THE MAINICHI DENPO

Tokyo, Tuesday, October 25, 1945

The Chicago team left for Osaka yesterday morning where they go at the invitation of the Osaka Mainichi Shimbun. They will give three matches there with the Waseda team who have also been invited by the same paper.

Throughout the seven matches here the Chicago proved to be victorious and the team left behind them not only a record of seven wins but also a reputation for excellent behavior entirely beyond reproach even in minor details. The team's behaviour throughout the game was exemplary and well worthy of the great university they represent.

In moments of excitement every person is liable to lose control of his temper and especially this is the case of the world over with young men. But in many occasions of thrilling excitement and close contests, the Chicago team always maintained calm gentlemanly attitude. Not a word of indecent language came out of their lips.

In the United States, the East claims almost a monopoly of politeness and refinement. The West is generally considered as rough and unrefined. But from this West we had the pleasure and satisfaction of welcoming here a baseball team most exemplary not only in the skill of the art, but also in their conduct on the field. They have given us very useful lessons in many ways, and especially to our youths who tend to be over-enthusiastic in their tendency to get excited, the Chicago team and their behaviour throughout the seven games on the Waseda field stand out very prominently as a model of conduct, and as we record this fact we are simply echoing the unanimous impressions of the tens of thousands who witnessed every match on the Waseda ground.

We believe and expect that in Osaka also the same thing will be placed to their record, and such happy impressions left behind will doubtless go a long way in keeping up the traditional friendship now happily existing between the United States and our country. It may be said of the Chicago team that they have done a considerable service in the international relations of the country they represent and the country of their visit.

Tuesday
CANTON, Nov. 22, 1910 19

Dear President Judson, -

The team has just left Piquers and myself for the return voyage. We came over from Manila Saturday arriving in Hong Kong on Monday and have spent to-day sight seeing here in Canton. Page and his followers sail Thursday from Hong Kong for Japan, Cherry sails to-morrow for Europe, and Piquers and I sail Saturday for Calcutta.

Three of the men stayed in Manila. Ehrhorn secured a teaching position at \$1200 in the government service in Manila. As he has graduated and was intending to teach in the United States it seems to me that he has done well. Sterinbrucher and Boyle stayed very much against my judgment, as well as that of Mr White and Capt. Kilbourne at whose house I was entertained. They did not consult with me fully about it. I heard from the other men on Thursday evening that they were seriously considering staying over but could not see them the next morning on account of the business we had to transact with the Banks and the steamship company. In the afternoon I found them and did my best to dissuade them. They were in doubt and we did

not know that they were to stay until we boarded the General at 11:30 Friday night. The steamer sailed at daylight Sat.

They seem to be in good hands. Steinbrecher has a position at \$125 a month with a Mr. Egan of the Manila Times. Boyle had several offers and I do not know which one he took. They expect to live at the Y. M. C. A., an excellent place of its kind, \$35 a month for room and board. Both say that they would have to work in Chicago next quarter in order to stay in the University. They expect to return on one of the government transports, a very reasonable means of transportation if they can get accommodations. It is not sure.

The men who encouraged them to stay were Mr. Egan and Judge Williams, both prominent men in Manila. Mr. Egan is short handed in his office, and reliable American help is hard to get in the Philippines. Judge Williams is an enthusiast on the Philippines and thinks that more of our citizens should be familiar with the situation there. They both understood that the men intend to come back in March. They did not urge the boys to stay after I talked with them, but by the time I had a chance to see them the harm had been mostly done.

In accordance with instructions from Mr. Stagg I have paid to Pegues his return expenses, and did the same on my own authority in the analogous cases of Cleary and Ekehorn, both of whom have graduated. I did not feel justified in doing this for Steinbrecher and Boyle without authorization from Mr. Stagg, and they fully understood the situation before

They decided to stay. It seemed to me after leaving, however, that they are in a bad position. Neither has much money. I went to the N.Y.K. office in Hong Kong and they returned their tickets. There Page will forward to-morrow by registered letter together with \$100 in express orders. He will also suggest that if they are stranded in Seattle they might telegraph Mr. Stagg. The tickets and money will just about take them there. I do not think that the boys deserve much consideration. It has all been very boyish and troublesome. I do not see how they are to gain anything by staying except possibly some hard knocks, and there seem to me a number of good arguments in favor of their returning with the team. Aside from the interruption of their college work, the team has been suspected of professionalism a number of times during the trip, and this will not make it seem less so.

