The Board of Student Organizations:—

We as charter members, J. J. Hair, W. S. McLaury, P. M. Conrad, W. H. Johnson, Frank McNair, Ferd M. Horton, W. R. Kerr, Charles Hoagland, R. L. Henry Jr, Francis Campau, C. C. Muckols, having taken upon ourselves the organization of a Sophomore Society do hereby petition The President and the Board of Student Organizations of the University of Chicago, for official recognition.

We have chosen as the active members for this year W. O. Johnson, H. S. Fellows, S. D. Fellows, Roy Young, H. W. Ford, ^{W.} B. Hinckley, Frank Adams, Spencer, A. E. Lord, C. Gaylord, R. Waller, Wyman, John Backhouse, George McHenry, Sardam, H. Woods, Raymond, P. Sunderland, H. S. Sloan, and Edison B. Cooke, whom we believe to be a thoroughly representative body. It is the aim of the society that every

fraternity and local society shall be represented, and the Constitution provides that there shall not be more than three men from one organization. Among the twenty men chosen for this year, every one of the fraternities and the Order of the Dragon's Tooth has a representative.

The name of this organization is the "Score Club."

The objects for which it has been organized are:

1. To take charge of the "University Informals"
2. To insure the success of the Informals by insuring the support of all the fraternities and local societies, by having them all represented on the board which is to give them.
3. To eliminate the jealousy and ill feeling which has heretofore existed among the fraternities and local societies in regard to the management of the Informals. The plan to accomplish this end is to have the Informals run by a representative

organization, the officers of which and the Committees of which are not made public, instead of by the system used during the past two years of having the Informals in charge of a Committee of three fraternity men, whereby ill feeling was created on the part of the fraternities not represented on the committee. A Committee of three within the organization, practically identical to the Committee of last year is to take charge of the details of arrangement. There is no attempt to change the existing order of affairs, but only ^{to perfect} an arrangement whereby difficulties may be eliminated.

4. The further objects of this organization are to bring together in close friendship the most representatives ^{men} of the Sophomore Class; and

5. To serve the usual purpose of an honor society, which is to be an inducement and a reward for striving for the best interests of the University.

President William R. Harper,

My dear Doctor Harper:-

In accordance with your request through Mr. Shep-
ardson, I had an interview last night with Mr. R. L. Henry concern-
ing the proposed new organization called the Score Club.

At my advice, Mr. Henry promised to write you a letter concern-
ing the proposed informal and to withdraw the announcements at once,
pending the action of the Board of Student Organization.

The following seem to be the facts concerning this new plan :-

FIRST:- A ^{fairly} ~~very~~ strong combination of students makes up the personnel of
the proposed society.

SECOND:- It is designed to be an inter-fraternity organization: Each
fraternity to have at least one member and no fraternity to have more
than three.

THIRD:- The ostensible purpose of the society, namely, to do away with
interfraternity friction, is laudable.

The following points naturally arise:-

FIRST:- What policy does the University wish to adopt toward voluntary
movements of this kind among the students ? As you know, there is
much talk now of faculty control and paternalism.

SECOND:- What would be the consequence of refusing permission to organ-
ize ? What are the possibilities of a secret and unrecognized organ-
ization in spite of Faculty prohibition ? What are the methods avail-
able for preventing and punishing such secret organizations ?

THIRD:- If the organization is deemed undesirable, what are the possi-
bilities of persuading the men to withdraw their application and give
up the plan ?

(To Doctor Harper).

FOURTH:- What are the dangers to be anticipated ?

(a)- An increase of inter-fratern~~ity~~ friction as a result of hard feeling in elections to the new society.

(b)- A combination of the two or three stronger fraternities to control the new organization.

(c)- The formation of a select and exclusive group within the larger fraternities leading to membership in the small group known as the "Dragon's Tooth."

I think this is a matter for the careful consideration of the Board of Student Organization. I return the petition.

Dear Mr. Linn:-

Because it is the end of the Quarter and because I am to be away for the Winter Quarter, I am reporting to you my impression of the meeting at which the question of the disposition of Washington House as a society came up.

It seemed to be the feeling of the Board of Student Organizations that the young men at present comprising Washington House should approach the national fraternity in which they are interested, not as Washington House, but as a separate group. In this I heartily concur for these reasons:

- (1) The history of Washington House is so closely yoked with that of Lincoln House that the problem should be studied in connection with the interests of Lincoln House.
- (2) Washington House has a large number of alumni, many of whom are in other fraternities than the one which the present group of Washington House men desire to belong to. The rights

I am very much obliged to you for the full statement which you have sent me under date of January eighteenth. This is most excellent, and I appreciate very strongly the thoroughness with which you are doing the work.

