Dear Sir:-

Being convinced of the importance of having "PATRIOTISM" taught in all the educational institutions of our country, I am endeavoring to interest many prominent people to bring this to pass, and it occurs to me that it would be wise and extremely helpful for you to exert your influence with the legislators and with the Army of the Republic, to use their good efforts in this behalf.

Enclosed I hand you copy of the Plan.

Thanking you in advance for your kindn attention to the above,

Biloxi, Miss., June 21, 1910

Dear Sir:-

Please pardon the liberty we take in asking your attention to the teaching of PATRIOTISM as a science. This Club has been lead to look upon it as a means for the prevention of a serious and dangerous national event. It seems to us that the political differences, that the religious contests, that the race problem, that the question of criminality versus the judiciary, that the strife between labor and capital, are likely to produce conflicts fraught with much danger.

It seems to us that the problem of preservation is solvable mainly educationally, and therefore we have thought that it would be wise on the part of those controlling our educational institutions, from the most influential to the smallest grade of the kindergarten- to introduce the study of "PATRIOTISM". This differs from that of the study of "Citizenship" which is intellectual, from that of the study of "Patriotism", which is sentimental.

To accomplish this effectually- normal prepared teachers must be provided, as well as suitable text books, according to the local needs of each institution. Compositions by the students, as well as addresses by citizens on this subject should be of frequent occurrence. The local press should be asked to aid in the furtherance of this cause- to editorially treat this subject and urge the formation of Patriotic Societies in every town and city in the land. If it is not too much of a tax upon your kindness, we would greatly esteem a reply in extenso to the above.

Very respectfully yours

Commercial Club,

D. L. Mitchell

Professor H. F. Judson.

President, University of Chicago.

Chicago, Ill.

Dear Sir:

The voters of Oakland on July 6th elected a Board of Fifteen Freeholders who will have the drafting of a Commission form of Charter, to be patterned after the modern and model charters of Des Moines, Grand Junction, Los Angeles, Berkeley, Alameda and other progressive Cities of to-day.

Having read your article in the May number of "The City Hall" I am taking the liberty to ask you to submit to me any measures you may deem acceptable and practicable for a City of about 200,000 inhabitants.

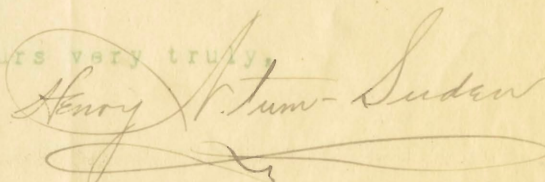

The percentages necessary for the effective working of the Initiative, Referendum and Recall are liable to be the bone of contention among the members of the Board of Freeholders. I am therefore desirous of learning your views regarding the fair and workable percentages necessary for their successful operation.

Do you prefer the "Grand Junction, Colorado" or the "Des Moines" system of voting, or have you some other choice?

The ability and integrity of the members of the Board of Freeholders being of a very high standard I feel assured that they will draft as good, if not a better charter than any extant.

Thanking you in advance for any inconvenience I may occasion, and assuring you that the information will be put to good use, I am,

Yours very truly,

P.S. Enclosed herewith you will find page from the "Oakland Enquirer."

International School of Peace

29A BEACON STREET, BOSTON

July 20, 1910.

Dear Sir:

The International School of Peace, founded by Mr. Edwin Ginn, was incorporated at Boston, on July 12, 1910, Mr. Ginn being elected president of the Board of Trustees.

In the operation of the School, it is proposed to choose, from among persons deeply interested in the cause of international peace, a certain number of men of high rank in their professions as directors of the work. These will be aided by a staff of lecturers and other assistants, as far as the funds will permit. It is hoped that future gifts may swell the generous endowment made by Mr. Ginn.

The annual meeting of the Board of Trustees will take place November 29. It is proposed then to add a group of Associate Members, men and women of eminence in the work for peace. This group will constitute an Advisory Board, who will assist the work as they may variously be able and feel prompted to do the School desiring any suggestion or counsel which they may at any time like to give. With your kind permission, the writers in behalf of the Board of Trustees, will be glad to present your name as a member of this Advisory Council.