I thought that there might be some question of base ball as the Manila season is just beginning, but it does not seem to be so. Mr. Egan was interested in our games but is apparently not a base ball fan, and says that he does not

can whether they play in Manila or not. The boys are expecting to return and represent the University in the Spring.

We had a fine week in Manila. The men were entertained at different houses, those of vice-governor Gilbert, F. R. White director of education, Mayor assistant director, Egner, Judge Williams, Capt Kilbourne. The last is an old friend of mine, now of the army medical corps. He says that Manila is much healthier than people usually ~~say~~, and I heard the same from others.

I saw Mr Hastings several times and was invited to his house to dinner, where I met Judge Elliott also. They were both very glad to hear from you and were both very kind to me on your account. I enjoyed them much.

The men made a very pleasant impression, I think. Mr White, who arranged our visit, expressed himself as pleased with them. They have been fine traveling companions, and I am leaving them with regret. Page has been doing most of the hard work of management, and he seems to me an unusually capable man at this part of the business. The base ball played by the team has been the best college base ball I have seen. We lost one game to the Marines at Manila, the day after we arrived. Almost all of the men had been seasick, and the field was very wet. Later we beat them decisively on a dry day and after hard legs were recovered.

Pegus and I expect to arrive in Calcutta Dec 13,
and to sail from Bombay Dec. 29 for Port Said. I expect
to be in Genoa about the middle of January, after a stay
of a week in Egypt.

Please give my very good regards to Mrs Judson. I
am hoping for letters in Hong Kong on Friday. Your
cable to Manila was received, and did us lots of
good. It certainly is a pleasure to have a word from
home in these far-away countries, and I am
appending addresses with the hope that some
charitably disposed person may see them.

Yours very sincerely

My dear Gilbert:-

Yours of the 22d of November was duly received, and I am writing you at your Geneva address. I was much interested in your account of the trip to Manila. It does not surprise me that some of the team stayed there. I have not yet had a chance to talk over things with Page, but of course shall hear from him this week in full as to these matters. On the whole I am rejoiced to believe the trip was a successful one, and that the team did us credit in more ways than one. I hope that you are having a prosperous time in Switzerland, and that you will come back to us in the spring refreshed both in body and mind. I am asking Mr. Robertson to enclose in this letter some facts about our last Convocation which you will find interesting.

With cordial regards, in which Mrs. Judson joins, I am,

Very truly yours,

Mr. Gilbert Ames Bliss,
Porte Restante, Geneva, Switzerland.

Japan Trip

Dear President Judson -

I send you a line to say that we are all well and happy, though somewhat anxious to get ashore, the day before we land. If we have good luck we will get through the custom house tomorrow afternoon.

The voyage has seemed long to some of the men, and during a three day storm about a week ago some of them were miserably sick. I was worried about Glenn Roberts, the pitcher. He ate almost nothing for nearly a week. But when he began my fears disappeared entirely.

There have been some pleasant people on board, and the men have enjoyed them. One is a Mr Tenney, Chinese Secretary of the Legation at Peking, a fine man. Another is a Methodist bishop, and a third a professor in a university at Tien Tsin. All have families with them.

I have written more details to Mr Stagg, and suppose that they will be printed in The Maroon. The men have been exercising as much as possible, but need regular work on shore badly.

With best wishes to yourself and Mrs Judson,

Gilbert Ames Bliss

NIPPON YUSEN KAISHA.

S.S. "KAMAKURA MARU."

Sept 25 1910

Dear Sirs,

I have written some details to Mr. Stagg, and suppose that they will be printed in the Morning. The men have been exercising as much as possible, but not regular work as usual.

With best wishes to yourself and the future,

Yours truly,
 Arthur H. Hays

There have been some pleasant people on board, and the crew has enjoyed them. There is a Mr. Tenny, Chinese Secretary of the Legation at Peking, a fine man. Another is a Methodist minister, and a third a professor in a university at Peking. All have familiarities with them.