I hope that you will not feel disturbed in any way in reference to the attitude of our friend Mr. Laughlin. I am sure that he means all right; he always does, although sometimes he has a way of his own in showing it. You may be sure that we shall stand by you in your effort to bring this thing into good shape. I think your letter to the woman on the temperance question is admirable.

My dear President Harper:

In reply to your ^{letter} communication of the 13th instant, communicating some views and suggestions with reference to the club-house, I have the pleasure of informing you that the committee met on Friday afternoon, January 17th, and that sub-committees were appointed for the formation of the constitution and by-laws, and steps were taken to acquire information as to the means of income and the cost of maintenance of the ~~club house~~ ^{club house}. I note the emphasis you place upon the fact that the Board of Student Organizations is to have advisory control over the club-house.

You will observe by the enclosed memorandum that I made it clear to the Committee,

First, that the club-house is not incorporated, from which fact certain legal limitations result. (This disposes forever of the newspaper agitation regarding the introduction of intoxicating liquors.)

Second, It is not endowed; from which it follows that the maintenance of the club must be derived wholly from within.

Third, that as a student organization the club-house will have a defined relation to the Board of Student Organizations of the University.

I have taken pains, in making up the various sub-committees, to have each one as broadly representative of the interests of the University as possible, and if you will analyze

the published records, it will be found that the Graduate School, the Divinity School, the Senior and Junior Colleges, the Medical School and the fraternities and houses are all represented.

I hope and believe that I have the trust and confidence of the students in this matter of such vital interest to the life and welfare of the University of Chicago.

I join with you in regret at seeing the sensational reference in the Record-Herald of Saturday, January 11th, regarding the introduction of intoxicating liquors. I shall try to keep these matters as much as possible out of the newspapers, and have taken pains to allay every anxiety upon the subject. I have received communications from the corresponding secretary of the W.C.T.U. of Illinois, and from the President of the Cook County Federation of the W.C.T.U, and replied to them in the following terms:

"Dear Madam:

I acknowledge the receipt of your communication of the 11th instant regarding the newspaper paragraph in the Chicago Record-Herald, to the effect that the University of Chicago was perplexed in regard to the introduction of alcoholic liquors in the students' club-house now in process of erection. I have the pleasure of informing you that the University of Chicago has no intention of admitting the use of spirituous liquors there. There exists a faculty rule to the effect that the use of such liquors is prohibited in any University building and upon the campus. Moreover there is a legal limitation arising from the fact that the students' club-house is not an incorporated body.

"The University of Chicago is as much interested as the citizens of Hyde Park in maintaining the inviolability of the district from the invasion of intoxicating liquors, and its influence is in no danger of not being exerted toward the ethical and cultural education and elevation of men and women.

Memoranda for the Clubhouse.

Three facts are to be constantly borne in mind with reference to the University of Chicago Students' Club: First, that it is not incorporated, from which fact certain legal limitations result; second, it is not endowed, as Houston Hall at the University of Pennsylvania and the Harvard Union are; from which it follows that the maintenance of the Club must be derived wholly from within; third, as a student organization it is in relation with the Board of Student Organizations of the University.

The Assembly Hall, Tower, Commons and Clubhouse together constitute a special group of buildings devoted to student interests. This does not imply, however, that they are all in immediate relation to the Clubhouse, though one or another of them may be so. For administrative and financial reasons the organization of the Commons will be independently considered; but with reference to Mandel Hall, the ~~use~~ to which the Hall shall be devoted and the architectural relation of the Hall to the Clubhouse make a sharp separation either of government or of finances a difficult matter. One of two policies is possible. In some clubs, dues are relatively low, but a slight charge is made for many features of club life. In other clubs, dues range from moderate to high, but every feature of the clubhouse is open to the member. At Pennsylvania a large endowment makes possible a low fee of membership (\$2 per year). At Harvard the membership fee is higher (\$10). It must be borne in mind that the University of Chicago Students' Club has no endowment, and that the cost of maintenance must be discharged by incomes arising from membership fees and certain small profits which may accrue from other sources. The chairman suggests that the nucleus of an endowment may be secured by establishing various classes of membership. For example, there must be many loyal alumni who would be glad to pay

dollars for a life membership.

