Memorials

Jan. 31st, 1902.

My dear Mr. Buzzell:-

I feel that we ought to have a marble bust of Dr. Galusha Anderson for the University. This is something which, it seems to me, the old alumni ought to take hold of. What do you think? A good bust can be obtained for \$800. or \$1,000. Could we raise the money? I think it would be possible, and it ought to be done soon. He is, as you know, seventy years old.

Yours very truly,

W. R. Harper

My dear Dr. Harper:--

I am in receipt of yours of yesterday suggesting a marble bust of Dr. Anderson for the University. It is a matter which some time ago was discussed by the Memorial Committee of the Alumni Association but allowed to drop at that time, as we were not permanently organized. Since then the Committee has done some work towards establishing memorials but only two so far have been decided upon, the subjects being Dr. Burroughs and Dr. Boise. Personally I feel that Dr. Anderson should be among the first honored, and have thought much of it. Whatever is done I think should be done while he is still with us, and ought to be done soon. Whether it be a bust or portrait should be left, I think, very largely to his own preference.

We expect to have a meeting of the Memorial Committee very shortly, and I will take the matter up and see if we cannot do something.

I thank you for the suggestion.

Yours very truly,

E. A. Buzzell

The University of Chicago already possesses so many portraits of members of the University that the Board of Trustees at the meeting of July 13, 1915, considered regulations concerning the acceptance and placing of portraits and other memorials. Mr. Hutchinson, chairman of the Committee on Buildings and Grounds, reported a recommendation on behalf of the Committee as follows:

At a meeting of the Board of Trustees held June 8, the matter of adopting rules governing the acceptance of portraits and other memorials for Hutchinson Hall and other parts of the University was referred to the Committee on Buildings and Grounds. After consideration, the Committee recommends that all the portraits now in the Hall, namely, those of Galusha Anderson by F. P. Vinton; A. C. Bartlett by Ralph Clarkson; Silas Cobb by Ralph Clarkson; T. W. Goodspeed by Louis Betts; F. W. Gunsaulus by Louis Betts; President Harper by Gari Melchers; C. L. Hutchinson by Louis Betts; President Judson by Lawton Parker; Leon Mandel by Ralph Clarkson; John D. Rockefeller by Eastman Johnson; M. A. Ryerson by Lawton Parker; Marion Talbot by W. D. Goldmark; George E. Vincent by Louis Betts; H. E. von Holst by J. C. Johansen, and G. C. Walker by E. J. Timmons, and also the bronze bust of John D. Rockefeller by William Couper be allowed to remain there. The Committee recommends that in the future no portraits of members of the faculty be accepted to be hung in the Hall, during the lifetime of the person depicted, excepting those of Presidents of the University. The Committee also recommends that the Committee on Buildings and Grounds be given power to accept portraits of members of the faculty during their lifetime to be hung in the various buildings of the University, other than the Hall. The Committee also recommends that the Committee on Buildings and Grounds be given power to hang such portraits in the Hall after the death of the subject of any portrait thus accepted.

This recommendation was adopted by the Board of Trustees.

Dear Mr. Robertson:

You will remember that in the list of paintings in Hutchinson Hall, there were two or three blanks in the list of artists. I now have a complete list. Furthermore, the Board of Trustees has acted on all of these and has formally accepted them. It also adopted a certain policy with reference to other portraits which might be offered from time to time. I can send you this if you want it, or you can get it from the President's copy of the minutes.

In the list of portraits which you were kind enough to send, here are the facts which will help you to fill out the blanks:

Miss Talbot's portrait was painted by
W. D. Goldmark.

The old Von Holst is no longer in the hall.

The long-lost painter of Silas Cobb's
portrait is Ralph Clarkson.

Other portraits have been received, for instance, George C. Walker by E. J. Timmons; F. W. Gunsaulus by Louis Betts, and C. L. Hutchinson by Louis Betts.

Yours truly,

Mr. Harry Pratt Judson, President,
University of Chicago,
Chicago, Illinois.

Dear Sir:

We expect to receive from our Mr. Stollwerck, Cologne, Germany, two excellent colored portraits of the German Emperor and Empress. These portraits are reproductions of original oil paintings which are in the possession of the senior members of our firm.

The Emperor was shown the reproductions and was so pleased with them that he has asked Gebrüder Stollwerck to let him have three thousand copies for his own use.

The excellence of these pictures is such that they are worthy of hanging in some prominent place. It occurred to us that perhaps the University afforded such a place either in the Harper Library, Museum, or some other suitable place.

If such a space can be afforded, we will be pleased to present the University these pictures with our compliments. We might mention that the pictures with frames are about three feet by two feet each.

Hoping to hear from you, we are

Memorandum for President Judson:-

Through Miss Talbot

Mrs. James M. Flower of Coronado, California, has presented to the University, ultimately to be placed in Ida Noyes Hall, an excellent impression of an engraving of Maria Gaetana Agnesi. Miss Reynolds mentioned this woman in her Convocation address. She was an Eighteenth Century mathematician who became professor of Higher Mathematics in the University of Bologna.

My dear Mr. President:

Referring to your annotation on my note of May 16, relative to the memorial, I think Mr. Gates forgot that before Dr. Northrup died there was gathered a fund among the Alumni for a very splendid marble bust by Lorado Taft. This bust is now in the Divinity Office. It was for that reason that I did not propose Northrup along with Hulbert. I don't think there is any need of a second memorial with this marble bust, do you?

Mr. C. L. Hutchinson,

Dear Mr. Hutchinson:

Mr. Seyffert has just completed his portrait of Professor F. R. Mechem of the Law School. It is now in Seyffert's studio. It is expected that the Law Alumni, who gave the money to purchase the picture, want to present the picture at the banquet to be given Tuesday night, and thereafter to have the picture hung in the Law Library where Dean Hall's portrait by Seyffert also is placed.

If you could go and see the portrait in Seyffert's studio at 147 East Ontario Street, it would be something for which we would all be grateful, but I am afraid that is asking too much. I think, therefore, the best course to pursue would be to let the portrait be presented Tuesday night and accepted informally by Dean Hall, and then sent to the University. Perhaps you would be willing to authorize its acceptance without seeing it. If so, the matter could be very easily fixed, there then remaining only your approval of hanging it in the Law Library.

Will you please telephone me Friday morning if possible, giving me your opinion on the matters above? I will be at the office until after ten o'clock when I must leave to go to a meeting.

Yours very truly,

Secretary.

My dear Mr. Stieglitz

It was a great pleasure to receive your kind letter in regard to the bust of Mr. Smith which was made about five years ago. It is a fine piece of work and a remarkable likeness. When Mr. Truitt saw a photo of it, he

said it was one of the best he had ever seen. President Burton was very kind and I feel sure that my husband would have appreciated the cordial welcome which you and he have both given to my offer. I understood that the Chemical Society is to meet in Los Angeles in September.

Dear President Burton:

I have written to Mrs. Alexander Smith, telling her how glad the staff of the Department of Chemistry would be to have a bronze bust or bas-relief of Dr. Smith. How well Smith's work at the University of Chicago warrants this action I need not emphasize, as I presume you remember how he built up the Department.

I am very glad indeed that Mrs. Smith will try to help us secure the interest of people who can give funds for meeting the needs of the University. I have outlined to her some of the difficulties with which we are contending, recalling to her conditions in Kent with which she at one time was well acquainted.

If there is any other assistance we can render in this matter, I am sure you will call upon us.

Yours sincerely,