The voyage has seemed long to some of the crew, and during a three day storm about a week ago some of them were somewhat sick. I was surprised about them, but the weather. It is almost nothing for nearly a week. But when he began my fears disappeared entirely.

Through the custom house tomorrow afternoon.

The day before we had for the first time in our history all well and happy, though somewhat nervous to get away.

I am very sure to say this to you.

Yours truly,
 Arthur H. Hays

Sept 9, 1910.

Dear Mr. Judson - I know that you will be interested to hear about our trip so far, and am sending you what is intended to be a short account, though I find that the record of events slips somewhat lengthily from my pen when I start to write.

The Railroad people here treated us fairly. A Burlington agent accompanied us to St Paul, and a Great Northern man went as far as Fargo. We had Tourist accommodations but were allowed the freedom of the train and found ourselves very comfortable. The men made friends on the train who wished us much success when we got off at Kalispel Sunday evening.

Monday we played two games with Kalispel. The first must have been a surprise to them. The men batted out ten runs in about six innings, while

they had none. Sunderland was pitching and he worked in the sixth, becoming very wild. He has pitched very little this summer and the trip told on him. They made five runs in the 6th inning and four more after that. Page finally went in after one out in the ninth and struck out the next two men. The game was now in doubt. Final score 11-9.

There was much interest in both games, but particularly in the afternoon. The stands were full and the game deserved it. Kalisfel had a pitcher named Thompson, who played with Seattle last year, a skilled player, but distinctly of the professional type. The men could do nothing with him until the 7th inning after which they made seven hits, and two runs in the ninth. But Kalisfel caught up in their half and made one more in the tenth, winning the game.

The umpire was against us on close decisions. One in particular aroused the ire of the crowd in spite of

the fact that they were all of the
time for Katsopol. But our men
behaved like the gentlemen that they
are, every minute of the time. I think
you would have been proud of them.
Everybody had a friendly word after the
game, and many said that we had
the better team and should have
won both. The local teams are of course
very keen to win.

In Spokane it rained hard all
afternoon, and our game had to be
called off. It was a good thing, for the
men were tired and stiff from their
double header. Chicago men kept
dropping in on us, and in the evening
a former Chicago man, ^{Slater,} entertained us
at dinner at a beautiful restaurant which

you have probably seen, named Lavenports!
They ~~set~~^{team} their faculty representatives are
exceedingly good example by avoiding
smoking without exception, and I saw
only one or two taste the wine which was
offered. It made me quite ashamed. If
this keeps on I may come back to Chicago
with very good habits.

Wednesday and Thursday we played
at Snohomish. Our game had been
scheduled at Everett but was changed
to the neighboring town. The Snohomish
team is the best of that neighborhood,
having lost 4 games only this season, out
of 47. Our games with them were of a
high grade, and worthy of a much larger
crowd than they attracted. We lost the
first by a narrow margin, ³⁻⁴ but won the
second in spite of the ³⁻² 10th man
Snohomish had playing with them. We
made eleven hits to their one. Page
hit four men in succession and forced

a run.

Today we played a Japanese team called The Mikados here in Seattle.

They were not at all representative, according to their friends, and Chicago walked away with the game 15-1. Everybody was good natured. The Japanese presented us before the game with a floral piece with WELCOME C. O. on it, in large letters ~~and~~. The last two made me fidget a little.

After the game we had refreshments at a Japanese club and were received by the Japanese consul and some of their countrymen. It was all very interesting and enjoyable. The Japanese consul made a speech in which he said that the mountains of Japan are very grand and "affectimate", and the Chicago captain and faculty representative responded in English which was more fluent, but which did not express any better the cordiality which we

all felt. The Japanese asked beforehand what kind of things we wished to drink, and unknown to me the men suggested lemonade. They seemed a little surprised that we did not drink the beer which was offered besides.

I tell you these things about the men because I want you to realize what a first class team of men you have allowed to go on this trip. Enjoy them now every day, and other people look askance at first, but make friends afterward. The men have had good chances to show their ill natures, if they had any. We had two tedious and uncomfortable days at Tushomish. ~~We~~ we had arranged accommodations for us, and the town was full of people on account of a street fair. We had finally to get accommodations at Everett, seven miles away, and they turned out to be much better than anything at Tushomish. The hotel keeper at Tushomish said that he never took base ball teams in, but after we had dinner, he came to me and said he was sorry that his rooms were full; we were all right.