How would the title "rector" do for the office we are thinking of? It is not in use in American universities, but in Scotland and France designates a member of the faculty or administrative board of the institution, sometimes elected by the students, sometimes appointed, who has supervisory authority over student affairs or associations.

The University of Chicago

My dear Mr. President:

I have looked up the matter of a director of student associations of which you were speaking yesterday, and find that Harvard has exactly just such an officer, known as the Regent, but I can find no such official at Yale, Michigan, Columbia or Wisconsin. The duties of the Regent at Harvard are specified as follows:-

"The Regent is a University officer who exercises a general supervision over the conduct and welfare of the students. It is his duty to direct the proctors who reside in University buildings, or in buildings to which the superintendence of the University extends. He is expected to inform himself of the condition and management of all buildings in which five or more students are lodged, or in which students' societies and clubs meet. He is also expected to inform himself fully about all students' societies and clubs, and to enforce the responsibility of the officers and members thereof for their proceedings". (Harvard Catalogue 1900, p. 270).

Does not this exactly express your purpose? I think the term Regent is preferable to Director, which is used in a more commercial sense e.g. the Director of the University Press.

I hope to send you a copy of the proposed constitution of the Students'

into House in March
As chairman

As chairman of the Club House Commission may I officially
petition, that, in view of the fact that the Club house will not be
completed until late in the coming year, commodious quarters
for a temporary club room may be equipped and furnished
for the men students in the room now occupied by the
printing plant of the University. The moral and social effect
from temporary quarters upon the student body next year I
feel sure will be excellent.

Hoping for favorable consideration of this matter I am

I should like to talk with you sometime about the work you have been doing this year. It seems to me to have been so successful that we ought to continue it. In other words, I have wanted you to represent me in dealing with the heads of houses. Mr. A. W. November 8, 1923

The Board of Student Organizations, Publications and Exhibitions: Special meeting Nov. 9, 4:00 P.M., in the office of the Dean of Colleges of Arts, Literature and Science, 4B, Cobb Hall, to consider the following:

The 1924 Prom leaders, Miss Winifred King, Miss Nellye Newton, Campbell Dickson and Clarence Brickman, have held several meetings and having thoroughly investigated and discussed the place of holding the 1924 Prom have compiled what seem to them the fairest arguments in favor of the two most probable places, with the idea of submitting these arguments to the Board of Student Organizations, so that its members might have a more thorough understanding of the situation.

A. Arguments in favor of South Shore Country Club

1. There can be no doubt that student sentiment is strongly in favor of the South Shore Country Club.
2. The South Shore club can accommodate as large a group as the Prom more comfortably than can Ida Noyes hall.
 - a. The club has ample lounging room.
 - b. Ida Noyes hall has no seating capacity around the dance floor. If seats were put in, it would restrict the space for dancing.
 - c. South Shore has adequate check and wash room facilities for both men and women.
 - d. South Shore has ample door service and space for parking cars.
3. The conversion of the Ida Noyes gym into a suitable place for dancing involves a large and unnecessary amount of work.
 - a. South Shore would be decorated already for the club's Washington Ball which is held the night after the Prom.
 - b. The Prom leaders and the department of Buildings and Grounds have heretofore never been able successfully to cooperate in arranging Ida Noyes hall.
4. The atmosphere at Ida Noyes hall cannot be made to suit a formal party.
 - a. Campus women who attend gym classes every day in Ida Noyes hall resent going there for THE supposedly social event of the college year.
 - b. Even thorough and artistic decorations fail to conceal the fact that Ida Noyes is a gymnasium.
 - c. South Shore has a reputation for its beauty and for its dignity.

OFFICE OF THE RECORDER

November 8, 1933

The Board of Student Organizations, Publications and Exhibitions
Special meeting Nov. 7, 4:00 P.M., in the office of the Dean of
Colleges of Arts, Literature and Science, 4B, Cobb Hall, to con-
sider the following:

The 1934 Prom leaders, Miss Winifred King, Miss Nelly Newton,
Campbell Dickson and Clarence Buchanan, have held several meetings
and having thoroughly investigated and discussed the idea of holding
the 1934 Prom have compiled what would be known as the 1934 Prom
in favor of the two most probable places, with the idea of submitting
these arguments to the Board of Student Organizations, so that the
members might have a more thorough understanding of the situation.

