The University of Chicago

May 22, 1901.

✓
Dear Dr. Harper:

In reference to Mrs. Norton's course, why not call it "The Elements of Chemistry?"

I am unable to fathom the object any one can have in giving a course amounting to about a sixth of a high school course in chemistry. I presume that University credit is not to be given for any of these courses.

I have wondered why so much University work is duplicated in petto.

I nearly fainted when the last paragraph announced that "Beginning French" was to be used to "correlate cooking, manual training, sewing, gardening and art" while the grammar is to be used ^{only} in "enhancing the thought."

Sincerely yours,

Alexander Smith

Harper

May 28, 1901.

My Dear Mr. Smith:

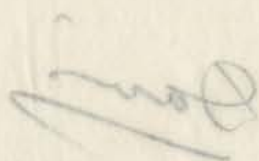

I ~~think~~ your suggestion concerning Mrs. Norton's course may be a good one. I think also that those who have been engaged in the work of teaching teachers ought to be somewhat careful in view of their inability to understand all that is involved in the teaching outside. I do not understand that University work is being duplicated. These students are to take their chemistry, if they wish chemistry, in the University. The course that you have in mind is in no sense a substitute.

I have read of persons fainting on very small occasions. For example, after eating ice-cream. I am therefore, not disturbed at your recent attempt in that direction in connection with the announcement of beginning French courses; but as you grow older, I am sure you will grow stronger.

Very truly yours,

W. R. Harper

May 28, 1901.

My Dear Mr. Smith:

Spencer, Ind May 11 - 1903

William R. Harper
Pres. G. H.

Please excuse for a moment
my intrusion upon your
time. It may be presumption
upon my part, but we would
desire to submit for your
inspection a small manuscript
of a book which we have
just completed. While it
is only a story yet it is
along a line of thought
in which I believe you
are interested. At any rate
it will not be a great
undertaking to read it. The
book is in plain typewriting

and easy reading - It is entitled
On the borders of Eden
you might call it a biography
of Adam while of course it
is hypothetical it is cast along
the lines of modern criticism
and modern scientific thought
The book presents the story
of Adam from a rational point
of view at the same time
utilizing what little scripture
there is upon the subject.
It is not an argument only
a story yet we think an
interesting one. I am looking
for a publisher. If you have
not the time to personally
examine this manuscript
possibly you could turn it
over to someone connected
with the university whose
opinion would be of weight

with some reliable publishing
Company who would put the
book before the public. Our
reason for wanting to send
it to you is to get some sort
of an endorsement that would
carry weight with a publishing
house. Hoping to hear from
you we remain yours truly,
H. Hight.

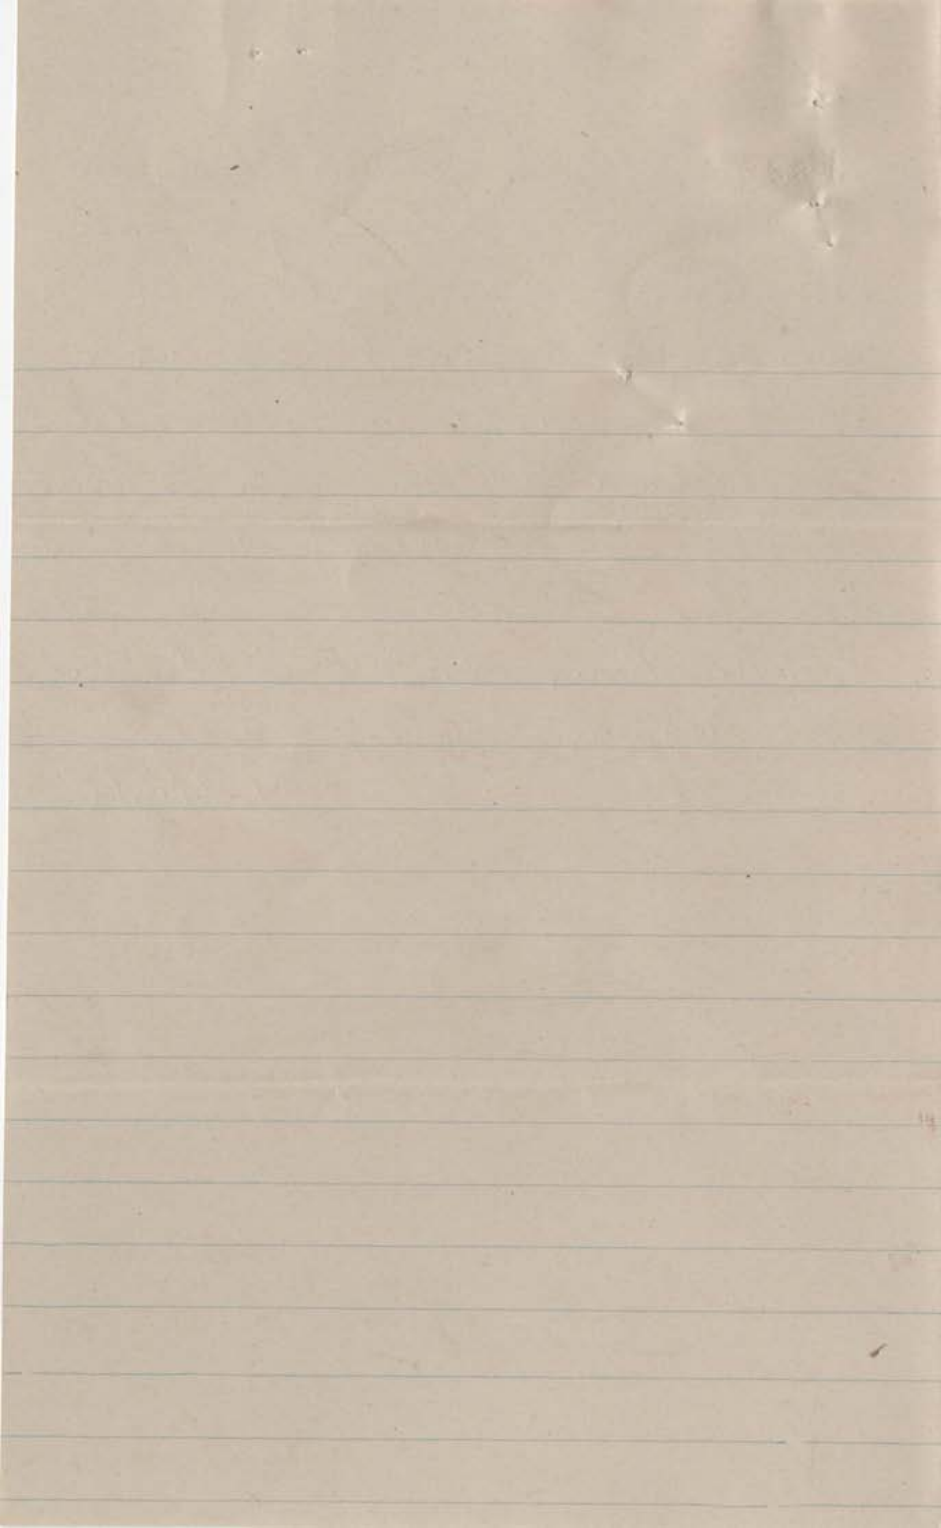

Spencer Ind May 19th 1903.

W. R. Harper

Enclosed you will find Manuscript of small book entitled "On The Borders of Eden." I believe you will be interested in reading it. If you are pleased with the work and can find a publisher we would be much obliged. It seems to be to be a book that would sell. You may not endorse all the sentiments but it will certainly provoke thought. I could have made a larger book but was afraid I would spoil the story.

If you can do nothing in
the way of securing a pub-
lication. you will find
money enclosed for return
of manuscript. we would
be glad at any rate to have
your judgment in regard
to the book.

Thanking you in advance
we remain yours Truly
H. Hight

Wm R. Harper

Your note rec.
would say I was waiting to
hear from you before sending
manuscript. I did not know
whether you would undertake
the reading or not.

I will send it on in a
day or two, on account of not
hearing ^{hearing} from you right away
I turned it over to another
man who lives here that
he might read it, but this
will only require a day or
so. Then I will send it
Yours Truly, H. Hight

I have recently been in receipt of numerous letters commending Dr. William B. Smith of Tulane University, New Orleans, as a successor to Chancellor Canfield. These commendations were extravagant and from apparently trustworthy sources, and yet this fact was noticeable--they were all from the South. Nevertheless, I felt that we could hardly afford to ignore such glowing testimonials, and so notified Professor Smith to meet a committee of our Board of Regents here in Omaha. We met yesterday, and I confess that the

Omaha, Neb., June 2, 1895.

Dr. William A. Harper,

President Chicago University,

Chicago, Ill.

Dear Sir:

I telegraphed you at Chicago Saturday last and received word from Mr. Cobb that you were out of the city. I telegraphed yesterday requesting Mr. Cobb to notify me where you were "at," and was informed that you were in Clinton, Iowa. I thereupon telegraphed to Clinton, Iowa, and obtained the information that you were not to be found, so I take this slower, but I trust, surer, means of communicating with you.

I have recently been in receipt of numerous letters commending Dr. William A. Smith of Tufts University, New Orleans, as a successor to Chancellor Cantelero. These commendations were extravagant and from apparently trustworthy sources, and yet this fact was noticeable--they were all from the South. Nevertheless, I felt that we could hardly afford to ignore such glowing testimonials, and so notified Professor Smith to meet a committee of our Board of Regents here in Omaha. We met yesterday, and I confess that the

This description is true in detail but, I see, conveys a false notion of his appearance; for Mr. S. is really fine looking, & an attractive personality.

2.H.

meeting afforded me very little opportunity to judge of Mr. Smith's qualifications as an administrative officer. He struck me, however, as being essentially a student and a scholar, with the student's stoop of his shoulders, a student's hollowness of chest, paleness of visage, eyes tangled in a cobweb of wrinkles, inclined to baldness, with such hair as he possessed desiccated and limp. # He had, moreover, the student's abstraction of manner, diffidence and hesitation in what he was about to say and what he was about to do. Nothing, in short, of that bold, confident, energetic, dominating manner which distinguishes Canfield, and, I may add, yourself. Chancellor Canfield would even seem to doubt his scholarship, attributing his splendid credentials to Southern exaggeration and gasconade. I think myself that he is a very ripe scholar and a lovely, whole-souled, Christian gentleman.

