Dr W R Harper.

My dear Mr Harper.

I have just this moment arrived here on this elevated spot and have not yet received my luggage from steamer. And I hasten to answer your cablegram ~~me~~ received via Bad Nauheim. The message reads "Chicago University deficit - ten thousand dollars. Other funds contribute eight thousand. Could you help five hundred "Harper" to which I have just replied by cable "Harper. University Chicago. United States, all right" and this is to confirm same. By this you

may understand that will contribute five hundred dollars. to wipe out the deficit. = There is one trouble about it and that is I am away up in the mountains bordering Lake Lucerne having been sent here by the physician at Bad Nauheim for a "middle cure" and return there in about two weeks for "after cure" and how am I to get the money to you =

If you will send to my office and give Mrs M H Richardson two days notice she will send you a check for the amount to whom you ask it to be drawn - I will so advise her.

She is in charge of my office - I do this on the understanding that eight thousand less or will be paid in and with belief that the whole amount will be raised -

I trust this will be satisfactory

Very truly yours

VIERWALDSTÄTTERSEE

18th 1905

dear friend Maxper

I have just received & answered your cable. asking for five hundred dollars and while it would not have been a sacrifice a year ago. yet now as long as I am out of business, struggling to regain strength & health. it is really a sacrifice. Yet I am willing to do my mite as long as I will keep the cause in which I am so much interested.

I only wish I could do much more & contribute to contribute time as well as money -- If I come out all right physically & I hope to believe I shall. I want to be of assistance

to you in every way

The past few years have been a severe strain on me & has taken my full time and best life. And now that I am through I hope to be of service to you & the University -

I am going to recover - I know it and am bound to make realize my hopes. A word as to myself which may be of interest to you as my friend -

A year ago I was sent to Bad Nauheim I derived much benefit and in a measure recovered my strength - But on my return trip in September last I was met by parties on a customs try to reach me first on some business matters. you know what and from that moment until the 17th of February, night-and day I was engaged in worrisome matters. Not an hour let up except when asleep. and that was out a few hours each night - The result when the climax came - a collapse - Trustee - D Hamilton

The same causes that occasioned  
my trouble of the previous year  
brought about the same complaint  
from which I suffered before, but  
of a more serious nature

My physician as well as my friends  
insisted on rest recuperation and the  
Baden-Baden treatment & I followed  
advice & went there, arriving one  
week before late Secy Hay had left.  
I improved rapidly, and am closely  
following directions & exercising what  
will power I left in me in the belief  
I will be myself again.

I first went to London S.C. on  
Feb 18th with a friend. But even  
with its quietness I was not relieved  
and upon returning home I collapsed  
completely =

Unto thus fully to explain my  
situation, and why I had not  
seen you during your own  
trouble & sickness. = I wrote to you

and my heart was with you during  
all the period of your illness - and I  
thank God that you are on the  
road to a full recovery -

Unless I should become over cured  
as Secy Hay was. I hope to grasp you  
by the hand and rejoice with you  
in the recovery of us both

As I am not situated to send you  
the amount of subscriptions from here  
I wish you would send, as I have  
directed, to my stenographer at Cheapside  
and she will arrange for check  
she will want to know a day or  
two in advance so as to have the  
check drawn to proper person and  
she will have it signed by my  
attorney - & send it to whom you  
direct

With best wishes for the success  
of the University and hoping to greet  
you in September on my return

Yours friend

June 27th, 1905.

Mr. D. G. Hamilton,  
Chicago.

My dear Mr. Hamilton:-

Will you permit me to recite very briefly a few facts concerning the budget of the University for the year closing June 30th?

1. It was decided in November last that the previous estimate of receipts from all sources for the year closing June 30th, 1905, would fall short of realization to the amount of \$83,000. to \$85,000. Of this \$23,000. or \$25,000. was a shortage on invested funds, and \$63,000. was a shortage on receipts from students fees and other sources.

2. In anticipation of this steps had already been taken to reduce the expenditures of the present year to the extent of \$63,000. or more, and the result of the year's work, as it now appears, shows that there will be an actual reduction as compared with the original estimate of expense of about \$60,000.

June 24th, 1902.

Mr. D. O. Hamilton,  
Chicago.

My dear Mr. Hamilton:-

Will you permit me to receive

and to keep a copy concerning this package  
which I am enclosing yours of June 20th.  
It was received last Friday.  
I have enclosed a copy of the  
balance estimate from Mr. Somes for  
the year closing June 30th, 1902, which last  
to .000,88¢ or .000,88¢ to \$82,000.  
This \$82,000. was a surplus on investment  
turns, and \$82,000. was a profit  
on receivables from  
new business less bad debts  
and other expenses than  
in connection with the  
present year.  
The extent of \$82,000. and the result of  
the year's work, as it now appears, shows that there  
is no combination as follows as will  
allow to expense to estimate I might

3. There would still remain, however, a deficit of about \$23,000 unless it should be provided for in some other way. Toward this probable deficit Mr. Rockefeller has contributed \$10,000. to cover the loss on Chicago Terminal bonds sold during the year. This leaves us on the first of June with a probable deficit of about \$13,000. unless it shall be provided in some way.

It is extremely desirable that we should be able to show no deficit at the end of the year. This result will have a large bearing upon the effort already formulated to secure in the autumn the capitalization of the annual deficit of \$245,000. The Trustees have requested the President of the University and the Business Manager to take steps to secure this amount. We believe it to be a critical moment in the history of the University. The administrative officers have certainly done all that could be expected of them in cutting out so large a sum from the estimate of expenditures. They have gone so far in this respect that it may fairly be questioned whether they have acted wisely; but it has been done and it only remains to secure about \$13,000. to clean up the work of the year without a special deficit. This, of course, does not include the budget of the Law School. The present exigency would not appeal to any except those intimately acquainted with the situation. The general public or friends of the University generally

cannot be asked. Mr. Heckman has subscribed \$500. to this sum if the entire sum can be secured. I myself will subscribe \$500. I am writing to ask whether you will consent to make a contribution to the sum and if so how much. I need not assure you that a special gift at this time will be greatly appreciated.

I regret exceedingly that your letter of Dec. 7th, inviting me to dinner at the Union League Club this evening, has just reached me- owing to an oversight at my house. I am just taking a train to New York, and regret very much that I am so late in answering. I will have you telephoned now.

I also have the invitation of Mrs. Judson and yourself for the 30th; and hope that it may be possible for me to accept.

I also have your letter about the fund that you are raising; and will join in it as you have requested.

Very sincerely yours,

My dear Mr. Hamilton:-

I did not write you after the meeting of the Board last week until you should receive the official letter from the Secretary. The members of the Board were entirely unanimous and very hearty in the action which they took. I told you that I knew I represented the views of my colleagues on the Board in what I said; I was quite correct about it, and we all join in the hope that your health may be restored so that you may be with us not infrequently. Please remember me with cordial regards to Mrs. Hamilton.

With the greetings of the season, in which Mrs. Judson joins, I am,

Very truly yours,
