until we have had a conference and your class has taken action.

We are very anxious to record the doings of the class, and report the class meetings in the Magazine, ^{I hope} ~~and finally~~ that we may be permitted to look to the secretary of your class for this information. This will be especially important for alumni interests in view of the history which, it is to be hoped, your class will create in its relation to the alumni Association and its Magazine, especially in the way of reducing alumni class organization and affiliation with the alumni Association, to a system.

My dear Mr. Barton:-

Your favor of the 10th inst. is received. I thank you very much for your kind congratulations. It is certainly a matter of great interest to me to know that the alumni are in sympathy with the new appointment. I shall hope to remain in touch with them.

I am glad to know about your work in Ithaca. Professor Catteral is one of our Doctors whom we hold in very high regard here and his success at Cornell gives me no surprise. I have already written to Washington recommending one of the applicants for the position in question. That being the case I should not think it advisable to write another letter unless an inquiry should be made of me from Washington in your case. Should that be done it will give me great pleasure to write giving my opinion of your qualifications. I regret that I have put myself in the position by endorsing one of our alumni and not being able to take the initiative

aiding another for the same position. I think you will understand. I think you might suggest to the President of the University that I might write a letter on inquiry.

With sincere regards,

Yours,

H. P. Judson

My dear Dr. Judson:—

Permit me first of all to offer you my sincere congratulations on the new honor that has come to you, and of which I read the details in the Chicago papers. I am sure all graduates of the University are pleased that the Trustees saw fit to choose unanimously one who is so thoroughly familiar

owing to the reputation of him whose
shoes he was called upon to fill, but
I think the general sentiment is
that Mr. Catterall has not been
lost in the filling of those shoes.

Recently I learned that
there is a vacancy in the George
Washington University, Washington, D.C.,
- an Instructorship in Modern European
and American History - and I have
applied for it to the Dean of the
School of Political Science. I took the
liberty of naming you in my
list of references, though I never
was fortunate enough to take any
work under you, and only ~~one~~ ^{three} courses

with the University and with
the policy of its first
President, and I am glad
that my father had the
privilege of voicing my sentiments
as well as his "own" when
he joined the numerous
unanimity."

Last September I received
an offer from Professor
Catterall to come here as
Assistant in Modern European
History. I have enjoyed
the work very much.
As you doubtless know,
Mr. Catterall has been
very successful here, and
it was a difficult position

in your department, one - Civil Govt, under Miss
Glover, and two under Dr. Freund. But

I thought you might know enough of
my general work and record as a member
of the Phi Beta Kappa, and in general,
of personal character, that you might
feel inclined to voice an opinion. If so,
I would consider it a great favor if
you would write such a statement as
you feel warranted in making, and
address, Dr. C.W. A. Veditz, Dean of
the School of Political Science, Washington
D.C.

I am fortunate enough in knowing
President Needham personally, a fact
that leads me to hope for consideration.

Very sincerely yours,

Alvin L. Barton.

Dear Dave:

I have just got an enthusiastic note from Wilbur Gross, in regard to the soap and towel girls' chorus, and our alumni day doings in general. It strikes me that now is the time to strike. We ought to send out some sort of touching appeal tout de suite. I don't know whether it makes any difference whether it is mailed from Chicago or Albany; I can do it from here if you think best. Then I suppose it is about time to stir up the special people: Billy Averill, Miss Morrison, Miss Whiteside, Miss Kretzinger, and others. We ought also, it seems to me, do something to let the faculty people that we are interested in know that we want them to return to earlier habits and not boycott alumni day as they have for the last four years. I don't know whether it is worth while making any attempt to prevent the turning over of a large part of alumni day to the high school athletic propaganda; I wish it were.

Dear Dave:-

I did you an unintentional injustice in my last letter in assuming that you might not already have done all that I suggested doing. Being so removed from the current, I am inclined to imagine that it is no longer moving. But what do you think of a letter to each and every member of the class, boldly assuming that they are all as much interested in '02 as the most sanguinary of us could wish? I estimate that there are about 280 in the class list in the alumni register; and there may be more of them than we think that would feel something stir at a call from the class. I'll try to draft a tentative letter and send ~~xxxx~~ it to you. And is '07 likely to keep up the quinquennial cycle of enthusiasm and general excellence, or do they need some sort of prodding? You see that I am prepared to ask questions, if nothing else.

