GALUSHA ANDERSON,
PRESIDENT,
GRANVILLE, - - OHIO.

Granville, Ohio, Oct. 7th 1889.

Prof. W. B. Harper Ph.D.

My dear Sir,

Yours of the 5th inst. is at hand. I am glad to receive your congratulations on my intended move to Morgan Park. You can appreciate, as no one else outside of Granville, my situation here. How conservative things are here, i.e. how slow they are! Moreover, the health of my daughter has never been good here, and different physicians have assured me that they ought not to be kept here. I yield to these circumstances with mingled feelings of regret and pleasure. I am profoundly attached to the College boys here, and dislike to turn my back on them, - but I rejoice in the prospect of getting back to my old home, and into broader, more liberal associations. Thanking you for your word of cheer, believe me,

Yours fraternally,
Galusha Anderson.

My dear Dr. Anderson:-

I desire to acknowledge the receipt of your kind letter of April eighteenth with the check for \$33.38. I appreciate very much indeed your courtesy and kindness in this matter.

Dear Dr. Harper,

You kindly sent me
your check of \$70.- This was
too much, I give you credit
for Coal, and do not accept
sent for the time after I
returned to my house. Charging
water tax &c. there are left
\$33.38, which I return to
you. With highest esteem,
believe me,

Fraternally yours,

Dear Dr. Harper,

I wrote you on Tuesday in reply to your note of the 8th inst. I have heard nothing from you, nor have I received any official communication from the Board of Trustees. I should be glad to have my matter straightened up in a business-like way. In the mean time, if I am to retire from the active duties of my professorship, I do not wish to receive the designation of Emeritus.

Very truly yours,

My dear Dr. Anderson:-

Dr. Hulbert showed me this (Tuesday) afternoon your letter to him which he had received. I am leaving Chicago to be gone two or three days, but immediately upon my return I should like to talk with you. I understood that the arrangement which we were to carry through involved your not working in the summer. This was to me mind perfectly clear. The responsibility for not including your name in the Summer Quarter circular is wholly mine and not Hulbert's. It was after this had been settled, as I understood it, and because I felt that it would be a good idea to have English considered for the chair, that I telegraphed him asking him if he would consent to come and be with us a part of the summer. I shall be glad to take up the matter with you in detail Friday or Saturday.

I am enclosing herewith the official action of the Board of Trustees as reported by the Secretary. I recall that this matter was taken up at your suggestion, and I wish to express my great appreciation of the spirit with which the negotiations have been conducted on your part. I think I appreciate more than I can tell you the splendid service you have rendered the cause of education in the West through these many years. I wish also to testify to the cordial spirit with which you have worked these last ten years in the University. I trust that your life may be spared many years and that during these years, while relieved of regular official duties, you will be able to finish important work which certainly ought to be completed during your lifetime.

I understand that the official arrangement indicated in this action of the trustees is one which will continue as long as you live. I further understand that you are free to make your residence at any point which may be most suitable to yourself.

Trusting that we may have the continuation of your help and service as far as possible in the affairs of the University, I remain

THE UNIVERSITY OF CHICAGO

Morgan Park, Nov. 28th, 1884

President- William B. Harper,

My Dear Sir,

Yours of Nov. 14th

came to hand on the 28th inst.

As to your second question, concerning the distribution of vacations, I shall be under the necessity of taking my vacation during the Summer quarter.

There should be in my department a teacher of Elocution, whose principal work should be to drill the students in the reading of the scriptures and hymns. He should also be capable of helping me in the criticism of Plans and Sermons. If it were possible to give me such a helper, it would ^{add} great force to my department, and it would make the young men more effective preachers. -

If I can have a fair share of the money now appropriated for the purpose of ~~books~~ purchasing books, I can get -

THE UNIVERSITY OF CHICAGO

along tolerably well, so far as books are concerned.

I want printing done; but on talking the matter over with Mr. Chase, I find that I can get the work done more cheaply in the City. So I hardly know what to do. Moreover the cost of printing is beyond my purse. If I could print my notes on the History of Preaching, - a topic which I am to teach during the Winter quarter, - it would greatly facilitate my work; but I do not feel financially able to have the work done.

This is all that is urgent - just at the present time. With best wishes, believe me,

Dear President Harper,

Several of the Faculty,
who have the religious interests
of the University at heart, fear
that the discussion of Immortality
at the Vesper Services, for an
entire quarter, will be
detrimental to the devotional
character of those meetings.
The subject, outside of the
Scriptures, is a purely speculative
one, and as there are to be
many speakers, there will
doubtless be a variety of views,
which ~~may~~ may lead to much
confusion of thought, especially
in the minds of immatures