I have thus fully stated my own impressions, knowing that you will regard all that I say as confidential. What I wish from you in equal confidence is your estimate of him from what you have seen of him or know about him. I have learned to distrust appearances. Anyone, for instance, would pick out Mr. Kohlsaas for a dreamer and a poet who regarded only his handsome face, gentle manner, and low pitched voice, and yet we know that this country has very few

In Jackson
Received
McLain

Omaha, Neb., June 8, 1895/

Dr. William A. Harper,

President Chicago University,

Chicago, Ill.

My dear Mr. Harper:

Your telegram, as also your letter of the 6th, in answer to mine of the 3rd inst., duly received. I thank you very sincerely for your kindness. The committee having in charge the selection of a ^{successor} ~~chancellor~~ to Chancellor Canfield were most favorably impressed with Professor McLain. A very strong pressure had been brought to bear in behalf of Professor Smith. It required too many allowances to be made for his appearance, address, and correspondence, however, and I cannot help but think his vehement admirers have overestimated his abilities. Your letter and telegram have settled the question. The committee will report unanimously in favor of Professor McLain, and on Tuesday next he will undoubtedly be chosen. He was from the beginning Dr. Canfield's particular choice, and it is very evident that yourself and Mr. Canfield size up men after pretty much the same fashion.

I am your obliged and obedient servant,

A. D. Estabrook

CHICAGO

9 March 1910

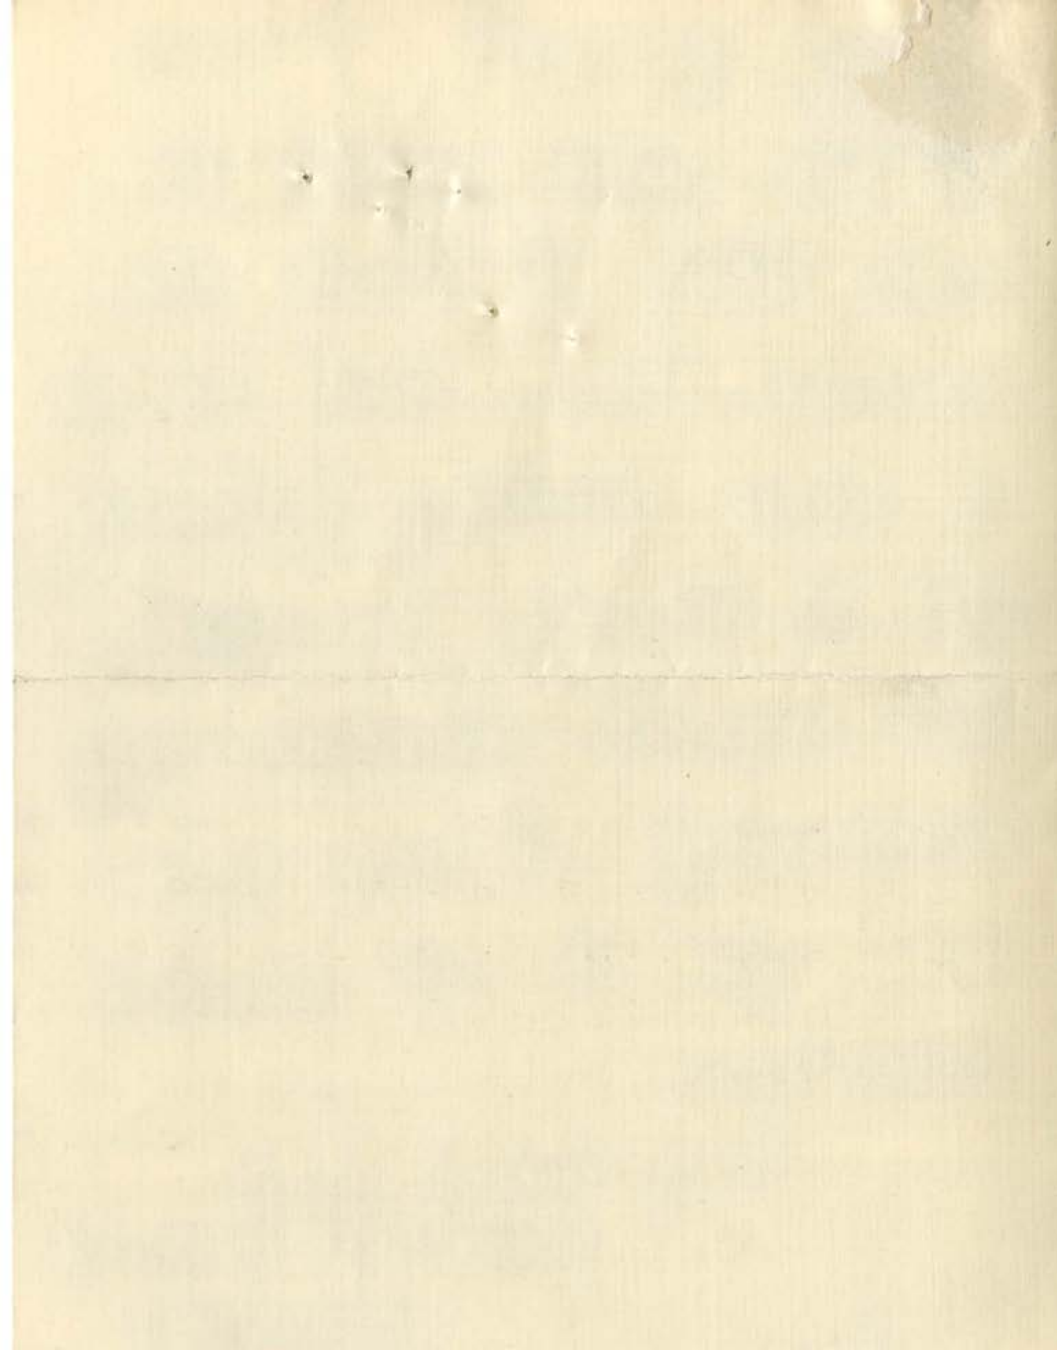

Dear Mr. Jussar -

With some
diffidence I venture
to make an inquiry
connected with my
impending wedding-
journey. We propose
to spend the week from

April 19 to April 26 in
London. In visiting American
cities I have found it
a great convenience to
have a card at a club.
I wonder if the arrange-
ment in London is
as simple as in New
York or Baltimore, and
if it would be a
suitable thing to ask
you to negotiate the

matter for me? I know
no one who would be
more likely to have con-
nections there, and no one
of whose courtesy I should
feel so secure. In case
this request involves any
complexity, I beg you
will give it no further
attention.

Very sincerely yours
James Taft Hatfield
(Evanston)

March 10, 1910

My dear Mr. Hatfield:-

Your favor of the 9th inst. is received. I have written to a friend, from whom I think I can obtain something in the way of a club introduction in London. At the same time I am a little puzzled to understand why a man on his wedding trip should want a card to a club. Doubtless you can answer that question better than I can.

Cordially yours,

H. P. J.

Professor James Taft Hatfield,
Northwestern University,

TALES OF MODERN KNIGHTS

It was the morning after the visit of Sir Theodore the Strenuous, and the city of Chicago, where a new sucker is born every minute or two, did muchly resemble the field where two mighty armies have passed. Nor Sir Theodore did of a verity do stunts of great strenuosity throughout the village. He dragged that valorous Knight, Sir Carter the Lord Mayor, up and down the muddy streets till the feet of Sir Carter were worn off even to the ankle-joints; then did he seize upon those bold sons of chivalrie, Sir Stewart and Sir John Harper, which did come together to greet him, and these Knights he haled hither and yon till the breath of them came in knickerbockers, which be synonym for short pants, and the heads of them swam like little boys in a muddy creek. Then hied Sir Theodore to the great University where Sir Harper the Prexy, he who skinneth the millionaires, doth hold forth. "Come thou and stroll with me," quoth Sir Theodore, and when that stroll did reach an end Sir Harper the Prexy was like unto a rag that hath been soaked in boiling water. But still was Sir Theodore the Strenuous strong and vogorous, so that he yearned for new victims, and the Knights who followed him had much to suffer in the way of hard walking and rough riding ere the evening came. Then was there a great gathering at the castle known as the Auditorium, and there did Sir Theodore make speech, and gain much cheering by his grand oration. And in the dawn, or eke before it, he took train for Milwaukee, where the Knights drink only beer, leaving behind him gasping Knights and drooping plumes. Of a truth, there be none like Sir Theodore, which be lucky for such as have to do the entertaining! Wit ye well, there will be gentleness in the renewal of the war between Sir Stewart and Sir Carter today, for that both of them be a-wearied, and hardly fit to stand!

My dear Dr. Harper:-

I thought that you might be interested to know that the votes of the Council members are coming in rapidly, more than half already, and without exception they are "yea". Some of them are accompanied by cordial commendation of the transfer of the Institute in addition to the formal vote. I do not believe that there will be one dissenting voice. Two or three have expressed their satisfaction in the fact that the Council will be continued as an advisory body. We will do nothing about calling a meeting of the Senate until you return.

I was so uncertain as to the policy which you would wish to pursue during the Spring quarter that I have let my good stenographer go. She had an offer which promised more down town and I did not feel that I ought to hold her. If we are to remain quiescent during the Spring quarter we can save most of her salary. If we are to make the transfer sooner and do aggressive work we can get someone else. I have some ideas simmering for the new work, and when you and Mr. Burton both return we shall have some things to talk about. I think Mr. Burton returns on the 29th.

This is the first opportunity that I have had to tell you how perfectly superb I think the Commentary. It seems to me far and away the best volume of the series thus far. It is the very cream of all your work. The pity is that so small a number, comparatively, will appreciate all that it stands for in labor and in scholarship. e-

My dear Dr. Harper:-

I thought that you might be interested to know that the votes of the Council members are coming in rapidly, more than half already, and without exception they are "yes". Some of them are accompanied by cordial commendation of the transfer of the Institute in addition to the formal vote. I do not believe that there will be one dissenting voice. Two or three have expressed their satisfaction in the fact that the Council will be continued as an advisory body. We will do nothing about calling a meeting of the Senate until you return.

I was so uncertain as to the policy which you would wish to pursue during the Spring quarter that I have let my good stenographer go. She had an offer which promised more down town and I did not feel that I ought to hold her. If we are to remain disinterested during the Spring quarter we can save most of her salary. If we are to make the transfer sooner and do aggressive work we can get someone else. I have some ideas simmering for the new work, and when you and Mr. Burton both return we shall have some thing to talk about. I think Mr. Burton returns on the 29th.

This is the first opportunity that I have had to tell you how perfectly agreeable I think the Commentary. It seems to me far and away the best volume of the series thus far. It is the very crown of all your work. The gift is not so small a number, comparatively, will appreciate all that it stands for in labor and in fellowship.

and above all the difficulties under which the work has been accomplished.

