

Minneapolis Minn. 3/25/93

Pres. W. R. Harper,

Dear Sir:—

Allow me to introduce myself as an instructor in Greek in the U. of Minnesota. My collegiate education was received at Lawrence University Appleton Wis. where languages received my special attention and I became very well acquainted with Latin, Greek, French German and Hebrew, and where also I was the recipient of classical honors in Greek and the first honor at graduation. Of modern languages however I have a better knowledge of Spanish than of any other and have been devoting much time and study to the acquiring of it under Señorita de Alcalá of this University besides much work done independently.

I have been undecided whether to continue teaching another year or to spend the year in study for a degree, but should you see fit to grant me the use of a fellowship in Chicago U. for the coming year from what evidences I can furnish of my ability, I should be happy to devote the year

Chicago, Ill.
April 11, 1892

My dear Mr. Brewster

I have been much interested in the
travelling and the work done in the
field of ornithology. I have a better
knowledge of the birds of the
United States and the birds of the
tropics. I have been much interested

to original work in Spanish and Greek
instead of continuing here. I have, therefore, filled
out the application blank which I mail you
herewith, though I have no thesis or publication to
present on either of these subjects, my original
work having been along philosophical lines.

Enclose also a letter from Dr. Lummis of
Lawrence University, and one from Pres. C.W. Gallagher
of the same institution. I send also a brief sketch
of my life and in another cover a catalogue
of Lawrence University with the course of study
marked. You will find my name in the list
of Alumni at the end of the catalogue.

Hoping this application may result favorably
I am

Very sincerely yours

Dear Sir

April 10.

I have to thank you
for your message through
Miss Van Deman on
the subject of the
Latin Fellowship at
Chicapp. I at present
hold the Greek Fellowship
here but I have

always preferred Latin
to Greek and shall
probably make Latin
my speciality finally.
I enclose the letter
which Prof. Sonnenschein
wrote me last year
as a testimonial for
this fellowship. Thank
you for testimonials from
Dr. Postgate of Trinity

with whom I have worked
in Latin Prose, Mr Adam
of Emmanuel with whom
I have done Greek & Latin
work of various kinds and
Mr J. ~~the~~ Duff ^{Mr. A. B. Duff}
Trinity ^{and Mrs. Duff} these I will
send with the official
application. As far as
the work in Catullus &
Plautus is concerned I

should much like to
do it. I read several
plays of Plautus with
Mr Sonnenchein but
that was undergraduate
work & cannot have
anticipated work I
might do at Chicgo.
In the Cambridge course
we spend a great deal
of time on Latin ~~prose~~ and
Greek prose and Verse

a good deal of living
most of Tacitus etc etc.

I am writing a
Thesis for my Fellowship
here but the subject
is Greek & it would
not be ~~easy~~ to
send with my

application. I shall
ask Mr. Souchon for
a fresh testimonial
meanwhile I send the
enclosed without having
had time to ask
his permission.

I could not allow

to go to Chicago
unless I had a
\$500 fellowship -

I mention this because
it may possibly exclude
me altogether in which
case I need not
trouble you with the
further application. With
many apologies for troubling
you & encroaching on
your time. Yours truly
Wilmer Cave France

and our reading is
rapid & wide rather
than thorough. I have
read sithter with lectures
or as private reading,
with help from them
in the difficulties -
all Horace, Virgil, Martial,
Juvenal, Cicero (most of the
orations & some of the
philosophy with Mr.

Dear Dr. Harper:-

You will recall perhaps some correspondence I had with you concerning Miss Lillian La Monte, a young lady who Mr. Rockefeller is very anxious should receive a fellowship from the University of Chicago. It would be a favor to him if you could find it possible to confer the fellowship, which is by the way for the year ¹⁸⁹⁴ 1895, not the year ~~1893~~ ^{in a general way} ~~and~~ 1894. It would be a favor if this matter could be passed upon at an early date. It has run along a good while, due partly to our being so busy here. Miss La Monte is quite anxious to know her fate at an early period. I beg you also to write me so soon as a decision has been arrived at, as also what duties ^{in a general way} she will be called upon to perform in case she receives the fellowship.

My dear Sir.

Your letter is just received and I thank you for it.

My purpose is first to get my degree. To this end I intend to go to Chicago next fall and study with Dr Knapp

Being a married man with a baby only six months old, I am loath to break up my home here while I am studying; but, on the other hand my resources being very limited it is quite a problem for me to support

myself while pursuing my studies
away from my family.

This is the reason why from a
financial point of view a "fellowship"
means so much for me.

In regard to the honor I hope not
to appear unworthy of it, if my past
record is taken into consideration.