A. Arguments in favor of South Shore Country Club

1. There can be no doubt that student sentiment is strongly in
favor of the South Shore Country Club.
2. The South Shore club can accommodate as large a group as the
Prom here comfortably than can the Noyes Hall.
 - a. The club has ample dancing floor.
 - b. The Noyes Hall has no seating capacity around the dance
floor. If seats were put in, it would restrict the space
for dancing.
 - c. South Shore has adequate check and wash room facilities for
men and women.
 - d. South Shore has ample food service and space for parking
cars.
3. The expansion of the Noyes Gym into a suitable place for
dancing involves a large and unnecessary amount of work.
 - a. South Shore would be decorated already for the club's
Washington Ball which is held the night after the Prom.
 - b. The Prom leaders and the department of Buildings and Grounds
have heretofore never been able successfully to cooperate
in decorating the Noyes Hall.
4. The atmosphere of the Noyes Hall cannot be made to suit a formal
party.
 - a. Grounds around the Noyes Gym fitness every day in the Noyes
Hall recent going there for the supposedly social event
of the college year.
 - b. Even thorough and artistic decorations fail to conceal the
fact that the Noyes is a gymnasium.
 - c. South Shore has a reputation for its beauty and for its
dignity.

5. It is probable that a cheaper Prom could be held at the South Shore Country club--decorations alone at Ida Noyes hall amount to more than \$500.
6. Many University students, especially those from out of town would enjoy the privilege of attending at least one party at such a well known and exclusive club as the South Shore Country club, and would feel as if they were getting more for their money
7. Most large universities hold their prom off-campus, probably with the idea of transplanting the entire social unit from the campus; thereby making the prom different from the fraternity formal, and the average fraternity house dance; thus creating a fresher spirit for the prom. (Most fraternities on the campus have a better formal every year than any one that could possibly be arranged at Ida Noyes hall)
8. The floor and acoustics of Ida Noyes hall are both far inferior to those of the South Shore Country club.
 - a. A gymnasium floor has never been successfully turned into a dance floor, The markings and the surface itself prohibit.
 - b. During the 1923 Prom the best dance orchestra in Chicago was unsatisfactory because of the poor acoustics.
9. It is doubtful if anyone can be found satisfactorily to handle the midnight supper in Miss Coburn's absence.
10. One point that is bound to come up against the South Shore Country Club is the fact that it might be difficult to handle the crowd during the dance and dinner and keeping undesirable outsiders from "sneaking in". After talking the matter over with a member of the South Shore Country Club Entertainment Committee and several former prom leaders the 1924 Prom leaders believe that they have worked out a plan whereby they could handle the situation efficiently.
11. Observations of the past three or four Proms seem to indicate a greater tendency on the part of the students to plan slumming parties after those Proms held at Ida Noyes Hall. The students feel less satisfied after the Prom at Ida Noyes and having keyed themselves up for a big evening do not feel as though the evening has been complete.

B. Arguments in favor of Ida Noyes Hall

1. The Prom held at Ida Noyes would be an on-campus affair and a certain University sentiment could be worked up
2. The Prom would be a more private, college affair in atmosphere; and would seem to be more under the jurisdiction of the University.
3. It would be a good opportunity to utilize and display the beauty of Ida Noyes.
4. It would give the men of the University an opportunity to see Ida Noyes.
5. Ida Noyes is more convenient to many of the student dormitories and fraternity houses.
6. From the faculty point of view there has never been any criticism as to the way the students have handled the Prom at Ida Noyes. Whether or not the bulk of the criticism aimed at the South Shore Proms has resulted from negligent handling is a matter

It is probable that a number of these from could be held at the South
 County since the location of the house hall would
 be more than 2500.

Many University students, especially those from out of town
 would enjoy the privilege of attending at least one party at
 such a well known and exclusive club as the South Shore Country
 club, and would look at it as a way of getting more for their money.

Most large universities hold their own off-campus, probably
 with the idea of transferring the entire social life from the
 campus, thereby making the place different from the University
 formal, and the average fraternity house dance, thus creating
 a fresher spirit for the party. (Most fraternities on the campus
 have a better formal every year than any one that could possibly
 be arranged at the Noyes Hall.)

The floor and appearance of the house hall are not the factor
 as those of the South Shore Country club.

A comparison floor has never been successfully argued that
 a better floor, the kitchen and the service itself
 is possible.

During the 1928 Prom the best dance orchestra in Chicago
 was unfortunately because of the poor weather.

It is doubtful if anyone can be found satisfactorily to handle
 the night's work in the Noyes Hall.