It gives me peculiar pleasure to feel that I shall be one of the number who will use it, and realize its worth. I have been looking forward for fifteen years to the delight of reading the books of Amos and Hosea in Hebrew by the aid of this commentary, and it seems strange that this and my dream of the future of the Institute should come true in the same month, but coupled with such great anxiety about the author and centre of both that I have not yet had the heart to rejoice in either.

Mrs. Harper told me about the little setback which you had had coupled with the miserable weather. I hope that you will not let such temporary things as these discourage you. I cannot help feeling that these weeks just gone by have contained a hideous nightmare which will pass and leave you rejoicing in health and work.

I talked at the Kenwood evangelical church Woman's Club the other day to about 100 women at Mrs. O'Conner's request. I had to sit through three meetings, and listen to one Indian, two Salvation Army representatives, and a one hour paper on hymns, and to eat luncheon in a perfect maze of double chins and diamonds as a penalty for my twenty minute talk, but Mrs. O'Conner thinks that a class of children and perhaps mothers will result in the Autumn if not now. So perhaps the five hours was well spent. I am trying to remember your advice however not waste time on talking where no results are probable.

Looking forward to the pleasure of seeing you much improved in health on your return,

Sincerely,
Georgia L. Chamberlin

Hummer
Mr. David A. Robertson,
The University of Chicago.

Dear David:

If I am not mistaken you are still the Secretary of the University Orchestral Association. May I suggest that in the future you yourself read the proof of the programs of the concerts, or provide definitely for their reading by someone else who is competent. I raise this point because we have had an unfortunate experience with the program of the Gogorza concert which was given on February 16. The program included the Italian, Spanish, and French originals of the songs which Gogorza gave. I inclose a copy of it, and if you will glance over it, you will see that it contains linguistic horrors hitherto unknown. For example, in the second line of the first song the lover tries to use the words "O mio tesoro." I doubt whether the lady would have been very much flattered if he had applied to her the term that appears in this program, "O miote soro." It sounds like something pretty bad. This is only an example. Job-printing, to which class programs belong, never passes through the Editorial Office of the Press. The copy is handed in at the counter, and the correcting of the proof is left to the person from whom the job comes. In this particular case the proof was sent to Miss Cates, who returned it with her O.K. Frankly, I do not think that Miss Cates is in the least to blame. She could hardly be expected to correct a

proof in three languages. The responsibility really rests with the man higher up who in your absence was doing the work of the Secretary.

Hoping that we shall be able to work out a better system of handling this matter, I am

Chicago, March 10, 1915

Dear Mr. Laing:-

As an intellectual puzzle I have no doubt that the printing of the Italian and Spanish in the de Gogorza program justified itself. I fear, however, that those without appreciation of such a form of humor would charge ignorance to the Orchestral Association and to the printer.

I am sorry that such an irritating array of errors should be set forth. I shall look into the matter and let you know what I discover.

Very truly yours,

Secretary University Orchestral
Association.

D.A.R.-D.

[CORRECTED UP TO 1ST JULY, 1895.]

Calcutta :

1895.

A
SHORT ACCOUNT

OF

RAJA SIR SOURINDRO MOHUN TACORE.

Sourindro Mohun is the first native of India who has received the title of "Doctor of Music," and the first native of Bengal who has been honored with the Knight Bachelorship of the United Kingdom of Great Britain and Ireland. At the age of 14, he composed a Bengali work on Geography, and a year later, an original drama in Bengali called *Muktávali*. As the first fruit of his studies in Sanskrit he made at an early age a translation in Bengali of Kalidasa's Sanskrit Drama *Málavikágnimitra*. He has studied Natural History and in dealing with birds and beasts (of which at one time he owned a large collection) he has acquired such a

nicety of ear that he can name the different species of any particular class of birds by hearing their notes even in a covered cage. In his horoscope which was prepared while he was only six months old, it was predicted that he would be a great adept in Music. It was in his 17th year that he commenced to cultivate this art. He took his lessons in Hindu Music from Professors Luchmi Prasad and Kshetra Mohun Gosvami, and in European Music from a German Professor. With a view to collect all available information on the Science and Art of Music, he procured rare works from England, and old Sanskrit manuscripts from Benares, Cashmere, Nepaul and other distant places, and has therewith established a musical library in his house which is the most valuable of any to be found in this country. In 1871, he founded the Bengal Music School and in 1881, the Bengal Academy of Music, both of which institutions are under his presidency and being maintained at his expense. By means of these two institutions and the composition or publication and free distribution

of a large number of musical works, he has done much towards reducing Hindu Music into a system and reviving its cultivation among the higher classes of the Indian people by whom it had been neglected for centuries.* He has encouraged musicians of all countries in various ways and placed funds at the disposal of the authorities of the Royal College of Music, London, with a view to their annually awarding a gold medal to a deserving student of the College. At the request of the London Committee of the "National Anthem for India," who had appealed to him as "the highest musical authority in India," he caused the words of the *National Anthem* to be set to twelve varieties of Indian melody, and also made a Bengali translation of the Anthem which was approved and adopted by the Committee.† This translation, with the original music, he

* It would be only fair to note that in the carrying out of his objects, he has received the hearty co-operation of his friend the Rai Bahadur Baikunthanatha Basu, Honorary Secretary to the School and the Academy alluded to.

† Particulars of the movement are given in his work "Hindu Loyalty."

has freely distributed in India. He caused to be manufactured and forwarded to the Committee of the Colonial and Indian Exhibition, London, 1886, a set of twenty-three tuning forks representing the *Srutis* or intervals of the octave in Hindu Music, and published a book called "the Twenty-two Musical *Srutis* of the Hindus,"* in which the intervals are explained. He had these forks manufactured at the request of the Government of India made on the suggestion of Mr. Alexander Ellis, Member of the Music Committee of the Exhibition, who spoke of him as "the only fit person in India to superintend such a set of forks and pronounce that they are correct." He is the originator of the system of notation for Hindu Music, which, through his books and the Music School, has been widely adopted in the country. He has modelled the Indian Orchestra on the European basis (doing away with European instruments which were used), and composed suitable airs for the same. He

* Correspondence on the subject will be found in the work "Twenty-two Musical *Srutis* of the Hindus."

composed the Bengali tune of the English song of "Welcome" which was sung, and arranged the Orchestra which played, before H. R. H. the Prince of Wales at the Belgatchia Villa in 1875. He has been the first to introduce the *Tableaux Vivants* and Acting Charades on the Bengali stage. The first exhibition of the former was given, under his supervision, on January 27, 1874, on the occasion of the distribution of prizes at the Bengal Music School, and the first representation of the latter was held on 31st January, 1876, at the "College Reunion." On the 12th of February, 1881, he caused a series of representations to be given illustrating the *Rasas*, or the various passions recognised by Sanskrit dramatists. He arranged the music in connection with the entertainments held from time to time in the family house before distinguished guests, among whom were Sir William Grey, Lieutenant-Governor of Bengal, on 19th February, 1869; Sir William Mansfield, Commander-in-Chief of India, on the 5th March, 1869; Lord Napier, Governor of Madras, on the 21st Decem-

ber, 1869; the Earl of Northbrook,* Viceroy of India, on the 25th February, 1873, and again on the 1st February, 1875; the Marchioness of Ripon, on the 30th January, 1882; Sir Ashley Eden, Lieutenant-Governor of Bengal, on the 19th April, 1882; and the Marquis of Ripon, Viceroy, on the 12th February, 1883. He also arranged the music which was played before H. R. H. the Duke of Connaught at the Government House, Barrackpore, on the 8th December, 1883, and before the Earl of Dufferin and Ava, at the Government House, Calcutta, on the 27th March, 1888, when a farewell address was presented to His Lordship by the Bengal Academy of Music of which His Lordship was the High Protector. On the 6th of January, 1877, a few days following the proclamation at Delhi of the assumption of the title of "Empress" by Her Majesty the Queen, he produced a drawing-room entertainment in which characters representing Her Majesty's subjects in different parts

* This is the first instance of a Viceroy honoring the house of a Bengali gentleman with his presence.

of the world were introduced in their national costumes, an interlocutor singing the descriptive songs to the music of the respective countries which was collected for the purpose. In celebration of the "Jubilee" of Her Majesty's reign, on the 21st June, 1887, he entertained, at the "International Jubilee party"—the first party of a cosmopolitan character ever held in Calcutta—representatives of *all* Governments, including Consuls-General, Consuls, Vice-Consuls, Merchants, Bankers, and others who were staying in Calcutta, or had come to the Metropolis to join in the official celebration, and among the guests present at the party was His Excellency the Governor of French Chandernagore. All distinguished travellers who come to Calcutta in the course of their tour honor him with visits with a view to listen to specimens of Hindu Music, and among these have been General Grant (ex-President of the United States, America) and Mrs Grant (14th March, 1879); H. R. H. the Archduke Leopold (son of the Grand Duke of Tuscany, cousin of H. I. H. the Emperor

of Austria) (29th February, 1888); H. I. H. the Archduke Franz Ferdinand, (Heir Presumptive to the Throne of Austria) (3rd February, 1893); H. R. H. the Duke of Mecklenburg Schwerin; Lord George Hamilton; Lord Ampthill; Sir Monier and Lady Williams; H. E. the Chinese Ambassador; the Prime Minister of Nepaul; and several others. He was invited by His Holiness the Pope Leo XIII to go to Rome with a view to his being decorated with the Order of the Golden Spur—an honor which he was obliged to forego on personal grounds. He was created a Companion of the Most Eminent Order of the Indian Empire in 1880, and the title of “Raja” was conferred on him by the Government of India in the same year. Her Majesty the Queen-Empress was pleased to create him a Knight Bachelor of the United Kingdom in December, 1884. He has the privilege of private *entree* to Government House, and of exemption from attendance in Civil Courts. He is a Justice of the Peace for the Town of Calcutta and a Fellow

of the University of Calcutta. He is a *connoisseur* of gems and the author of a voluminous work on the subject, called “Manimálá.” He has, in the name of his father, established scholarships for some students, and, in the name of his aunt (Devi Anandamayi), pays stipends to other students, of the Government Sanskrit College, Calcutta. With a view to encourage the study of Sanskrit dramas, he has caused some dramatic representations in Sanskrit to be given in his house. In the name of his father, he has caused a tank to be dug up in the Ganga Saugor Island, and a strand to be constructed on the banks of the Hughli at Barahanagar. He has caused land to be given up for the erection thereon of a Girls’ School at Barisal. Jointly with his brother he has made over to the Corporation of Calcutta a quantity of land at Taltola whereon has been constructed a Square named after his father. He has paid the costs of building the Countess of Dufferin’s Hospital at Bankura. He has made a large contribution to the

