My dear Mr. Ebert:

Mr. Russell, of the Auditor's office, has given me the particulars of your conversation with him and I have looked up the facts of the case. It seems that you were appointed a fellow by the Trustees of Rush Medical College. No notice, however, of this appointment has been received by the Trustees of the University. In order to the payment of your compensation, it would be necessary for Dr. Irons to notify the University (sending such notice to me as Secretary) that you have been appointed as fellow under the Hyde Memorial Fellowship Fund. Upon receiving this notice, I will endeavor to get the appointment through the University machinery and eventually the money will be paid to you.

Very truly yours,

My dear Mr. Heckman:

① Dr. H. M. Ebert, who has been receiving \$100.00 a month from the Hyde Memorial Fund, is continuing his work as fellow until January 1st. I should be pleased therefore to have this amount paid him for October and, at the proper time, in November and again in December. After the first of January we will have a new fellow and I shall report to you at that time to whom to send the money. ②

The enclosed letter has evidently mixed things up somewhat. Dr. Ebert is staying on at my special request as he is doing some unusually fine work that I want finished. I shall be pleased to know what it is necessary for me to do to expedite the payment of this money to Dr. Ebert. I shall appreciate hearing from you.

With kind regards, I am,

Yours very truly,

My dear Mr. President:

It seems apparent from the accompanying correspondence that Dr. H. M. Ebert should receive from you formal appointment as a fellow, with instructions to have the available amount paid to him for October, November, and December. I judge from the letters accompanying this that the matter is entirely regular, and the situation is merely awaiting your official appointment.

In order that I may be keeping a memorandum of all the data pertaining to these matters, so that I may be getting the whole scholarship situation in mind as you have requested, will you be kind enough to send to me a memorandum of your disposition of the case? On receiving a note from you I will see that the matter goes forward at once.

Hyde Memorial Fund

Dr. Oliver S. Ormsby,
25 E. Washington St.,
Chicago, Ill.

My dear Dr. Ormsby:

Thanks to Mr. Harper's telephone message this morning, I have been able to look up the matter of Dr. Hamilton Montgomery's appointment. Upon examination I find that the Hyde Memorial Fund is a fund of the University of Chicago and not of Rush Medical College. Therefore, recommendations should go to President Burton as President of the University and not to the Rush Medical Board.

The Montgomery recommendation and that of Dr. Peterson and Dr. Ebert all came to me after the meeting of the Board of Trustees of Rush Medical College in December and have been held in my hands awaiting the next meeting of the Rush Medical College Board, as I supposed this was a Rush Board matter. The Ebert and Peterson recommendations will be made to the Rush Board at its next meeting.

I have asked the University Auditor to send Dr. Montgomery a check. It will be mailed in a day or so. As I understand it he is appointed as Hyde Fellow for twelve months from January 1, 1924, at salary of \$1,200. Will you please confirm these two points - duration of appointment and amount of salary - and the matter will hereafter automatically take care of itself.

Hereafter will you please nominate to President Burton asking him to appoint the Fellow and then to report to the University Board.

I hope I have not been guilty in suggesting an incorrect method of procedure on the assumption that this was a Rush Fellowship.

Very truly yours,

Secretary.