We trust that we shall have your cooperation.

Yours truly,

Edwin D. Mead
David Starr Jordan

Dear Sir:

Judson
The International School of Peace, founded by Mr.
Edwin Ginn, was incorporated at Boston, on July 12, 1910,
Mr. Ginn being elected president of the Board of Trustees.

Dear Mr. Mead:-
In the operation of the School, it is proposed to
choose, from among persons deeply interested in the cause of
international peace, a certain number of men of high rank in
return from an absence of some weeks. I shall be glad to serve
on the Advisory Council. I think you fully understand that while
I favor every reasonable means of securing and maintaining inter-
national peace I am not in accord with what I understand to be the
views of some of your colleagues as to the subject of national
defence. It is my further understanding, however, that it is the
desire of those concerned in the movement in question to secure the
coöperation of all who are interested in providing other means of
settling international differences than war.

Very truly yours,

H.P.J.
H. P. Judson

Mr. Edwin D. Mead,
International School of Peace,
29A Beacon St., Boston, Mass.

With your kind permission, the writers
in behalf of the Board of Trustees, will be glad to present your
name as a member of this Advisory Council.

We trust that we shall have your cooperation.

Yours truly,

Edwin D. Mead

David Starr Jordan

ADVISORY COUNCIL

The University of Chicago.

Gentlemen: In explanation of the
enclined let me say, I lived in Ohio
near Dr Hopkins' birthplace, and
knew him. My wife was a colleague
of his at New Concord, Ohio, and
was born & reared on a farm close
to his birthplace. He never forgets.
As our children grew up, & we
were looking about for a college, he
made us a generous offer - we
accepted & followed it up so that
while they did not get to Chicago they
got in at Andover & did well -
his kindly counsel aiding much.
I hope one of you can take them off
my hands.

Very sincerely

J. M. Duggell

Dear Mother
I received your letter of the 10th
and was glad to hear from you.
I am well and hope this finds you
the same. I have been thinking
of you a great deal lately and
wondering how you are getting on.
I have been very busy lately
but I will write you again soon.
I love you very much and hope
to hear from you again soon.
Your affectionate son,
John Doe

August 31, 1910

Dear Sir:-

Your favor of the 20th inst. is received. Herewith I am returning the material which was sent me. I wish we could serve you, but we have no funds which are used in buying autographs. All our book funds are needed for what seem to us more important purposes. Mr. Charles F. Gunther, 212 State Street, Chicago, might perhaps be interested in such things. You would secure more by dealing with such persons, I think.

With best wishes, I am,

Very truly yours,

H.P.J.
H. P. Judson

Mr. J. M. Dalsell,

May I suggest securing forms from Harvard? The inauguration of President Lowell was very carefully conducted. You may be interested also in a volume which has just appeared from Wesleyan University in Connecticut giving a full account of the installation of President Shanklin. Williams College issued a volume also as a

August 5, 1910

Dear Mr. Brown:-

When President Judson was inaugurated we had no ceremonies whatever. Two days in advance of the inauguration very few people knew that at the approaching Convocation Mr. Judson would assume the presidency. The Convocation address was delivered by an old friend, President MacLean of Iowa, who closed his address with an appreciation of his old college friend. Just before this Convocation address Mr. Martin A. Ryerson, President of the Board of Trustees, made a very brief statement concerning the election of Harry Pratt Judson to the presidency of the University of Chicago, and in another brief statement Mr. Judson accepted the presidency. This was all there was to it. The simplicity and informality of the exercises were in accord with the wish of President Judson. I think, therefore, that we have no forms which would be of any interest to you.

I am now working on an accurate list of what I have and what I want, in order to complete the collection. As soon as I have arranged this I shall be glad

August 2, 1910

Dear Mr. Brown:-

When President Judson was inaugurated we had no

ceremonies whatever. Two days in advance of the inauguration very few people knew that at the approaching Convocation Mr. Judson

would assume the presidency. The Convocation address was de-

livered by an old friend, President Maclean of Iowa, who closed

his address with an appreciation of his old college friend. Just

before this Convocation address Mr. Martin A. Ryerson, President

of the Board of Trustees, made a very brief statement concerning

the election of Harry Pratt Judson to the presidency of the

University of Chicago, and in another brief statement Mr. Judson

accepted the presidency. This was all there was to it. The

simplicity and informality of the exercises were in accord with

the wish of President Judson. I think, therefore, that we have

no forms which would be of any interest to you.