Albert Victor Leper Asylum in Calcutta. Jointly with his brother, he remitted the rents of the ryots in the paternal estates, to the extent of Rs. 45,000, in the year of famine (1866). He joins in all movements which have the public good in view. He maintains a charitable Homœopathic dispensary opposite his residence, which has proved a real boon to the sick and poor, and which is resorted to by patients of all races and creeds. He owns extensive landed property in several district of Bengal and among the estates are Plassey of historical note, Ganga Saugor Island, a famous place of pilgrimage on the mouth of the Bay of Bengal, and Bishenpur, at one time the principality of a historical house and the seat of musical learning. One of his Calcutta properties is the market at Taltola, which has come down to him as a part of the family inheritance, and which was exempted from payment of rent by the Hon'ble East India Company, and has continued to be so under the present Government. The title of "Doctor of

Music" which he received from the University of Philadelphia in April, 1875, was confirmed by the Government of Bengal and subsequently by the Government of India. He has received marks of favour from successive Viceroys of India, Lord Lytton having sent for him for the purpose of personally presenting to him His Lordship's literary works, and the Marquis of Ripon and the Earl of Dufferin and Ava having invited him to musical parties at Government House to which a select few were asked. In recognition of his services in the cause of music he has been honored with a large number of Orders of Knighthood, photographs, autograph letters, and presents of value and interest, by Sovereigns or Heads of Administration, and presented with Decorations and Diplomas of Honor by literary and scientific Institutions, from all parts of the civilized world. A list of these will be found in the following pages.

A.

LIST

or

TITLES AND DISTINCTIONS.

EUROPE.

Hummer's free

July 30, 1908.

My dear Mr. Arnett:-

During the spring quarter Mr. Wang acted as docent in Chinese. You will remember that the President allowed him credit for two students, although one person dropped the work after registration upon information that the course would not be a "snap". One member of the class was paying fees by the means of an Officer's Voucher. April 23, Mr. Vincent wrote to Mr. Wang saying that as one person was registered in his course, he would receive \$40 remuneration, although that person was receiving an Officer's Voucher. I understand that Mr. Wang received \$16 for the spring. Can you explain to me the basis on which the \$16 was allowed. Can you explain also the letter from Dean Vincent? I understand that Mr. Vincent's ruling was that a docent should receive for one student \$40, for two students \$80. I very much doubt that the President had in mind \$80, when he notified me to give Mr. Wang credit for two members in his class.

Sincerely yours,

Secretary to the President.

Mr. Trevor Arnett,
University of Chicago .

Hew
Mrs. W. A. Herman,

Lock Box 52, Bloomfield, Iowa.

My dear Madam:

Inasmuch as you and your daughter's teacher arrive at the same result in the end, I should say that the difference between you was not a very serious one. This is true that the problem can be solved without any reference to the fact of ten hours, and it is true as a general principle, that the quickest method of solving a problem, the most direct, is the best. On that score, the teacher's solution is to be preferred.

At the same time, I should say that your method of getting at the matter was not incorrect, while it is true as the teacher said, that the ship does not sail back ten hours, nevertheless it can be argued in favor of your position, that if it had sailed back that length of time, it would have been 87 miles from land, and that inasmuch as it sailed back three hours less than ten hours, at the rate of twelve miles an hour, it would be 36 miles more than 87 miles from port at the end of 30 hours, the time specified in the question. In other words, the objection to your method is, as I take it, not that it is wrong, but it is somewhat indirect

Henry P. Chandler

Secretary to the President

3

Bloomfield, Ia., Dec. 3rd 1904.

As I do not know whom to address I will proceed to state my reasons for addressing you.

The following problem was our ~~assigned~~ in a lesson assigned my 10 year old daughter, 4th grade, the child being unable to solve it asked my aid as they are expected to prepare their lessons at home.

"A ship left port, sailing at the rate of 9 miles per hour, after sailing for 23 hours she was driven directly back by a storm at the rate

Answered
Henry P. Ghent
Dec 8 1894
Selling to the Public

Blomfield, N. H. Dec 3rd 1894

I will proceed to state my reasons
for addressing you.
The following facts were
assigned in a lesson
assigned my 10 year old daughter
in 4th grade, the child being
unable to read it asked my
aid as they are expected to find
these items before at home.
"A ship left port,
sailing at the rate of 9 miles
per hour, after sailing for 23
hours she was driven directly
back by a storm at the rate

of 12 miles per hour for 10 hrs,
 How far was she from ^{the} port
 from which she sailed at the
 end of 30 hours. Ans., 123 mi³
 (Milnes Intermediate Arith, P, 50. Ex. 27)

I gave the following
 solution —

If a ship sails 23 hours at rate
 of 9 mi per hr, it is out $23 \times 9 =$ or
 207 mi at end of that time.
 If it drives back 10 hrs at rate
 of 12 mi per hr, it travels back
 $10 \times 12 = 120$ miles, and is then
 $207 \text{ mi} - 120 \text{ mi} = 87$ miles from land,
 after having been from port
 $23 \text{ hr} + 10 \text{ hr} = 33 \text{ hrs}$. As the ship
 was closer to port at end of 33 hrs
 than at end of 30 hrs, by $33 - 30 = 3$ hrs
 travel at rate of 12 mi per hr

of 12 miles per hour for 10 hrs.
from 4 am was the first part
from which the rails at the
end of 30 hours.
Two - 123 mi
(Miles between first, 9.50 (3.37)
I gave the following

of a ship rails 23 hours at rate
of 9 mi per hr, it is out 207 mi -
207 mi at end of that time.
If it driven back 10 hrs at rate
of 12 mi per hr, it travels back
120 mi - 120 miles, and is then
207 mi - 120 mi = 87 miles from land,
after having been from first
23 hr + 10 hrs = 33 hrs. As the ship
was closer to first at end of 33 hrs
than at end of 30 hrs, by 33 - 30 = 3 hrs
travel at rate of 12 mi per hr

then it was $3 \times 12 = 36$ mi farther out than at end of 33 hrs, when it was 87 mi out, and the distance from shore at end of 30 hrs must be $87 + 36 = 123$ mi.

The teacher said the solution was incorrect, the reasons she gave in the note I enclose, and gave her ^{my daughter} ~~x~~ a solution in which she did not use the 10 hrs at all saying that was superfluous, also that she had the indorsement of 6 of the other teachers of the corps that her solution was the correct one. I wish to know why the 10 hours was given in the problem if it was not to be used, and in what respect

then it was $3 \times 12 = 36$ mi farther
out than at end of 33 hrs, when
it was 81 mi out, and the
distance from there at end of
80 hrs must be $81 + 36 = 117$ mi.

The teacher said the

relation was incorrect, the reason
she gave in the next 3 lectures.
and gave her a relation in which
one did not use the 10 hrs at all,
saying that was superfluous,
and that she had the instrument
of 1 of the other teachers of the
course that her relation was the
correct one. I wish to know
why the 10 hrs was given in
the problem if it was not to
be used, and in what respect

my analysis was at fault
for I cannot agree that she
gave the correct ~~one~~ reason.

Will you ~~it~~ solve the
problem and give analysis
in full, and while I may
never be able to return the
favor, you will be remembered
for a gracious kindly act.

Yours in the interests
of education.

Mrs W. A. Herman,

Bloomfield,

Lt. Bx, 52,

Iowa.

My analysis was at fault
for I cannot agree that she
gave the correct reason,
Will you please the
question and give analysis
in full, and while I may
never be able to return the
favor, you will be remembered
for a generous kindly act.
Owing to the interests
of education.