We have first class hotel arrangements here and the men here all enjoyed the comfort of it. Harold Siefert has sent several cases of fruit to the steamer through the manager of Siefert & Co.'s plant, and we will buy a good supply of apples besides. The Washington men say that fruit is scarce in Japan also.

I have spoken to the men about health precautions and think that they will be careful. Page and I will keep reminding them. To-morrow morning at 8:30 we have to take the steamer.

Please give my best wishes to Mrs Judson and the Underhills if they are still in Chicago. I appreciated their greetings much but will not have a chance to look at them until to-morrow. I shall write from the steamer if I cannot send a line to them to-night.

Yours very sincerely
 Gilbert Ames Bliss

Harry Pratt Judson,

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes or delays, the sender of a message should order it REPEATED; that is, telegraphed back to the originating office for comparison. For this, one-half the regular rate is charged in addition. It is agreed between the sender of the following message and this Company, that said Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery of any UNREPEATED message, beyond the amount received for sending the same; nor for mistakes or delays in the transmission or delivery, or for non-delivery of any REPEATED message, beyond fifty times the sum received for sending the same, unless specially insured, nor in any case for delays arising from unavoidable interruption in the working of its lines, or for errors in cipher or obscure messages. And this Company is hereby made the agent of the sender, without liability, to forward any message over the lines of any other Company when necessary to reach its destination.

Correctness in the transmission of a message to any point on the lines of this Company can be INSURED by contract in writing, stating agreed amount of risk, and payment of premium thereon, at the following rates, in addition to the usual charge for repeated messages, viz, one per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance. No employee of the Company is authorized to vary the foregoing.

No responsibility regarding messages attaches to this Company until the same are presented and accepted at one of its transmitting offices; and if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the agent of the sender.

Messages will be delivered free within the established free delivery limits of the terminal office. For delivery at a greater distance, a special charge will be made to cover the cost of such delivery.

The Company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the message is filed with the Company for transmission.

NOTES FROM THE JAPANESE PRESS.

Japanese-American Baseball Matches.

and simple.

We hope that baseball in this country will make sound progress. (Mainichi Dempo, Oct. 24, 1910) We may be able to have more international matches. It is natural to expect in this country. Editorial. The graduates of various schools will make it easier to have international matches.

America will feel proud if she or her national games becomes an international game, and in which the Japanese nation alone can take part. If our people intend to make

Baseball has become the most popular outdoor game among students; it attracts more spectators and stimulates them more than any other game. Besides the requirement of thinking promptly and clearly the training it gives for efficiency in team work constitutes the principal object of this game. The American people who are the originators of the game might indeed say that of all the games in the world baseball is the most active, most highly organized and most refined. The American people's own estimate of baseball may not be quite unreasonable if we take into consideration the fact that of all foreign games adopted by our students baseball is the most popular and attracts the largest number of spectators and that several international matches have been held. If baseball makes progress at this rate in this country and if we do not have any new international game then baseball will become the national game as it is in America.

Not only has baseball made good progress among Japanese students in this country, but also that fact is known in America, where baseball was originated. Our Keio and Waseda teams have been to America three times while American college teams have come to us four times. We are unable to tell how many times Japanese teams have played with other American teams such as ~~through~~ those from warships. Without reference to warship teams or professional teams, the contact of American and Japanese teams will, besides promoting the game itself, contribute much to a better understanding between the two nations.

The University of Chicago team now visiting this country consists of students of good moral standing and excellent scholarship. They are real American gentlemen whose amiability is an object lesson to our students. We have been told that in the principal American colleges students of inferior scholarship can not join baseball teams no matter how good players they may be. Following this example, our schools have adopted a rule whereby those students who have failed in examinations can not become members of the representative school teams. It will thus be seen that the evils that the enlightened public feared might attend the game of baseball have been prevented.

If baseball matches can be held by Japanese and American students who cross the ocean and if thus the students of the two countries cultivate friendship then international baseball matches between Japanese and American students can no longer be regarded as sport pure

Japanese-American Baseball Matches.

(Mainichi Shimbun, Oct. 24, 1910.)

Editorial.