May I suggest securing forms from Harvard? The inauguration of President Lowell was very carefully conducted. You may be interested also in a volume which has just appeared from Wesleyan University in Connecticut giving a full account of the installation of President Shanklin. Williams College issued a volume also as a memorial of the inauguration of President Garfield.

As to slides, I think that most of those you saw in my collection may be secured from Mr. A. E. Wipperman, the Photographic Materials Company, Wabash Avenue, Chicago. Wipperman made these for me at a low rate, largely to get an opening at the University. I paid \$40 per hundred. In that he already has the negatives it seems to me that you ought to get as good a rate in getting prints from the negatives.

Since I got these, however, I have made over a hundred slides for myself, largely from Albright, Archer, the Illustrated London News, Mathews, and Wilkinson's Londiniana. Because Dr. Land has his dark room so conveniently arranged and because cover glasses for the lantern slides are, curiously enough, more expensive than the negatives themselves, I have never retained negatives, but have cleaned them for use as cover glasses. I am now working on an accurate list of what I have and what I want, in order to complete the collection. As soon as I have arranged this I shall be glad

May I suggest securing forms from Harvard? The inauguration of President Lowell was very carefully conducted. You may be interested also in a volume which has just appeared from Wesleyan University in Connecticut giving a full account of the inauguration of President Franklin. Williams College issued a volume also as a memorial of the inauguration of President Garfield.

As to slides, I think that most of those you saw in my collection may be secured from Mr. A. E. Wippenman, the Photographic Materials Company, Wabash Avenue, Chicago. Wippenman made these for me at a low rate, largely to get an opening at the University. I paid \$40 per hundred. In that he already has the negatives it seems to me that you ought to get as good a rate in getting prints from the negatives.

Since I got these, however, I have made over a hundred slides for myself, largely from Alpbright, Archer, the Illustrated London News, Matthews, and Wilkinson's Londonians. Because Dr. Land has his dark room so conveniently arranged and because cover glasses for the lantern slides are, curiously enough, more expensive than the negatives themselves, I have never retained negatives, but have cleaned them for use as cover glasses. I am now working on an accurate list of what I have and what I want, in order to complete the collection. As soon as I have arranged this I shall be glad

to let you have
in return

Harrisonburg Va

-3-

to let you have a list. Indeed, I have thought of printing it
in response to a good many questions, so that others may have
available the sources of my material in case they wish to make
the slides themselves. I have no slides representing Corpus
Christi plays. Of course I have one of Sharpe's Coventry picture,
and I have a photograph of the second Shepherd's Play, as produced
by the Yale Dramatic Association. I got in England last summer
also some pictures of the Chester Shepherd's Play, as produced at a
Fulham Pageant. It happens that I have a duplicate slide of them,
and I am sending this to you. I wish I could offer you more in
the same way. I shall be sure to send you the list as soon as I
have it checked up. I am afraid, however, it will not be very soon
that I can do this.

Sincerely yours,

D. A. Robertson
Secretary to the President

Mr. Frank C. Brown,
Harrisonburg, Virginia.

Dear Robertson:

I am writing to ask whether you present copies of your invitations and programs of the ~~inaugural~~ exercises when President Judson was inaugurated. If you have such copies I should like to borrow them for a few days; I promise to return them as soon as I look them over, unless you do not care to loan them back.

If you have time and patience I should like to have you tell me when I can get slides or pictures of stage-material, such as you have collected. I want to discuss the early stage

and have been
much valuable information
and material. As you have
been showing the material
presenting before the public
did you say any thing about
that for which this is
what information you can
possibly give to
those who are
interested in the
new book, please.