Mrs W. A. Sherman,

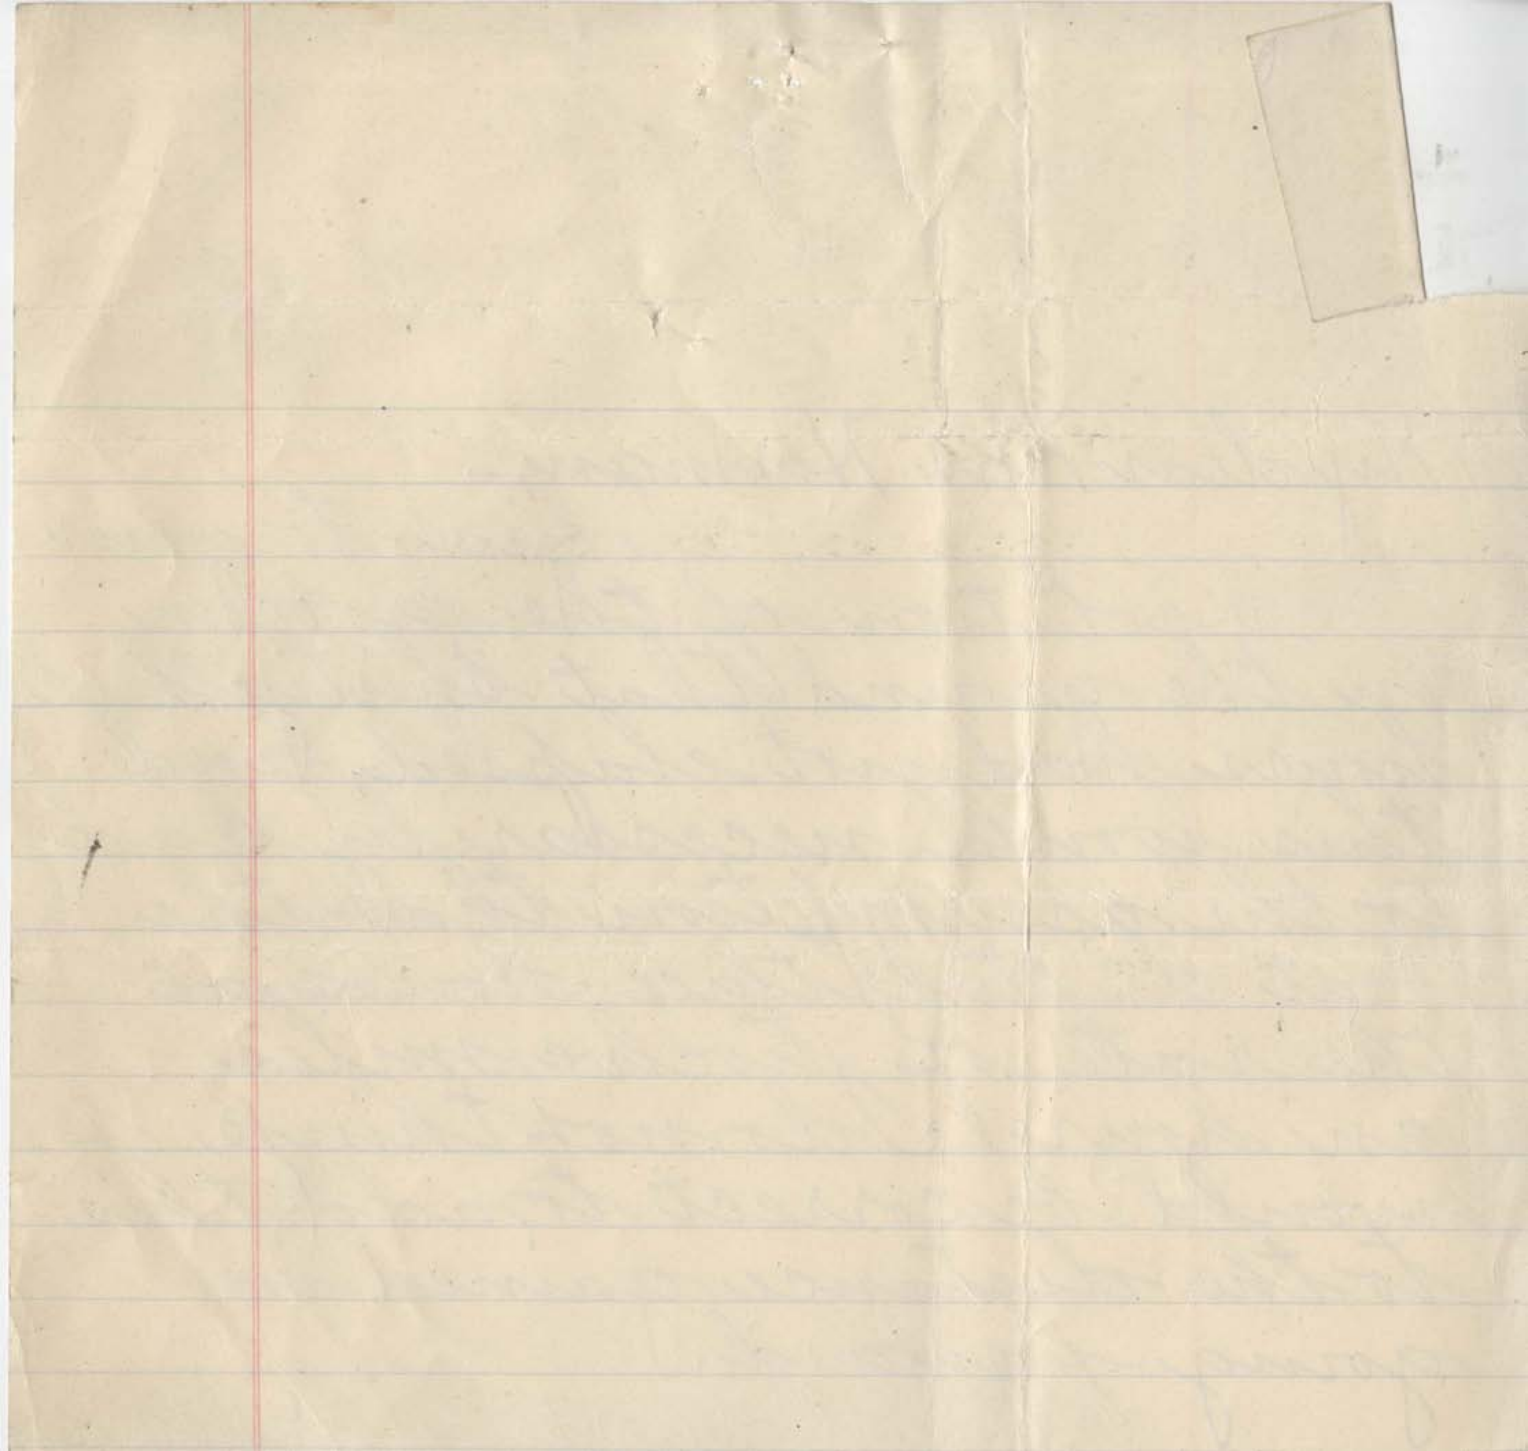

Blountfield,

Vermont

11, Oct, 82

My dear Mrs. Herman, -

Object to your solution of the problem on the ground that thirty-three hours had not elapsed, and this would necessarily lead to the assumption that the boat drifted three hours at the rate of twelve miles an hour. I do not think it would be correct to add this to the distance gained in going forward.

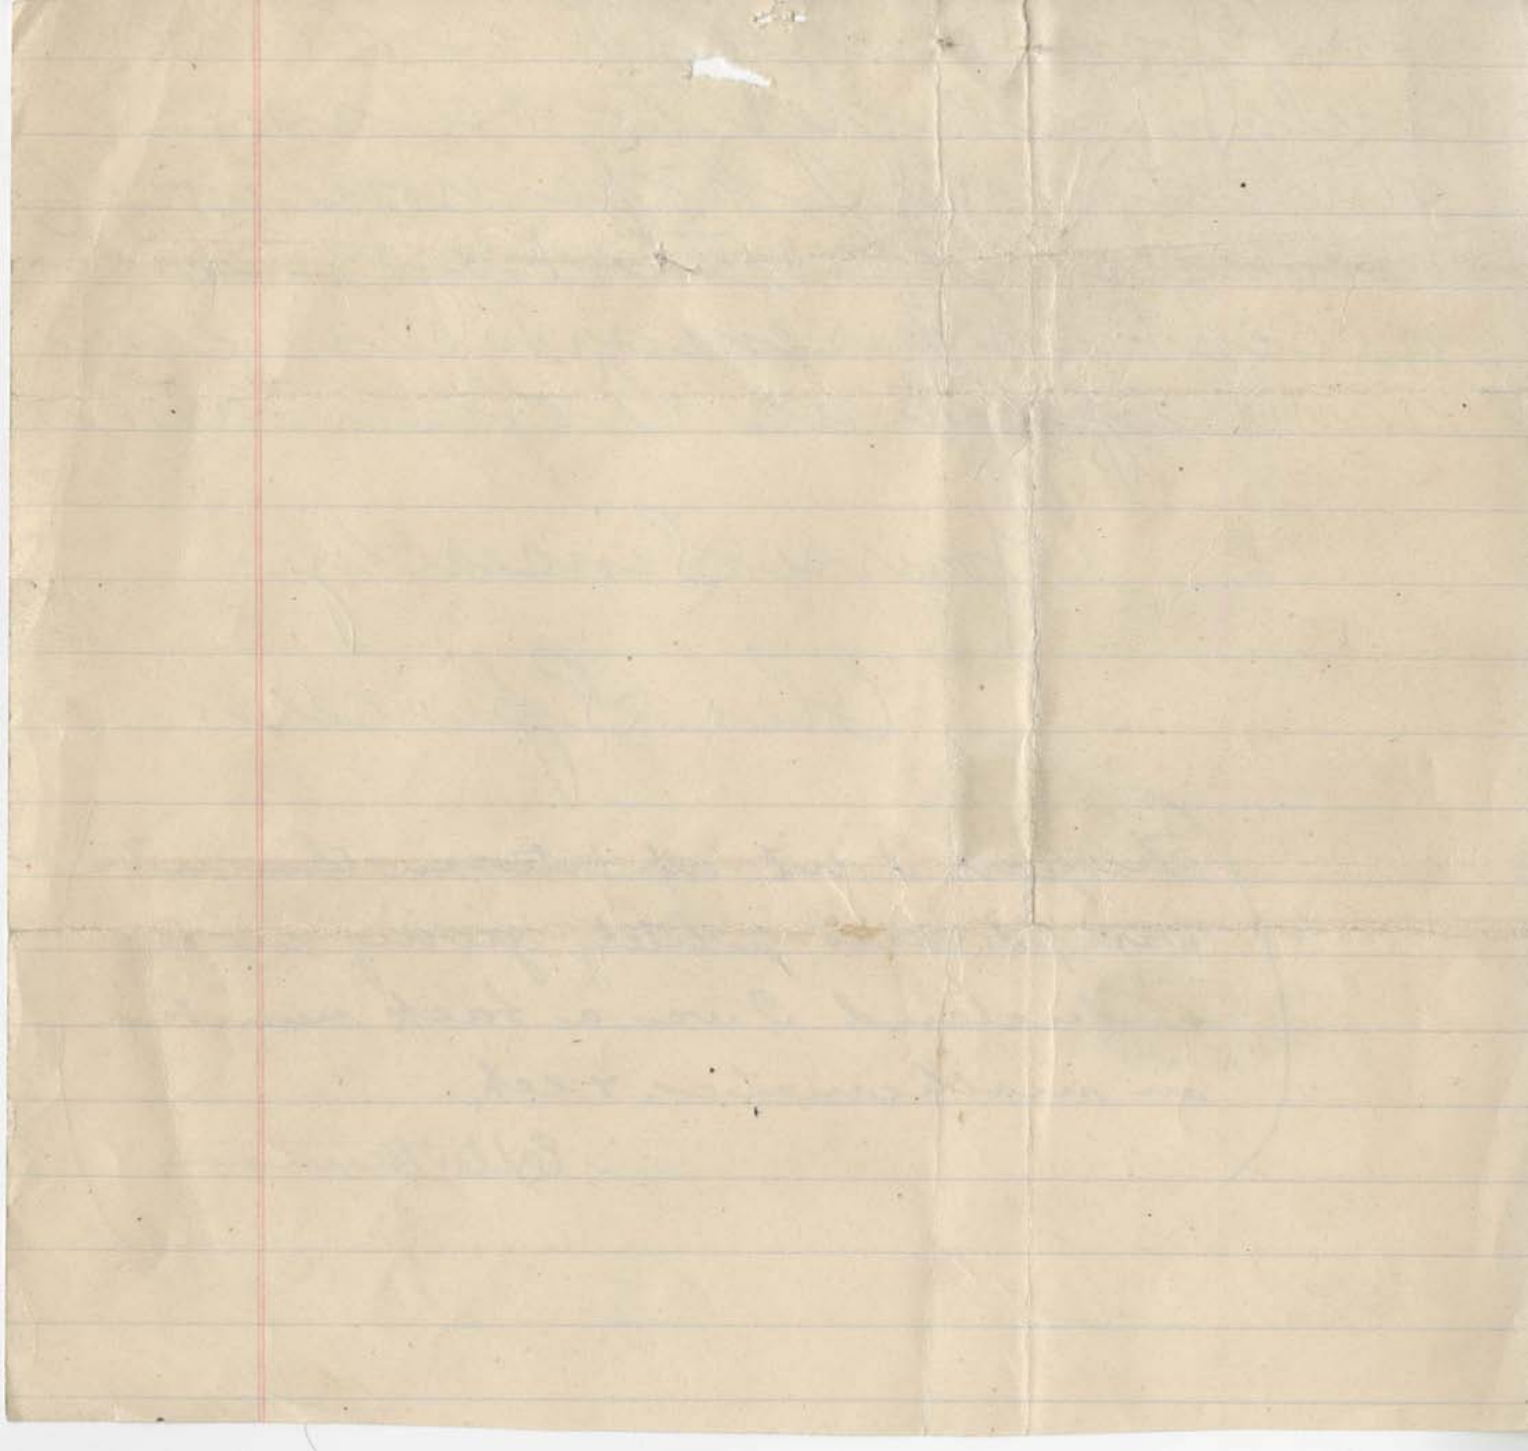

Your daughter. This all I
could wish her to be as a
student, and I hope you will
visit us. Also, that you will
accept these remarks in the
same spirit as I offer them.

