My dear Mr. McCutcheon:-

I am just back from an absence of a week in the east. Just as we were leaving we received at the house the original of a certain cartoon which emanated from your intellect. I appreciate highly both the artistic skill and the deep insight into human motive and action which the cartoon expresses. We shall have it duly framed and put in a place of honor both as a memorial to yourself and as a cherished piece of art.

Thanking you for your courtesy, I am

My dear Mr. McCutcheon:-

Some of the men in the University Law School were very much taken with the legal aspect of your cartoon of October 25th on the divorce question. ~~Secretary to the President~~ While I realize that you desire to keep all of your cartoons for the sake of re-issuing them in book form I agreed to ask you to present the cartoon in question to the Law School to be framed for the smoking room. I did not happen to see the picture that morning myself and do not know whether it is one which you would be likely to reserve or whether it is one you care to let go. The request should come to you as direct from the students of the Law School rather than as a request from me, for I doubt very much if you remember me at all and do not wish to have you think that I am presuming on some chance meetings for the sake of

Hoping that you have had a good vacation, as good as is evidenced by the character of the work since you came back, I am,