I forward to you this day by express

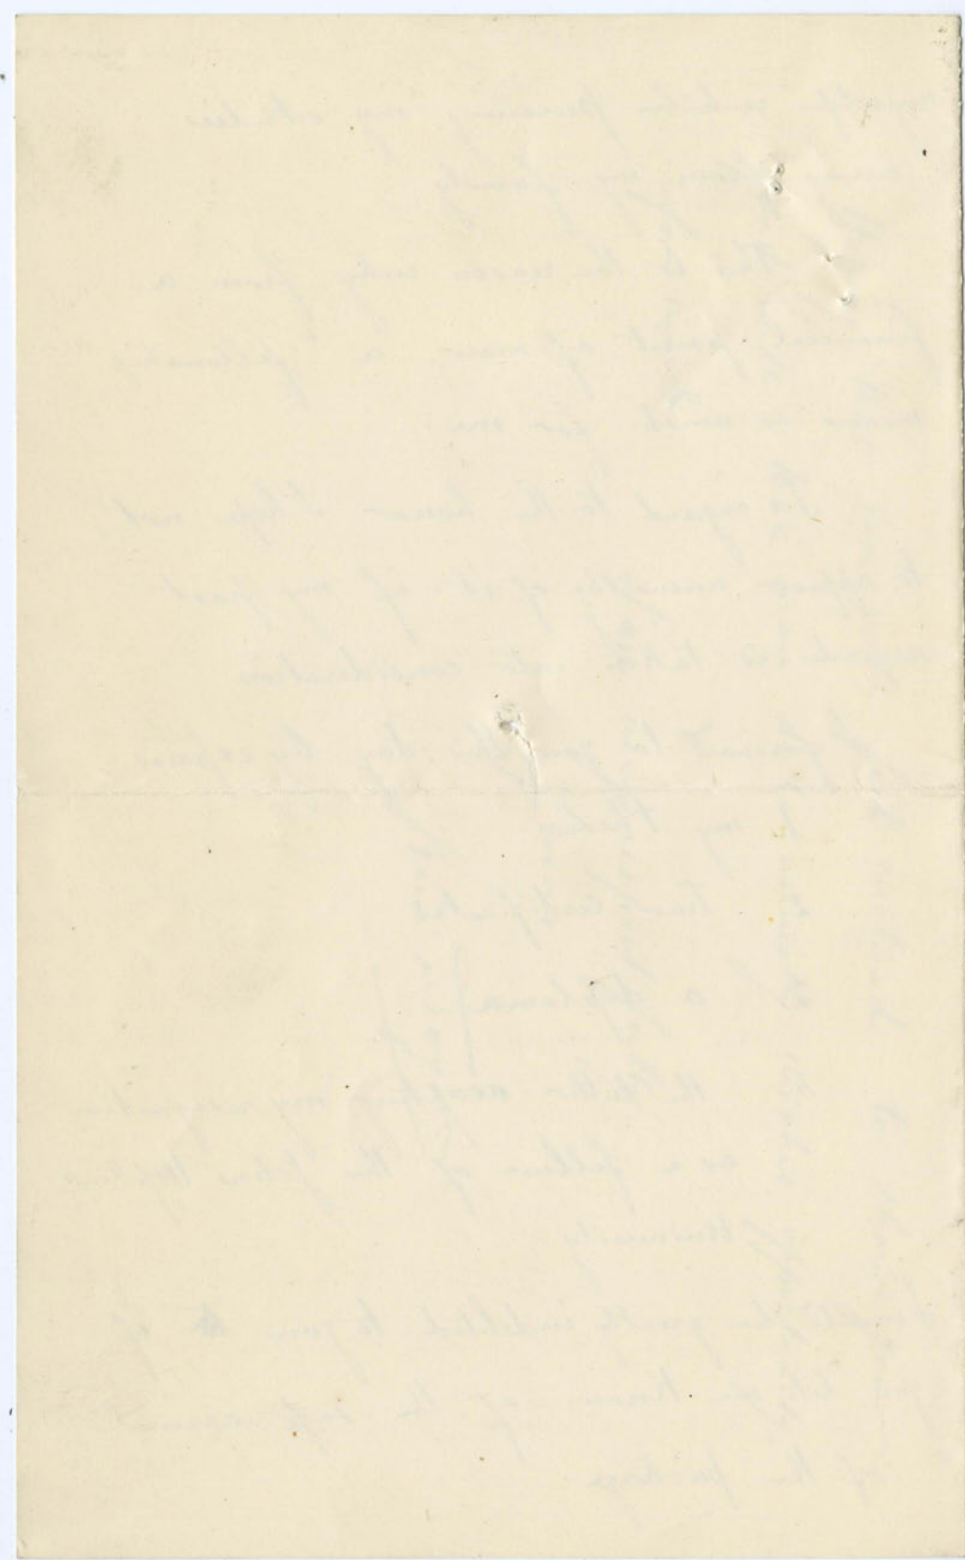

1. my thesis
2. Two certificates
3. a diploma
4. the letter accepting my resignation
as a fellow of the Johns Hopkins
University.