Yours Sincerely

Cleo Spencer.

WATERVILLE, MAINE

Nov. 12, 1900.

My dear Shepardson:-

I was glad to get your note of the ninth.

Your reference to W. J. Bryan and the sad fate which you say befell him last Tuesday is not clear to me. In this remote part of the world we do not always hear what is going on. Who is Bryan, anyway, or who was he? Can his name be found in "Who's Who"? Possibly as the Times-Herald said of Dean Stubbs, he is not even a "What." I shall await with interest any further information you may give me about this person.

Sincerely yours,

Nathaniel Butler,
F.

W. A.*

DENISON, TEXAS, March 25, 1896

Dear Sir:

Will you kindly answer the following question, and thereby set at rest a long-continued discussion in our office: Is it correct or not to say "Mrs. Judge Jones," Mrs. Rev. N. B. Read, "Mrs. Dr. Smith," etc.? It is a case of printer against editor, and you are the unanimous choice for Judge. Thanking you in advance for your kindness, I am

Yours most respy,

Walter W. Anderson.

P.S. - The above refer to the wives of preacher, doctor and Judge.

James Westcott Walker

The matter is really one of etiquette rather than of rhetoric; but in our classes where letter-writing is required as a rhetorical exercise, we do not permit the forms "My Judge Jones" &c. It is inconvenient to do without these condensed & descriptive ~~forms~~ ^{phrases}, but good use of the present day seems to require it. One must say "Mrs. Jonas L. Jones," or whatever the proper name is, & let the ambiguity go if ambiguity there is. It was not ever thus: in old New England the other form was once fashionable, & still in Washington such phrases as "Mrs Senator Jones" are often heard.

E. H. Lewis

Dear Mr. Harper:-

When John Rockefeller visits your Institution during the week of June 14th, would you not like to give him something which he can carry away as a significant and suitable souvenir of the occasion?

Can you think of anything which would be more pleasing to Mr. Rockefeller than the hymn "America" in the handwriting of the author, the late Rev. Samuel F. Smith? Mr. Rockefeller's love of music, and his ardent support of Baptist institutions would cause him to take particular interest in the national hymn because Dr. Smith was a Baptist clergyman.

I can send you an autograph copy of this hymn, prepared for me by Dr. Smith

Miss Edith Congdon,

5726 Prairie Avenue, Chicago.

My dear Miss Congdon:-

The two expressions
you mention in your recent letter are violations
of accepted English idiom. The first one is a
usage common in French; in ordinary English we
should say, "I have been here three months."
The second one is, I believe, an Irish idiom.
If there is any further information you desire I
shall be very glad to be of service.

Yours very truly,

Secretary to the President.

Dear President Harper,

Author of the enclosed
is a German gardener, whose
hobby is collecting photographs
of eminent men. He has heard
that a gentleman, named Rockfort
(Rockefeller) has given several
millions of dollars to the University
of Chicago, a circumstance so
unique, as to make the writer
wish to add a picture of Mr. Rocke-
fort to his collection of celebrities.
His request is that the President of
the U. of C. will express this wish
to Mr. Rockfort at the first op-
portunity.

The whole note is indescribably
droll in its evidently genuine,
stiffly starched politeness and
expression of thanks to the President
for the trouble involved in the
matter.

Yours faithfully,

Starr Willard Cutting.

Chicago, 189
flowers I could not tell how much
they would cost. Then you changed
the number to fifty persons I
told you the price would be a
little less - and I presume by
actual figuring it would have
been about \$5.00 less. as I could
lessen nothing but the food -
The largest expense in such a
luncheon consists of the service
ware, linen, & flowers (which
I could not lessen for ten persons)
The bill we will now pay was
\$95.00 for fifty persons for four courses
add \$10.00 for flowers and you
have \$105.00
After due consideration at home

Ad Equum rescribere.
De Bello Gallico Comm 1:42.

When we reduce the common man
And right along, officials eye,
Impressed that brilliance ne'er began
Except among the titled high;

Some unforeseen occurrence then,
Is apt to dash our idols down
While from the ranks of unknown men
Rare merit steps and takes its crown.

When Caesar tried his luck in Gaul
And on his flanks the Germans hung, —
Throughout the camp overbrooding all
A sudden terror fell and clung.

To face that crisis, Caesar chose
One legion favored 'bove the rest, —
With these he dared to meet his foes
And risk his fortune, breast to breast.

And with his fortune, bent to meet
With there he dared to meet his fate
One legion formed for the rest,
To face that crisis, great cheer

A sudden terror fell and change
Throughout the camp, everything all
And on his flank the Germans hung,
When Caesar tried his luck in Gaul

For merit steps and takes its crown
While from the ranks of unknown men
It got to dash our idols down
Some happiness occurred then

Except among the titled knight;
Impressed that brilliance never began
And right along, officials eye,
When we reduce the common man

Old Epigram recorded.
Le Belle Helles Com 1:42

These should his proved Pretorians be,
 Their valor true he would endorse
 And in the fourth watch, all should see
 This band advanced to Gallic horse.

A private proud to be so praised
 Tossed out a joke, that went the round, -
 Now Caesar had this legion raised
 To be the horse, from Roman ground.

Ambition would be writ again, -
Rescribi is its aim and end:
 How whimsical - advancement - when
 In act of climbing, we descend.

Even Caesar's rigid brow relaxed
 While on his page, he penned the wit -
 The face severe - with tension taped
 Broke into smiles, o'er what was writ.

21
This band advanced to Fells River.
And in the fourth watch, all should see
their water turn the usual colour
They should be given of Antares &c.

To do the same, from Roman ground.
How Caesar had this legion raised
Chased out a flock, that went the round,
A private ground to be so raised

On act of climbing, we observed.
Often administered - advancement - when
Rescribi is its aim and end:
Ambition would be next again.

Look into smiles, for what was lost.
The face severe - with caution take
While on his face, he showed the rest
For Caesar's rigid brow relaxed

Fine spirits bear their lives along
 With such a charm of poise and ease
 That when they speak, their speech is song
 And all they do, is sure to please.

This soldier's name we never heard, —
 But see, — success attends his path,
 His happy heart seems like some bird
 That shares unselfish what it hath.

The lightning that from cloud leaps forth
 And then to deeps of dark retires,
 Reveals what stores of modest worth
 In secret nurse their native fires.

That man is man all men among
 Who is alert, alway to serve,
 Is unambitious to be sung
 But never will from duty swerve.

And point bear their lives along
With such a chain of force and love
That when they speak, their speech is song
And all they do, is sure to please.

The soldier's name we never heard,
But see - success attends his path
His happy heart seems like some bird
That chases himself what it hath.

The lightning that from cloud leaps forth
And then to depths of dark retires,
Reveals what stores of power are forth
In secret nurse their native fires.

That man is more all men among
Who is alert, always to serve,
In various duties to be strong
But never full from sleep awake.

fills - grand soul - each stressful hour
 Content in faithfulness to do, -
 Uncaring who may wield the power
 So he may keep to duty true.

Chicago University
 This principle exemplifies; -
 How it was made and manned, - supply
 Incentives strong, for souls to rise.

The forces which empower and guide
 Emerged from brain and purse below;
 And whoso wills his time to bide,
 May in like manner do and know.

Myself - grand soul - each successful hour
Content in faithfulness to do -
The coming work may wait the flower
So he may keep to that time.

Chicago University
This principle / Principles -
How it was made and named - supply
Adventure strong, for that to rise.
The power which empowers and empowers
Concealed from him and from below
And whose will is time to die
May in like manner be well known.

Dr. William W. Folwell,

1020 5th St., S.E., Minneapolis, Minn.

My dear Dr. Folwell:-

On reaching my office this Thursday morning after my three weeks play spell in the mountains, I am gratified to find your note of the 21st inst. and to know that you will kindly serve as Convocation orator. I hope the task will prove as toothsome as ~~convocation orator~~. I have not in mind anything whatever which is particularly desirable to have you handle. Use your own taste and judgment. We shall count on seeing you here and I shall write you later a little before the time of your coming as to details. The Convocation address varies in length anywhere from thirty minutes to an hour at the discretion of the speaker.

Looking forward to seeing you, I am

Cordially yours,

1037 27th, 1902.

Dr. William W. Holwell,

1030 5th St., S.E., Minneapolis, Minn.

My dear Dr. Holwell:-

On receiving my office this
Thursday morning after my three weeks' lay-up in the
mountains, I am gratified to find your note of the
21st inst. and to know that you will kindly serve as
Convocation orator. I hope the text will prove as
footnote as ~~convocation~~. I have not in
mind anything whatever which is particularly desirable
to have you handle. Use your own taste and judgment.
We shall count on seeing you here and I shall write you
later a little before the time of your coming as to
details. The Convocation address varies in length
anywhere from thirty minutes to an hour at the discretion
of the speaker.

Looking forward to seeing you, I am
Cordially yours,

Minneapolis, Minn. July 21 1906:

1020 5th St. S.E.

Dear President Judson;

" The time to take tarts is when they're a
passin'".

On this ancient principle which cannot be gainsaid, I am
bound to lift this particular dainty, altho' full of good provender.

If there is any tradition, touching range of topics, or if you
would like to see me tackle any particular windmill, please to sug-
gest.

This should have gone off yesterday but my secretary, M.H.F. was
off her feed. You recognize here my own tupe-write.

After a really restful stay in a city where people do every thing
but rest, I came home and jumped into my "yob" with vigor. I hope you
are not returning to yours till you are fully recuperate.

