

Chicago, May 31, 1917

Dear Dr. Hoyt:

Herewith I am returning the material about Mr. Coppers. The Manitowoc affair of course is an impediment in his way which it is quite impossible to get over. Certainly it is quite impracticable for us to make any statements which would not cover all the facts.

Very truly yours,

H.P.J. - L.

Dr. Mary O. Hoyt

The University of Chicago

The School of Education

April 2, 1919.

OFFICE OF THE DIRECTOR

My dear President Judson:

I am returning the letter from Marengo, Illinois, and also the draft of a letter that I should write to this member of the Board of Education, provided you approve the reply.

The point of my reply is that the University cannot assume in my judgment responsibility for the action of a Board of Education on the basis of a privately conducted survey. We have had from time to time invitations to do this sort of thing. They usually come from Boards of Education which want to get rid of teachers and want to unload on some outside persons the responsibility of judging of the qualifications of these teachers. If anyone went from our institution he could not go as an individual. He would go as an officer of the University and the Board of Education would say that their judgment with regard to the teachers was backed up by the University. Very often a survey involves an examination of the Board of Education itself as well as of the schools; evidently no provision is made in the project here suggested for any such general survey.

You may think it wise for institutional reasons for us to be of service to this particular Board of Educa-

The Board of Recommendations

7 1069
February 17, 1920

My dear President Judson:

At last I can send you a report of the conference under the auspices of the Bureau of Occupations which I attended on January 9 and 10 in New York. The nature of the meeting was such that it was quite impossible for me to take notes, and as I considered it essential that you have an exact statement of the resolutions which were passed as representing the consensus of the meeting, I have waited until the bulletin which was to report the meeting should be issued. This bulletin has just now come to hand.

I am sending you the entire correspondence concerning this meeting together with the bulletin. On page two I have pencil-marked that portion of the report in which I presume you will be most interested.

The report gives a rather inadequate representation of the spirit of the meeting. Unfortunately my train was late, so that I missed the opening remarks of Dean Briggs of Harvard. I was present at all of the other meetings. There was an intensity of feeling, an impression of need, strongly manifested by all who were in attendance. The group of people included representatives of most professions as well as representatives from many of the leading colleges throughout the middle west and nearly all of the colleges in the east. Dean Kirchwey struck the highest note in emphasizing the social value of the right man in the right job. The feeling obtained very generally that in any such organization as was contemplated, the idea of social service must be paramount.

The Board of Recommendations

Office of the Secretary

February 17, 1930

My dear President Johnson:

At last I can send you a report of the conference under the auspices of the Bureau of Occupations which I attended on January 2 and 10 in New York. The nature of the meeting was such that it was quite impossible for me to take notes, and as I considered it essential that you have an exact statement of the resolutions which were passed as representing the consensus of the meeting, I have waited until the bulletin which was to report the meeting should be issued. This bulletin has just now come to hand.

I am sending you the entire correspondence concerning this meeting together with the bulletin. On page two I have pencil-marked that portion of the report in which I presume you will be most interested.

The report gives a rather inadequate representation of the spirit of the meeting. Unfortunately my train was late, so that I missed the opening remarks of Dean Briggs of Harvard. I was present at all of the other meetings. There was an intensity of feeling, an expression of mood, strongly manifested by all who were in attendance. The group of people included representatives of most professions as well as representatives from many of the leading colleges throughout the middle west and nearly all of the colleges in the east. Dean Kirtsey struck the highest note in emphasizing the social value of the right man in the right job. The feeling obtained very generally that in any such organization as was contemplated, the idea of social service must be paramount.

It was quite evident that the University of Chicago was considered an important element in the development of these plans (I believe the idea is to have the central offices here in Chicago if the present plans are carried out). Although I had come into the first session late and so did not have the cue to the meeting furnished by the first speaker, I was asked to speak on the general question before the close of the session. My attitude in the whole matter was extremely conservative, and I told the conference that at that time we were not in a position to make any definite statement in regard to the amount of support which we might give the movement. I was a little amused at the rather enthusiastic reaction to my remarks on the part of the representatives of the eastern colleges. In spite of my conservative attitude, I was asked to serve on the committee of twelve, which spent four hours on Friday evening in formulating the report of the special committee given on page two.

I left the meeting at noon on Saturday just before the election of the committee to work out plans and investigate methods of financing. It had not occurred to me as a possibility that my name would be suggested as a member of this committee, so that I was much surprised at the notification contained in the letters of Miss Coolidge and Miss Hirth. I have delayed my reply to these notifications until I could submit to you this report and ascertain your wishes in the matter.

The general idea back of this movement has been forging to the front for the last four or five years. Undoubtedly there will be ultimately such an organization as is here contemplated. Whether the scheme can be financed in the immediate future I do not know. When the organization takes place I am inclined to think it will be almost impossible for this institution to stand aloof, inasmuch as we have one of the largest placement bureaus--if not the largest--in the country. If at some time we are to be an integral

It was quite evident that the University of Chicago was considered an important element in the development of these plans (I believe the idea is to have the central offices here in Chicago if the present plans are carried out). It had not occurred to me as a possibility that my name would be suggested as a member of this committee, so that I was much surprised at the notification contained in the letters of Miss Goodridge and Miss Hirth. I have delayed my reply to these notifications until I could submit to you this report and ascertain your wishes in the matter.

The general idea back of this movement has been looking to the front for the last four or five years. Undoubtedly there will be ultimately such an organization as is here contemplated. Whether the scheme can be financed in the immediate future I do not know. When the organization takes place I am inclined to think it will be almost impossible for this institution to stand aloof, inasmuch as we have one of the largest placement bureaus--if not the largest--in the country. It at some time we are to be an integral

of the organization, I believe that we would gain decidedly from going into it at the start and helping to control the policies.

