Dear President Nelson:

A few days ago I mentioned to Leon Angell the fact that Henri Bergson of the Collège de France is to be at Columbia next year - in the Autumn I think - as Exchange lecturer and inquired whether we might not get him out here at least for Convocation if not for a Course.

Mr Angell thought that would be a most desirable thing to do and suggested that I write you about it on your return - hence this note.

Bergson is now decidedly the most prominent figure in the Philosophical world and is fast becoming a Center of general interest

on both Continents.

Sincerely Yours

Dear President Wilson:  
I am very glad to hear that you are  
interested in the subject of the  
University of Chicago. I think it is  
very important that you should  
know at least for conversation  
if not for a course. The  
University of Chicago is a  
very important thing  
and I suggest that you  
write your student in a  
letter - have the note  
sent in a separate letter.

Dear President Johnson:

I do not know what  
Bergson's abilities as a  
Speaker are. I presume  
this could be ascertained  
from Columbia. I recently  
saw somewhere a favorable  
notice of a Course of lectures  
which he had delivered  
in London - but whether  
in French or English was  
not stated.

Sincerely Yours

Dear President Johnson:  
I do not know what

language is called in a  
speech or. I presume  
this case is mentioned  
from Columbia. I recently  
saw somewhere a photograph  
of a woman of color  
which he had taken  
in London. But whether  
in French or English I was  
not stated.

Yours truly,  
William Brewster

Dear Mr. Moore:-

I have your favor of the 1st inst. with regard to Professor Bergson. It would be quite desirable to make some arrangement if we could. I am not sure that we could arrange for a course of instruction, but if he is the right kind of a speaker it would be very appropriate to have him at the December Convocation. Do you know what sort of a speaker he is?

Very truly yours,

H. P. J.