That has been done

Sincerely

Frederick Douglass

Washington D.C.
1845

Dear Sir,
I have been thinking
of writing you for some time
but have been so busy that I
could not find time to do so.
I am now in the city and
am very busy with my
work. I am sorry that I
cannot write you more
often. I am, however,
very truly,
Your friend,
Frederick Douglass

and I am sure you have
much valuable information
and material. Do you have any
slides showing the methods of
presenting 'Corpus Christi' plays?
Did you buy any slides outright?
If so, from whom? Give me
what information you can
easily ~~do~~, directing me to
places where I can hunt it
down. You have seen B. Matthews
new book, of course.

With best wishes, I am

Sincerely

Frank C. Brown

My friend

body will be another interesting experiment, I have no doubt, in the direction of simplified and effective local government. At the risk of repetition I repeat again that it seems to me in all such questions important to distinguish between the essential and the incidental. If the essential things are adopted incidental matters can be changed from time to time as experience indicates.

August 9, 1910

With best wishes, I am,

Very truly yours,

Dear Sir:-

Your favor of the 13th of July came while I was absent from the city. I am much interested in your plan. The essential thing, it seems to me, is to adopt the commission system of government, involving a small number of officers chosen by the voters, and made directly responsible for what they do. All other matters are questions of detail. The percentage necessary for the effective working of the initiative, referendum and recall, it seems to me, are still wholly speculative. Only the experience of a number of years in a number of localities can determine adequately what is best. Personally, I should much prefer a short term of office to the recall, as answering every practical purpose and as making things much more regular and simple. The referendum, too, I should prefer to see limited to important matters on which a simple Yes or No vote can be given intelligently. The charter adopted by your

August 7, 1910

With best wishes, I am,

Very truly yours,

H. P. Johnson

Your favor of the 1st of July was duly received and is being
considered. I am much interested in your plan. The essential
thing, it seems to me, is to adopt the commission system of govern-
ment, involving a small number of officials chosen by the voters,
and made directly responsible for their acts. All other matters
are questions of detail. The percentage necessary for the election
of the officials, the salaries, the term of office, is more or less
a matter of expediency. Only the experience of a number of
years in a number of localities can determine adequately what is best.
Personally, I should much prefer a short term of office to the
usual one, as ensuring every practical purpose and as saving expense.
The salaries, too, I should
prefer to see limited to important offices on which a single tax or

SEES ADVANCE OF NEGRO RACE
IN JACK JOHNSON'S VICTORY

MAY YET BE SEVERE QUAKE;
EQUAL OF THE PROBABLY IN
WHITES ICELAND

Chief of Police Greatest Temblor
Martin Takes Since Mt. Pelee
Exception Burst Out

CHICAGO, July 7.—The Johnson-Jeffries fight at Reno is merely an instance of the remarkable recent advance of the black race, according to Professor W. L. Hamilton of the University of California, who is a member of the faculty of the Summer School at Northwestern University. In a lecture before a class in sociology Professor Hamilton declared that the negro no longer can be considered the white man's inferior. He pointed to the Reno fight as partial proof of his assertion.

"In art, music, literature, warfare, and physical development, the negro has gone forward rapidly in the last half-century, and no longer can be considered inferior to the white," he said. "He is rapidly approaching equality with the white so far as civilization is concerned, and I should not be surprised were I alive 300 years hence to see the negro and the white intermarry and meet everywhere on common ground."

ALL BOSH, SAYS MARTIN.
SAN FRANCISCO, July 7.—"If Professor Hamilton, or any other professor of sociology, bases his prediction of the coming equality of the black man with the white on the result of the Jeffries-Johnson fight, he's 'way off,'" said Chief of Police Martin here today. "It was purely and simply a question of condition in the Reno fight," continued the chief. "Some persons close to Jeffries knew that he could not get conditioned to fight the negro, and were certain that the black would win. Say, don't let anyone hand you that 'superiority of the negro' stuff from evidence gathered at Reno. Why, I bet I've got a dozen husky men on my force that could manhandle Jack in the fashion. If he opened his mouth about any superiority of the black man, and I'd make another bet that any San Francisco stevedore who got good and mad could roll Johnson around like a marble. There are few negroes here—about 100—and they are peaceable and, say they're not starting any race superiority talk, neither."

