Very Dear President Harper.

I think you know

the Treasury & now Vice Pres. of the Nat.

dent in Chicago University but did not
graduate. His library card during the
last year and a half has been of so
high an order that I am tempted
to make a suggestion to you. I have
just heard that he is to get a

My dear President Pritchett:-

It is simply magnificent, from the point of view of the Carnegie Fund, that you are willing to take hold as President and I think from your own point of view it will prove to be a great step. The dream in which we indulged last spring have often been dreamed over again by me and I am thinking that the time may not be far distant when we shall be able to move along the lines suggested, but for the present the Carnegie Fund must be organized and there is no man knowing between Maine and California capable of doing this so well as yourself.

You will be coming west sometime soon and we shall have an opportunity to exchange views, in fact I hope that my next visit east may not be far distant. I am very anxious about some of the fundamental principles, but on these points I am sure that we all have practically

Dear President Harper:-

Replying to your letter, I have written to President Thwing, and asked him to send you a copy of the minutes of the Trustees' meeting of November 15th. It may be possible these minutes will not convey the most important part of the meeting, which was the informal one. I write, therefore, to say that three things were practically agreed upon; first, in the matter of denominational control, to stick closely by the expressed wish of the founder. Second, in the matter of admission of state institutions to the benefits of the foundation, to take no action for the present. Third, the most important of all, to frame, at as early a date as possible, an educational standard which shall be adhered to by the foundation, in admitting colleges to its benefits.

One other action of moment was to authorize the Executive Committee to take steps to secure national incorporation. I shall hope to have some talk with you at an early date, and as I am spending one-half of my time now in New York, I shall count on seeing you if you come East at all.

With best wishes,

Cordially yours,

Henry S. Pritchett

My dear President Judson:

Will you let me know the cost of the
Rush Medical School for the academic year 1913-1914?
In case hospital and instruction expenses are difficult
to separate, perhaps you can send the items of your
budget.

I am studying a problem that involves the
cost of first-rate medical instruction and these figures
will help me very much.

Very sincerely yours,

Dear Mr. Robertson:

Will you please
bear it in mind to let
me know by Thursday
about the question of my
room-rent, - if there is a
question? I have to pay
on that day, as things
now stand, or the room
will be assigned to another.

You will not misunderstand
me, I am sure. I should
gladly have come to Hitchcock
on any terms, and am not
seeking to escape paying rent.
But if the use of a room
properly goes with an assistant-
headship, and is meant to do

so, I should be glad to make
the saving. Except in these few
months of extraordinary pressure,
I want to do all that is
expected of an assistant head.

Sincerely yours,

W. V. Hale

Thursday morning.
