Dear Dr. Harper:

I am preparing a course of lectures
on The Literary Art for Lowell
Institute, Boston, to be given there
twice a week through next January.

Would your institution have any
use for a thing so unacademical,
later on?

Yours truly

My dear Doctor Harper:

I am sorry to say I cannot come to Chicago before the 2^d week of February at the earliest; but I can come ~~come~~ almost any time thereafter. If the time can be arranged I can tell better for what terms I can come. It depends on how I can make it chime with other platform work. Awaiting your reply, I am ever

My dear President Harper;

If I may bring up a matter which you have probably dismissed as impracticable, let me say that I have just completed my six lectures before the Lowell Institute with a success more flattering to me than almost any other platform experience I have ever had. If you care to consider the matter pray write to Mr. Augustus Lowell and ask

him if they were not a brilliant success. I write to you to-day because I am invited to the platform in Des Moines in April and cannot accept unless to that engagement I can join others. I could abridge the number of lectures to suit your convenience and if you care to make place for them in April ^{after the 15th} I should be very glad to hear from you.

Yours truly

My dear Doctor Harper:

I am highly honored by your letter of Feb'y 6,
and thank you heartily. It would be a delight
to me to give ~~the~~ six lectures which you invite
me to deliver, but my literary work is so far
behind that I shall have no time to prepare
lectures this year. Gratefully and ever truly

and a noble philosophy of life. J.W.C.

My dear Sir

I am very glad to hear of your success in your