RED TAPE GIVES WAY
WHEN CUPID WEEPS

SAN FRANCISCO, July 7.—Before the pleadings of cupid the stern severity of the navy department at Washington has melted away, and the order has been put aside and the order has gone forth that Midshipman James Lawrence Kauffman, U. S. N., no wedding Miss Elsie Draper, the girl of his choice, telegraphic permission having been received by the young officer.

Kauffman, as a midshipman, was not allowed to marry, but when he passed his examinations for ensign, he won his girl, announced the wedding date—and then failed to pass the exams.

Followed then a wall. The wedding was postponed. Kauffman fore his hair and when the first spasm had passed began to work upon the feelings of the unscrupulous navy department.

He pointed out that he had an independent private income, that he had failed in one subject only and that—that the girl had purchased her trousseau. In the face of this the navy department bowed and winked its eye, telling Kauffman to go ahead with the wedding.

Owing to the ill health of Morgan Draper, brother of the bride-to-be, no definite date has been set, but the probabilities are that the wedding will take place quietly in September.

NEIGHBORS QUARREL

Mrs. May Bonestel, residing at 1227 Santa Fe avenue, was arrested this morning on a charge of disturbing the peace preferred by Mrs. Ida Markovitz, living next door. The latter accuses Mrs. Bonestel of throwing sticks and stones at her over the fence which separated their properties. The two families have been quarrelling continually for several weeks in the climax came yesterday with physical violence. Mrs. Bonestel was released on her own recognizance this morning by Police Judge Smith, who set her trial for July 19.

GOLF RULES AT BEVERLY

BEVERLY, Mass., July 7.—President Capt. played golf this afternoon with Captain Arnold, E. J. John, E. J. Hammond and Henry Clay Frick, the steel magnate.

WASHINGTON, July 7.—The most severe earthquake since the temblor of 1907 in the West Indies was registered on the seismograph of the Georgetown university. Scientist Thorndorf estimates that the quake about 1500 miles away, possibly in the Atlantic. The tremor continued for 15 minutes, the maximum shocks having occurred between 12:01 and 12:03 a. m.

CLEVELAND, July 7.—Iceland was the scene of a great earthquake recorded on the seismographs here and at Washington, according to Father Odenbach of St. Ignatius college today. The records of the temblor early today and those of a year ago are similar, he says.

NO FIGHT PICTURES
IN COLLEGE TOWN

BERKELEY, July 7.—Yielding to pressure brought to bear by public opinion, Mayor Beverly L. Hodghead of this city today at noon gave positive orders to the chief of police to warn moving picture operators that the Jeffries-Johnson fight pictures would not be exhibited in Berkeley. Mayor Hodghead was considering the matter yesterday, but was unable to find any clause in the present ordinance under which he could work, and the censorship ordinance passed day before yesterday has not yet gone into effect. Considering the matter, the Mayor found that the council has the right to pass any ordinance to go into effect immediately if necessary and on this ground claims that he can stop the fight pictures.

Chief of Police Volmer has notified all moving picture operators in this city that if they purchase the pictures they do so at their own risk. The ordinance passed by the council can stop the pictures at a day's notice.

AGED WOMAN KILLED
BY FALL DOWN STAIRS

BERKELEY, July 7.—As the result of falling down a flight of stairs at the home of her daughter, Mrs. J. C. Smith, 2539 Benvenue avenue, Mrs. Nellie A. Dimpny, an aged Philadelphia woman, was killed last night. The remains were taken to the morgue, and an inquest will be held within a few days.

Mrs. Dimpny, who, with her daughter, Miss Kate L. Dimpny, was visiting Mrs. Smith at her Berkeley home, met with the accident last evening at 6 o'clock, when she was descending the stairs in the Smith home from her apartments to the lower floor. Stumbling, the aged woman fell heavily down several steps, striking her head against the banister at the bottom of the staircase. She never regained consciousness. Dr. Frank R. Woolsey, her physician, causing death. The remains were taken to the morgue, and an inquest will be held within a few days.