I think that the idea of some distinguishing mark for alumni day is first rate. All that is necessary to make such a thing a go is respectable numbers, and I think that we can count on that. That reminds me; do you remember that two years ago we talked of arranging for a tally-ho to pick up and take home the girls of the class that might otherwise be deterred from staying on the campus for the dinner? Is it feasible?

I don't know what to think yet about my getting back. If wishes were railway trains, I would certainly be there; so far as the Index Bureau is concerned, I think I could do it well enough,

April 1, 1907

Dear David:-

I did you an unintentional injustice in my last letter in assuming that you might not already have done all that I suggested. Being so removed from the front, I am almost inclined to imagine that it is no longer worth while to think of a letter to each and every member of the class, believing assuming that they are all as when interested in '02 as they are now. I estimate that there are about 500 in the class list in the alumni register, and there may be more of them than we think that would feel something like a call from the class. I'll try to draft a tentative letter and send it to you. And as for the question of general grade of scholarship and general excellence, or do they need some sort of proof? You see that I am prepared to ask questions, if not to ask.

I think that the idea of some distinguishing mark for alumni is a very good one. All that is necessary to make such a thing go is responsible members, and I think that we can count on that. That reminds me; do you remember that two years ago we talked of sending for a tally-rod to pick up and take home the girls of the class? I think it deserves to be determined from among ourselves for the class? Is it feasible?

I don't know what to think yet about my feeling back. It is a very old feeling, I would certainly be there; so far as the Index Bureau is concerned, I think I could do it well enough.

Please return to me

but there are other considerations that give me pause. My mother is very far from well, and it may be that I shall bring her east for a change; in that case I shall not be able to get back to Chicago this summer. If possible, though, I will wait till June and come after her; and in that case I shall be on hand.

The Alumni Magazine is not perfect, of course; but if the worst is not still to come we need not despair. I will confess that my heart misgave me when I saw the selection from President Harper's writings numbered I; is that to be a serial feature of the year? I intend to suggest to Fairweather that it would be better to separate the doctors' notes from those of the bachelors; they have nothing in common but the accident of date and are hopelessly lost in the present arrangement. A doctor is much more likely to have known doctors of three or four years each way from his date in his own and related departments, than to have known other doctors of his own year, much less bachelors. The signed book review amused me. You did not mention in the notes of literary productions those of Henry Ingraham. Have you seen anything of a recent novel by Charlotte Teller? I think Appletons publish it; I saw a notice of it in the Philadelphia Record, but I neglected to clip it out. I enclose a review of a study by Amy Tanner; isn't she an alumna? These are very rambling remarks that I am throwing off as they occur to me.

My dear Robertson:

I have received your letter relative to the celebration. I have written to Mr. Scott Brown, president of our class as to making the celebration official. I may say, however, that a number of the 1897 class stand ready to maintain the reputation of that class, whether the celebration is official or not. I desire also to add that 1902 is a very good class in point of spirit, spring poets, and song writers. No class, however, has ever been able to successfully measure swords with the famous class of 1897. I wish there were more class like both of these classes. Seriously they are the two which have the most loyalty and spirit. I know why 1897 has, but not why 1902 has. 1897 is the first real class of the University and its members were pioneers and with a smaller University attendance knew each other.

I shall write you later.

The President

CHICAGO, December 4, 1907.

Mr. David A. Robertson,
Faculty Exchange.

My dear Mr. Robertson:-

The following inquiries relative to the president's western trip have come to me from the secretaries in charge at each place.

In general, all are anxious to use the lantern slides, and wish to know if the president will bring them, ✓

At Minneapolis where the president is scheduled for a dinner on Saturday evening, December 28th, Mr. Whited wishes to have the president as his guest. He wishes to know the period of the president's stay, place and time of arrival and departure. ✓

At Seattle where the president is expected at a luncheon or dinner on January 1st, ~~Tuesday~~ ^{Wednesday}, Dr. Barnes wishes to know the time during the day which will best suit the president's convenience. Dr. Barnes fears a conflict with an afternoon engagement which he understands the president will have during the afternoon in connection with the educational association conferences. In view of the fact that many of our alumni are teachers and will take part in the afternoon meeting on January 1st, Dr. Barnes suggests as a good time from four o'clock to Six-thirty or Seven o'clock, with a luncheon at twelve o'clock as second choice. If the president is not to speak in the evening, Dr. Barnes would suggest a dinner later in the evening. Does the president wish to accept the hospitality of Mrs. Helen Hubbell, about which I wrote you before? ✓

