**AMERICAN COMMISSION
TO NEGOTIATE PEACE**

OFFICE OF DR. S. E. MEZES

Paris, January 2, 1919.

President Harry Pratt Judson,
Hotel Continental,
Paris.

Dear Doctor Judson:-

We have been trying to make arrangements to furnish you with stenographers, though as you know this is one of the most difficult supplies to get, and it may not be possible to have it met as promptly as all of us would desire here.

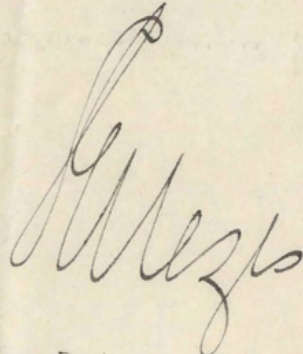

With regard to facilitating the sailing of your party on a suitable transport, I shall be glad to do everything I can and shall advise you as soon as I have any definite information.

The absence of Secretary Lansing with the President on a trip to Italy may postpone your conference with the members of the Commission, but on this matter also I shall be glad to advise you as soon as I will be able to get the information. I understand that Mr. Lansing expects to be back by next Wednesday or Thursday; in case a conference after that date would delay you too long, please let me know. I should think, however, that it would not be likely that satisfactory arrangements for sailing could be made before then.

December 10, 1918

President Harry Pratt Judson,

My dear Dr. Judson:

I read to the Board of Trustees at its meeting held today the telegram repeated by Mr. Vickery which announces your departure from Teheran and the route of your journey to Paris. Previous to that, at Mr. Ryerson's suggestion, there was sent to each member of the Board a copy of the greeting contained in your letter written September 26 from Bombay. I need not say how deeply interested each member of the Board is in you and the important work you are carrying on on behalf of a better world.

Not taking time to refer to the great events which have transpired recently and which came to so dramatic a culmination on November 11, I come at once to the occasion for writing this letter.

The members of the Board, as they studied your route from Teheran to Paris, realized that your arrival in Paris would be co-incident, doubtless, with the meeting of the Peace Conference. So important an event in the history of the world, one, too in which our own country is to take so significant a part, cannot but be one of exceedingly great interest to you. They felt also that you might render valuable services to the Commission if called upon.

It seemed to the members of the Board, therefore, that by all means you ought to remain in Paris if you so desired, and I have accordingly just cabled to you as follows:

"Leave of absence extended. Letter follows."

The cordiality with which this action was taken and the evident desire of every member of the Board to accord to you every possible occasion for studying this world situation from the vantage point of Paris and the Peace Conference, would, I am sure, have pleased you and shown you how strongly you are entrenched not only in the respect of the members of the Board but in their deep affection.

As I write, the Students' Army Training Corps which has been in service at the University since last October is being disbanded and nearly 1000 students in the corps are to be discharged on December 11 and 12. Some 300 or 400 of these, Mr. Angell hopes, will remain as regular students of the University. How much history the University has made in the last year or so!

We shall be delighted when you can be home with us all once more although we are only too glad to have you in Paris where it may be that you may be of great public service.

I am sure every member of the Board desires me to send you his sincere regards, and all of us at the University, whether members of the Board or not, send you our affectionate greetings.

Sincerely yours,

THIS IS THE SITUATION WITH REGARD TO THE ARMENIANS SYRIANS AND PERSIANS.