Baseball has become the most popular outdoor game among students; it attracts more spectators and raises more money than any other game. Besides the reputation of training promptly and clearly the training it gives for efficiency in team work constitutes the principal object of this game. The American people who are the originators of the game might indeed say that of all the games in the world baseball is the most active, most highly organized and most refined. The American people's own estimate of baseball may not be quite unreasonable if we take into consideration the fact that of all foreign games adopted by our students baseball is the most popular and attracts the largest number of spectators and that several international matches have been held. If baseball makes progress at this rate in this country and if we do not have any new international game then baseball will become the national game as it is in America.

Not only has baseball made good progress among Japanese students in this country, but also that fact is known in America, where baseball was originated. Our Keio and Waseda teams have been to America three times. While American college teams have come to us four times. We are unable to tell how many times Japanese teams have played with other American teams such as ~~Yamaguchi~~ those from warships. Without reference to warship teams or professional teams, the contact of American and Japanese teams will, besides promoting the game itself, contribute much to a better understanding between the two nations. The University of Chicago team now visiting this country consists of students of good moral standing and excellent scholarship. They are real American gentlemen whose amiability is an object lesson to our students. We have been told that in the principal American colleges students of inferior scholarship can not join baseball teams no matter how good players they may be. Following this example, our schools have adopted a rule whereby those students who have failed in examinations can not become members of the representative school teams. It will thus be seen that the evils that the enlightened public feared might attend the game of baseball have been prevented.

If baseball matches can be held by Japanese and American students who cross the ocean and if thus the students of the two countries cultivate friendship then international baseball matches between Japanese and American students can no longer be regarded as sport pure

and simple.

We hope that baseball in this country will make sound progress among our students and that we may be able to have more international matches. It is natural to expect in this connection that the graduates of various schools will make it easier to have international matches.

America will feel proud if one of her national games becomes an international game, ~~xxx~~ in which the Japanese nation alone can take part. If our people intend to make baseball an international game the American people will extend to us their most cordial support. We therefore take the liberty of advising those Japanese who are interested in baseball to start negotiations. We make this suggestion in the interest of things of a broader nature than baseball pure and simple.

October 25, 1910.

THE MAINICHI DENPO.

Tokio, Tuesday, October 25, 1910.

The Chicago team left for Osaka yesterday morning where they go at the invitation of the Osaka Mainichi Shimbun. They will give three matches there with the Waseda team who have also been invited by the same paper.

Throughout the seven matches here the Chicago proved to be victorious and the team left behind them not only the unbroken record of victory, but also a more important impression on the minds of the public here of their excellent behaviour entirely beyond reproach even in minor details. The team's behaviour throughout the game was exemplary and well worthy of the great university they represent.

In moments of excitement every person is liable to lose control of his temper and especially this is the case the world over with young men. But in many occasions of thrilling excitement and close contests, the Chicago team always maintained calm gentlemanly attitude. Not a word of indecent language came out of their lips.

In the United States, the East claims almost a monopoly of politeness and refinement. The West is generally considered as rough and unrefined. But from this West we had the pleasure and satisfaction of welcoming here a baseball team most exemplary not only in the skill of the art, but also in their conduct on the field. They have given us very useful lessons in many ways, and especially to our youths who rank behind nobody in their tendency to get excited, the Chicago team and their behaviour throughout the seven games on the Waseda field stand out very prominently as a model of conduct, and as we record this fact we are simply echoing the unanimous impressions of the tens of thousands who witnessed every match on the Waseda ground.

We believe and expect that in Osaka also the same thing will be placed to their record, and such happy impressions left behind will doubtlessly go a long way in keeping up the traditional friendship now happily existing between the United States and our country. It may be said of the Chicago team that they have done a considerable service in the international relations of the country they represent and the country of their visit.

Imperial Hotel
October enclosed a note from Mr. White which of course was very gratifying. Tokyo, October 23, 1910.

