Dear Mr. Norton:-

Your favor of the 18th inst. is received. It gave me great pleasure to be of service to the American Institute of Electrical Engineers. The misunderstanding about the dinner really was my own fault, as I neglected to take down with me the minute showing the room where it was held. The meeting was a very unique and extraordinary occasion. While of course these matters are commonplace with you, I could not help being thrilled to listen to conversation and business carried on over the entire United States.

With sincere regards, I am,

Very truly yours,