At Salt Lake City the alumni are planning a meeting for Friday evening, January 3rd. I have not heard finally from them yet as to arrangements, but I believe there will be no questions raised. ✓

At Denver there will be a dinner at seven o'clock at the Savoy hotel, Monday evening, January 6th. The alumni there would be glad to know the time of the president's arrival; they are anxious to invite him to a meeting of the Assoc. Collegiate Alumnae if it is to be held on that day.

I should be glad to have a copy of the president's train schedule, if it is to be had.

Yours sincerely,

George O. Fairweather

In general, all are anxious to use the lantern slides, and wish to know if the president will bring them.

My dear Mr. Judson,

I have just read yours of the 5th inst., and it was very kind of you to inform me of your safe return, and I appreciate the very interesting news of your meeting with seven Alumni Clubs.

This certainly indicates good luck; for, from the earliest times, you know seven has been a very lucky number and a completed and rounded out number. I hope there will be seventy-seven ready to greet you on your next trip.

Since our very interesting meeting here, I have discovered quite a number of persons who have attended the University of Chicago, and who for some reason did not observe the notices in the paper; and of course are not on the list of the Secretary at Chicago. To some of these I have sent extra programs regarding your visit and they have been received by them with great interest. Prof. Derby, of the U. of M. spent two or three years at the University of Chicago, and was disappointed in not attending our banquet, but pleased to receive a program.

Perhaps I did not explain to you that my main co-worker, Prof. Rapeer, went off and got married only a short time before our meeting; and this was entirely unexpected on his part until he received a letter from his lady friend at Chicago.

Prof. Rapeer made his way thru the University of Chicago by singing, and he had charge of our music and some other features which were to be pushed thru regardless of expense.

DL. HELL
H. P .J. #2.

His being called away so suddenly, and not giving me a day's notice, was one cause of our not having several musical features. If I could only have known of his going at an earlier date, it would not have made so much difference. He also was to have seen, personally, a large list of names of those who had formerly attended U. of C.

On Mr. Rapeer's return, he consulted with quite a number of Newspaper men, Educators, etc., and he stated to me that it was considered a splendid event, and that your remarks and visit were very much appreciated.

As I wrote the Secretary, that there could not be a worse time for you to come than between Christmas and New Year's; for so very many had told me that they could not possibly be present and regretted it very much.

I assure you that I did not feel right about the meeting in not having the whole of the Alumni Club present, and there is a feeling of great dissatisfaction that the meeting could not have been held on a more favorable date.

Dr. Shutter was taken seriously ill the morning of the event, and under the doctor's care. And, perhaps, you remember his telephoning me just at the time of the meeting that he had consulted with the physician and he could not allow him to venture out.

Dr. Shutter is, probably, the most eloquent speaker in Minneapolis; and I was counting on his assistance to liven up the whole affair.

I wish to more than congratulate you on your safe return from your trip; and, while others may be more useful or

interesting; yet, I am sure, no one wishes you better success, personally, than I do.

As I dictate the above, I am reminded of the telegram that Robert Tombs sent General Grant; when Grant had just returned from his tour around the world: "I congratulate General Grant on his safe return; but, as to the War, I am ready to try it over again." And you will please observe that I am not quite satisfied, and "Am ready to try it over again" and have another visit from you.

I received a very nice letter from Prof. Downey, after the event, thanking me for the invitation and stating that I "Made a very good devil" and he hoped I would "live long to deal out that kind of damnation." These are pretty strong words, but very interesting as coming from such a superior educator as Prof. Downey.

Please remember me to Mrs. Judson, and tell her I am sure she did not care to see me, and did not appreciate how lonesome you were, or she would have accompanied you on your trip; and now when I am in Chicago, I intend to call at the University and not go near her domicile.

My dear Dr. Judson,

I am very glad that you and Mrs. Judson are going to be with us at the Dinner next Wednesday night. I believe we will have a delightful gathering, and that the affair will be very enjoyable.

