We, the members
of the Stump of the University of Chicago
respectfully petition that that society be
permitted to hold a joint debate with the
Current Topics Club of Lewis Institute, a
collegiate debating society of good standing—

The Stump contains a number of good

no danger of its being defeated. We believe
that such a debate would practice our mem-

rank as a debating society, attract debaters
to the University, and promote good feeling
between the students of the two schools. Therefore
we respectfully request your favorable consideration
of this petition. Robert R. Mix (for Debating Committee).

Mr. Stagg has placed a course in cross-country running on the list of courses offered by the Department of Physical Culture for the winter quarter and it has been so announced in the quarterly announcement.

The object of the organization is the development of long distance runners for the track team of the University of Chicago.

The plan for accomplishing this end is to make this kind of athletics attractive. It is proposed to organize a club, the members of which are to be admitted on their merits as long distance runners, thereby making this organization a college honor and making it desirable to be a member. Every autumn quarter, and at such other times as the Club may decide upon, there are to be trials for membership in the Club, the old members of the Club to determine the conditions of the contests, Mr. Stagg has given us caps with a monogram, which are to serve as

Mr. (1)

Dr. William R. Harper,

President of the University of Chicago:—

The students who have organized themselves under the name of the Score Club regret exceedingly that they have acted without authority, not having been recognized officially as an organization of the University of Chicago. They regret having permitted a notice of the organization to appear in the weekly; and have caused the bulletin which had been posted on the bulletin board announcing an informal dance under the auspices of the Club to be removed. They will take no further action, pending the decision of the Board of Student Organizations. The informal scheduled for Saturday afternoon, December 7. will not be given under the auspices of the Score Club, but under the former management. The Committee is composed of Messrs. Mr. C. H. Neilson,

The University of Chicago.

My dear Mr. Neilson:-

Your letter of May 25th has been received. The University has been at great loss to provide rooms for its various clubs. So far as general organizations are concerned, it is of course entirely possible to arrange for the meetings of clubs of every kind, but for rooms to be set apart exclusively for the use of a club, we have found serious difficulty. In the Students' Club House it is understood that no rooms are assigned except to those clubs whose membership is open to every man in the University. I shall be glad, however, to talk with you in reference to the matter and suggest that you come and see me some morning between eleven and twelve o'clock.

Yours very truly,

My dear Mr. O'Donnell:-

Your favor of the 3d inst. is received. I am glad to know that the Brownson Club is thoroughly organized and is doing its work and hope that it will continue. In my opinion it is quite desirable that students of the same religious faith should be brought together in a definite organization. It benefits them by a feeling that they are not alone in the University. It benefits others because in the general religious and moral condition of life among students, the influence of such an organization may easily be very considerable. I shall be glad to co-operate with the club in anything which may make it more successful and its influence more vital. It will be desirable to have men of your faith brought on to address the University on such questions as may seem practicable. I shall be glad to help toward that or toward any other plan on which agreement may be reached. Please present my cordial regards to the club, and believe me

Harry Pratt Judson,
President of the University,
Dear Sir;

I have recently been elected president of the Brownson Club, an organization of the Catholic students at the University. It is concerning this club and its work that I write.

This club was organized in the summer quarter of 1903, I believe, about the time of the visit of Bishop Spaulding to the university. I was identified with it in college, holding various offices. The club

I have no ~~so~~ concise plan as to what this club should do. The purpose or end of its activity I believe should be, to correct, as far as possible, erroneous impressions, which the Catholic public and, sometimes, the clergy get of the University and what it stands for. I thought, as a means to this

noted men of our clergy
as occasional lecturers at
the University; inserting
articles concerning the
University, likely to interest

of things calculated to induce
a more friendly attitude
toward the University.

Before taking any steps
I want to get in touch
with the proper persons

so that I may work in
harmony with them.
I would like to know of
the meetings of these bodies.
I believe there is a board of

In addition, I would appreciate a statement from you of the attitude of the University toward the club. I know from my own experience that it is hearty and encouraging, but a statement of some sort from you would give a certain official sanction and encouragement to the club which would, I think aid me in the work of organizing and furthering the work of the club. I leave the form it should take with you but suggest