Mrs. Dimpny, who, with her daughter, Miss Kate L. Dimpny, was visiting Mrs. Smith at her Berkeley home, met with the accident last evening at 6 o'clock, when she was descending the stairs in the Smith home from her apartments to the lower floor. Woolsey, her physician, causing death. The remains were taken to the morgue, and an inquest will be held within a few days.

CLOSE STREET FOR PARK

Traffic via Twelfth street near Lake Merritt was closed today by Superintendent of Streets Howard, to allow of uninterrupted work on the Twelfth street dam and the filling in of the site for a municipal park. It is expected work will have been sufficiently completed to permit the resumption of travel across the dam by the first of next week. The closing of the street will force travel to Eleventh street and thoroughfares below the line of operations.

OFFICIALS TO VISIT ALASKA

WASHINGTON, July 7.—Attorney General Wickersham and Secretary of Commerce and Labor Nagel will start July 16 on a tour of inspection in Alaska, according to announcement here. They will be gone six weeks. Wickersham will investigate conditions in general, and Secretary Nagel will confine his attention to the seal industry. Under the supervision of the government many thousands of seals are being annually slaughtered in northern waters.

Freeholders Chosen to Frame New City Charter

HE OFFERS REWARD AND
RIDICULES 'HOPE' IDEA
MANAGER BARKER GETS
"THE STOCKTON" LEASE

JEFFERSON CITY, Mo., July 7.—Governor Hadley today offered \$300 for the arrest and conviction of the participants in the Carlson lynching, following the Jeffries-Johnson fight. He also warned all negroes not to offend white people by boisterously celebrating the victory.

The Governor's offer is in response to a telegram telling of the accident. The body was taken in charge by Deputy Coroner Nicholas. Mrs. Dimpny was 77 years old a widow. No funeral arrangements have yet been made, but the body will probably be shipped to Philadelphia after the inquest.

LOCOMOTIVE ENGINEERS
TO ASK MORE WAGES

CHICAGO, July 7.—Twenty-five thousand locomotive engineers employed on western roads will ask an increase in wages. The demand will be made August 1. Engineers of 49 Western railroads are participating in the movement. Those in the far West will ask a larger raise than those on the roads of the Middle West.

HIS HEAD BLOWN OFF

NEVADA CITY, July 7.—Alfred Marcotte, owner of the Marcotte mine in the Washington district, left his cabin at the mine at 4 o'clock in the morning, placed a stick of giant powder in his mouth and set fire to the fuse. His head was literally blown off. Marcotte leaves a son, Alfred Marcotte Jr., and no reason is known for his act. He was 55 years of age and a native of Quebec.

LAW OF STATE MAY
STOP FIGHT PICTURES

BERKELEY, July 7.—The state law, believed to be broader in its scope than the local ordinance, may be invoked in this city to stop the showing of the Jeffries-Johnson fight pictures. If these are ready for use before the ordinance appointing a board of moving picture censors goes into effect, the ordinance now in force forbids only the showing of indecent pictures of a certain class, and according to Mayor Hodghead, the state law is being thoroughly looked into, and Hodghead this morning "and it may be that City Attorney Stringham will find it broad enough to work under to better advantage than with the local ordinance. The censorship board, which will look over all films brought into this city, will begin their work in thirty days, and if the pictures are not shown before then we will have no trouble, as the board could simply vote not to permit their exhibition, and no possible way would be found by the picture men to avoid their edict."

GRAIN CROPS RUINED

WASHINGTON, July 7.—The grain crops in Montana and the western portion of the Dakotas which are not receiving irrigation water are literally dried up and shriveling in the fields, according to a statement issued by the reclamation service.

Continuous hot winds, with the mercury near the 100 mark, are proving extremely disastrous. It was said. By way of contrast, the statement added that the engineers in charge of the reclamation projects reported that the settlers upon irrigated lands were receiving a plentiful supply of water and their crops were in excellent shape.