We are meeting the same difficulty this year as we have in times past, and that is that we have not the names and addresses of recent Alumni. I would appreciate it very much if you would have the proper official in the University send me at once a list of recent Alumni here in the East. He does not need to search his records more than four years back; but if we can have a list of Alumni who have come to the East recently, and have same immediately, we can probably reach some of them in time to attend the Dinner.

If you have anyone in mind whom you would like to have us invite to the Dinner, we would be very pleased to do so. We have invited President Alderman, who Dr. Sage tells us will be here at that time, to attend the Dinner and speak. As yet I have received no reply from him.

With very sincere regards to yourself and Mrs. Judson, I am,

Dear Mr. Freeman:-

Yours of the 27th inst. received. I hope that President Alderman will be able to stay over at our meeting. I don't quite know who else will be at the meeting of the Board. There are, however, two New York men on the Board who if they could be present would be exceedingly interesting. One is Mr. Walter Page of the "World's Work"; the other is Mr. Albert Shaw of the "Review of Reviews." Mr. Shaw is a very old friend of Mrs. Judson and myself, and Mr. Page I know quite intimately. Both are university men and both extremely interesting speakers.

We had quite a discussion last evening at a meeting of the officers of the College Alumni Association regarding the possibilities for alumni day, and I believe that considerable work can be done if we get things started early and keep them going from now on. The College Association agreed to take the conduct of the day with the recommendation to the other associations that they participate in the alumni demonstration at night. We also thought it best to urge that all four associations have their business meetings on alumni day, in order to get more alumni on the campus that day, and also give a distinction to the date.

The men last night suggested either Frederick Speik or George Robinson for general chairman- do you know of anyone who would fit in better than either of these men? program for the day.

The College Association agreed that it would be better to call the University Luncheon the Alumni Luncheon, and to make an effort to have more alumni attend than heretofore. The sentiment, however, is to keep the separate dinner of the Association in the evening. The newest plan is to have a torchlight procession after the dinner, to be participated in by all the alumni. The plan was mentioned at the Council meetings by Dean Vincent and seems to meet general approval. What would you say to such a demonstration? I suppose we could not count on the University band?

The Association is also in favor of buttons or badges for every alumnus, giving his class numerals and department. This would serve to make the day more of a gala affair. We think the expense would be nominal.

I will be glad to get your advice on some of these points, because from now on we shall want the alumni day matters to move rather swiftly.

March 4, 1910.

Dear Mr. Hansen:

The corner stone of the William Rainey Harper Memorial Library will be laid at the June Convocation. The program at the present time arranged is for the laying of the corner stone at ten A. M.; the procession from the site of the Library to Hutchinson Court, where Convocation will be held, at eleven A. M., and at one the University luncheon at Hutchinson. The speakers for the June Convocation have not yet been engaged. Negotiations have been in progress for some time but the arrangements have not yet reached such a point as to warrant announcement. At some time during the June Convocation exercises, there will be unveiled the memorial tablet to Alice Freeman Palmer, a tablet by Daniel Chester French. This will be placed at the base of the tower just opposite the door of Hutchinson Commons. The time for the unveiling of this memorial has not yet been fixed. At the present time the best time seems to be some time on Class Day.

I question the success of your torch light procession after dinner on alumni day. A torch light procession is likely to be engaged in if there is any point to the march. Your letter does not suggest, however, that the procession start from anywhere to go any place for any purpose. I do not think that the alumni would fall into line for the purpose of following the whimsical leadership of a casual marshal. Most of them would desire to take a position somewhere on the campus in order to observe the spectacle. The University band will be so overworked during the June Convocation that I do not think it would be wise to call them out the night before examinations.

I still think in regard to the alumni dinner Tuesday night that the management by the Alumni Association is such that it is unwise to maintain it. I have not gone to the dinner for two years past for the simple reason that in spite of all that the alumni secretary can do to anticipate the difficulties on that night, the present arrangements inevitably involve

embarrassment. I do not think it fair to the management of the Commons to cast upon them at the last moment the responsibility of entertaining a large number of extra persons. When the chairman explains to the grumbling alumni who think they are not getting their money's worth that it was necessary to split the fish and water the soup in order to make the food go far enough, you are not apologizing for the generosity of the manager of the Commons, but calling attention to the lack of preparation for the alumni guests. The responsibility for the lack of preparation lies in the system of the secretary or on the manager. If the Alumni Association expects to arrange for the University luncheon at noon, I am not in favor of holding the dinner Tuesday evening immediately afterwards, and thus dividing the loyalty. I am very much in favor of permitting classes to arrange individual dinners.