We all join in cordial best wishes for your own prosperity in the remainder of your long journey, and shall always be glad to hear from you. With cordial regards, I am, November 22, 1910

Very truly yours,

H. B. G.

My dear Gilbert:-

Your various cards and letters with regard to the Japanese trip have been received, and I need not say have been exceedingly interesting. I was greatly gratified yesterday to receive from Mr. Schuyler, Chargé d'Affaires at Tokyo, a very appreciative letter with regard to the deportment of the men on the team while in Japan, enclosing also translations from the comments of the vernacular press to the same purport. I am pleased with the success of the team in their games, but more pleased with the record they seem to be making in other ways, as to which as you know I was especially solicitous. I am sorry to hear of the accident to Sutherland, and hope it was not serious. I trust that you received my cable in Manila. I am exceedingly anxious that there should be nothing to mar the record of this very interesting trip.

Professor Gilbert A. Bliss,
and further I am especially anxious that the students should return
Royal Insurance Bldg., Elphinstone Circle,
without any detriment to their health. Your favor of the 11th of

Dear Mr. Jackson, -
I drop you a line to say that
the men are in good trim, and to enclose a
letter which may please you and Mr. Slagg.

We have received several of the same kind from
Americans and Japanese. The games last
week were pretty strenuous and Sunday found
us all ready for rest. We are going to try and
take the train to Kamakura, a very quiet
place on the sea shore, next Sunday, and to
Nikko for some sight seeing between games
later in the week. This week's games will be
decisive ones if we can win. We are going to
Manila, and expect to arrive Nov 11 and leave Nov 19.
People seem anxious to have us come and
play at various places here in Japan, and in

Chicago, April 19, 1911

Dear Mr. Donnelly:-

Last autumn the baseball team of the University of Chicago visited Japan on invitation of Waseda University, and played a series of games with Japanese university teams. The team was under charge of a member of our faculty, and received every attention, not merely from the University authorities, but also from public officials in the city of Tokyo and in the Empire. This spring the baseball team of Waseda University, in charge of a member of the faculty of that institution, is returning

Chicago, April 19, 1911

Dear Mr. Donnelly:-

Last autumn the baseball team of the University of Chicago visited Japan on invitation of Waseda University, and played a series of games with Japanese university teams. The team was under charge of a member of our faculty, and received every attention, not merely from the University authorities, but also from public officials in the city of Tokyo and in the Empire. This spring the baseball team of Waseda University, in charge of a member of the faculty of that institution, is returning

the visit. It is believed that this is not merely a matter of college sport, but may easily be made the means of a better international understanding. It is hoped, therefore, that the opening game on Marshall Field, Saturday afternoon, May 6th, at three o'clock, may be made in many ways an expression of courtesy to our Japanese visitors. With that in view may I ask if it would be agreeable for yourself and Mrs. Donnelly to have your names used as Patron and Patroness of the game?

With sincere regards, I am,

Very truly yours,

H. P. J.

Mr. T. E. Donnelly,

President Judson,
University of
Chicago, Ill.

Dear President Judson:

Knowing that you are greatly interested in the coming of our Japanese guests, I write to inform you somewhat about them.

Since their arrival on the Pacific Coast, I have had the pleasure of being with them. For the past two weeks they have been entertained, not only by their countrymen, including the Japanese Consul, M. Nagai, of San Francisco, and their University Alumni, but by our leading Western Universities.

They spent a very enjoyable day visiting Leland Stanford University at Palo Alto, at which time Dr. Jordan received our guests. At Berkeley, President Wheeler welcomed them on behalf of the University of California International Club; and yesterday, the U. S. Naval School at Goat Island entertained the Japanese. I believe their stay on the coast has done much to subdue the Anti-Japanese feeling, which has been talked about in the past. Surely a very friendly International feeling has been shown at every turn.

Perhaps you will be interested in knowing the personnel of the Waseda Team, which includes Prof. Takasugi,

Division of Physical Culture and Athletics

#2.--

Instructor in English at Waseda, and fourteen players. The Professor is in charge of the men and interprets for me. Matsuda, Captain & Pitcher; Omura and Yamamoto, Pitchers; Yamaguchi and Fukunagu, Catchers; Oi, First Base; Hara and Masuda, Second Base; Iseda and Omachi, Short Stop; Fukubori, Third Base; Mikami, Ogawa, and Yawata, Out Fielders. President Takata of Waseda has also sent over one of his former students, Mr. Tachibani, who intends studying the administrative part of our American Universities. On the whole, I like the little fellows, personally, very much, and I'm sure our students will enjoy their good sportsmanship; and our American college teams will be impressed with this sterling quality.

