Dear Friend:

The National Municipal League was organized twenty-one years ago to collect and disseminate information pertaining to municipal questions, to secure the thorough study and discussion of municipal problems, and to promote the co-operation and effectiveness of all good citizens. Its success, its influence and its great usefulness on these lines are matters of familiar knowledge with all intelligent workers for the betterment of municipal conditions, but its constantly increasing opportunities for service necessitate a constantly increasing number of members.

Its membership includes many distinguished men, among them former cabinet members, members of the Supreme Court, Senate and House of Representatives, ambassadors and ministers of the United States, men and women distinguished in public life, in educational fields and in the professional and business enterprises of the country.

As an aid in carrying out its objects the League publishes a quarterly periodical which is sent to all its members. This periodical deals with such subjects as Commission Manager Plan of Government, Registration and Election Law, Initiative, Referendum and Recall, Public Libraries, City Financing and City Planning, Financing Small Houses, Some Aspects of the Liquor Problem, Graft Investigations, and many other questions of vital interest.

The annual membership fee is \$5.00 and entitles one to the leaflet literature as well as the NATIONAL MUNICIPAL REVIEW, above referred to.

As you have been suggested for membership in the League, an application card is enclosed.

Will you kindly advise us at your earliest convenience what action you may take on this invitation.

Yours very truly,

Wm Dudley Foulke

President.