In regard to the buttons or badges for the alumni, one can hardly express an opinion until one sees what is proposed in the way of buttons or badges. In my own case, I can conceive badges arranged by the alumni committee which would not be worn by any self-respecting alumni. On the other hand, I can imagine a button so neat as to afford no reasonable grounds for objection.

May I suggest as members of the committee from the class of 1905:

Samuel Dillon Hischl
Joseph Louis Lewinsohn
Arthur Evarts Lord
Max Louis Mendel
John Leonard Hancock
James Sheldon Riley
John Henry Smale
Frederick Adolph Speik
Schuyler Baldwin Terry
Victor J. West
Leo Falk Wormser.

It seems to me that these men will make up a very good committee. Particularly is this true because with their own membership they can ally a great many persons still in the University, member of the same class.

Yours very truly,

Dear Mr. Robertson:

Replying to your letter of March 19th, will say that the statement in the circular letter about a ten days' notice is printed purely to make the alumni send in their replies a little faster than is usually their custom. There will be plenty of time for correction within the next two months, besides the cards were also corrected last year after a similar canvass of this sort, so that very few names from the directory of 1906 remain unchanged.

I will be glad to get together with Dr. E. C. Sage about the eastern alumni, but I think there should be better co-operation between the secretary and the President of that club in New York City. I have sent complete lists to the secretary several times and I have just received from him a complete list of all the alumni in eastern states copied from a card file which he has in his office. I believe that it was also Mr. Freeman's custom, when wishing to write to alumni, not to get in touch with his own local secretary but rather to write direct to the University and depend on us to furnish him a list. I am writing both the local secretary and Dr. Sage about the maintenance of our alumni list in the East.

Sincerely yours,

Harry Hansen
Secretary.

ORGANIZED OCTOBER, 1909, BY

THE COLLEGE ALUMNI ASSOCIATION
THE DIVINITY ALUMNI ASSOCIATION
THE ASSOCIATION OF DOCTORS OF PHILOSOPHY
THE LAW SCHOOL ASSOCIATION

December 9, 1910

Dear Mr. Robertson:

There is likely to be "something doing" whenever any of the following men get together: Vaughan, Mosser, Gorrell, Richberg, MacCracken, Linn, Winston, McDowell.

On next Wednesday, December 14, at 12 o'clock you will find a number of these war horses and others of the same stock at the University Club. Brent Vaughan has been good enough to arrange for us to have a private room where we can treat ourselves to lunch.

The howling success of the University of Chicago Alumni Club dinner has made several of us wish for a real "Home coming time" at the University some Saturday afternoon and evening early next June.

We want it to be a time for all Chicago men "to get together." We want to see Steigmeyer, Henry Atkinson, "Ikey" Clarke, Herschberger, Jesse Harper and all the old friends back. We want "Steig" to lead in one of his songs. To make the thing go the 4,000 University of Chicago men in Chicago have got to furnish the steam. Everyone of us shrinks from the chill of a dead alumni meeting, and every one of us will push for all he is worth to bring to pass a genuinely live meeting.

A first class plan has been suggested. Come ready to argue and to vote on whether we can make it the unqualified success it must become if this tribe undertakes it at all. You will find it a little undignified. But perhaps just for once you may be able to break away from your customary decorum and sing as Oliver Wendell Holmes did upon a similiar occasion at Harvard:-

"Has any old fellow got mixed with the boys?
If there has, take him out, without making a noise."

Cordially yours,

Harry D. Abells

P.S. If you cannot possibly be at the Club at 12 o'clock come as soon as you can.

December 10, 1910.

Dear Mr. Abells:

At last something is doing! The names of your committee indicate that it is already time to congratulate you on your success in securing coöperation. I am sorry that I can not be at the meeting Wednesday. I shall be glad to do all in my power to assist the enterprise. Is it not possible to have an active secretary of the association. Sometime I should like to speak to you about this situation.