One point that is bound to come up against the South Shore
 Country Club is the fact that it might be difficult to handle
 the crowd during the dance and dinner and keeping refreshments
 outside from "coming in". After taking the matter over
 with a member of the South Shore Country Club Management
 Committee and several former prom leaders the 1924 Prom
 leaders believe that they have worked out a plan whereby they
 could handle the situation efficiently.

Observations of the past three or four Proms seem to indicate
 a greater tendency on the part of the students to plan
 something better after these Proms held at the Noyes Hall.
 The students feel less satisfied after the Prom at the Noyes
 and having moved themselves up for a big evening to not feel
 as though the evening has been complete.

Arguments in favor of the Noyes Hall

The Prom held at the Noyes would be an on-campus affair and
 as certain University sentiment could be worked up.

The Prom would be a more private, college affair in atmosphere
 and would seem to be more under the jurisdiction of the University.

It would be a good opportunity to utilize and display the beauty
 of the Noyes.

It would give the men of the University an opportunity to see
 the Noyes.

The Noyes is more convenient to many of the student dormitories
 and fraternity houses.

From the faculty point of view there has never been any criticism
 as to the way the students have handled the Prom at the Noyes.
 Whether or not the bulk of the criticism aimed at the South
 Shore Proms has resulted from neglect handling is a matter

for discussion.

With full consideration of the foregoing arguments, the Prom Leaders are unanimously of the opinion that the Prom should, if at all possible, be held at the South Shore Country Club. They believe that unless some stringent objections can be advanced against the South Shore Country Club the strong student sentiment in favor of the South Shore would impair the success of a Prom held elsewhere.

for discussion.

With full consideration of the foregoing arguments, the Commission has concluded that the evidence is not sufficient to justify a finding of fact that the South Sea Islander is a native-born citizen of the United States. It is believed that unless some new evidence can be advanced, the South Sea Islander must be regarded as a native-born citizen of the United States.

OFFICE OF THE DEAN

President E.D. Burton
Faculty Exchange

Dear President Burton:

Mr. Payne has, I believe, sent to you an official statement of the action of the Senate on Saturday morning, in recommending that the portion of Statute 12 which defines the membership of the Board of Student Organizations be amended by the addition of the words "and two or more members of the student body, to be nominated by the Undergraduate Student Council, and appointed by the President of the University".

May I set before you two or three matters relating to this recommendation?

The three main reasons that underlie it are (1) the fact that it is desirable that faculty members should have an adequate presentation of the student point of view on matters connected with student welfare; (2) that students should know at first-hand that their problems are being fairly and thoughtfully considered; (3) and that faculty and students should have the mutually educational and desirable experience of working together on subjects of real concern.

May I point out also that a precedent for such student membership appears in the membership of the Board of the Christian Union, which, according to Paragraph K of the same article of the same Statute, includes "ten members of the student body to be nominated by the Student Council, to be appointed by the President of the University".

The history of the recommendation is briefly this: It became known to me early in the Autumn that students strongly desired such representation. I felt it unwise to make a recommendation to that effect, however, until I should have become more familiar with the situation. When the Senior Class, at my request in November, submitted individually their suggestions for improvement of conditions of undergraduate life and work, the suggestion that students

President Burton--Page 2

be represented on the Board of Student Organizations was among those submitted. This suggestion was among the twenty-five chosen by the general faculty-student "Better Yet" committee, to be thoroughly studied by one of the special faculty-student "Better Yet" committees. Dean Gray was Chairman of this committee, and Miss Dudley and five undergraduates were members. This committee, after several sessions, drafted a recommendation substantially identical with the one now proposed. This recommendation was brought before the Board of Student Organizations at its last meeting, and was unanimously adopted by that Board, as a recommendation to the Senate that the Statute be amended. Finally, the Senate approved the recommendation--that is, passed it on to the trustees--by a unanimous vote.

May I say finally that it would be of very real assistance to me as Dean to have this recommendation adopted, both because such recognition of the students in itself would be a helpful thing to me, and because of the three reasons stated above, which have led us to believe that the action is wise in itself.

Very truly yours,

be represented on the Board of Student Organizations was among those submitted. To the
Board of Student Organizations,

The musical club in the women's halls has reconsidered, at your suggestion, the question of its name. The objection seems to be that the name Quadrangle Chorus may be too general, but the addition of any qualifying word makes it awkward. Hence, the club begs permission to be known as "The Quadrangle Chorus" until another society wishing that name shall be formed, when it will be happy to make such alterations as may then seem necessary.

Respectfully yours,

D. Elia Burgess.