GOVERNOR WILL KEEP
CANDIDATE ON HIS JOB

SACRAMENTO, July 7.—Governor Gillett announced today that he had requested Alden Anderson to continue his duties as bank examiner for an indefinite period in spite of Anderson's formal request to be relieved to enable him to devote his full time to campaigning. At a conference held yesterday at San Francisco, however, Gillett urged upon Anderson the importance of remaining until certain important questions now before Anderson had been disposed of.

"I asked Mr. Anderson to remain for an indefinite period," said Governor Gillett today. "There are some important questions requiring his action and I felt it would be bad to have him go at this time with the probability that I would be unable to fill his place for a considerable time. I believe he will be able to carry on his campaign for the Republican nomination for governor and at the same time not cause a setback in the office work of bank examiner." Anderson's resignation was filed several days ago.

SACRAMENTO, July 7.—H. Thayer Hornberg, an associate of Per-Don, a traveling medical practitioner, was sentenced to two years in San Quentin by Judge Hughes Wednesday on the charge of obtaining money under false pretenses in the treatment of patients.

CITY ASSURED
OF MODERN
CHARTER

Big Majorities Rule
In Very Quiet
Election

Twice within a month has the electorate of Greater Oakland voiced by its votes approval of the present municipal administration, first at the primary on June 1, and again at the polls yesterday.

The Citizens Progressive party, backed by the forces of civic advancement and prosperity, emerged last night victorious from the battle of the ballots.

Every freeholder candidate, save one, who had the support of the city administration yesterday, is elected.

By reason thereof the citizens of Oakland are assured a municipal charter drawn upon modern economic lines.

The forces of modernity who have been dominant here ever since Mayor Mott assumed the reins of local government, are once more triumphant.

The policy of The Enquirer in championing the cause of good government has been vindicated.

SILURIANISM BANISHED.

The electorate of Greater Oakland greeted the sunrise today, freed for all time from the shadow of silurianism, and satisfied that the work it did yesterday is well done, and completely done.

It is now up to the board of fifteen freeholders chosen to draft the city's new charter to perform its sacred duties to the best interests of the public as a whole, and that it will do so is guaranteed by the integrity of its personnel.

No other viewpoint is accepted by the electors of Greater Oakland, whose brains are clarified of the bias engendered by political prejudice.

The flat has gone forth that this great commonwealth is to set the pace for the quickest of governmental reform which is sweeping across the Pacific slope.

OTHER CITIES WATCH US.

As the board of fifteen freeholders is thorough in its drafting of a proper charter, to that degree of thoroughness will other municipalities copy its provisions.

The victory of the administration at the polls yesterday is, therefore, of far more than local import and significance.

Greater Oakland, by virtue of the action taken yesterday, becomes focused to the eye of the great mass of National citizenship which would relieve the union of states of the burden of antiquated methods and legislation it has borne for so many weary years.

The dawn of political purity and good government is at hand, and Greater Oakland stands forth clearly silhouetted in its welcome rays.

CONGRATULATIONS NOW.

That The Enquirer had participation with the municipal administration and the electorate as a whole in bringing about the desired end, is a matter of congratulation to itself and thousands of friends throughout the Pacific coast states.

Yesterday's battle was decisive, and was fought with due regard for the delicacies attendant upon so momentous a step.

The administration has, therefore, no apologies to offer, and the cup of its joy is without bitter potion.

It was a clean-cut battle, fought and won by self-respecting men along clearly-defined lines.

So far as the Citizens Progressive party is concerned, at least, the fight was free from even a semblance of unfairness or personal animosity toward the opposition.

CHARTER FOR ALL.

Now that the victory is won the Citizens Progressive party, through its representatives on the board of fifteen freeholders, will engage in the task of framing a charter which will be quite as acceptable to its friends, the enemy, as to itself.

Singleness of purpose alone animates those who will bring the cumulative acumen of their thoughts to bear

(Continued on Page Two.)

JAWBONE AND HAIR FOUND IN CELLAR

But Relics Are Not Those of Human, Only Animal

The accidental unearthing of a quantity of supposedly human bones, a lock of blonde hair and remnants of feminine wearing apparel, by children digging under a house at 562 Fifteenth street, last yesterday afternoon, opened a mystery for the detective force of Oakland.