Yours very truly,

Dear Mr. Abella:

I was glad to hear part of your address yesterday morning in chapel. I tried to see you afterwards to invite you to stay over until the afternoon, but I had to let you go out of Mandel without the invitation.

I think that after reading the papers this morning you can easily see that Alumni Day in June ought to be the greatest one we have ever had. All members of the University must feel that future development of new departments and the future management of the existing University is up to the Alumni and Chicagoans. In the past some of us have excused ourselves by saying that if we can not give to the University, the founder will more than make up our deficiencies. Now we have an opportunity to give as people give to Harvard and Columbia, in small but numerous amounts.

Yours very truly,

Secretary to the President.

Dear Dave:

Yesterday for the first time I heard of the approaching visit of President Judson to Louisville. The acting alumni secretary wrote Ragsdale on the subject and he called a meeting which was attended by Miss Freeman, Miss Dolfinger, and ourselves. It was agreed that possibly the wisest mode of procedure would be for me to write you personally and confidentially and see first what President Judson would like, and second what would be the best plan for his entertainment. If he is to be here only one day, that is, one full day and one evening, the plan suggested is that some representative take him to the various high schools in the City where he can address the students. We would then probably have a small lunch simply for the few alumni who are here. Then in the ^{afternoon} ~~evening~~, there would be attempted either an informal reception at which we would make an effort to have the past students of the University and any prospective students as well as their friends, or we might simply prepare an office where he could see any who wished to confer with him about the University. We were told that Miss Patty Semple, who has taught in the School of Education, would give a dinner inviting those whom she considers the most influential educationally in the City. It was suggested that possibly he might be here two evenings, and on the other evening he might be asked to lecture on some current day topic, for instance, the Balkan trouble. Personally, even if this were agreeable to him, I am a little dubious of the procedure as the President, according to my way of thinking, is a greater success in a small gathering than in a public address. This, of course, is simply a personal opinion.

Now if you will use your well known diplomacy and find out what sort of program would please him I think we can prepare it for him. Our next meeting awaits your response. Naturally, the small crowd here can do nothing very elaborate, but we can doubtless see that he meets the people whom the University of Chicago wishes to reach.

When the newspapers announced that Secretary McVeagh had appointed his secretary, I had rather a feeling of relief as it meant that I should not be called on to settle a very difficult question. I suppose you received my letter on that subject. Everything is progressing with me along the lines that it has been going for the past few months, which means with some degree of satisfaction to me. What's the news from our friends?

My dear Mr. Hansen:

The University of Chicago alumni club is planning a reception and banquet in honor of President Judson, to be held during his visit to Washington.

Will you kindly advise me when he expects to reach this city? I should like to know the exact date immediately, in order that we may invite the Secretary of the Treasury, Mr. McVeagh, Mr. Lowden, and other prominent Chicagoans, who are here at the present time. An early answer will be greatly appreciated.

My dear Mr. Judson:--

I am sending you some data concerning the reception which was given in Denver to the former University of Chicago students. I presume this data should be sent from your office to the office of the Alumni Association. I thought, however, that you would be interested in knowing that Miss Ella Metsker and Dr. H. A. Howe arranged this reception in such a way that it was extremely successful and served to renew the interest of a considerable number of the people in the University of Chicago. The importance of such meetings seems to me such that I hope that we may be able to have them at future meetings of the N. E. A.

Very truly yours,

Otis W. Caldwell.

May I suggest that a note from you expressing interest in this recent reception would be appreciated by Miss Metsker and Dr. Howe.

ELLA R. METSKER, A. B. '06
SECRETARY-TREASURER
834 So. PENNSYLVANIA ST., DENVER

834 South Pennsylvania St.,

Denver, Colo., December 3, 1908.

Dear Fellow Alumni of the University of Chicago:

This is a printed letter; not an advertisement, but an announcement of the progress and plans of the Rocky Mountain Club of the University of Chicago Alumni.

WHAT WE DID LAST YEAR

Through various meetings of the Executive Committee and by correspondence with the General Secretary, Mr. Geo. O. Fairweather, at Chicago, during the month of November, 1907, it seemed best to put the First Annual Dinner of the Rocky Mountain Club on January 6, 1908, at Denver, when the President, Harry Pratt Judson, could be present as guest of honor.