I realize that this report is inadequate. I shall be very glad to supplement it in a personal interview, if you so desire after you have looked through the enclosed material. There are other matters in connection with the work in our own institution which I should like very much to discuss with you. I have hesitated to take your time, but now that Mr. Angell is away, there is no one else who is familiar with the history and organization.

Because I feel the necessity of either accepting or refusing the appointment on the committee of seven, may I ask for your reaction on this matter as soon as possible.

Sincerely yours,

Mary D. Hoyt.

River Forest, Ill.

To the President of the
University of Chicago:-

Dear Sir:-

The River Forest Women's Club
wishes you to prevail upon the
young men of the Univ. of Chicago
to adopt resolutions similar to
those adopted by four hundred
senior engineers of the Univ. of
Minn., April seventeenth, as follows:

I "We stand to respond to the
call of the country in ready and

willing service."

II We undertake to maintain our part of the war free from hatred, brutality or graft, true to the American purpose and ideals."

III Aware of the temptations incident to camp life, and the moral and social wreckage involved, we covenant together, as college men, to live the clean life and to seek to establish the American uniform as a symbol and guarantee of real manhood."

An effort is being made to have these resolutions adopted by all student bodies in the state.

Very respectfully.

Mrs. H. L. Florence Holman Clute

Dear Mr. Parsons:-

Your appreciative note of July 12 was received during my absence in the east. It perhaps does not in itself demand a reply, but I cannot refrain from expressing my sincere appreciation of what you say as to your daughter's happiness in her work while she was with us. Life brings with it so many serious things that I always rejoice when our young people have days of happiness in their work and in their educational plans. Certainly with all the sorrow it is a pleasure her last years, which of course are the only ones of which I knew, are worth keeping in remembrance.

Very truly yours,

H.P.J.-V.

DEPARTMENT OF CLASSICAL PHILOLOGY

June 16, 1917

President Harry Pratt Judson,
University of Chicago, Chicago, Ill.

Dear Sir:

I beg to acknowledge the receipt of your favor of June fourteenth, and to confess to a feeling of disappointment. I do not, of course, know how much the term "charge" denotes or connotes to you. To me it seems to be appropriate to the fact that is involved. You said in your letter of June sixth: "I am interested to know that the Latin Club objects to an educational experiment." As I pointed out in my reply, the Latin Club does not object to this educational experiment, nor to educational experimentation. To assert, or even to believe, that a man or a body of men takes this attitude is in effect to accuse such a person or body of Bourbonism, or opposition to that mode of inquiry and subsequent intellectual and social progress which alone is thoroughly scientific. Those who object to the making of scientific experiments, educational or otherwise, cannot possibly belong to the intellectual class nor be, in a proper sense, in sympathy with what is best in the scientific spirit of modern times. For this reason, as the official representative of the Club in this matter, I feel aggrieved at your statement.

I still venture to feel confident that such an accomplished gentleman as yourself will feel it proper under

H. M. Byllesby & Company
Continental and Commercial Bank Building
CHICAGO

OFFICE OF THE
PRESIDENT

Authorized

Harry Pratt Judson, Esq.,
1146 East 59th Street,
Chicago, Illinois.

Dear Dr. Judson:

Mr. John Jay Abbott of the Continental and Commercial Trust and Savings Bank has referred to me your letter of July 26th regarding your appointment as a member of the American Committee to Assist British and Allied Recruiting in Chicago July 23rd to 28th.

I regret very much that you were not in Chicago to lend us your valuable assistance in connection with the Committee work, but I knew that you would be more than willing to assist in the work if you were present, and I felt that the prestige of your name would lend weight to my Committee, and took the liberty of placing you thereon.

I am very happy to say that, although the American Committee was formed only on the Friday preceding the Monday of Recruiting Week they all pitched in and made a pronounced success of the part assigned to us in receiving, entertaining, and facilitating the work of recruiting.

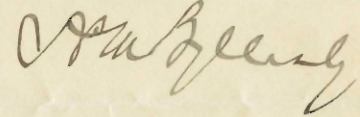

A battalion of the Forty Eighth Highlanders

of Canada were the guests of Chicago during this week, and they very materially increased the martial spirit by their fine military appearance, and stimulated British recruiting, and recruiting of the American forces.

Under the circumstances, I think that you will be pleased to have your name on the Committee.

Believe me

Very truly yours,

A battalion of the Forty-Ninth Highlanders

Chicago, August 8, 1917

Dear Mr. Byllesby:

Your note on the matter of the British and Allied Recruiting is at hand. It would have given me great pleasure to have assisted in this matter had I been in the city. It happened that I was away and did not receive any word of my name being on the Committee. I am glad to know that the work was accomplished. It was my privilege to be in New York while the Highlanders were there on a similar errand and I witnessed the parade on Fifth Avenue.

I am glad to have my name on the Committee and, of course, you know in a similar case you may always command me.

With best wishes I am

Very truly yours,

H. P. J. -D.

Chicago, Illinois.

President H. P. Judson
Chicago University.

Sept 17. 1917.

Dear Friend:

I wish you might write a few lines, just two or three, to Miss Eliza Clark who is at Stollenwerk Home, 573 Boyle Ave. Los Angeles. She was 90 years old on June 10th last. As she is now living in the past and after happy years in Troy I know that it would please and cheer her to hear from you. Her memory fails her in things of the present. Enjoys an automobile ride and the fresh air which I give her when time allows. I called at your office last June on the day you left for your vacation. Your secretary said you had only just gone home so I missed you.

You can send to me or above address
Please do not mention my name -

Best wishes and love.

Sincerely your Samuel McKinney.