Faithfully yours,

Pres. Harry Pratt Judson,

Chicago, Ill.

University of Chicago

Am. W. Folwell.

22

Chicago, Ill., Jan. 10, 1900.
Dear President Johnson:

I have just received your letter of the 7th inst. in relation to the proposed amendment to the Constitution of the United States. I am very glad to hear that you are so interested in the subject. I am sure that the amendment will be adopted, and that it will be a great benefit to the country. I am sure that you will be very satisfied with the result. I am sure that you will be very satisfied with the result. I am sure that you will be very satisfied with the result.

Very truly yours,
Wm. W. Felt

From, Henry Pratt Johnson,
Chicago, Ill.
a University of Chicago

Minneapolis, Minn. Aug. 26 1906:

Dear Dr. Judson:

I have your letter of the 25th containing sailing directions, to which I know how to conform. I t will be convenient to be lodged at the Del Prado.*I promise to eat "light" at the luncheon , so as to be in condition for the q.f.d. before the reception.

I regret that Mrs. Folwell can not go this trip. If it would be agreeable to you and Mrs. Judson Mrs. Russell H. Folwell could supply her place. She has even better clothes than Mrs. W.W. F. Russ's city address is 2031 Kenmore ,and he has a telephone.

Billy is not at Sheridan, but at Fort Riley Kansas, and so is out of the game.

We managed to exist during the heated term. The glorious sunshine with a cool north wind blowing to-day compensates for much misery.

I may go down to-morrow night, or Wednesday night. In either case I will call up to ask where and at what hour the luncheon will celebrated.

Very cordially yours,

Wm. H. Folwell

President Harry Pratt Judson,

Chicago, Ill.

University of Chicago.

* If I go before Thursday, I shall be at Russ's.

Wm. R. Harper

Minneapolis Minn. ^{Box 4}

Dec 23rd '9

Respt William R. Harper:

Dear Sir. Presuming

on your usual kindness and readiness to assist those in trouble, your opinion is earnestly requested concerning the following dispute:

A says "The man came after night" meaning that the man came in the night.

B maintains that after night in the sentence is incorrect because it implies that ~~A~~ the man came not in the night as A intends to say but the following day.

A claims that in the sentence after is a temporal adverb and the clause "after night" is elliptical for "after it became night".

My dear Mr. Chapman
I have the pleasure to
acknowledge the receipt of your
letter of the 10th inst. and
in reply to inform you that
the same has been forwarded
to the proper authorities for
their consideration. I am
very sorry that I cannot
give you a more definite
answer at this time, but
I am sure that you will
understand the necessity of
this delay. I am, Sir,
very respectfully,
Yours,
Wm. L. Garrison

or "after ~~the~~ night had come on"
He justifies the use of the word
night on the ground of metonymy.

If you will kindly offer
an opinion on this matter, you
will confer a great favor and
will receive the thanks of a circle
of young people who will await
your reply with eagerness.

Sincerely,

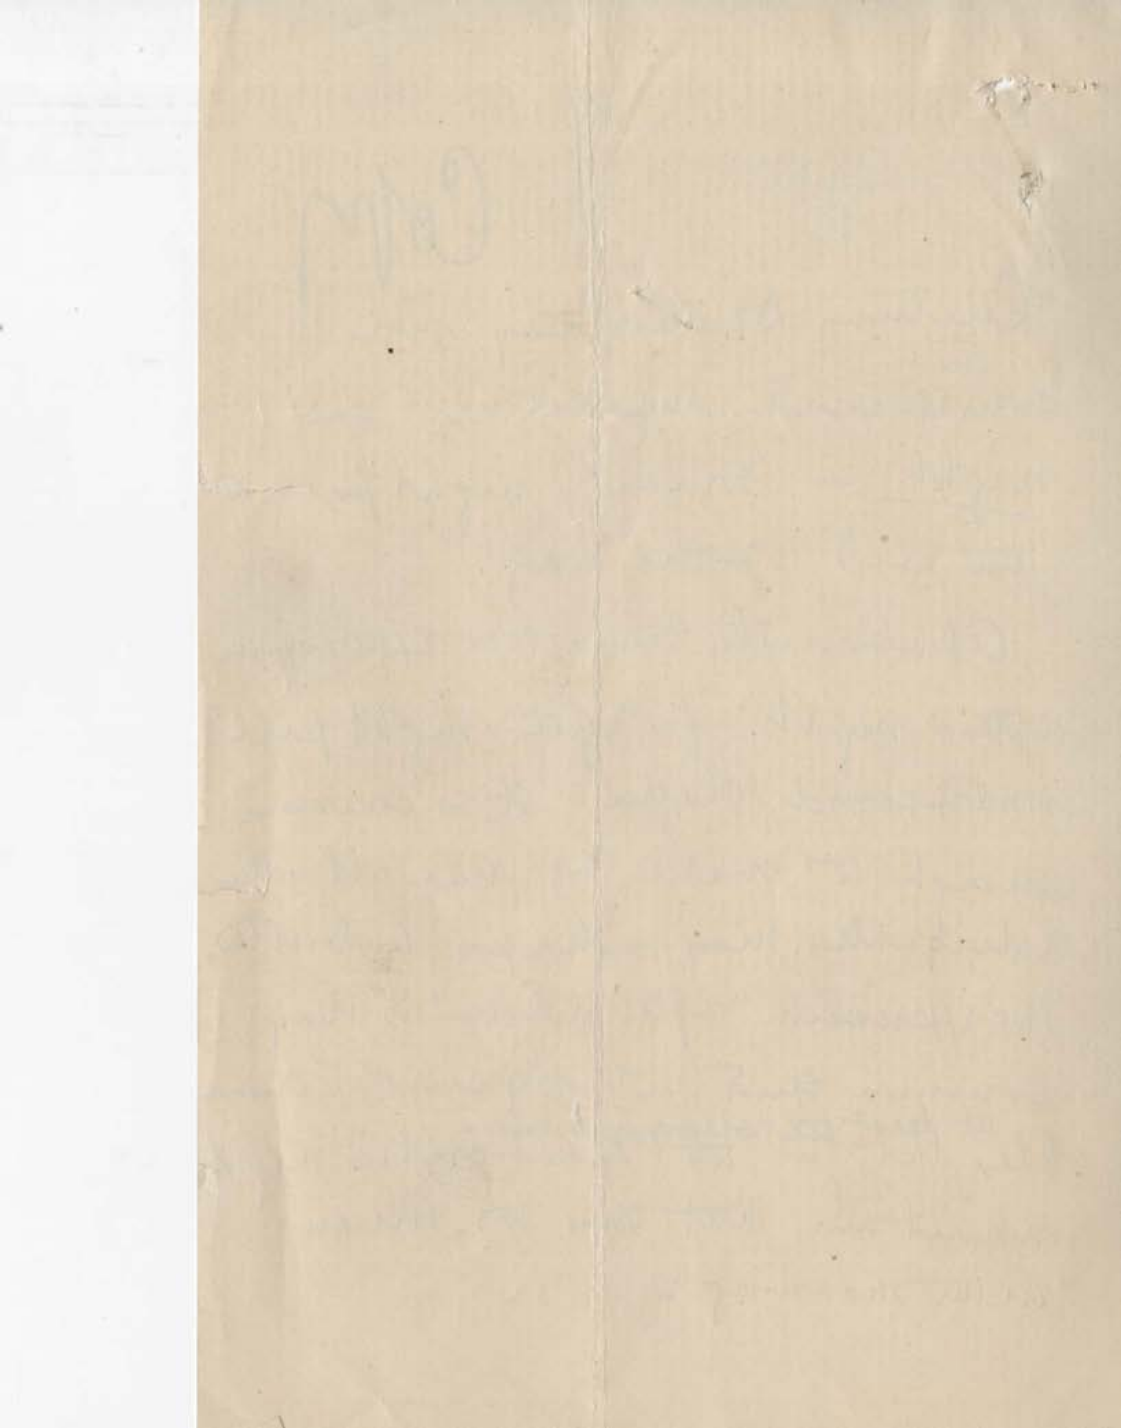

M. L. Fox

328, S.E. Oak St.

Copy

Century Dictionary gives
as ^{the} second definition of
night - "Evening; nightfall;
the end of the day".

Apparently then the expression
"after night" for "after-night fall"
is not incorrect. Whether it is common
enough to make its use altogether
advisable may perhaps be doubted.
The expression "after dark" is very
common and wholly unobjectionable
^{at least for colloquial use.}
But the too & a critic might
maintain that this too means
"in the morning" -

me to fill.

I assure you I have
large qualifications for
such a chair -

Yours sincerely

Henry V. Freeman

Superior Court of Cook County.

Judge Henry V. Freeman.

In Chambers.

Judge Freeman.

Feb'y 12th 1895

My dear Mr. President

Your note of Jan'y 30th
only reached me a day or two
since. In reply permit
me to say that I had no
idea my name was to head
the list of names on that
circular in reference to the
organization of a new Club
in South Park.

Mr. Woodie asked me
for the use of my name with
others in reference to the
discussion of such a project.
I told him I could not then

attend, and have really
taken almost no interest
in it.

Like yourself I am a
member of so many Clubs
and similar organizations
that I question the propriety
of my joining any new
ones.

I have been spoken to
by three of the Professors
with regard to a Club
called I am told the "Quad-
rangle Club". I understand
that it is made up of
those connected with the
University in some way.

Probably I am not eligible
though I have been told
the said Club proposed to
take in some few outside
barbarians. If this is so
I may consider that matter,
but I have not enough
knowledge about it as
yet.

Perhaps it may be as
well if I am not eligible
and I shall be faced the
temptation of joining another
Club; unless indeed you
establish a new Professorship
requiring no knowledge of any
subject, with large income
and no work, and invite

COUNSELLOR AT LAW AND PATENT ATTORNEY

EXPERT IN PATENT SUITS

TELEPHONE, 414 CORTLANDT
CABLE ADDRESS, ACCURATUS NEWYORK

ST. PAUL BUILDING, 220 BROADWAY

NEW YORK, June 2, 1904.

President William R. Harper,

Dear Sir,

Please

Last year I collected quotations for a calendar, a few leaves of which are enclosed, and for a scrap-book entitled "The Quest For Health", copy of which is mailed to you today. This is to ask if you will contribute a few lines for the 1905 work in favor of bicycling or outdoor exercise in general, or for good roads.

We are endeavoring to bring cycling into more general favor, for the health and good comradeship it engenders, and through the cyclists, to urge renewed interest in road improvement, as the intense interest in cycling a few years ago did more in this direction than any other cause. This year we distributed 150,000 copies of the calendar and 200,000 copies of the book.