We leave San Francisco today, stopping at Sacramento, Salt Lake City, and Denver, and hope to be in Chicago ready for our first game with Chicago University on Saturday, May 6th.

Awaiting the opportunity of having you meet all the boys personally, I remain, with personal regards to Mrs. Judson and yourself,

Sincerely,

H. Orville Page

The Board of Physical Culture and Athletics
voted that the ~~D~~Thursday, May 13, 1915, 4:30 P.M. Athletics
be authorized to ~~ass~~Special Meeting on extended on the terms
described, and that a committee of this Board be appointed
Present: Dean Angell in the chair; Messrs. Buck, Bliss,
to supervise the administration of the details of the trip.
Gale, Miller, Merrifield, Monilaw, Read, Reed, Stagg, and
Adjourned.
Wright, and the Recorder's Secretary.
(Signed)

Mr. Stagg presented for consideration an
invitation received by the Athletic Department from Mr.
Iso Abe, of Waseda University, Tokyo, Japan, proposing a
series of baseball games between the University of Chicago
and Waseda University to be played in Tokyo in the Fall of
1915, with return games at Chicago in the Spring of 1916.
Waseda University guarantees the expenses of the trip, and
it is planned that the students who make the trip should be
in residence at the University during the first term of the
Summer Quarter 1915 and return to the University at the
opening of the Winter Quarter 1916. Mr. and Mrs. Page
would accompany the team. The Department recommends that
the plan be approved, and after discussion, in which it
was suggested that a member of the Faculty other than Mr.
Page accompany the team, as was the case in 1910, it was

Japan Baseball Trip

Chicago, August 5, 1915

Baseball Trip Japan
My dear Mr. Page:-

Herewith I am enclosing a copy of a letter which I have just written to Mr. Wright by way of formal credentials on behalf of the University. I hope that your entire trip will be as successful as I am sure it will be interesting, and that there will be no mishaps of any sort whatever.

With cordial regards to all the party, and especially to Mrs. Page, I am,

Very truly yours,

H.P.J. - L.

Mr. H. O. Page,
c/o Mr. W. D. Sanborn,
Chicago, Burlington & Quincy Railroad,
685 Market St.,
San Francisco, California.

Japan & Australia

My dear Mr. Page

Chicago, August 8, 1918

My dear Mr. Page:-

Herewith I am enclosing a copy of a letter which I have just written to Mr. Wright by way of formal credentials on behalf of the University. I hope that your entire trip will be as successful as I am sure it will be interesting, and that there will be no mishaps of any sort whatever.

With cordial regards to all the party, and especially

to Mrs. Page, I am,

Very truly yours,

H.P.L. - L.

Chicago, Burlington & Quincy Railroad,
688 Market St.,
San Francisco, California.

Japan Barbadoes

Chicago, August 5, 1915

My dear Professor Wright:-

It is understood in connection with the trip of the baseball team to Japan that you are in general charge, having the general authority which would be exercised by the President of the University if he were with the party in person. Of course technical matters are in the hands of Mr. Page, but all general questions will be determined by yourself. Of course I know that there will be the most cordial coöperation between yourself and Mr. Page, but my experience shows that it is best to have written authority. I am sending this, therefore, by way of formal credentials on behalf of the University.

With all best wishes, I am,

Very truly yours,

H.P.J. - L.

Professor C. W. Wright,

Mr. W. D. Sanborn,
Chicago, Burlington & Quincy Railroad,
665 Market St., San Francisco,
California.

Chicago, August 2, 1912

My dear Professor Wright:-

It is understood in connection with the trip of the baseball team to Japan that you are in general charge, having the general authority which would be exercised by the President of the University if he were with the party in person. Of course technical matters are in the hands of Mr. Page, but all general questions will be determined by yourself. Of course I know that there will be the most cordial cooperation between yourself and Mr. Page, but my experience shows that it is best to have written authority. I am sending this, therefore, by way of formal credentials on behalf of the University.

With all best wishes, I am,

Very truly yours,

H. P. J. - L.

Professor G. W. Wright,
Mr. W. D. Sanborn,
Chicago, Burlington & Quincy Railroad,
688 Market St., San Francisco,
California.