I would be greatly indebted to you if
you let me know of the safe arrival
of the package.

Hoping that you will feel inclined to show your
good will to a man who earnestly wishes opportunity
for work

I am very respectfully

My dear Sir.

On account of the personal enmity
of the head of my department, I have
just been obliged to resign the
fellowship I held in the department
of Romance languages in the Johns
Hopkins University.

I am thirty six years old and came
to the Johns Hopkins University two
years ago with a well established
reputation as a thoroughly trained

teacher. My record at the University has been a brilliant one and I expected to take my degree next May.

Is there any prospect for me at the Chicago University? How long would it likely take me, under the circumstances to graduate there? and would the step be a profitable one to a man who has a wife and a child.

These questions I ask as a man from his fellow man & I would suggest that before answering them you should communicate with

D^r Gilman who can tell you all about me.

If you can do anything to help me. I beg of you to do it.

Yours respectfully.

My dear Sir

I entered the Johns Hopkins University
at the beginning of the academic
year 1891-1892 and up to the
1st of February of the present year
that is to say during one year and
a half I have been studying the
Romance languages at this University.

At the end of my first year I
absolved the requirements in Italian
Literature and Philology as the
first subordinate subject for

the degree of Doctor of Philosophy
and was appointed a Fellow.

This fellowship I have just
resigned and I am anxious to
go to Chicago in order to pursue
my studies and get my degree.

How long, under the circumstances
would it be necessary to study
with you before being able to
come for my examination?

I intend to apply for a fellowship
and take the liberty of asking you
for your personal good will in
the matter.

I know that my work must
stand on its own merit. I will

present with my application, my
thesis which is already written.

It is a study of the "French Creole"
spoken in the West Indies Islands
where I was born; and I may say
that the work has been done
earnestly and with a thorough
practical knowledge of the subject.

I am French, have been for twelve
years in this country and had been ~~an~~
a successful teacher before
coming to the Johns Hopkins.

I am a married man with a
baby six months old. I do not
wish to break up my home while
I am studying and, it would be

quite impossible for me to do so
if I do not get some help from
outside. This is the reason why
the fellowship means so much to
me.

If you think it necessary to
inquire for my references. Dr

Gilman the president of the Johns
Hopkins University is the man
to whom I may refer.

Dr Elliott the head of the Romance
Department is on such personal terms
with me that his judgment would
necessarily be influenced by his
personal feelings; but Dr Gilman
knows me as a man and as a
scholar.

Dr. W. R. Harper,
University of Chicago.

Dear Sir:-

Some time ago, in response to a request from the University, I gave a statement of the work done this year on the Fellowship and also my plans for the coming year; namely my unswerving intention to push on according to the plan which brought me here. It had not occurred to me that any further statement would be expected.

I understand that our agreement was definite both as to the Fellowship and the summer teaching during each of the two years. I refer to this inasmuch as I suppose, in general, a formal application would be needed for a reappointment to the Fellowship.

Most respectfully,
H. E. Slaught.

Dr. W. R. Hooper,
University of Chicago,
Dear Sir:

I have been very anxious
to a request from the University, I gave
a statement of the work done this year on the
Hellenistic and also my plan for the coming
year, namely, my increasing intention to find
or according to the plan which brought me
here. It had not occurred to me that any
further statement would be expected.

I understand that our agreement was
definite both as to the Hellenistic and the
Roman teaching during each of the two years.
I refer to this misunderstanding as I suppose, in regard
to formal affiliation would be made for
a reaffirmation to the Hellenistic.
Most respectfully,
W. R. Hooper.

Application for Library Fellowship.

To the Committee on Fellowships:

You will please
reconsider me an applicant for a Library
Fellowship in the University of Chicago, for
the year beginning Oct. 1, 1893.

I am a graduate student, having taken
the degree of Ph. B. at Cornell College, (Iowa),
and for two years was Principal of the
Public Schools of Mt. Vernon - the place
where the College is located.

My work in the Library this year has
given me an opportunity to become somewhat
acquainted with library methods, and for
this reason I am better prepared to perform
whatever duties may be assigned as the work
of this position than I otherwise would
have been.

For references, I beg leave to refer you
to the Librarian, Mrs. Zella A. Dixon, and to
Mr. H. H. Freer, Senior Fellow in Political Economy
in the University of Chicago, and Professor of
Political Economy in Cornell College.

Respectfully Submitted,

C. A. Torrey.

This application is for an Honorary Fellowship in Political Science. Although I made no special study of Political Science during my college course, I have studied law, in its various branches, from time to time since 1886, under the supervision of my father, Dawson P. Lunnichiff, at one time, one of the judges of the Supreme Court of Ills.

With the application, the candidate will file his college diplomas, a copy of any original work he has done, and letters from any persons familiar with his work and character. Such letters should state facts rather than opinions.