The Pope Mfg. Co. will again defray the expenses of publishing the calendar, and we will use the bicycle quotations in some novel way differing from the scrap-book.

It will be a great convenience to me if you will let me have a reply to this within two weeks, but if I am assured of a sentiment from you I will wait longer for it.

Yours very truly,

Edith J. Griswold

412, Judson Avenue,
Evanston, Ill. Dec. 30.
1895.

Dr William R. Harper.

Dear Sir.

The interests
and opportunities of a Uni-
versity town are so varied
that the inhabitants seem
to require nothing more, save
an association for the
manufacture of time.

I have delayed re-
plying to your cordious
letter in view of the pos-
sibility of some department
of our Woman's Club tak-
ing up the "University Co-
tension Work," at present
I do not see any opening

but some-what later a
new opportunity may appear.

As I have never accep-
ted the position of Local
Secretary, please appoint
some one else to the po-
sition.

—
Wishing you the best and
the happiest of
New Years,

I remain,

Cordially,

Elizabeth Boynton Harbert.

G. Rose

This tells the tale of Mr. Bass, but is not a fish story.

This afternoon a man came in and inquired after a divinity student by the name of Bass. Looking on the book, no such name was found. He insisted that the man was here and had a room in the dormitory, as he had received a letter from Bass stating that fact, and that he was at work. There was no such name on our dormitory list. Still the inquirer insisted.

A call upon Dr. Hewitt resulted in ascertaining that Bass had arrived at the University after office hours, and Dr. Hewitt gave him a room in Divinity Hall for the night. He forgot to report the fact to our office next day, and Mr. Bass settled down without further formality. This was at the beginning of the second term. Thus we had a roomer without knowing it, and he might have remained in the room indefinitely without fee.

Inquiry at the Examiner's office showed that the said Bass filled out an application card and was given a matriculation card, which he did not present at the Registrar's office.

Inquiry at the Dean's office elicited nothing. No registration card for Bass had been returned.

Inquiry of Dean Hulbert disclosed that Mr. Bass was a southern minister of eminent political service who expects still that Grover Cleveland will make him consul in some important place. As to the matter of registration the Dean was not sure enough to swear, but did not believe he had made out a registration card. There the case rested.

The end is not yet; but the probabilities are that the instructors have admitted the man to their classes without his card.

However that be, here is one of the cases where a man can enter the University, room in the dormitory, and go on with his work, without matriculating, or in any way becoming known to the office lists or fee rolls.

This tells the tale of Mr. Bass, and is not a true story.
This afternoon a man came in and inquired after a Divinity student
of the name of Bass. Looking on the book, no such name was found. He
insisted that the man was here and had a room in the dormitory, as he
had received a letter from Bass stating that fact, and that he was at
work. There was no such name on our dormitory list. Still the indi-
vidual insisted.

A call upon Dr. Hewitt resulted in ascertaining that Bass had ar-
rived at the University since office hours, and Dr. Hewitt gave him a
room in Divinity Hall for the night. He forgot to report the fact to
our office next day, and Mr. Bass settled down without further formal-
ity. This was at the beginning of the second term. Thus we had a
roomer without knowing it, and he must have remained in the room in-
definitely without fee.

Inquiry at the Examiner's office showed that the said Bass filled
out an application card and was given a matriculation card, which he
did not present at the Registrar's office.

Inquiry at the Dean's office elicited nothing. No registration
card for Bass had been returned.

Inquiry of Dean Holcomb disclosed that Mr. Bass was a southern
minister of eminent political service who expects still that Governor
Cleveland will make him counsel in some important place. As to the
matter of registration the Dean was not sure enough to swear, but
did not believe he had made out a registration card. There the
case rested.

The end is not yet; but the probabilities are that the intru-
sors have admitted the man to their classes without his card.
However that be, here is one of the cases where a man can enter
the University, room in the dormitory, and go on with his work, with-
out matriculating, or in any way becoming known to the office lists
or fee rolls.

Answered

JUL 3 1902

Francis W. Shepardsen,

Secretary to the President.

My dear Dr. Harper,

I read in the paper that there were to be patriotic services at the U. of C. on 4th of July.

I write to ask if my new song may be sung on that occasion if Mrs Guthrie & I furnish enough copies for the audience.

The melody is so easily caught up that the audience could join in the chorus from hearing Mr Jones or some other soloist sing the first verse. I enclose another song "The Old Thirteen" to prove that my work has been used in gatherings of importance.

This other - "Our Own Dear Flag, the Stripes and Stars" was written the spring after the

Spanish War. Its compass
is such that the majority
of voices do not break on
it as on the "Star Spangled
Banner," and it does not drag
like "America" which in
reality is an English melody.
This song of mine & Mr Baum's
is full of vim & energy -
The chorus is inspiring when
carried by many voices. Its
time is so simple there
are never any weak spots.
even children learning at the
first time they hear it.

Mr Baum is a Violinist &
would gladly help, either on
piano or violin. He can be
reached by telephoning to the
Cable Piano Co. Jackson & Hoback
Or I could carry the piano
part if needed or wanted.
Should you wish copies of the song
send me word how many to have
printed. We have the electrotyped
plate, but would need notice at once.

Yours very truly,

June 25th

Mrs. H. H. Harges -
5832 Rosalie Court.

Mr. John J. Hayes,
Room 704, 303 Dearborn Street,
Chicago, Illinois.

My dear Sir:

I regret to state that your letter has been received in the absence of President Harper and he is unable to give it his personal attention. I would say, however, that it is pretty well settled by usage that in a term like "Jones Smith Brown & Co" there should be commas after the name Jones, Smith, and Brown. The only question that can arise is in the case of the comma following the name Brown, but it must be expressed there unless the writer wishes to create the impression that "Brown" and "Company" are more closely connected than Smith and Company or Jones and Company. To put all the names on the same footing, in other words, the commas should be used throughout.

Yours very truly,

E. W. Shepardson

SEATTLE, U. S. A. Apr. 15, 1904.

Pres. Wm. R. Harper,
Chicago University,
Chicago, Ill.

My dear Mr. Harper:-

As your interests and those of this Company are mutual in that both are striving to build up this great undeveloped Pacific Coast country, we have felt persuaded to combine our efforts with yours in this undertaking.

You, as well as the members of this Company, are alive to the fact that this section of the United States has almost unlimited resources; that the virgin soil in the greater part of it has yet to meet with civilization's vanguard; that earth's hidden treasures are awaiting the approach of the miner; that its forests, the grandest on this continent, have scarcely been entered; that the ocean's riches have yielded but an atom of their resources to man's efforts; that commercially, the Orient beckons "Come Forward," to whose call the business men of our country have until recently turned a deaf ear; that all of Nature's grandness longs for the tread of humanity.

With these facts as premises, we are reaching forward to encourage, to assist, to urge, if you please, the intelligent, the earnest, the hardworking Eastern man to follow Horace Greeley's valuable advice: "Young man, go West and grow up with the country."

The Mutual Realty Company has for its object the settlement of the Pacific Northwest, Southwest and Middle West. Its plan is: First, to have on its books a description of all available lands, both improved and unimproved, of these sections. Second, to send this information through its stockholders, who represent some of the most conservative and most progressive business men found between New York and San Francisco, to such persons as are looking Westward. Third, so far as possible for us, to supply the WANTS of these people.

We herewith send you a share of stock which is non-assessable, and with it a circular giving some of the salient features of the Company. We trust that you will unite with us, and now, being a member of the Company, take an active part and promote our mutual interests.

Mr. Harper, the Company will be glad to have the names of any persons desiring property in the West, or the description of any property which you may know of for sale either in the East or the West. We are spending a large sum of money in advertising, and we believe that any reasonably priced property can be marketed through our efforts.

Let us hear from you at your convenience.

Yours truly,

MUTUAL REALTY COMPANY.

FOUNDED BY JOHN D. ROCKEFELLER

WILLIAM R. HARPER, PRESIDENT

CHICAGO March 23, 1900.

My dear President Harper:-

Inasmuch as St. Paul, Chrysostom, and Spurgeon have departed this life, I am not sure who can meet the requirements of the church in Houston. The man most likely to fill that place acceptably, so far as I can judge, is Rev. W. B. Riley, pastor of the First Church, Minneapolis. He is quite conservative in his theology, which I suppose will fit him all the better for the position. If they would accept so young a man as L. P. Russell, who after all is not so young, being thirty two or thirty three years of age, I should say he has many of the qualities fitting him for such a position. He might lack a little in the social culture, etc., and might be too advanced in his theological notions to suit the people of that latitude. I have not had opportunity to consult other officials, but will do so and report other men if they occur to us.

Respectfully yours,

C. E. Hewitt.

Mr. H. Hight,
Spencer, Indiana.

My dear Sir:-

I return your manuscript of the story on "the Borders of Eden" by express. It has been read by a member of the Old Testament Department of the University well qualified to pass judgment upon its merits. He reports to me that the story has three fatal defects. (1) It has no compelling interest as a story; it does not take hold of the reader and force him to read it to the end. (2) The style is very poor; there is no freshness nor charm in it; it is exceedingly monotonous. (3) The Author shows no knowledge of ancient oriental life, a qualification absolutely necessary for the production of a successful story, ^{located} in these early times.

In view of these facts I regret that I am unable to recommend it to any publishing house.

Yours very truly,

W. R. Harper

Chicago, Dec. 17th, 1902

Will you ~~not~~ please let me know if the song
made up ~~for~~ ^{now} was received? Hearing
nothing from you I fear it either failed
to reach you or has been overlooked midst
business cares and other more important
matters. I feel quite sure, from what I
know of you, that you would not utterly ignore
my polite and simple request. If the
need were not great I would not be so
urgent, I assure you.

3242 Forest Av.

Very respectfully,
Mamie C. Hoopes

to whom I sent it have responded favorably,
many very generously ordering additional copies.
The enclosed slip will give you an idea of
my patrons. I know from what I have
heard and read of you that you are kindly
disposed and trust you will not find it in
your heart to refuse this slight assistance to
one who, though a great and constant sufferer
having known affluence, is now striving by
such efforts to maintain herself. It means
so little to you but infinitely more to me.

Very respectfully yours,

Minnie C. Hooper

3242 Forest Ave

Chicago, November fifteenth

If the music is of no value to you and you do
not care to buy it will you not please so noti-
fy me by a card and I will forward return
postage only asking that you will kindly have
it wrapped as carefully as when it reaches
you otherwise it will be so damaged in
the mail it will be useless and I can ill
afford the loss but do not wish to force
it upon anyone.