The Executive Committee decided to send out catalogue cards to each of the alumni known at this time, making inquiry about personal data of interest, and asking for information concerning other alumni resident in the States of Colorado and Utah. As a result of this plan, the membership was increased from twenty-five to ninety-six, and much interesting data was secured concerning the present occupation and the honors, degrees, and college affiliations of the members. The form of catalogue card invented for this purpose and used by this Club has been considered so good that the General Secretary has recommended it to the other Clubs.

The Committee on Arrangements for the first dinner was Hayward D. Warner, S.B., '03, Denver, and Mrs. W. N. Vaile, Ph.B., '02, Arvada. The Committee on Program, Dean Swift, Ph.B., '02, and Ella R. Metsker, A.B., '06, both of Denver.

The First Annual Dinner was held, as planned, at the Adams Hotel, Denver, January 6. President Judson's train was very late. The company, waiting for the guest of honor, did not go in to dinner until 8 p. m. The President did not arrive until 10 p. m. The Pan-Hellenic Club rooms were thrown open to the guests assembled, and a business meeting was held meanwhile. The guests present were:

Victor E. Keyes, Greeley.
Joseph C. Ewing, Greeley.
Alice M. Krackowizer, Greeley.
Herbert A. Howe, University Park.
Dr. and Mrs. E. M. Stephenson, University Park.
Mr. and Mrs. W. N. Vaile, Arvada.
A. C. Ellsworth, Golden.
Mrs. Gertrude Caswell Spaulding, Kersey.
Hayward D. Warner, Denver.
Ella R. Metsker, Denver.
Emily A. Hayward, Denver.
Louada Newton, Denver.
Mrs. G. C. Welch, Denver.

Grace Ellen Shoe, Denver.
Daisy A. Metzler, Denver.
Margaret C. Giddings, Denver.
Mary E. Sabin, Denver.
Cora Cowperthwaite, Denver.
Ralph L. Dougherty, Denver.
Miss Thompson, Denver.
Lydia Keene Chapman, Denver.
Cora Leadbetter, Eaton.
Constantin Rixon, Denver.
Rev. & Mrs. W. E. Sawyer, Denver.
Henry A. Lewis, Denver.

The toastmaster, Victor E. Keyes, in his introductory speech, dwelt on the organization of the Club and its personnel. Dr. Howe responded to the toast, "The Old University," illustrating it with many photographs, report cards, menus, etc.

Mr. Ewing toasted the Chicago Athletic "stars" in the West.

President Judson spoke last, and portrayed the great resources and possibilities of the University. He emphasized the fact that her greatness lay, not in these material resources, but in the great problems worked out by her students, and in the quality of the manhood of her alumni.

The officers felt that, considering the obstacles to be overcome, the *meeting was a big success*.

At the business meeting, the following officers were re-elected for the year 1908-9:

President, Victor E. Keyes, J.D., '06, Greeley.

First Vice-President, Dr. H. A. Howe, A.B., '75, University Park.

Second Vice-President, Fred B. R. Hellems, Ph.D., '98, Boulder.

Third Vice-President, Otto H. Dubach, A.M., '05, Colorado Springs.

Secretary-Treasurer, Ella R. Metsker, A.B., '06, Denver.

After discussion, a marked preference was expressed for a dinner, rather than a luncheon, as a form of the Annual Meeting.

A membership fee of 50c was levied upon each.

WHAT WE ARE GOING TO DO

The Second Annual Dinner will be held at the Albany Hotel, Denver, on the evening of December 29, 1908, at 6:30 o'clock. The guest of honor will be Prof. S. H. Clark, who will address the Club. Toasts will be responded to by Hayward D. Warner, by Miss Achsa Parker, and, it is hoped, by Supt. F. E. Matheny, and Dr. Henry E. Holt. Dr. H. A. Howe, who attended the General Alumni Meeting at Chicago, in June, will give a report of that meeting. It is requested by the Program Committee that, at this dinner, each guest contribute something from his store of personal experience while at college, by way of reminiscence. Plates will cost \$1.50 each.

The Committees appointed for this Dinner are:

RECEPTION—

Ralph C. Dougherty, Denver;
Grace Ellen Shoe, Denver;
Otto F. Dubach, Colorado Springs;
Joseph C. Ewing, Greeley;