Dr. Archibald, city physician, after an examination of the jaw bone, declared today that it was neither that of a human being nor of a domestic animal.

"It is not the jaw bone of a dog," he said. "Neither is it that of a human being. It is rather a remarkable case in my opinion. The jaw bone looks to me to be that of some wild animal, but I cannot state positively until I have made a complete examination."

The bones and the clothing were at least six or seven years old, and were blackened by time and mold. So short are the lengths of bone that it is impossible for any one but an expert to determine whether or not the bones are those of a human being or the skeleton of an animal.

The jaw bone containing three teeth was turned over to Dr. Archibald, who made an analysis. At first glance the doctor expressed the opinion that the bone was a section of a dog's jaw, but reserved his final decision until he had made a more careful examination.

The bones, whether those of a human being or of a dog, the authorities will discover, were found yesterday afternoon by Robert and Dorothy Lee, aged ten and nine years, the children of Mr. and Mrs. Robert E. Lee, who moved into the house under which the bones and clothing were found buried, on last New Year's day.

The children were playing that they were digging for buried treasure. The boy's foot suddenly sank in soft ground and he started to dig with a stick. He uncovered a lower jaw bone with three well preserved teeth intact.

Frightened, the children ran into the house and told their mother of their gruesome discovery. Miss Ruby Lee, a sister, crept under the house and with a hoe uncovered a quantity of bones, a woman's skirt and an undershirt, a glove, a strand of blonde hair, and a blue bottle containing some liquid which has not yet been analyzed. The bottle was marked "Dickie, Pioneer Chemist, 1850, San Francisco."

The skirt was dark blue and white mixed tannine and the undershirt was of black satin. Both garments were in shreds due to the ravages of time.

Although Dr. Archibald is of the opinion that the bones are those of a dog, the fact that a lock of woman's hair and clothing were found buried with them, make the affair a mystery until it is determined whether or not the bones are human.

It is possible that the bones and clothing were dragged under the house by a pet dog years ago and buried.

The house is owned by George Douglas of San Francisco, who has been leasing the house to tenants for many years. It is an old frame two-story building, and has a low three-foot basement. The bones were buried two feet under ground. A quantity of bricks covered them and this was strewn rubbish of all descriptions.

"I was playing digging for money," said the boy who unearthed the bones. "I stepped on the pile of rubbish and my foot sank several inches. I thrust a stick into the ground and dug up a jaw bone and some clothing and a lock of hair. Dorothy, who was with me, called my mother and sister and we dug the rest of the stuff up. Then we notified the police."

Captain of Detectives W. J. Petersen detailed Detective S. C. Hodgkins on the case. Hodgkins dug up a quantity of bones and after making an examination, turned some of the bones and clothing over to Captain Petersen for further analysis.

There was no skull found among the bones, and this makes the murder theory appear to be without foundation. A further search in it is believed, will reveal the presence of more bones.

Douglas, the owner of the house, was unable to throw any light on the mystery. He bought the house four years ago from Jefferson Billie, who is not in the Oakland directory.

MAY CALL SENATE TO CONFIRM NEW JUSTICE

BEVERLY, Mass., July 7.—That the Senate may be called in special session to confirm the nomination of a new Chief Justice of the Supreme Court to fill the vacancy caused by the death of Melville W. Fuller is rumored here today. The report declares that President Taft is considering the possibility of calling the Senate into session without further delay. No official statement regarding the matter has been made and many persons doubt that a special session of the Senate will be called. They declare that the President would not call the Senate into session unless some more urgent need presented itself.

ONE OF GRANT'S SADDLES.

SAN FRANCISCO, July 7.—One of the most notable donations recently received at the Memorial museum in Golden Gate park was presented to the museum yesterday by U. S. Grant Jr. It is an ancient Japanese lacquered saddle, the gift of the Emperor of Japan to General U. S. Grant when the latter was making his tour of the world. The saddle, according to Curator Barron, is about 400 years old, and was used by one of the famous Samurai warriors of four centuries ago.
