Dear President Judson:

Memorandum

I have your note speaking of Mr. P.S. Adams as being highly recommended for statistics. His particular forte is taxation and finance. He is engaged on the Wisconsin Tax Commission and is earning a large salary in connection with his University work. I suppose you did not suggest him as an alternative to Professor Field who is our very satisfactory Instructor in Statistics. If you thought of Mr. Adams for Accountancy it is my impression that he has never done anything in that field.

Very truly yours,

Laurence Laughlin

Dear President Judson:

The published literature on the legal
minimum wage is mostly on the side of the unions.

I enclose you three slips containing the best articles on that side. On the other hand, I take the liberty of sending you a lecture which I gave at the University a short time ago, covering the principle of the minimum wage in connection with the general problem. Also Mr. Donnelly has had prepared a short statement representing their point of view. It is well understood that the O'Hara Committee began with women's wages with the full intention of asking the same legislation for men. This policy, of course, is exaggerated paternalism.

Sincerely yours,

J. Lawrence Laughlin

Dear Mr. Laughlin:-

Herewith I am returning copy of your address on the "Monopoly of Labor". It was of decided assistance to me in my conference with the legislative committee last week, and entirely aside from that I was much interested in its clear and cogent presentation of the situation.

Thank you for your
making you for your courtesy, I am,

Very truly yours,

R. P. Judson
